☞ The Montgomery Mail and New Orleans Delta have opened a severe fire upon the New Orleans Picayune for alleged disloyalty to the new Confederacy, and it would not be surprising to hear that the thorn in the side of the secessionists had been harshly dealt with. FRAUDS IN THE NAVY DEPARTMENT. A correspondent of the N. Y. It is supposed millions of the public money have been obtained in this way.

SLAVERY, ITS ORIGIN AND ITS REMEDY.

BY A. P. PEABODY, D. D.

Continued.

There are cases in which slavery has become an institution. But where it has neither form nor legal recognition, it none the less exists. Wherever there is selfishness on the part of the employers, and a low standard of self-respect on the part of the employed, there is slavery. Great Britain, with her boast of freedom, has in her factories and mines, many thousands of slaves,—men, women, and children, who are no more the proprietors of their own muscles and sinews, than of those of their antipodes,—nominally free indeed, but in fact utterly incapable of changing their place of service, or of deserting it without starvation. This condition of things has been somewhat modified by the slaughter of the Crimean war, the Celtic emigration, and the Australian drain upon the Celtic population; but a few years of peace and of so-called prosperity will replace the old order of society in full. Even in New England we have our slaves. There prevails in some of our seaports a system under which large numbers of sailors are not their own masters for a moment from the time they first step on board a vessel's deck, till the death-angel sets them free. Pauper children are often legally bound to a servitude, not lifelong indeed, but crushingly severe, and intensely cruel, through the very best years of life. In some branches of manufacture and of manual labor, the employed are so needy and depressed as to be wholly subject to the arbitrary and irresponsible control of their employers. There are, in and near our large cities, multitudes of needlewomen, whose enforced, exhausting, and underpaid toil is a lifelong slavery of the most oppressive description. In fine, just so far as the power which position and wealth confer is untempered by high moral principle, slavery exists in its disabilities and hardships, though it may be without legal protection and sustenance for infancy, infirmity, and old age,—slavery in its evils, without the contingent reliefs and benefits which are secured by recognized ownership.

As regards the imported Africans and their descendants, their presence in our land is the memorial of an international wrong and crime, which has not one redeeming feature. But, now that they are here, and collected in the South in such large numbers, they must needs be slaves in some form; for, with the signal virtues and examples of eminent excellence in which we by no means regard our Southern brethren as inferior to ourselves, they still are not, in the aggregate, devoid of that selfishness which at the North makes so many slaves from among the nominally free. Moreover, the undoubted inferiority of the Africans—we waive for the present the question whether that inferiority is inherent and irremovable, or whether it is the result of centuries of degradation—places them at a peculiar disadvantage in the contest with the selfishness of the dominant race. They are slaves, not because they live south of Mason and Dixon's line. They are not made so by State constitutions and laws. Were a thousand of them transported into Massachusetts to-day, before the close of the year nine hundred of the thousand would be as truly slaves, that is, with as little control over their own destiny, as now. In their present home, the laws which relate to them define, rather than create, their condition. Those laws exist because of the fact of slavery; not slavery because of those laws. Slavery is the result of avarice and selfishness on the one hand, of ignorance and abjectness on the other.

The only remedy for slavery is to be found in sentiments of justice and humanity on the part of the employers, in intelligence and self respect on the part of the employed, or—to sum up the whole in brief, and with reference to the one great humanizing and elevating agent—in the prevalence of Christian principle. So far as this exists, its modifying effects are benignantly felt, alike where slavery is an institution and where it is an extra-legal fact. In the employers, its spirit is that of equity and of brotherly love. Its question is not, How much, and for how little compensation, can be exacted of a subject class or race? but, What are their rights and the correlative duties of those on whom they are dependent? Its voice is, "Masters, render unto your servants that which is just and equal, knowing that ye also have a Master in heaven." It makes wealth, position, and opportunity a stewardship in the hands of the stronger for the protection and benefit of the weaker. In the individual it produces personal dissent from selfish custom and precedent, and renders one's own conscience, not the habit of the community, the rule and measure of action. In a nation, its increased prevalence manifests itself in an enhanced scale of wages, in diminished exaction as to the hours and quantity of labor, and in provision for the culture, elevation, and progress of the depressed classes. In the employed, Christian principle lifts the mere operative, the living machine, into a living soul, the recognized brother of the employer. It endows him with a conscious dignity, which cannot be the subject of servile treatment, which precludes and forbids its own degradation.—It puts him in a position to command the respect and kind consideration of those for whom he toils, and constrains them to concede his due liberties and privileges.

To be Continued.

☞ The Portland Transcript, one of the best of the literary and miscellaneous Weekly family papers in the world—commenced its twenty-fifth volume last Saturday; and comes out on the occasion in beautiful new type, and with contents worthy of such a dress. The publisher indulges in a bit of very reasonable self-gratulation, at the antiquity of the Transcript—"a quarter of a century old;" and we will only wish him and his bantling, three more terms like it.

☞ Conductor Rowe, of the P. S. & P. Railroad, has furnished us with a Liverpool paper of March 28, brought by steamer to Portland.

WASHINGTON, April 7.—It is a mistake to suppose that recent events in Dominica have excited any peculiar interest on the part of the administration, and least of all that the subject especially enters into the instructions of our Minister at Madrid.—Nothing is authentically known beyond the fact that Spanish subjects on the Island sent to the Captain General of Cuba for assistance, and that the two or three hundred troops sent by him were under orders not to land unless by request of the authorities. There is, however, some anxiety to learn what Spain will do in the premises.—That she was privy to the revolutionary movement is mere conjecture, as it is said that even in diplomatic circles there is no information on which to base such a conclusion.

The Army and Navy officers appear, in common with the public, to be unacquainted with the designs of the administration.—The executive authorities are very cautious, but, from the available sources, it is almost but not quite certain that the greater part of the troops leaving northern ports are destined for Texas, to operate on the frontiers, for the protection of inhabitants against Indian incursion. They will reoccupy the forts on the Rio Grande, and, according to official representations, will find a cordial reception from settlers who have been driven from their homes by the savages. Gov. Houston has given full advices to the government, and it is anticipated that he will be re-established as Executive of Texas.

The troops in the neighborhood of Fort Pickens on the Government vessels are considered sufficient to reinforce that fort, if this design has not already been consummated.

Proposals for Treasury notes amounting to nearly five millions will be received by the Secretary until 10 o'clock on Thursday. Offers have been made for the entire sum, at an eight per cent. premium by private parties, but it is deemed proper to afford a fair opportunity for competition.

The Charleston Courier of Friday says there is reason to believe from the best authority that in a few days an indefinite leave of absence will be granted to the entire command at Fort Sumter.

BALTIMORE, April 5, A. M.—[Correspondence of the N. Y. Tribune.]—Things are rapidly verging toward a conflict, if the rebels are in earnest. The days are not many ere they will encounter the majesty and power of the federal government in a way they little dreamed of. If they resist, the blood be upon their heads.

The fatal blow which rebellion has received in the Virginia Convention, and the terrible majority against the ordinance of secession, have vibrated through every nerve of the social and political system of our city this morning. There's an end of rebellion in the border slave States, from henceforward and forever, upon the negro question.

The President has marched square up to his responsibility, and woe unto those who dare encounter it! Fort Sumter will not be surrendered to rebels, nor will Fort Pickens. There is no need of saying more. Let the facts of the future tell the tale. It will be a peaceful one, if the rebels will it. If not, not.

Gen. Scott has completely headed off the rebel McCullough, who has taken to his heels and sought safety in the wilds of Texas. Wigfall is not far behind him. The time is not very far off, when the ringleaders will seek an asylum over the seas. Stick a pin there.

A large body of good and true men have left this State, to rally to the standard of the Union under old Sam Houston.

NEW YORK, April 8.—The Herald dispatch says Lt. Talbot has carried an order for the evacuation of Fort Sumter.

Dispatches from Montgomery render it certain that there will be no attacks upon Forts Sumter and Pickens.

The Tribune dispatch says Anderson will not be withdrawn, but will be provisioned.

The Herald dispatch says, on emptying two mail bags from Florida, on Saturday, two copper-head snakes emerged, which were killed after an exciting scramble.

CHARLESTON, April 7.—Gen. Beauregard to-day notified Major Anderson that all intercourse between Fort Sumter and the city, both postal and supplies, was prohibited from date.

NEW YORK, April 8.—Capt. Ryder and son of brig Julia E. Arey of Thomaston, arrived here on Saturday from St. Thomas. Each received 25 lashes and 14 days' imprisonment at Encios Mills, Ga., last November, on an alleged trumped-up charge that they had harbored a slave and expressed a preference for Lincoln's election.

EXTENSIVE MAIL ROBBERY.—In the month of October last, the mail which was made up at Falmouth, Mass., for Boston, was robbed. Among the plunder were packages containing $1700 in bills, and $26,000 in drafts and notes, which were being sent to the Suffolk Bank. The matter created great excitement among those interested, by whom it was kept a profound secret, and Mr. Holbrook, the secret mail agent, at once set to work to unravel the affair, and we understand that the matter is quite likely to be cleared up. Among the bills taken was one of $500 on the Canal Bank, Portland, which recently came to light, which fact, together with others in the possession of the agents of the government, have led them to suppose that the mail was robbed before leaving Monument depot.—*New Bedford Standard.*

☞ So far as density of population is concerned, New-Hampshire is the tenth State of the Union—she having forty and sixtenths persons for each square mile of her area.

☞ A musical society, a hundred years old, exists in London, and will soon hold its centenary anniversary celebration. It was founded in 1761, and called the "Nobility and Gentry's Catch Club."

Money and time have both their value. He who makes a bad use of the one will never make a good use of the other.

WASHINGTON, April 6.—[Special Dispatch to the Evening Post.]—Advices just received from Charleston state that Gen. Beauregard, the commander of the rebel forces, has officially notified Major Anderson that he must evacuate Fort Sumter within forty-eight hours, or else that the batteries of Charleston harbor will shell him out.

The southern commissioners here are evidently alarmed at the threatening aspect of affairs. They take particular pains to give out that the Confederate troops will not precipitate events at Pensacola by attacking Fort Pickens, but they say nothing about Fort Sumter.

Cotton grows well in southern Illinois, and Mrs. Frances D. Gage writes that she has seen hundreds of the farmers' wives of Southern Illinois dressed in cotton of their own raising, spinning and weaving.

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

WISTAR'S BALSAM WILD CHERRY.

In the whole history of medical discoveries, NO REMEDY has performed so many or such remarkable cures of the *Throat, Lungs and Chest,*—of *Coughs, Colds, Bronchitis, Influenza, Whooping Cough, Croup, Asthma,* or of *Consumption* itself, as this far-famed, long-tried and justly celebrated *Balsam.* So generally acknowledged is the superior excellence of this remedy, that but few of the many who have tested its virtues by experience fail to keep it at hand, as a speedy and certain cure for sudden attacks of *Cold*—fully believing that its remedial powers are comprehensive enough to embrace every form of disease, from the slightest cold to the most dangerous symptom of pulmonary complaint.

George W. Millet, Esq.

Editor of the Norway Advertiser, gives his opinion of this great remedy substantially as follows:

NORWAY VILLAGE, Me., Aug 4, 1860.

Messrs. S. W. Fowle & Co.—Gentlemen:—For a remedy of great and undoubted merit as DR. WISTAR'S BALSAM OF WILD CHERRY, I cheerfully give you my testimony, and trust that others may be induced thereby to give it a trial and be relieved. Several years since I first became acquainted with this Balsam at a time of distressing cough and cold, which took such firm hold of my lungs as to render me unfit for business, and its operation produced a speedy and permanent cure, after trying various other remedies in vain.

In our town this remedy is a great favorite with many, and if all who suffer will but give it a fair trial, I think they will find it to be of more service in pulmonary affections than any other remedy of this class before the public.

Yours respectfully, GEO. W. MILLET.

G. H. RUNDLETT, P. M.

Portsmouth, April 8. 1t

☞ Mr. Washington Freeman has just opened his spacious and inviting Oyster and Ice Cream (when the time comes) Saloons, built expressly for him, in the new building recently erected on the old Freeman stand. There are two separate saloons, one especially for ladies; and both finished and furnished in beautiful style, with marble counter and tables, damask hangings, plush upholstered seats, gilt cornices and mirrors, ornamental gas fixtures, real silver ware, &c. The ladies' saloon is a perfect little gem of a private parlor, carpeted with rich Brussels, to match in shade the green tint of the hangings here; the upholstery of the gentlemen's saloon being uniformly crimson.

Mr. Freeman gave a sort of house-warming to some of his friends, Saturday evening; and among the rest, threw open his rooms to the printers of the city, all being invited, from apprentices to editors. And a merry time they had of it—with oysters "stewed, fried, raw, or in the shell," and accompaniments to suit the various tastes. Of course, Mr. Freeman's name is sufficient guaranty that every article offered will be of good quality, and served in acceptable style.

☞ Many persons supposed that the alarm of fire on Sunday evening was wholly without cause; and the impression prevailed that it was gotten up for the purpose of breaking up the meetings in various parts of the city. But there was a real cause for an alarm, and a greater alarm was manifested in endeavoring to find out where the fire was. A thick cloud of smoke settled down around the Academy and dwellings at the corner of Middle and Congress streets, which emitted a smell similar to that of a burning building. Many searched their dwellings and out-buildings, thinking that they might be on fire, so dense was the vapor. No satisfactory account can be given of the origin of this smoke—but it certainly must have had an origin, and it was natural and proper that an alarm should have been raised.

☞ Sunday was really a mild day, and the song of the robin was heard, heralding the coming of spring. The churches were well filled with large and attentive audiences, who listened to sermons from our able and talented clergymen. At the North Church, Rev. Mr. Gage preached in the forenoon from Mark, ninth chapter, fiftieth verse, "Have salt in yourselves." The discourse was one well adapted to the church. At its close the ordinance of baptism was administered, after which four new members were added to the church. This service was very solemn and impressive.—Mr. Gage's sermon in the afternoon was addressed to the parents present, and the words of his text were, "The nurture and admonition of the Lord"—Ephesians, sixth chapter, fourth verse. R.

☞ Rev. Mr. Pratt delivered the eighth and last Lecture of the series on Temperance, by ministers, at the Temple on Sunday evening, to a large audience.

It is announced that some young gentlemen of this city, independent of any organization, have engaged Mr. S. M. Hewlett, a very eloquent temperance lecturer, to deliver a lecture in the Temple, next Sunday evening, April 14, when a small admission fee will be taken, to aid in paying expenses. The Newburyport Herald speaks thus of him in a late number:

Our readers will be glad to learn that this distinguished temperance lecturer is engaged to deliver a second lecture in our City Hall on Friday evening. We expect on this occasion to see a crowded house;—those who have previously heard him, being anxious to do so again, and many who have only heard of his reputation, wishing to hear and judge for themselves.

☞ The Methodist churches in this city were crowded on Sunday, to hear the last sermons of their pastors, both of whom are to change their pulpits at the next Conference. We regret to lose Messrs. Hall and Leavitt from our midst; they have made hosts of friends during their stay here, and have been faithful and earnest preachers in the pulpit, and living epistles, known and read of all men, in their daily walk and conversation. R.

☞ On Sunday the ordinance of baptism was administered at the foot of Salter street. Four new converts were led down into the water professing their belief in the pardoning love of a Saviour, by Rev. Mr. Hall, of the Brodhead Methodist Church. A goodly number were in attendance to witness the solemn ceremony. R.

☞ The Art Union will draw on the 18th of April. Subscriptions received until that time, at Exchange Hall, where a new supply of all the Pictures is just received. See advertisement. tf

☞ Just as some of the early churches had closed their morning service last Sunday, the horse of a church-goer, being frightened at some trifle, dashed out of the old Bell Tavern yard with a wagon without a driver, and making a wide sweep up Congress street, deposited the seat, upside down, near Fleet street, the hind wheels and body near Vaughan street, and turning into Middle street, ran into a tree. The tree was not broken, but the shafts of the wagon were; and here the horse took leave of the fore wheels, but kept on with his harness in some disorder, at full speed over hill and valley two or three miles, to his owner's stable, which he reached in safety before his owner got out of the church. No blame attached to the conductor.

No. 70.

Be it ordained by the City Council of the City of Portsmouth:

GROVER & BAKER

SEWING MACHINES.

TO THE LADIES.

CHARLES T. EMERY,

No. 10 Market Sq., Portsmouth,

Having been appointed

SOLE AGENT IN PORTSMOUTH

for the sale of the celebrated and unrivalled Noiseless

GROVER & BAKER

FAMILY AND MANUFACTURING

Sewing Machines,

would invite especial attention to the same.

THE GROVER & BAKER SEWING MACHINE makes the only seam formed by a Sewing Machine, in which each stitch is independently locked, and without dependence on other stitches for strength, and the only seam that will admit of the thread being cut at every fourth stitch without injury to the seam in wear.

THE GROVER & BAKER SEWING MACHINE is adapted to all varieties of fabrics, sewing equally well the finest Swiss Muslin or the heaviest cloth or leather, and requiring no adjustment for any kind of sewing other than the adaptation of needles and thread.

THE GROVER & BAKER SEWING MACHINE winds, and fastens its own seams, thereby saving time and thread. It will sew common spool cotton, silk and linen thread with equal facility.

THE GROVER & BAKER SEWING MACHINE is so simple that an intelligent child of ten years can readily learn to operate it. It is more easily kept in order than any other machine, and need not be taken apart to be oiled.

THE GROVER & BAKER SEWING MACHINE makes the only stitch that cannot be injured by washing and ironing, and the only stitch that forms an elastic and durable seam. Fabrics put together with this stitch may wear out and drop to pieces from original weakness, or hard usage, but come apart or give way at the seams, they cannot; they will hold together when the cloth or calico around them hangs in rags and tatters.

Every Machine Warranted.

PRICES FROM $40 UPWARDS.

☞ Be sure to call and examine.

I have also been appointed agent for

THE UNIVERSAL HEMMER,

Which can be attached to *any* machine, and will turn a hem from 1-16 inch to 2½ inches, without previous basting.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The *wise* man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually,* or *annually,* at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the *right principle.* Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease:—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

COUSIN JOSEPHINE.—By Paul Fenton.

She's my cousin, so what harm
For her blessed little arm
Round my willing neck to twine,
And her dear delicious lips,
Ever so much,
Just to touch
Mine?

She's my cousin, so you see,
She can't fall in love with me;
That I always keep in mind.
And, indeed, I've always kissed her,
As you would a little sister,
Just so that she
Might think me
Kind.

A cute fellow was once asked what inference he could draw from the text of Job—"And the asses snuffed up the east wind."

"Well," he replied, "the only inference that I can draw is this—that it would be a long time before they would grow fat upon it."

AYER'S CATHARTIC PILLS.

Are you sick, feeble or complaining? Are you out of order, with your system arranged, and your bodily functions disordered? These symptoms are often the precursor to serious illness. Some 50 of the diseases to which the human system is subject, are caused by a torpid liver. Nature, in such cases, should be assisted by a timely use of the right remedy. These Ayer's Pills will cleanse out the disordered humors—purify the blood, and let the functions of life run on unobstructed in health again. They stimulate the liver to activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and how quickly the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the most dangerous and disguised diseases. The mild purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the diseases they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

Dr. Ayer: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

Dear Sir, Ayer: I cannot answer you what complaints I have cured with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Fifteenth, Pa., May 1, 1855.

Dr. J. C. Ayer. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual in curing the bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of the Interior, }
Washington, D. C., 7th Feb., 1856. }

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom failed in a case of *bilious disease* to obtain*te* that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses *to bilious dysentery and diarrhœa.* Their sugar-coating renders them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

Dr. Ayer: I have used your Pills with extraordinary success in my family and neighborhood, when called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can cordially recommend them to my friends. Yours, J. V HIMES.

Wilkes, Wyoming Co., N. Y., Oct. 24, 1855.

Dear Sir: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the *foundation of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in publishing it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *nutriment* is originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church

Pulaski House, Savannah, Ga., Jan. 6, 1856.

Honored Sir: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on scarcely cicating neuralgic pains, which subsisted in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were marked and decided. By persevering in the use of them, I am now entirely well.

Senate Chamber, Baton Rouge, La., 5 Dec., 1855.

Dr. Ayer: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease, which defied me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD, BECAUSE IT WILL RESTORE THE WEAK, AND REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY & VIGOR.

It is PROF. O. J. WOOD'S RESTORATIVE CORDIAL —AND— BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance *with the laws of nature, and hence soothe the weakest stomach*, and tone up the digestive organs, and allay all nervous and irritable sensations. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and thus thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, DIZZINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS AND FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE ORDITAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave, the latter than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for your timely aid they travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for proofs of our never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the agency which should be always on hand in times of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St. Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion and performs their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic composed exclusively of vegetable matter, it is absolutely beneficial, and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Falling of the Womb, and other delicate diseases to which women are subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption, and a host of evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

Prof. Wood's Restorative Cordial.—It is recorded in the classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the bare of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out came all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story. It invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel against the ills so to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express*

Prof. Wood's Restorative Cordial and Blood Renovator is, without doubt, the best tonic Cordial the world ever knew. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will act as a cure to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while there is perfect health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

NIGHTLY DISSIPATION.

A Pure, Healthy Tonic, and one free from the deleterious and injurious effects sure to follow those to ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to Young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the first article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirum Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating effects of Dr. Ham's Invigorating Spirit.

What it will do!

Dose.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating tonic the Invigorating Spirit will add painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the Invigorating Spirit in pint bottles, at 50 cents, qts $1.

BININGER'S GENUINE Cognac Brandy

The infamous practice of adulterating Brandies having become so common that a genuine article is the exception; it is of *vital importance* to those who require it for Family use, or invalids, that it should be of undoubted purity and efficacy.

With a view to meeting the popular demand for a Brandy in its natural state, free from alcoholic flavor and impurities, and fully appreciating the fact that it is often commended by the Medical Faculty as a *sustaining stimulant*, when all other remedies fail, we are now bottling and selling reasonable rates, a Brandy of our own importation, from one of the most responsible houses France, and known as

"Bininger's Genuine Cognac Brandy."

It is mild, delicate and fruity, and is designed to be always uniform in quality and character.—Put up in pint and quart bottles, in cases containing one dozen quarts, and two dozen pints; quarts, and is soldo by all prominent druggists, grocers and town agents.

The above is also for sale in original packages, viz.: Eighth and Quarter Casks.

ATWOOD'S QUININE TONIC BITTERS,

The Best Aromatic Tonic ever offered to the Public.

RECOMMENDED BY THE FACULTY

For Its Superior Medicinal Qualities.

This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of Peruvian Bark, carefully combined with various *tonic* and *aromatic s*, and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, promotively good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating disease; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best Physicians in Boston has said *"but it is the best preparation of Bitters that has ever been offered to the public."*

Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.

☞ A pack of wolves gathered round the house of Mrs. T. C. Higgins, at Bridget Creek, Wis., one evening last week, for a feast upon a calf in one of the out-houses. Mrs. H. being very desirous of saving the veal, put strychnine upon some meat and threw it among her unwelcome visitors.—Her husband, on returning home soon after, found twelve wolves lying dead near the house.

MARKS OF CHARACTER.—The man everybody likes is generally a fool. The man nobody likes is usually a knave. The man who has friends who would die for him, and foes who would love to see him broiled alive, is usually a man of some worth and force.

A VOICE FROM THE WEST!

FROM THE CLEVELAND PLAINDEALER

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS
The celebrated New England remedy for
Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.

Dr. JAMES L. LEFFERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite, it relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character; "after using a few bottles, I was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

BELLINGHAM'S
Celebrated Stimulating Unguent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.

THE STIMULATING UNGUENT,
is prepared by Dr. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED OR TOWY HAIR DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "UNGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Unguent," warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

CERTAIN CURE, CERTAIN CURE,
—FOR—
RHEUMATISM AND NEURALGIA.

GARDINER'S
RHEUMATIC AND NEURALGIA COMPOUND,

Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am cured well."—J. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entirely cured.—JOHN A. MORDO, Pearl St. House, Boston, Mass.

Gardiner's Rheumatic and Neuralgia Compound has cured me of a severe attack of Rheumatism from which I had suffered several years' standing.—W. E. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 39 Milk street, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1856, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex-Member of Congress from Maine.

TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I beg leave to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound."—After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.

The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

Portsmouth, N. H.

WEDNESDAY, APRIL 10, 1861.

THE WAR FEVER.—Some of the great papers have got the war fever badly, and are probably making a good thing out of it, but until something definite is known in regard to the policy of the Government, we see no good object to be obtained in alarming the public with warlike rumors and reports. In regard to the destination of the expedition fitting out at New York, the following three explanations are given by the Times as having many believers in their correctness among the best informed military and naval people in the country.

First. The clearance of the steamers for Texas is *bona fide*. They are going there. But they will distribute the troops among the men-of-war off Pensacola for reinforcing Fort Pickens; then go to Brazos and bring back whatever scattered troops have accumulated on the coast, to be tried and re-organized here, and subsequently sent to Pickens, where reverses might render reinforcements a necessity.

Second. The troops are going to Fort Sumter. The light draught steamers Water Witch, Wyandotte, Mohawk and Crusader will be fitted with double bank sandbags, and take in as many men as they can hold, towing the launches which are also to have the sand-bag protection, defying Morris Island and all other batteries. This is said to be the plan that Capt. Ward, of the North Carolina, has been advocating before the Cabinet at Washington. It is certain that he tried these sand-bag experiments in this harbor some weeks since.

Third. The troops are bound to Texas to "sweep the rebels off the track," and cooperate with Gen. Houston. This is altogether the most probable, as horses for land service have gone.

☞ It appears that the story of the recent election of U. S. Senator in California is this: The Breckinridge and some Douglas members nominated Nugent. He made a secession-ish speech, and so the Douglas men bolted and put up McDougal. On the third ballot the Republicans, thinking any Union man was better than Nugent, concentrated on McDougal, and he received 56 votes out of 111, was declared elected, and received his certificate. It was subsequently discovered that two scattering votes had not been counted, and therefore there had been really no choice. It was thought that if the certificate should be waived and another trial had, McDougal would be sure of election.

NEW PHASE OF SECESSION.—The Washington correspondent of the Richmond Enquirer ascribes the recent attempted revolt in the Penitentiary in Washington, to the fact that the convicts learned that "they were about to be transferred to the keeping of a Black Republican Warden." Whence it appears that the secession fever spreads more rapidly in jail than elsewhere; perhaps it is because the soil suits the plant.

This, to a New England reader, seems ludicrous: but the poor criminals, in their ignorance, no doubt believed the Black Republicans were terrible creatures, as they had been told so,—and possibly fancied they wore black skins.

☞ In England, March 28, negotiations were on foot for the steamship Great Eastern to convey to New York a group of 1200 German emigrants bound to the Mormon territory. The Great Eastern on her return from New York will go to Cork for exhibition.

The London building strike threatened to assume formidable dimensions; if the men continued to refuse the offers of the employers, all the great contractors had determined to close their yards, thus placing some 45,000 men out of employment.—Preparations were making for importing laborers from Belgium, where wages are lower than in England.

Dr. Cheever had been lecturing in Liverpool on the question of slavery and the American crisis.

LITTLE MARY.—Gould & Lincoln, Boston, have published, and Mr. Shores of Portsmouth has for sale, a neat little volume entitled "Little Mary, an Illustration of the Power of Jesus to save even the youngest. With an Introduction by Baron Stowe, D. D." The book is the biography and religious experience of Mary Achsah Gilmore of Concord, N. H., who died at the age of 13 years.

☞ George A. Dowling, a young man of twenty years, is in Boston jail for killing his mother, by beating and kicking, on the 16th of March. He asked her for some shirts; they were not ready;—and he attacked and beat her, so that she died on the 5th day of April.

☞ Obadiah Jackson of Manchester, called at the house of John Love of Gilmanton, one day last week, and after a tussle, occasioned by an old grudge, Love took down an old gun and fired at Jackson, the shot taking effect in his cheek, making a [illegible] wound. Jackson is a brother to Love's [illegible].

At a neighboring insane Asylum a new feature of mental derangement has taken place. All the male inhabitants want to be appointed to places in the Custom House. *Sat. Gaz.*

☞ Ship Middlesex, bound from Liverpool to New York, sprung aleak when three weeks out in a gale of wind; useless efforts were made for three days to save her, when she was abandoned March 10th, with water nearly up to the main deck, there being sixty-eight persons on board; 5 boats were lost in launching; the sixth boat contained Capt. Parnellee, Charles Bowlings, chief mate, Morton, second mate, Hanlaw, third mate, the boatswain, carpenter, five men and four passengers, who reached the coast of Kerry, after five days' exposure completely exhausted. Two passengers dropped dead on landing. The ship was insured at Liverpool.

GET A GOOD ARTICLE. — However opinions may vary as to the use or abuse of liquors as beverages, or for medicinal use, no live man can be found who would not prefer and recommend the *pure article* whenever any is to be taken. There are two kinds of wines spoken of in the Bible; one is recommended, a "little for the stomach's sake," the other denounced. No doubt one was *pure*, the other *vile*. If you will use the article, do procure it in its original purity, and only seek for it among honorable and respectable merchants, whose character and long standing as well as judgment can be relied on, and to whom a reputation for selling fine wines or liquors is of tenfold more importance than anything they could gain by adulteration.

If consumers have any doubt as to procuring, in their own vicinity, such an article as they desire, we confidently recommend them to the old established house of I. D. Richards & Sons, whose advertisement may be found in another column. It

WASHINGTON, April 8.—The State Department replied to-day to the note of the Confederated commissioners, declining to deceive them in their official capacity, but expressing deference for them as gentlemen. The Secretary indicates a peaceful policy by the government, declaring that its purpose is to defend only when it is assailed. The reply is of such a character as to require a continuation of the correspondence.

It is not known when the commissioners will leave Washington, but probably not for some days.

However much reports of southern designs on Washington may be discredited, it is certain that officers high in authority are taking preparatory measures for the safety of the Capitol.

The anxiety to hear from Fort Sumter and other points where conflicts are apprehended is intense.

Alexander Duvoll has been appointed Collector at Richmond Va.

NEW YORK, April 8.—The Post's Washington dispatch states that Gen. Scott continues his active personal supervision of the military there, which is considered sufficient to protect the city. The guards around the Capital and public buildings have been doubled, and armed to the teeth.

The Post quotes a private letter from Charleston, which states that Major Anderson intends to retort upon the Charlestonians for stopping his supplies, by prohibiting further intercourse by water with the forts that surround him.

The frigate Savannah has been ordered into commission and is being fitted for sea, as is also the big Perry.

HARRISBURGH, Pa., April 8.—Governor Curtin will send a message to the Legislature to-morrow recommending an appropriation of $500,000 for munitions of war, ect. He takes the ground that the people have so long enjoyed a state of peace that they have lost military habits, also that it is necessary amid the disturbed condition of the country to begin to prepare the means for self-preservation, also that it is the duty of the State to assist in the enforcement of the national laws. The State Treasurer declares that the appropriation must be raised by a loan. The Legislature took measures to postpone an adjournment in order to consider this subject.

RICHMOND, VA., April 8.—In the convention to-day there was a long debate on Mr. Preston's resolution. Messrs. Scott and Treadway declared that if the President's response was unfavorable they would favor secession. During the debate the ground was taken by some of the members that Virginia having by the vote of Thursday indicated her policy against secession, she has a right to know what the recent movement of fleets, &c., meant. The preamble and resolution was adopted, 63 to 75, Mr. Wise voting "No."

Messrs. Ballard, Preston, Stuart and Randolph were appointed commissioners to wait upon the President to-morrow. Adj.

LATER FROM NEW MEXICO.—*Independence, Mo., April* 8.—The Sante Fe mail of the 20th has arrived. Col. Loring had reached Sante Fe and taken charge of the military department of New Mexico. The reported taking of Fort Marcy is untrue. No demonstration had been made against it. Peace had again been made with the Navagro Indians. Emigration continues to the San Juan and Pike's Peak mines.

STAMPEDE OF SLAVES.—*Chicago, April* 8.—One hundred and six fugitive slaves left here last night for Canada. It is estimated that over a thousand fugitives have arrived here since last Fall.

Detroit April 9.—Three hundred fugitive slaves, principally from Illinois, have left here for Canada since last Saturday.

NEW YORK, April 8.—A special dispatch from Charleston to the Times to-night says vessels have been ordered from the range of fire between Fort Sumter and Sullivan's Island. The floating battery sails to might for a point near Fort Sumter. A house has just been blown up near five gun battery. Business is suspended, and there is a fearful excitement.

SLAVERY, ITS ORIGIN AND ITS REMEDY.

BY A. P. PEABODY, D. D.

Continued.

But can moral causes modify the economical laws by which the pressure of population upon the resources for its subsistence pushes the laboring classes into ruinous competition with one another? We believe that this competition is under the control of moral causes alone. Imprudent marriages will be the rule and habit among the proletariats, wherever their standard of self respect is low. They feel, in that case, no reluctance to expose a rapidly increasing progeny to penury, hardship, and vice. But with improved moral and religious culture, families would gradually cease to be formed where there was no hope of providing for their comfort. Provident habits would postpone the period of marriage, and limit the overgrowth of population. This effect is clearly discernible in the middle classes of all civilized countries. The average age at which marriage is contracted, and the average size of families, differ very essentially in different strata of every community. We believe that God made men for domestic duties and relations, nor would we advocate principles that should harmfully multiply the ranks of the homeless. But because we regard the family as a divine and sacred institution, we cannot but look to the growth of moral and religious culture for a condition of society in which the family shall have what is its essential correlative, a home worthy of the name, with the comfort, peace and comfort it has, and not till then, will the emancipation of the laboring classes be complete.

But while so much remains to be done for the virtually enslaved all over the civilized world, we can distinctly trace the beneficent agency of Christianity where slavery exist as an institution. What it has done for the southern section of our country may be seen in the contrast between what slavery is there and what it was in the old Grecian republics, and in the Roman empire before the age of Constantine. Under the Greek and the Roman systems, the slaves had no legal protection or redress for injury. Their lives might be taken with impunity, and they were seldom produced as witnesses in a court of justice without being put to the torture. Though they were from races often equal, sometimes superior, to their masters in culture and refinement, the law made no distinction between them and brutes. The specifications under this general statement, which we could easily cite from classic authors, are too numerous for insertion; but, as the subject is one worthy of illustration, we beg leave to present a few of the recorded facts and opinions which bear upon it. On one occasion, the Spartans dreading, as Thucydides says, "the youth and the multitude" of the Ephori (who were chosen from the ranks of their number who thought that they had earned their liberty by military services to proffer their claim in public. Of those who appeared, two thousand were formally emancipated, visited the temples crowned with garlands, and then disappeared, "and no one knows in what manner each was destroyed." Not only were the Helots thus cut down to the standard of safety by the constituted authorities of the state, but the young Spartans were at liberty to bathe their virgin swords in Helot blood, and thus to inure themselves to slaughter before they met their equals in arms. Aristotle says that the Ephori, as soon as they assumed their official duties, made a formal declaration of war against the Helots, that they might be massacred without the violation of any implied social right or covenant.

The condition of things was similar in Rome. Cicero relates that Lucius Domitius, when prætor in Sicily, being presented with a boar of extraordinary size, and learning that a slave had killed the beast with a hunting-spear, ordered the man at once to the cross, on the ground of a provincial statute, never meant to cover cases of this kind, which forbade slaves to carry weapons of war; and this example is the only one of the kind, certainly a humane man,—while he admits that this may seem cruel (*durum hoc fortasse videatur*), yet is on the whole inclined to regard it as a wholesome precedent. Seneca relates that Vedius Pollio, the intimate friend and one of the heirs of Augustus Cæsar, was wont to throw his slaves, whenever they offended him, into his fish-pond to feed the lampreys. During the reign of Nero, a noble Roman having been slain by one of his slaves, although the culprit was detected, his entire family of slaves, to the number of four hundred, without distinction of sex or age, were put to death, and their execution was advocated in the Senate as in accordance equally with natural justice and with the law of the empire. Indus- Tacitus, in describing the transaction, expressly says, that, "according to ancient usage all the family which had lived under the same roof ought to be given over to punishment."

We quote from Taylor's "Elements of the Civil Law" the following comprehensive statement of the legal *status* of the Roman slaves under the later Commonwealth and the earlier Emperors:—

"They were held *pro Nullis, pro Mortuis, pro Quadrupedibus*, nay, were in a much worse state than any cattle whatsoever. They had no head in the state, no name, tribe, or register; they were not capable of being injured; nor could they take by purchase or descent; had no heirs, and therefore could make no will of course. Exclusive of what was called their *Peculium*, whatever they acquired was their master's. They could not plead, nor be pleaded, but were excluded from all civil concerns whatsoever; could not claim the indulgence of absence *Reipublicæ causa*; were not entitled to the rights and considerations of matrimony, and therefore had no relief in the case of adultery. Nor were they the proper objects of cognation or affinity, but of *Casus Cognatio*. They could be sold, transferred, or pawned as goods or personal estate; for goods they were, and such were they esteemed. Might be tortured for evidence; punished at the discretion of their Lord; or even put to death by his authority; together with many other civil incapacities, which I have not room to enumerate."

It will be perceived that in many respects the Roman law is identical with the laws of our Southern States; but it will be seen also how far it exceeds them in defining the nonpersonality, the merely chattel condition, of the slave.

In contrast with the above, the laws of our Southern States, which express the moral sense of the community at large, protect the life of the slave, shield him against wanton cruelty, and limit his hours of labor. These laws, indeed, contain many provisions which are abhorrent to our own sentiment of right, and, where they would otherwise be serviceable to the cause of humanity and justice, they are often frustrated in their execution by the inadmissibility of a slave's testimony; but the very fact that slaves are legally recognized as the objects of punishable felony, is a noteworthy distinction between extra-Christian and Christian civilization. There can be no doubt that there are certain classes of Southern slaves that are liable to grossly inhuman treatment. Overseers under non-resident proprietors notoriously abuse their power. Masters from the Free States are proverbially severe. The poor owners of single slaves often keep them overworked and underfed. But cruelty and harshness are, we sincerely believe the exception, not the rule; and wherever the spirit of true religion has touched the soul of the master, it makes the slave the object of kind regard, considerate treatment, healthful moral influence, and Christian discipleship, thus giving him his share in the blessings of freedom, and creating in him the ability to enjoy them. Many are the estates and households in which the Christian masters and mistress are not the tyrants, but the guardians, of those who are called their property," ministering" with more assiduous fidelity than that with which they are "ministered unto," so that the transfer of their domestics into the so-called area of freedom would only make them less free, that is would give them a more restricted command of the means of subsistence, happiness, and improvement.—We here speak of what we have seen; and while we have not one word of approbation or even tolerance for slavery as a system, we know masters whose service is a privilege, and to whom (were it not for ulterior consequences from the change of ownership) we would with entire confidence remand a fugitive for his own benefit.

While the ultimate emancipation of the enslaved is the only end which Christian philanthropy can hold in view, formal emancipation, so far from being the initial step, will probably be the last. Slavery must first become modified by the alterative power of moral principle. Its heart must be taken out before its body dies. Right after right must be conceded to the mutual sense of justice. The division of families by sale must cease. The restrictions upon education must be abrogated. The movable chattel must become the laborer attached to his native soil. Freedom must be gradually conferred with the growing capacity for its duties and its responsibilities. The chain must be filed away little by little, and brightened with every stroke of the file. The name will outlast its meaning, and will pass into disuse only when the now dominant and the now subject race shall have been so nurtured, that they can live side by side in mutual harmony and good offices.

This is not a chimerical process. It has been actualized on a far more extended theatre than is now open for it. Christianity has once swept the civilized world clear of domestic slavery. It is claimed on the one hand, that the New Testament favors slavery, because it makes no violent onslaught on existing institutions; and, on the other hand, our reformers are prone to speak slightingly of the Apostles and their Divine Master, because they took no direct cognizance of the system that was a plague spot on the whole Roman Empire. Both parties are equally in the wrong. The Gospel is a dispensation of freedom. Christ laid the axe at the root of the tree. "Where the spirit of the Lord is, there is liberty." The principles of Christianity, as its Founder and its first preachers well knew could not but perform a benign mission to the captive and the bondman. But how? First, in the case of Onesimus, while leaving the external relation unchanged, by making him who had been mere property "a brother beloved." Thus was it in numerous individual households, while the new religion remained powerless in the state. As it gained converts in the imperial court, its influence began to be felt in a series of rescripts restraining the more odious forms of wanton cruelty. From the first Christian Emperor came the edict. "De Emendatione Servorum," by which the master who, under the color of correction, occasioned the death of a slave by torture or barbarous treatment, was made amenable to the laws as an assassin (*sicarius*). From that time privilege after privilege was granted to those in bondage, and restriction upon restriction was laid on their masters, till, in the twelfth or thirteenth century, *when ecclesiastical legislation was at its height*, emancipation was complete, and for several centuries, though villanage and vassalage continued, domestic slavery properly so called had no existence in any part of Christendom.

To be Continued.

THE FIRST COLORED JURYMAN.—A Traverse Jury empanelled in the Supreme Boston Court, the other day, included a colored man—Mr. W. S. Anderson. He is said to be the first of his race who has been placed in the jury box in Boston. He is a hair-dresser by trade.

HARTFORD, CONN., April 8.—At the city election to day, the Democrats carried their entire ticket by 500 majority, also 5 out of the 6 Aldermen, and 21 out of the 24 Councilmen, making a clean sweep on a large vote. Last year both Boords were tied.

TORONTO, CANADA, April 8.—Nineteen persons have been arrested on suspicion of complicity in the murder of Hogan. The evidence is said to be extraordinarily conclusive.

CERTIFICATES OF ELECTION WITHHELD.—*Leavenworth, Kansas, April* 6.—The Governor of Kansas withholds the certificates of election to Messrs. Lane and Pomeroy, on the ground that doubt exists as to the legality of their election.

FRUIT TREES IN FRONT OF DWELLINGS, OR ON THE STREET.—The trees in front of Col. Stearns' house, have been set about seven years, and last year they produced bushels of cherries. No boy has thrown a stone at them, and consequently not hurt the trees or endangered the windows. Col. Stearns says, and correctly, too, that "boys are not so apt to meddle with trees in front of a dwelling, as behind it; for the reason that they are more likely to be seen."

Cherry or peach trees will bear fruit the third year after they are suitable to set out. No boys have meddled with the cherries except to get upon the corner of the fence and pick a few, and then did not take a quarter as many as the Colonel would have given if they had asked for them.

The above, Messrs. Editors, is the statement of a man who knows how to make property profitable. But the sordid croaker makes one more objection, and says:—"well, if the boys do not get them, the birds will." Ignorance and human infirmity; the birds will not get more than enough to pay them for destroying grubs, and eating the caterpillars, that might—were it not for the birds—wholly destroy the trees; and to give more than measure, they will throw in their society and songs, which are natural music, and not manufactured stuff; and the great Book truly says, "they were created for the good of man." And O man! the same Creator that created them weak, created you strong: and can you do less than invite and protect them?

First class cherries last fall sold for a shilling or twenty cents per quart or pound, stems and all; (probably about equal to a pint without stems;) and then not as good as if they had been freshly picked from the trees.

The above few words to the wise, (or unwise) are sufficient, if they answer the purpose. B.

☞ We were very agreeably surprised, yesterday, by a call from our old friend Mr. Daniel G. Waldron, who has been absent from his home in this city for about ten years. The most of this long time was spent in California,—where he was at one time a proprietor of the California Spirit of the Times; but for the last four years or more he has been associated with the celebrated Concert troupe of Alleghanians and Swiss Bell Ringers—whose foreign tour during that time has extended through the West Coast, California, Oregon, Sandwich Islands, Society Islands, South America, Chili, Peru, Bolivia, Ecuador, New Grenada, the West Indies, and British Guiana.

Although Mr. Waldron was expected home, nobody recognized him; and after he had solicited his mother to subscribe to a religious paper, he was obliged to introduce himself. We certainly should never have dreamed that the hearty, brown, hirsute gent who called on us, was the same youth with whom we formed a partnership ten or twelve years ago, to support and guarantee a singing school in Exchange Hall—and did it too, and jointly paid up the deficiency. Time has brought some changes to the three who made that bargain, (Mr. T. P. Moses was the teacher) and all have been considerably interested in music,—we wonder where another ten years will find us? Our friend tells us he feels at home, as he treads old strawberry bank again; which, take it all in all, compares favorably with even sunnier climes.

A FEAST.—As the citizens of Portsmouth, are to have the opportunity of hearing on Sunday evening, the celebrated Temperance orator, Mr. S. M. HEWLETT, we give a few testimonials which were "neither begged nor bought." The Daily Mercury, Newark, N. J., says:

S. M. Hewlett, the distinguished temperance speaker, delivered two lectures in this place on Sunday and Monday nights. A large audience was present on Sunday night, but on Monday night the house was a perfect jam. It is useless for us to speak of the style of the orator. Mr. Hewlett has no superior, and few equals, as a lecturer. He attacks the license system with the keenest of weapons, satire, and every blow of his trenchant blade shakes the Redan of falsehood, and makes the Malakoff of error tremble to its centre.

The Indianapolis Journal, in speaking of this eloquent man, says:

We heard S. M. Hewlett's lecture, on Monday evening, and venture to say such another was never delivered in our city before; for humor, for satire, for eloquence, for power of declamation, for aptness of illustration, the annals of speech-making know no parallel."

The Waukegan, Ill. Gazette also says:

S. M. Hewlett, the famous temperance lecturer, delivered a lecture in Dickinson's Hall last evening. Mr. H. has a reputation of being second to no lecturer but Gough. We consider Mr. H. the best of the two.—His manner of speaking, his voice, his power of imitation, are, in our estimation, more effective and pleasing than Gough's.

☞ The Sale of Jewelry at J. B. Adams', 3 Congress Block, will continue a few days longer, giving an opportunity to those who have not made their purchases, to do so, at about one-fourth the regular retail prices. All are invited to call and examine the goods, whether they purchase or not. It

☞ The *Odd* Fellows (with their 'mates') have their usual annual Levee, at Union Hall, to-night—and of course will have their usual good time. The arrangements are in the hands of an excellent committee.

☞ The Ballot says that one of the churches at Epping receives the liberal sum of $200 annually from the N. H. Missionary Society;—the largest sum paid to any one Society in the State, except to that in Newington.

NEW YORK, April 9.—The Times Washington dispatch reiterates the assertion that attempts will be made to provision Fort Sumter by an armed vessel. If the secessionists fire upon her, they will initiate whatever trouble follows.

The Herald Washington dispatch says the government is determined to keep Major Anderson in Fort Sumter and supply him with provisions forthwith. A portion of the fleet will reach Charleston to-day (Tuesday.) There is no desire to put additional men into the fort unless resistance is offered to the attempt to furnish supplies. The fleet will not approach Charleston with a hostile intent, but the supply vessels will go prepared to reply promptly to any resistance of a warlike character offered to a peaceful approach to the fort. Captain Talbot carried instructions to this effect to Major Anderson, with orders to open his batteries on Charleston if the vessels are fired upon.

Recruiting is fast going on, and at least 50,000 volunteers will be offered in the free States in a few days.

Governor Dennison of Ohio pledges the support of this State to a vigorous policy, and returns home immediately to put his pledge into effect.

The moment the President has official knowledge that any blow has been struck, he will issue a proclamation for an extra session of Congress.

A letter to the Times, from on board the steamer Brooklyn, says the commander at Fort Taylor, Key West, compelled the inhabitants to haul down the Confederate States' flag.

The rumor that the Brooklyn had landed troops at Fort Pickens proves untrue.

NEW YORK, April 8.—The steamer Baltic sailed this afternoon and passed through the Narrows at 7 o'clock, accompanied by the steam tug Yankee, which has been chartered by government. The steam tug Thomas Freeborn has also been chartered by the government to accompany the Illinois.

The ship Middlesex, reported lost, was insured in this city for $40,000.

Steamship Edinburg, which arrived this afternoon from Liverpool, brings the mails and half a million in specie. Her news is anticipated by the Canadian.

CHARLESTON, April 8.—Gen. Beauregard has ordered out 5000 troops. Companies are constantly arriving and being put in position. New batteries are also being constructed.

NORFOLK, VA., April 8.—The Pawnee sails to-morrow for the South, with sealed orders. It is reported here that she landed 250 troops at Fort Monroe last night.

Benefit your friends, that they may love you still more dearly; benefit your enemies, that they may become your friends.

POST OFFICE NOTICE.—Persons indebted to the Post Office will greatly oblige by taking up the slips in their boxes during the present week, without waiting to have bills rendered. The change which is to take place in the office, renders the settlement of all accounts necessary.

PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES, &c.,** and would say that our experience of more than FORTY YEARS as importers, is not only a sufficient guarantee for the **Purity of our Goods,** but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wines* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE; and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever—Persons who require *Pure Liquors and Wines,* in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The *wise* man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually,* or *annually,* at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

ADVERTISING.—There are many business houses in every community, who utterly ignore advertising in the journals published in the vicinity; but if a travelling Almanac maker, comes along, they are ready to help him by giving him an advertisement to append to the tail of his book.

In such cases the money spent is almost thrown away. The directory or almanac portion is looked at when some information is wanted, and then put away until the work is again needed. While on the other hand, money judiciously invested in advertising in the papers,return four-fold to those who improve it.—*Fall River Monitor.*

THE ENRAGED MUSICIAN.—The famous Rameau, the composer, while making a call on a lady, suddenly sprung up, seized a little dog that was yelping at her feet, and threw him out of the window. "What is that for?" cried the lady. "Because he barks out of tune?" shouted Rameau, with the indignation of an enthusiastic musician, whose ear had been cruelly wounded.

Why is life the riddle of riddles? Because we must all give it up.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as **Tumors, Ulcers, Sores, Scrofulous Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.**

OAKLAND, Ind., 6th June, 1858.

J. C. AYER & CO. Gentlemen: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Three years ago I had a bad cut in Ulcers on my hands and arms, sometimes so turned inward and distressed me at the stomach. Two years ago I broke out in my head and neck with a big scald and cure with one sore, which was painful and troublesome beyond description. I tried many medicines and several physicians, but without much relief from any source. In fact, the disorder grew worse. At length I was induced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your advertise that any thing you made must be good. I went to Indianapolis and got it, and used it till it cured me. I took it, as my custom is, in small doses, and it made me sick at my stomach, and almost three bottles. Now and healthy skin soon began to form under the scab, which after a while fell off. My skin is clear now, and I know by my feelings that the disease has gone from my system. Your medicine well believe that I feel what I am saying when I tell you, that I hold you to be one of the benefactors of the age, and remain ever grateful. Yours, &c.

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Poole writes from Selma, N. Y., 12th Sept., 1856, that he has cured an inveterate case of *Erysipelas* which threatened his life, by the perseverance of our Sarsaparilla, and also a dropsy of the *Midground Erysipelas* by large doses of the same; says he has cured many other cases of *Erysipelas* by it.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. S. Chandler, of New Orleans, City, writes: "I cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the run plaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for them female complaints."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous ovarian tumor on one of the females in my family, which had defied all the skill of our best physicians, was at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could relief, but he advised trying a bottle of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks, no symptom of the disease remained."

Syphilis and Mercurial Disease.

NEW ORLEANS, 24th August, 1858.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, several of the complaints for which it is recommended, and in no case did its effects truly wonderful in the cure of Syphilis and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla cured him, and he cured him in five weeks. Another was attacked by some of my symptoms of his case, and the alterative had eaten away a considerable portion of his palate. Such disorder would soon reach his brain and kill him. I applied to my patient the administration of your Sarsaparilla, and he is well and sound now. I have no doubt but some disfigurations to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. Her husband came to strive to the weather that on a damp day she would set up rheumatic pains in her joints and bones. She had cured entirely by your Sarsaparilla, and I have since learned I know from its formula, which your agent gave me, that this Sarsaparilla from your laboratory must be a good remedy, consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LAKEMER, M. D.

Rheumatism, Gout, Liver Complaint.

BRADFORD, Penton Co., Va., 4th July, 1858.

Dr. J. C. AYER: Sir, I have used your Sarsaparilla in my family for a long time, which has kept the chill of ague and fever at bay, and I have found it a good medicine. I would find, could I take the time, to write you a long letter of the cures it has effected in my family, but I will only say that my wife's health was so much improved by the use of two bottles of your Sarsaparilla, that she concluded to take a bottle more, and she is now in good health. I think it a valuable medicine.

John Y. Gatchell of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which defied every thing else. I tried your Sarsaparilla, which cured me in a few weeks. Some time after, I was attacked with a violent cough, which I thought was the Liver troubling me again. The cough did not be rid of you in not half an hour after taking your Sarsaparilla.

Scirrhous Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cures have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space does will not admit them. We can only refer to some of our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Neuralgia, Melancholy, Paralysis.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates vital functions into vigorous action, and thus removes disease which would be supposed beyond its reach. Such a remedy has long been required by the medical of the people, and we are confident that this will be for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is rendered so universally known to surpass any other for the cure of the dreadful lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled success for coughs and colds, and its truly wonderful cures of pulmonary affections, have made it known throughout the civilized nations of the earth. Its fine expectoration, or even families, among them have not some personal experience of its effects worthy of public trust, or some friend to whom they have recommended it, in the full belief of its victory over the most dangerous disorders of the throat and lungs. Knowing the dreadful fatality of these complaints, and the fact, too, the effects of this remedy, we need not hesitate to assure them that it has now all the virtues it did have when making the cures which have so strongly upon the confidence of mankind.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while it pleasantly invigorates the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So cleansing and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combined with the most cleansing and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known to the city for the Dry Goods business. DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Debility, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Invigorates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their constitutions shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.

Price, one dollar per pint, proof Spirits.

One dose will cure Heartburn.

Three doses will cure Indigestion.

One dose will give you a good appetite.

One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind on the Stomach, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BININGER'S GENUINE Cognac Brandy

The infamous practice of adulterating Brandies having become so common that a genuine article is the exception; it is of *vital importance* to those who require it for family use and invalids, that it should be of undoubted purity and efficacy.

With a view to meeting the popular demand for a Brandy in its natural state, free from alcoholic flavor and impurities, and fully appreciating the fact that it is often commended by the Medical faculty as a *sustaining stimulant*, when all other remedies fail, we are now bottling and selling reasonable rates, a Brandy of our own importation, from one of the most responsible houses France, and known as

"Bininger's Genuine Cognac Brandy."

It is mild, delicate and fruity, and is designed to be always uniform in quality and character.—Put up in pint and quart bottles, in cases containing two dozen pints and one dozen quarts, and is sold by all prominent druggists, grocers and town agents.

The above is also for sale in original packages, viz.: Eighths and Quarter Casks.

ATWOOD'S QUININE TONIC BITTERS.

The Best Aromatic Tonic ever offered to the Public.

RECOMMENDED BY THE FACULTY

For Its Superior Medicinal Qualities.

This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic and stomachic s*, and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best Physicians in Boston has said "*hat it is the best preparation of Bitters that has ever been offered to the public.*"

Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.

SLAVERY, ITS ORIGIN AND ITS REMEDY.

BY A. P. PEABODY, D. D.

Continued.

The practical question will arise in the minds of many of our readers,—"What shall we do? We abhor slavery; we feel our responsibility as citizens of our republic for this foul blot on our national character; we cannot acquit our own consciences, unless we are active in our endeavors for its removal. How can we perform our part in this philanthropic labor?" We reply that, if by agitation that should shake the pillars of our republic from their base, and rend the Union into infinitesimal fragments, we could make the enslaved freemen worthy of the name, the end would be cheaply purchased by the dire confusion and calamity by which it was effected. But it is manifest at a glance that denunciation, fierce strife, bitter words, inflammatory missives, have accomplished nothing or worse than nothing. In no one respect is the condition of the African slaves the better, or the prospect of their emancipation the nearer, for all that has been said and done at the North. But had the energy and zeal that have been thus fruitless been expended on the forms of slavery that exist unrelaxed within our own borders, they would have been felt beneficently through the whole land. The strongest possible anti-slavery influence would go forth from communities, in which the rights of labor were held sacred, the full dues of labor discharged, the laboring classes constantly brought, in privilege, intelligence, and virtue, ever nearer to the level of their employers. Our first duties are those that lie nearest. Our first care should be for the depressed and unprivileged among our own citizens. The spectacle of such relations as ought to subsist and might subsist among all classes and conditions of men in our Free States would be an anti-slavery gospel, which would need no preacher, but would be known and read of all. Such an example could not but awaken into sympathy and kindred movement all that there is of Christian faith and fervor among our Southern brethren, and start them on the same career. It is because we have not chosen to enter on this, the only legitimate mode of warfare, but have fought against national ordinances, which are but facts put into words, and by local laws which serve no purpose except to annoy, irritate, and alienate our Southern fellow citizens, that these days of terror lower over our national destiny.

Our Union, so far as it can be preserved, or if it can be restored, is of incalculable value in its bearing on the future of slavery. So long or so far as we are an individed people, we may hope for the healthful circulation through the whole body politic of whatever there is of high moral and Christian principle and feeling in any part; but not so when we stand as mutually hostile and defiant States,—not so, when the demon of civil war is let loose. We need trouble ourselves little in regard to laws. They will never precede, but will steadily follow, the progress of the people. Enactments that express the preponderant sentiment of the nation will of necessity be engrossed on the statute-book. When they cease to express that sentiment, they will be repealed, or become a dead letter. Our concern is with the general sentiment, and, as we have said, our action upon it is the most sure and efficient, when we apply ourselves, hand, mind, heart, and soul, to correcting the evils, righting the wrongs, and performing the charities which lie close to our own doors.

We have placed at the head of this article the titles of several recent publications, all except the second received since our last number went to press. Mr. Hiller's treatise is the expansion of a chapter designed for a work entitled "God Manifest," is in great part speculatively theological, and has too much the air of a special plea for Providence in the premises; but, on the other hand, it is equally devout and humane in sentiment, hopeful in its tone and spirit, kindly in its appreciation of the difficulties that beset the slaveholders, and singularly unimpassioned and candid in the opinions expressed concerning the various classes of men that pass under review as connected with or opposed to slavery. The author is a zealous Colonizationist. He believes the African inferior to the Caucasian race in intellectual grasp and power, but superior in moral susceptibilities. He thinks that the design of Infinite Wisdom in permitting the slave-trade was to provide agencies for the ultimate Christianization of Africa, and that the negro population of these United States will be liberated by gradual processes of emancipation, and sent home to regenerate the birth-land of their race. We sympathize with the author's genial optimism; we envy him the clear-sighted faith which can discern so certain and happy a solution of so fearful a problem; and we have felt like one resting under "the shadow of a great rock in a weary land," as we have turned from the rumors and forebodings of our daily papers to these utterances of a loyal Christian heart. Yet we confess that, like the African race of which it treats, the book has more heart than intellect, and it will rather edify those who are withdrawn from the heat and dust of the great strife, than instruct or inspirit those who bear an active part in public counsels or affairs.

Widely different in its intellectual staple is the essay on "The Laws of Race." As a specimen of condensed and vigorous thought, and of stringently close reasoning, it can hardly be surpassed. Its conclusions can be evaded only by doubting its premises. The author maintains the native and essential inferiority of the negro race as the basis of his argument. That inferiority we must indeed admit as a fact coextensive in time and space with our knowledge of the Africans; and their proportionately small cerebral development plainly indicates their relative incapacity. But other races have been known to degenerate physically under influences unfavorable to the free use and enlarged culture of the mental powers. The modern Greeks have, probably, smaller brains than the contemporaries of Pericles; yet a few generations of freedom and progress may reproduce

"a line
Such as the Doric mothers bore."

Under a condition of privilege, who shall say that the African brain may not acquire a fuller frontal development, and the African mind take its place with the now more favored nations in art, taste, and literature? Or, if this be denied, yet may not Mr. Hiller be right in his view of the negro's superior susceptibility of moral and religious sentiment? If this be so, the question between the races is one of equivalents; and it is easy to conceive that in all the elements of civilization and power, certainly in all that constitutes a capacity of self-government, the race possessed of the higher moral endowments cannot remain permanently behind that which has the better intellectual gifts. Our author does not enter into those considerations, but, assuming that the negro is in structure and ability inferior to the white man, he draws from this postulate the following conclusions:—

"The white race must or necessarily, by reason of its superiority, govern the negro, wherever the two live together.

"The two races can never amalgamate, and form a new species of man, but must remain forever distinct; though mulattoes and other grades always exist, because constantly renewed.

"Each race has a tendency to occupy exclusively that portion of the country suitable to its nature."—p. 11.

The writer believes that the southernmost section of our country—we are unwilling to discriminate the collective name—will ultimately be in the hands of the Africans, either by their successful rebellion, or by the wearing out of the soil to such a degree as to destroy the profits of agriculture by slave labor. Meanwhile he doubts not that slavery is the most fitting and beneficent relation of the African to the present owners of the soil. But he vindicates the slave's personal rights; and the adoption of the principles which he lays down would mark an advanced stage in the progress toward freedom. We quote the following paragraphs, to which, especially in the legal opinion which they express, the author's name, would be prima facie, would add no little weight.

"Slavery is servitude established by law; servitude during life, for one who cannot aspire to a higher lot; servitude of a race, fitted by nature for that lot. It provides for the secure the guidance and support through life that he needs, and

BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.

THE STIMULATING ONGUENT
is prepared by Dr. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.

This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic* and *stomachic*s, and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, it is invaluable.

For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best Physicians in Boston has said "*he has it the best preparation of Bitters that has ever been offered to the public.*"

Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.

For further particulars reference is made to the printed circulars.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, APRIL 11, 1861.

FAST DAY, a relic of New England Puritanism, coming down to us through two centuries, is hallowed by grateful recollections of prayers answered and blessings bestowed.

The devout and honest worshippers, who can look up with confidence for heaven's approval of their sincerity, will ask in faith that the mountains of sin and strife which threaten to fall on us, may be cast into the sea; that the counsel of Ahithopel, and all like evil, may be turned into foolishness;—and that out of confusion and strife may come order and peace.

They will commit their country, as they do their crops, to the care of Him who feeds the birds and arrays the flowers; taking care at the the same time to do their own duty towards both.

☞ In New York city, there has lately been organized an "American Society for Promoting National Unity." Its object is stated as follows in the Constitution:

"To promote the union and welfare of our common country by addresses, publications, and all other suitable means adapted to elucidate and inculcate in accordance with the word of God, the duties of American citizens, especially in relation to slavery."

A Committee of Publication has been appointed, whose business it will be to supervise the literature which is to promote the objects of the Society. The Journal of Commerce indicates its character, and says its "only regret is that this Society or some other like it, had not been formed thirty years ago, in the infancy of the Abolition heresy, and vigorously conducted ever since, employing among its 'instrumentalities,' a small army of talented lecturers, to follow in the wake of or preceed Abolition lecturers; and in short, to counteract by all proper means the sowing of Abolition tares, or to pluck them up and destroy them."

This is quite an undertaking, if is to be done thoroughly. They should send their lecturers and distribute their tracts in Russia, Algiers, Italy and Hayti,—not to mention England and France. They are to make the attempt to turn backward the whole tide of literature for an hundred years.

☞ If the truth of our dispatches from the South can be depended upon, there is scarcely a hope of averting a bloody struggle at Charleston. It is stated, on what seems to be good authority, that official notice has been sent from Washington to the authorities at Charleston, that if the supplies for Fort Sumter are stopped, the U. S. Government will take measures to relieve the fort at all hazards. This intimation is answered by the mustering of additional troops and preparation for battle on the part of South Carolina. It is possible, however, that these warlike reports may be contradicted by the next accounts received from that quarter.

☞ A day or two since we had information that on Wednesday of last week a mysterious schooner was seen beating up the harbor of Charleston, when she was fired upon from the batteries on Morris Island, whereupon she put about and anchored near the bar, and subsequently went to sea. The vessel fired upon was the schooner R. H. Shannon, Capt. Joseph Marts, of Boston, with a cargo of ice, bound to Savannah. She mistook the harbor—and the brave men on shore mistook her for something frightful. The weather was very bad, but she preferred the sea to the land pirates.

☞ The latest English papers state that the following clause has been introduced into the policies by the companies and private underwriters, and the fact posted at Lloyds:—

"Warranted free from all loss, claim or damage, arising from seizure, detention, or any other hostile act of the government or people of any revolting or seceding States of the Union, generally known as the United States."

☞ Mr. S. F. Cobb advertises the agency of the famous and popular Wheeler & Wilson Sewing Machines. Tastes differ, as much as sewing machines—but there is no doubt of the fact that Mr. Cobb is a fair trader, and that all his representations may be relied on.

☞ We this morning complete the publication of Rev. Dr. Peabody's article on Slavery—which occupies considerable of our space, but is eminently worthy of the most careful reading. The whole of it may be found in the Weekly Chronicle—which, on account of Fast Day, we publish this (Thursday) morning.

☞ Gov. Curtin sent a dispatch to the Pennsylvania Legislature, Tuesday, recommending an organization of the militia of the State, in view of the present crisis in national affairs. He had received a letter from President Lincoln, communicating information of a design to attack the city of Washington.

PREPARATIONS FOR WAR.

NEW YORK, Monday Eve.

Dear Chronicle:—What's in the wind? Well, a good deal of dust, for one thing, but *the* thing is the warlike preparations going on at the Navy Yard and forts in this vicinity, and the fitting out of the steamers of the old Collins line, and the steamship Illinois, at the foot of Canal street. Crowds have flocked to the pier since the rumor was started on Friday, all endeavoring to solve the mystery, but able only to satisfy their curiosity by the ships and the lighters from which they are loading.

The work on the Atlantic was continued through Friday night by relief gangs; and flour, bedding, ammunition, guns, gun-carriages, &c., were put on board as expeditiously as possible. The seventy-two horses belonging to the flying artillery were hoisted over the side so rapidly that they had hardly time to realize their "going up in the world."

The Atlantic sailed at 5 A. M. on Sunday, and at Fort Hamilton took on board 400 troops.

Similar preparations were made on the Illinois, at Pier 3, and Saturday night she was transferred to the berth vacated by the Atlantic; and through Sunday her arrangements were continued; and others equally mysterious were commenced on board the Baltic, the fastest steamer afloat.

The public were excluded from the shipping house, but being acquainted with the gentleman "on guard," your correspondent obtained admittance, and was enabled to get an insight into the interior arrangements. Here on all sides were arranged boxes containing stores and ammunition, some of them marked, "Capt. I——— Fort Pickens, Fla."

On one side of the dock lay the Illinois, with "steam up"—loading from two barges, one at the stern containing several hundred barrels of flour and ship biscuit, and the other sunk nearly to the water's edge with the weight of the cannons, gun-carriages, and necessary accompaniments which she carried.

In the adjacent block lay the Baltic, which, like her twin sister, the Atlantic, has since the failure of the Collins line reposed like some grim giant, to awake today in mystery.

Whether the U. S. authorities have a special right to work on Sundays, I know not. Certain it is, they *do* work; for while stores and the "instruments of war" were being shipped on board the Illinois, bedding and coal were stored on board her consort, and men were busily employed overhauling the rigging.

Such are some of the preparations from which it is evident the government is about to "do something for our country"—but all surmises end in the interrogatory. What? The general impression is, however, that they are destined for Texas.

Apropos of all this excitement, I send you a small section of the bark of a Palmetto tree, cut near Charleston. They have two kinds of *bark* down there; this is the *vegetable* kind! It may prove a momentary curiosity. NEWINGTON.

TIRRELL'S CALIFORNIA.—This splendid painting will open at the Temple in this city, on Tuesday, Wednesday and Thursday evenings of next week. Concerning this exhibition, the Traveller says:

It has had a splendid run of *one hundred and twenty-seven nights* in Boston, and now goes to the eastern cities. We say with pleasure that it is by far the finest work of the kind ever shown in Boston, and have no doubt of its success everywhere. Mr. J. Horace Kent, the business man of the concern, has done a great deal towards the success of the picture by his judicious management. His agreeable manners towards the press can never be forgotten.

Mr. Kent is well known in this city, and will be remembered by many as a schoolboy here.

FORT SUMTER.—A dispatch from Washington to the Boston Merchant's Exchange says the destination of steamer Baltic is Fort Sumter. She will attempt to land provisions, and if resisted, war begins.

THE KANSAS SENATORS. — *Atchison*, Kansas, April 9.—The reports as to the doubts of the legality of the election of Messrs. Lane and Pomeroy as Senators are untrue. Their certificates have been signed by the Governor, and they will leave here for Washington soon.

☞ There is no truth in the report that thirty days will elapse before the new Treasury notes are ready. They will be issued within the time allowed the depositors to place the coin, which was within eight or ten days after the opening of the bids.

PLYMOUTH, N. H., April 9.—The Lafayette House at the Franconia Mountains, owned by Col. Ira Coffin of this place, was destroyed by fire this morning, at about 6 o'clock. The fire originated from a defective chimney. None of the furniture was saved. Both house and furniture were partially insured.

☞ The Virginia Convention have passed a resolution in favor of recognizing the independence of the seceded States, and of passing laws to carry the same into effect.

CHARLESTON NEWS.

NEW YORK, April 9.—A special dispatch from Charleston to the Herald says the authorities of that city have received official notification that supplies will be furnished to Major Anderson at every hazard. Immense preparations were immediately commenced. Orders have been issued for the entire military reserve to proceed to their stations. Four regiments of 1000 men each have been telegraphed for from the country. Ambulances and other preparations for the wounded have been made.

At midnight seven guns from the citadel was the signal for assembling of all the reserves, and the city was thrown into the greatest excitement. The 17th regiment 1000 strong, assembled in an hour, and left for the fortifications at 3 o'clock in the morning. All the vessels in the harbor necessary for transportation will be put in service by noon. A fleet of seven government vessels was reported off the bar, and Major Anderson displayed signal lights during the night from the walls of Fort Sumter. It is believed that the fight will commence at Stone, twenty five miles southward, the batteries along the coast being silenced in turn, and after clearing Morris Island, the government forces will cross to Fort Sumter, while Major Anderson engages Fort Moultrie.

Liuet. Talbot was denied admission to Fort Sumter by the authorities.

A special dispatch to the Herald says that offers of volunteers from the border States continue to be sent to Montgomery, and tenders of 7000 men and 2000 Indian warriors have been received there from the West.

WASHINGTON, April 9.—It is persistently stated in administration quarters that the recent preparations are for defensive purposes, and nothing is intended that is not strictly justified by the laws which it is the duty of the President to enforce to the extent of his ability. If resistance is made and bloodshed should follow, the responsibility must fall on those who provoke hostilities, and the assurance of the Inaugural is reiterated that the administration will not be the aggressor.

Various theories or reasons are given in the newspapers for the present military demonstrations, among which is one that they are stimulated by the result of certain late elections. But this is an error, as at the commencement of the administration the President and Cabinet entertained the idea of reinforcing both Forts Sumter and Pickens, but owing to non-acquaintance with the means at the command of the government and the condition of the country, the prosecution of the plans now progressing was impracticable. In other words, it was necessary to ascertain the extent of the effects bequeathed to the President by the late administration.

It was deemed essential to keep secret the objects of the military movements, especially the sailing of vessels with sealed orders, as under the late administration there were persons who clandestinely communicated its purposes to the secessionists, and, as frequently occurred, before the orders were reduced to an official form; and, according to the remark of an Ex-Secretary, the "administration thus always found itself embarrassed at the threshold."

NEW YORK, April 9.—Several merchants to-day protested against paying duties, claiming that they cannot be compelled to pay until the revenue laws are enforced in the whole country.

A dispatch to the Commercial says that R. S. Shaw arrived at Charleston to-day with a message from Mr. Seward to Gov. Pickens, to the effect that Fort Sumter cannot be supplied with provisions from Charleston, and if Major Anderson is not supplied regularly the government will supply him.

CHARLESTON, April 9, evening.—All is quiet on the surface, but a deep feeling prevails. Prodigious preparations are progressing. Senator Wigfall is serving as a common soldier. Rifled cannon are arriving. Mr. Jamison delivered a farewell speech to-day in response to a complimentary resolution of the convention, which will probably adjourn to-morrow. There are no war vessels outside so far as known.

NEW YORK, April 10.—An editorial in the Tribune states positively that the principal object of the expedition which sailed hence within four days, was the relief of Fort Sumter. 2000 men will arrive off Charleston to-night or to-morrow. A small steamer will be sent in with supplies, and if repelled, the Tribune says the rebels will be taught that there is still a power in the United States, and that it cannot be insulted with impunity.

The Tribune has dispatches from Lieut. Slemmer, explaining that the reason troops had not been landed from the Brooklyn was, that he already had sufficient to hold the fort against any army the rebels could bring against him. He has four months' provisions. He adds that troops can be landed at any time when needed.

The South Carolina mails will be stopped on the first sign of hostility, or attempt to prevent the relief of Fort Sumter.

The Cabinet at Montgomery has called upon each of the Confederated States for 3000 troops, except Florida, which is to furnish 1500.

A dispatch to the Herald from Charleston last evening says permission was refused for a provision ship to approach Fort Sumter. Martial law was expected to be proclaimed.

The Southern Commissioners have telegraphed to Gov. Pickens that war is inevitable.

The Boston Traveller Extra of Wednesday evening gives one report that Fort Sumter is to be reinforced, and another that it is to be evacuated; that the Southern Commissioners were to leave Washington Wednesday afternoon, and that there is no definite news from Charleston.

☞ The seeds of the grape possess a remarkable vitality. A lady in Columbia, California, in making jelly last year, boiled a quantity of grapes. The place where she threw the seeds, after they were boiled, has since become covered with grape vines.

MR. HEWLETT'S LECTURE.—We are glad to see that we are to have so celebrated a speaker in this city on Sunday evening next, to lecture on the subject of Temperance. To be sure, a small admission fee is to be charged, in order to defray expenses; but the lecture which will be given by this eloquent orator will amply repay.—Mr. Hewlett's merits as a popular lecturer are great; his chief power lies, not only in pathos and argument, put in description and impersonation of character. He is said to be the equal of Gough, and holds his audience enchained by his wonderful powers. His labors are calculated to do much good, in reviving the interest which all should feel in the cause of temperance; therefore we bespeak for him a full house on the occasion, and wish him God speed on his mission of mercy.

☞ Two trains a day will be run on and after next Monday, between Concord and Portsmouth—leaving Concord at 7 A. M. and 3.30 P. M., and leaving this city at 10.50 and 4.20.

This second train is a very important accommodation to persons here, who wish to leave home for the country and return the same day—for those who have any business in Exeter, New Market, &c

It is a very great convenience,—and it is much missed when it is off; if it could be kept up in the Winter, as we hope it may be in future, we are confident the Company would not be ultimate losers by it; even though it might not yield a heavy income daily.

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

From the North American Review for April.

SLAVERY, ITS ORIGIN AND ITS REMEDY.

BY A. P. PEABODY, D. D.

Concluded from the 1st page.

expresses the relation which his nature bears to that of the white man. Slavery, moreover performs the duty of magistrates, police, prisons, poor-houses, and hospitals, for the negro race in the South, without expense to government, and far more efficiently than any government could perform them. Slavery is not in itself a good thing; on the contrary, it is an evil thing, and bears fruit according to its nature. But we have the negro, and therefore we must have slavery.—Our system of slavery, doubtless, is far from perfect. Its chief defects arise from the predominance given to the mercenary element of the relation over the benevolent; in the laws of the Southern States. These laws declare, that a slave is a mere chattel, and the Supreme Court of the United States has declared so too.

"But the laws of nature say, servitude is the natural relation between the negro and the white race; that a slave is a man, and therefore entitled to justice and humanity; that he has rights which impose duties on the master, and that the dominant race, having power over the negro, is responsible for his well-being. The laws of the South, and the decision in the case of Dred Scott, contradict these truths; but they are refuted by the general sentiment and practice of the Southern people, and by the Constitution, which correctly describes a slave, as a "person held to service or labor," using this language emphatically, as is well known, for the express purpose of denying that slaves are property,—a doctrine worthy only of slave-traders and African tribes, from whom it was derived.—pp. 48, 49.

The Premium Questions, to the number of 232, are in retaliation for one question proposed to the Observer by the Evangelist, and eight by the Independent, the latter offering, in case of an answer by yes or no to each, to pay two hundred dollars into the treasury of the Board of Foreign Missions. The Observer, or rather its late editor, promises a gift of two hundred dollars to the Southern Aid Society, in case of an answer to each of his questions by either of the antagonist journals. The questions are worded with very great skill. They are such as admit of only one answer, and that always a seemingly pro-slavery answer. They are framed by collecting all the palliating circumstances that have attended American slavery, and all facts in its history that can present Southern states and statesmen in a favorable light, and throwing them into an interrogative shape; while the reverse side is left entirely unrepresented. The effect of the whole is an ingenious but an utterly fallacious plea, if not for slavery in the abstract, for the complacent tolerance of American slavery as it is.

The concluding part of our list was written before the accession of South Carolina. It divides the Southern States into the slave-producing, the slave-using, and the slave-consuming States, and represents it as probable that the last class will secede, while it will be for the acknowledged interest of the first two classes to adhere to the Union. It admits the right of secession, and maintains the coercive policy to be equally inexpedient and wrong. It denies alike the honesty and the efficacy of concession by the Free States to the demands of the South for the sake of the Union, and argues strongly against the repeal of Personal Liberty bills. Its closing paragraph represents the calm and kindly spirit in which the whole is written:—

"The course of the Free States is plain; their path is as a shining light; their duties, and those of their chosen President, are manifest,—fairness, coolness, kindness, no concession of principle, but determination in doing their duty to the Union and the country. This course will unite all parties in their support; and we shall soon see an overwhelming North restoring the peace of the land, and enabling even the Slave States, if they will, to retrace their steps, and share once more in our great prosperity."—pp. 47, 48.

The letter which stands next on our list is by Hon. Benjamin F. Thomas, late one of the Justices of our Supreme Court, whose well known sagacity, learning and wisdom as a jurist would claim profound respect for his opinions, even without the compact and stringent reasoning by which he defends them. He identifies secession with rebellion, and regards the South Carolina declaration of independence as a declaration of civil war. He maintains that it is the duty of the United States government to collect its revenue laws, and to keep jurisdiction over the places ceded to it in the seceding States,—peaceably if it can, forcibly if it must. "Upon the simple issue whether the laws of the Union are to be maintained, and its flag upheld, nine-tenths of the freemen of this country are with us. The opinion of the civilized world is with us. Moreover, God governs in the affairs of men, and will be with us as he was with our fathers."—With reference to the Fugitive Slave Law of 1850, Judge Thomas expresses with great clearness and force what we conceive to be the almost universal opinion of those unbiassed by interest and party feeling.

"You have known, my dear sir, that I fully sympathize with the people of Massachusetts in their just and righteous aversion to the Fugitive Slave Law of 1850. It was industriously meant to be offensive. I have never seen the man in this Commonwealth, who, whatever his opinion of its validity, did not regard it as unnecessarily harsh and rigorous. It fails of effect from its great severity. Nay, I should go further, and should not hesitate to say, were it not precluded by judicial authority, that the law, in many of its essential features, is in conflict with the Constitution of the United States. Never has a constitutional provision been so tortured by judicial construction as that clause in relation to fugitives from service. But the law has been held valid by those who had the rightful power to pass upon its validity; and, as a good citizen, I must bow to its authority. My oath does not require me to the support of the Constitution 'as I understand it.'

"With these feelings and convictions in relation to the Fugitive Slave Law of 1850, I have, nevertheless, always been of the opinion, that every attempt to soften the rigor of the law, to supply its defects, to relieve its injustice, or to obstruct its operation, by State legislation, would be utterly vain and futile. It is only kicking against the pricks. The wise and prudent thing would have been, to have waited until we had power to soften the rigors of the law on the spot of our origin, in the place of its birth. In that effort we should have had the aid of wise and good men from all parts of the country."—pp 5, 6.

As may be inferred from the above extract, Judge Thomas favors the repeal of what remains of the Massachusetts Personal Liberty Bill of 1855:—

"The best thing that can be done with the remains of the statute of 1855 is to lay them upon the altar of the country. It does not require a great sacrifice; and it is *our* country.

"Incapable of substantial legal good, they do much political and moral evil.

"They are not in their spirit, loyal to the Union. They tend to bring into conflict our relations to the State and the United States, to which we are alike bound, and must be alike faithful.

"They are unjust to the citizens of the United States, who feel that they must share the fate of the United States, and that the State cannot fairly subject them to any disability, or distrust even, for such fidelity.

"They disturb the friendly relations which would otherwise exist between us and the friends of the Union in the Southern States.

"They strengthen the hands, they encourage the hearts, of the enemies of the Union. They are made the occasion, if not the cause, the pretence, if not the reason, for the attempts to sever that Union. They furnish a pretext, a seeming apology, for treason.

"The ground of objection to these statutes is their apparent design to obstruct a law of the United States,—an iron law it may be, but a law. Their real and humane purpose was to give to the rights of the feeble and humble the protection which the law of the United States failed to give. They can legally effect neither the apparent design nor their real purpose. And the difficulty, in my judgment, is intrinsic, and results from the fact, that a law of the United States, held to be valid by the judiciary of the United States, is the supreme law of the land. The courts of Massachusetts, and no State law can either get over or around it.

"The only place to seek the modification of the Fugitive Slave Law is on the floor of Congress, and we need not despair of such a result. The just and reasonable modifications to be effected, are, that the alleged fugitive shall, from the time of his arrest, be in the custody of the *courts* of the United States, both in the State where he is seized and that to which he is returned; that before he shall be delivered into the custody of the claimant, he shall have the right to trial by jury, and without purchase, under rules of evidence to be prescribed by Congress the most essential of which would be the presumption of freedom, and the right to meet the witnesses against him face to face."—pp. 13, 14.

Professor Fisher's Sermon is principally devoted, as it should have been, to the religious aspect of the present crisis. It is guarded in its statements, sound and wise in its counsels. We are struck with the judicious discrimination manifested in his statement of the defects and faults of the more recent school of Abolitionists, and are glad to find that, at the same time, he has done them the justice to exonerate them from the charge of effecting a revolution in the anti-slavery feeling of the South.—The simple history of that revolution is, we believe, to be read in the history of the cotton culture. While cotton was an insignificant item in the production and commerce of the nation, slave labor was attended with little profit, and the States that raised slaves for a more southern market had but a slow and scantily remunerative sale for their human merchandise. Most naturally the public mind in the slaveholding States was then open to the moral considerations bearing on their peculiar description of property, and in Virginia especially, and in her halls of legislation, were heard anti-slavery utterances as vehement and uncompromising as are ever uttered now in Music Hall. But when, on the invention of the cotton-gin, cotton grew to be the great staple of the South, slavery rapidly became a source of immense profit alike to the slave-raising and the slave-consuming States, and interest, which with sad frequency modifies principle at the North, produced a seemingly sudden revulsion in the anti-slavery sentiment at the South.—This revulsion was synchronous with the development of the Abolition party in the Free States, but too closely synchronous for the latter to have been the cause of the former. That the exasperation of feeling which has led to recent political movements on the part of the Southern States is to be largely attributed to Northern Abolitionism, we have no doubt; but the settled opinions which underlie and energize those movements are of indigenous origin and growth. We quote the portion of Professor Fisher's Sermon which covers this ground.

"In reference to the recent school of Abolitionists, we commenced the agitation upon the subject of slavery under the lead of Mr. Garrison, it is too early, perhaps, to decide what upon the whole has been the effect of their proceedings. That they have been guilty of grave faults, both in the measures they have adopted and in the spirit that has characterized their movement, it is impossible to deny. In the first place, they have not risen to a comprehension of the great problem presented by the co-existence of two diverse races on the same soil, of the relative numbers and characters in which they are found in the South. They have insisted, or seemed to insist, upon an instant and indiscriminate emancipation of the servile class from all restraint, if not upon their elevation to participation in political power. They have supported their cause by metaphysical propositions upon the sinfulness of slaveholding, the terms of which are so indefinite as to render a difference of opinion unavoidable, and to involve a great practical question in needless subtleties. They have forgotten the fable of the eagle and the lamb. The eagle seizes on the lamb and soars with him to the upper sky. But suddenly he sees the injustice and the cruelty of his procedure. Shall he, therefore, drop the lamb from his clutches? That would be to commit a still greater wrong. In short, the reformers to whom I refer have been unpractical in the bad sense of the word. So far as I know, no scheme of emancipation, such as might safely and beneficially adopted, and no plan of legislation looking to that end, which is entitled to consideration, have emanated from them.

In the second place, they have made almost no appeal to the masters; made no effort to engage their co-operation; but have spent their energies in the endeavor to arouse a feeling of indignation and hatred against them at the North. They have exhausted upon them the vocabulary of abuse. The effect must be, so far as any effect is produced, that they whom it is most desirable to move, are called in the good work, disgusted and embittered, close their ears to every one who would approach them upon the subject. It is not against the slaveholders alone that the reformers to whom I refer have directed the artillery of their wrath. Upon all who, though cordially sympathizing with the end they have in view, have not fallen in with their method in every particular and approved of their spirit, they have poured forth a fiddy stream of vituperation, charging upon them the basest motives. They have the merit, it merit it be, to have attained to a surprising proficiency in defamatory rhetoric.

It is not, however, the imprudence of this handful of people which has produced the great change in the public opinion of the South upon the character of slavery; for a total change of feeling has taken place there, within the memory of persons now living. Formerly, the institution was commonly declared to be an evil, by their preachers, by the judges on the bench, in private and in public, and through every form of utterance by which the general opinion can be ascertained. Now how different, how utterly reversed, is the public feeling! Slavery is defended as normal, scriptural, beneficent, as parallel in sacredness with the family institution, as the relation which God ordained for the white race, as a practice to be cherished and perpetuated. The pulpit, the press, the bench, all the organs and guides of public feeling, with united voice are engaged in praising the system of human slavery. Physiology is appealed to, the Bible is ransacked, antiquity is pleaded, in defence of a system which the Christian world, with almost entire unanimity, had come to regard as a wrong and curse. This remarkable revolution of opinion has taken place in coincidence with the greatly increased profitableness of slave labor. Not that men are consciously swayed by this consideration. But, for a variety of causes, a community concludes that a thing cannot be dispensed with, they are under a powerful bias to seek for a theory to justify it. Thus it is that the old doctrine of human rights, which is the soul of free institutions, which inspired the heroes of American history and the founders of our government, has been abandoned; and a confused, flimsy theory, founded on ethnological distinctions, set up in its place. And the concurrent judgment of the Christian Church is attempted to be set aside, which condemned the enslaving of men, and had brought to pass emancipation wherever Christianity had full sway."—pp. 16—18.

We regret the appearance of Dr. Seabury's book. It is, indeed, humane in its phraseology; and were all slave-holders Christians worthy of the name, and disposed to receive in full his construction of their duties, slavery would not be the evil that it is to both parties. But in justifying slavery under his definition, and with restrictions which would make it comparatively harmless, the author is virtually apologizing for slavery as it is, with all its enormities and abuses. Moreover, in defending American slavery as "justified by the law of nature," he tacitly defends the slave-trade; for no "law of nature" ever brought the Africans to our shores. Had we received the book at an earlier date, we should have given it an extended criticism; but there is little need of it, for it is too late in the day to justify slavery to any minds but those whose interest has already furnished them with satisfying arguments.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease:—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education, or support, which he can easily provide for them thro' a life policy.

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, and any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former fall victims to the delicacy often go down to a premature grave rather than let their condition be known; in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal doom. Be, therefore, always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market st., St. Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it pacifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical combination of skill; ly combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic combined with a powerful yet stable matter, it is absolutely beneficial, and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Failing of the Womb, and other delicate diseases to which women are subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption, and a host of evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classic fable that Psyche was encouraged to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a tonic, but composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and effectually eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating effects. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and Young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the best article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Liver Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who from the injudicious use of liquors, have become dejected, and their minds, system shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens* will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

Dose.—1 wine glass full as often as necessary.
One dose will prevent all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, and Pains in the bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BININGER'S
GENUINE
Cognac Brandy

The infamous practice of adulterating Brandies having become so common that a genuine article is the exception; it is of *vital importance* to those requiring it for Family use and Invalids, that it should be of undoubted purity and efficacy.

With a view to meeting the popular demand for a Brandy in its natural state, free from alcoholic flavor and impurities, and fully appreciating the fact that it is often commended by the Medical Faculty as a *sustaining stimulant*, when all other remedies fail, we are now bottling and selling regularly imported A. Bininger's Cognac Importation, from one of the most responsible houses France, and known as

"Bininger's Genuine Cognac Brandy."

It is mild, delicate and fruity, and is designed to be always uniform in quality and character.—Put up in pint and quart bottles, in cases containing two dozen pints and one dozen quarts, and sealed by all prominent druggists, grocers and town agents.

The above is also for sale in original packages, viz.: Eighth and Quarter Casks.

A VOICE FROM THE WEST!
FROM THE CLEVELAND PLAINDEALER.

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS
The celebrated New England remedy for
Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.

Dr. JAMES L. LEFERRE writes from Navarre, Stark Co., O.: "The Bitters were praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite, it relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 5, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the m st severe and prostrating character; "after using a few bottles, I was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. E. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world renowned article.

THE STIMULATING ONGUENT
is prepared by DR. C. P. BELLINGHAM, an emi nent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the old roots, a new and healthy growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.

This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic* and *stomachic* s, and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best Physicians in Boston has said *"and it is the best preparation of Bitters that has ever been offered to the public."*

Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.

For further particulars reference is made to the printed circulars.

CERTAIN CURE, CERTAIN CURE,
CERTAIN CURE, CERTAIN CURE,
CERTAIN CURE, CERTAIN CURE,
—FOR—
RHEUMATISM AND NEURALGIA.

GARDINER'S
RHEUMATIC AND NEURALGIA COMPOUND

Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am entirely well." D. D. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entire ly cured.—JOHN A. MORDO, Pearl St. House, Boston, Mass.

Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. E. HODGKINS, No. 4 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 99 Milk street, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1855, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex Member of Congress from Maine.

TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.—Dear Sir,—I beg leave to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound." After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.

The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, APRIL 13, 1861.

CHARLESTON.

By the dispatches up to midnight on Thursday, from Charleston, no fighting had occurred there. It is understood that a positive demand was made for an unconditional surrender of Fort Sumter, which was refused by Major Anderson. The Government vessels had not arrived. Dispatches give an account of the intense excitement prevailing, not only at Charleston, but throughout the Confederated States.

Here is a small sample of the items from Washington on Charleston Affairs:—

Mr. Blair will cut off South Carolina mails this week, and stop all postal communications, if Major Anderson is not allowed free and uninterrupted communication with the authorities at Washington.—The authoritative report to him of any assumption over, or any interruption of the mails in the South, will put an end to their mail facilities.

Great excitement was caused in Baltimore to-day by a scorching Union article in the Baltimore Clipper, denouncing the Southern Confederacy and its acts. The article has provoked threats of an assault on the author.

Gov. Hicks and many prominent Marylanders assure the President that Maryland will be loyal if he does not provoke or commence the war, which he certainly will not do.

Lieut. Talbot and Special Agent Chew returned here to-night from Charleston, and have made their report to headquarters, the former to the effect that access to Fort Sumter was denied him, and the latter that he had laid the ultimatum of this government, regarding provisioning Major Anderson, before Gov. Pickens.

Really the government at Washington keeps its own secrets, and so do the seceders. All we know is, that movements indicate that the power at Washington are to act somewhere; and Jeff. Davis and his adherents are getting ready for the fight.—It may all, nevertheless, fail to come to a head.

We are content, says the Newburyport Herald, that the government should take its own course, and have the utmost confidence in Mr. Lincoln and his advisers. They know all the circumstances better than we do. We hope for peace, as long as there is the least chance for it with reunion; but when that cannot be, let the war begin.—The first gun may carry Virginia out of the Union, but it will unite the North and strengthen the Union men of the South; and if the war begins, as bitter as it will be to both sections, it will be to fought to a victorious end by the free States, though the land should swim in blood.

☞ A wise movement on the part of the Irish population, is the raising of their own potatoes, cabbage, and other vegetables. We notice this year, (says the Newburyport Herald,) an unusual inquiry among this class of people for land. They foresee the dull times, and seek to employ themselves when others cannot give them work. They keep pigs and cows and have plenty of manure, and they have strong hands and are willing to work. Wherever there is a patch of land within a mile or two of the city, they are ready to take it up, and it is the best thing they can do.

What the Herald says of the Irish in Newburyport, *ought* to apply to them here, as well as there.

And something like it ought to be true, of many able-bodied natives; they can dig a living out of the ground; and Spring is the time to begin.

☞ Near Henderson, Ky., on the 1st inst., Dr. W. A. Norwood was killed by a runaway slave whom he designed arresting. The doctor discovered the negro in his stable loft, and commanded him to come down. The negro refused to obey, threatening to shoot if the doctor attempted to seize him. The physician then sent to the house for his gun, but before it arrived the negro fired on him, the ball entering his heart and killing him instantly. The negro succeeded in making his escape.

ENLISTING FOR THE NAVY.—The recruiting office, in Boston, was re-opened on Monday, and so great was the rush of persons anxious to ship, that two policemen had to be obtained to manage the crowd. Only nineteen persons the first day passed through the examination necessary for "ordinary seamen." The orders to Mr. Ingallas, who presides at the station, are to enlist a certain number of firemen, coal-heavers and boys, but an indefinite number of seamen.

☞ Washington has not been the only scene of office seeking. A Montgomery letter says:—

"It will be gratifying to the public to know that the swarm of office-seekers that were here for some weeks have nearly all gone home, gratified and dissatisfied, according to circumstances. There are not exceeding ten or twelve hundred here now, and they are principally occupied in affording consolation to each other."

☞ The Boston Mechanical Bakery has stopped. It didn't burn up this time, but bursted up. Cause—bad bread and bad management.

Correspondence of the Chronicle

M. E. CONFERENCE.

CONCORD, April 10, 1861.

Messrs. Editors:—The New Hampshire Annual Conference of the M. E. Church assembled in this city this morning, at 9 o'clock. About one hundred ministers answered to their names. No Bishop being present, Rev. Elisha Adams was called to the chair. Rev. Lewis Howard was elected Secretary, and Rev. Messrs. N. Culver and J. Carrier, assistants.

Bishop Janes arrived at half-past 10 o'clock. The usual committees are ordered, and the Conference will soon be in working trim. There is to be preaching this afternoon, and in the evening the Conference sermon will be delivered by Rev. H. H. Hartwell.

I will endeavor to keep you posted during the week, on all matters of interest before the Conference.

Of course some interest is felt by the ministers to be removed, as to their destiny; and quite as much by the societies as to who will be sent to them. But little can be known, however, concerning this matter until the appointments are read out, which is the last business of the session. Until then, we wait with patience and hope.

CONCORD, April 11, 1861.

Conference opened this morning, at 8 o'clock—Bishop Janes in the chair. The candidates for admission to the Conference were called forward for the usual examination before the Conference; after which they were eloquently and feelingly addressed by the Bishop.

The superannuated preachers were next called, and their social characters passed.—Business progresses rapidly and harmoniously, and the Conference will probably adjourn on Monday.

To-morrow will commence the examination of the characters of the effective men. Each man's name is called, and the question is asked by the Bishop, "Is there anything against him?" If the Presiding Elder says nothing against him, he retires, and his success in his work is represented by his Presiding Elder.

I believe it is now ten years since there was an arrest of character in our Conference—a fact which speaks well for the integrity and fidelity of our ministers.

Invitations have already been extended by different pastors in the city, to supply their pulpits from the Conference. These invitations will be heartily responded to.

ONE WHO IS TO BE REMOVED.

POLAND.—Reported disturbances took place at Warsaw on the 25th. The people smashed the windows of Gen. Abramswitch, one of the officials who shared the unpopularity of Albuhkanoff, the minister recently dismissed; the military did not interfere.

Warsaw, March 27.—The following reforms were proclaimed:—Present regulations for public instruction in Poland are abolished. A special commissioner for public worship and instruction, under direction of M. Welapolski, is appointed. A national establishment of a superior class for public instruction, and especially an academy for legal instruction are to be opened. A Council of State is to be composed of members of the clergy, dignitaries and most distinguished persons of Poland.—The right of petition is granted to the nation, the government and district. Councillors and municipalities of larger towns are to be elected by the inhabitants.

CALIFORNIA.—The express from California has arrived at Fort Kearney, with intelligence to the 30th ult. The election of McDougall to the U. S. Senate was declared invalid, and a new election was to be held. The San Joaquin and Sacramento valleys were inundated by the overflow of the rivers, causing some loss of life, and great damage to property.

☞ At an election in Austin, Texas, on the 25th, for State Senator, to fill a vacancy, Hon. J. Hamilton, late member of Congress, who refused to recognize secession, was chosen by about 100 majority. He still unflinchingly stands by the Union, and it is said will refuse to take the oath of allegiance to the new Confederacy, but will insist on taking his seat.

Joseph Laing of Toronto, recently deceased, was in the habit of consuming a pound of Epsom salts daily for ten years prior to his death. The deceased was subject to fits, and found salts the only remedy for them. The total quantity consumed by him was upwards of a ton and a half!—Some druggist has lost an excellent customer.

☞ The Boston Journal of Wednesday evening, says, in speaking of the southern matters:—

The public mind we believe is prepared for any result which promises to terminate the present state of doubt and suspense.—Civil war, even, is preferable to months and years of such agitation and anarchy as is threatened by the Southern leaders and their friends, the border State and Northern reconstructionists.

ST. DOMINGO.—Letters received in New York confirm the previous accounts of the annexation of Dominica to Spain. The late President Santana had formally proclaimed the transfer of the sovereignty of the republic to Queen Isabella, whose sanction is required to render the transaction complete.

CRIME AND ITS CAUSES.—The annual returns of the keepers of the Jails and Houses of Correction in Massachusetts, made for the year ending Sept. 30th, 1860, shows the whole number of commitments for the twelve months, to have been 5,012, of which number 4000 were males and 1012 females. In the whole there were 160 blacks, and 815 minors. The causes of the commitments were rum, ignorance, celibacy and immigration. The number of intemperate was 3,954, which was nearly four-fifths, and besides there were 353 for violations of the liquor law; so that four-fifths of all the criminals in the Jails and Houses of Correction for a whole year were rum-sellers or victims of intemperance. The cost of all kinds, while in the prisons was $147,463, and the value of their labor $51,295.

Second cause, ignorance: 1654, or one-third the whole number could not read or write. Third, celibacy; 2810, more than one-half the whole number, were unmarried. Fourth, immigration; 3350 were natives of other countries and 615 natives of other States—or four-fifths of the whole were away from *home*. But 1045, or one-fifth, were born in Massachusetts, and of those, 171 could not read or write, and the greater part of the remainder were rum drinkers.

Here then, says the Newburyport Herald, "is the general rule that where people stay at home, receive the benefits of our common schools, keep sober, and get married, they are in little or no danger of committing crimes or being thrust into prison. These are the safe guards; not that they are by nature better than others; but they have better surroundings. These facts are deserving of remembrance by parents and those who could seek to reform mankind."

There is another thought suggested here; viz. that the temperance efforts in New England, for these last thirty years, imperfect as they are, have yet been the means of a great improvement in our home population: but Great Britain, Ireland, and the continent of Europe, are behind us in this respect;—and their emigrants, poured in upon us, furnish, as the reports show, a large proportion of our ignorance, drunkenness and crime.

WASHINGTON, April 11.—The Confederate Commissioners left this morning via Baltimore for the South. The reply of the administration to their last communication has not yet been divulged.

The balance in the Treasury on Monday was $5,655,000. Custom receipts for two weeks ending Tuesday were $1,500,000, showing an increase over the same time last year, of $29,400.

The Secretary of the Treasury was unable to open the bids until after seven o'clock this evening. They exceeded the amount of the treasury notes offered at rates varying from par to 27-100 prem. The Treasury is now in good condition. No part of the proceeds of last week's loan have been yet used, or will be needed for some time. The receipts of customs for two or three weeks past nearly equaled all the demands on the Treasury.

There is no truth in rumored Cabinet changes.

The Secretary of the Treasury has prepared a circular containing instructions to collectors of customs, by which it appears in all cases the withdrawal of exportations of repaired or manufactured railroad iron, in order that the importation for such purposes may be exempt from duty, must be made at the same port where it was originally imported and written six months from the day of importation. The circular concludes by saying:—

"The control of the warehouses in the States of South Carolina, Georgia, Alabama, Mississippi, Louisiana, Florida and Texas having been usurped, and federal officers forcibly excluded, it has become impracticable to continue the privilege of bonding for transportation to those ports, and collectors accordingly are hereby instructed that no entrance of transportation to those ports can be permitted until otherwise ordered. In case of merchandise so entered before the receipt of these instructions, transportation bonds will be cancelled on payment of the duties at the collector's office at the port from which the goods were shipped, or on the collector being satisfied by the affidavit of the party, to be filed with the bond that said merchandise arrived at the port of destination after the government officers of such port had ceased issuing cancelling certificates."

NEW YORK, April 12.—The Herald's correspondent says the men of West Point and the Flying Artillery have received orders to keep their revolvers constantly loaded, so as to be ready for immediate action.

Part of the volunteers are to be stationed on the bridge across the Potomac, so as to defend it from any invading force.

Nearly 1000 men are now enrolled in the regular service from the District Militia. Those who refused to take the oath were disarmed and their names stricken from the roll. Hisses from the spectators accompanied their disappearance from the parade ground.

Gen. Cadwallader, of the Pennsylvania militia, has been ordered home by Gov. Curtin. The movement is supposed to be in connection with the occupation of the capital by the Pennsylvania volunteers.

WASHINGTON, April 12.—Those who expected a great battle at Charleston are not so confident this morning, but officers of high rank in the army find that sealed orders have been given of which they were ignorant.

☞ The Dover Morning Star comes out in a new type dress. It is the most widely circulated paper in the State—the organ of the Free Will Baptists.

OUTRAGE FULLY CONFIRMED.—The barque Julia E. Arey, of Thomaston, Me., arrived at New York on Saturday from St. Thomas. This vessel is in command of Capt. E. S. Ryder, the second mate being his son, Joseph B. Ryder, and they are the parties who were subjected to most flagrant outrages at the hands of a trumped up Vigilance Committee in the town of Jefferson, Ga., in the early part of November, full accounts of which were published at the time, and denied by the sympathizers of the South. A charge was trumped up against them, of having harbored a slave, and of holding conversation with the negroes engaged in unloading the vessel at the Encera Mills, fifteen miles from Jefferson. The first charge was disproved by searching the vessel, and the second was fully sustained after six negroes had been most cruelly whipped in order to make them confess to something damaging to the defendants. Captain Ryder and his son were sentenced to fourteen days imprisonment and to twenty-five lashes on the bare back. The whipping was carried into effect in the public square, and at the end of their imprisonment they were put aboard their vessel and sent to sea. Capt. Ryder's health has been seriously impaired by this inhuman treatment, but his son has recovered.

RUSSIA.—The Boston Courier publishes in full the decree issued on the 3d of March by the Emperor of Russia in regard to the serfs. The serfs hitherto attached to the soil, and liable to be sold with the estates to which they belonged, will be invested with all the rights of free cultivators. The domestic serfs, the house servants, are to occupy for two years a state of transition, at the end of which period of probation they become entirely free. Special courts are established in every province, to settle disputes arising out of the *status*. It is a very important and very honorable State Paper.

☞ The New England Methodist Conference sitting in Boston, have passed a resolve, solemnly and earnestly protesting against any further compromise with slavery, in church or State.

MUNICIPAL ELECTIONS.—The Democrats carried Albany, N. Y., on Monday by 1600 majority. Trenton, N. J. on the same day elected a Republican Mayor, and a Democratic City Council.

☞ The sixtieth anniversary of the marriage of Mr. Liberty Allen of Shrewsbury, to Miss Mary Ammidon of Fitzwilliam, N. H., was celebrated at their residence in Shrewsbury, on Friday, the 5th inst.

WASHINGTON, April 12.—A dispatch has been received by the Cabinet, which states that Fort Sumter has been provisioned, and that the crisis has been passed without firing a gun.—*Dispatch to Traveller.*

NEW YORK, April 12.—Ship Witchcraft, from Callao, was lost off Cape Hatteras. 15 persons drowned. Captain and third officer saved.

FAST DAY, in this city, was unusually quiet, with but little drunkenness or rowdyism of any kind, which is too often prevalent on this day. The weather was splendid, scarcely a cloud interposing to obstruct the rays of the great luminary, and had it not been for a fresh east wind, the day would have been very warm. Meetings were held in the North and Middle street churches; but, owing to the absence of three or four pastors, services were omitted in nearly all of the others. A large club of base-ball players amused themselves at playing ball on Pierce's Island, in the afternoon, and a cricket club were enjoying themselves on the large play-ground at the Plains, while the younger boys amused themselves in various ways, in different parts of the city.

MR. HEWLETT'S LECTURE.—We wish once more to call attention to the temperance address of Mr. Hewlett, which is to be delivered to-morrow (Sunday) evening, at the Temple. The subject of Temperance is often considered as thread-bare, and many are not willing to attend a temperance meeting on that account, thinking that nothing new can be said. We give a few more testimonials, which will show that Mr. H. is an eloquent and effective speaker, and the friends of temperance will not have "heard all" until they have heard him.—Hon. Edward Dillahunty of Tennessee, says:—

"I regard Mr. Hewlett as a remarkable man in the Temperance Drama—just adapted to the times, when it is thought nothing new can be said."

Hon. James Meacham, Vermont, says:—

"Go and hear him; if you are cross he will make you happy, and cause you to love yourself and all around you. If you are a victim, listen to him and believe."

The Constitutionalist, Augusta, Ga., says:

Our citizens have been richly entertained by several speeches from S. M. Hewlett. He has gone from here to Savannah, where we hope he will be warmly welcomed.—Give him a little time and he will make friends for himself, and be sure to draw crowds. He is a natural orator—a great mimic—full of anecdote—a shrewd man, and an observant one—sings beautifully—has seen the world—is a gentleman and a scholar, and can entertain a crowd.

The Daily Courant, at Hartford, says:

Mr. Hewlett is remarkably eloquent as a speaker, and holds his audience enchained by his wonderful powers. Those who are in the habit of "taking a little moderately," will do well to be on hand.

A FRIEND OF TEMPERANCE.

STATE PRISON FENCES FOR GARDENS. The following pertinent story was told to the writer; by one of the enterprising citizens of Strawberry Bank.

Jeremiah Mason, the Gamaliel of modern law, having more faith in high fences, for the protection of fruit, than the faith he dispensed to clients for a consideration, built a very high and close fence around his enclosure; and one evening, when apples were ripe, some apprentices talked over where they should get some, without being seen; and came to the conclusion that "Mason's garden" was the *best adapted* to their purpose; and procuring a short ladder and some bags, soon found themselves in a situation to fill the latter without much prospect of being disturbed; and having done so, retraced their steps with their plunder; having been greatly aided in their criminal exploit, by the Squire's high and tight fence.

Moral.—A blind and sordid notion was the cause of the loss, and may have been the cause of the first steps of a life of crime. B.

☞ The Odd Fellows had a grand time at their Levee, on Wednesday night. About seventy-five couples were present, who "didn't go home till morning;" so pleasantly and stealthily did the hours pass away.

THE SUPREME JUDICIAL COURT commenced a trial term on Tuesday, at Exeter. The first case put on trial was No. 42—George E. Edmands v. George C. Griffin and Nathan Griffin. The action is a writ of entry to recover posession of a tract of land in Auburn. It was still on trial Friday noon, and will doubtless last through the week.

☞ There is great complaint at Washington of the receipt of false despatches from Charleston, about battles and preparations for battles. The President has been specially favored in this way. A messenger just returned, reported that Gov. Houston not only refused to accept military support from the U. S. Government, but desired that President Lincoln should recall the regular troops from Texas. The report that Gen. Ampudia was raising an army against Texas is pronounced utterly false.

☞ Times holding as they are now, there will be plenty of men for army and navy. More for the navy in the East, but any number for the army in the West. There the war fever is up, and if they are needed, forty thousand foreigners could be found in a day, who have seen service in European armies.

☞ According to the reports in Turin, the cost of the bombardment of Gaeta to Sardinia alone amounts to one million pounds sterling.

☞ All the State Conventions of the Southern Confederacy except Florida, have now ratified the new constitution.

☞ The Boston Courier in an editorial article addressed to Virginia and the South, winds up with the following paragraph, asserting very strongly, that the North has really a great deal to do with slavery:

And, above all, our southern friends should have reflected, and should reflect more than ever now, that the great, incalculable boon to the Slaveholding South, is its indissoluble Union with the non-slaveholding North. For, practically and substantially, it is the *North*, and the alliance of the South with the North, which *sustains* the usage of *slavery* and makes that impregnable, which, without it, would be anomalous, feeble and defenceless. It is now under the *protection* and shield of a great nation, which has endured and can withstand all cavils and *defy the world.*—By itself, though a slaveholding Confederacy may endure, for some indefinite period,—yet its whole standing is different—its strength and stability, and with it the stability of a people, is gone. We urge this consideration in no offensive spirit; but we deem it worthy the profoundest reflection before it is too late.

☞ One of the signs of northern *freedom of the press* comes to us in the shape of a new paper, called the Palmetto Flag, published in Philadelphia. This sheet advocates the cause and the measures of the secessionists, villifies the administration, and aims to bring the whole country under the control of the slave power.

We have not heard of any threat or attempt to molest the editors, publishers, or their office. But how would a Republican paper fare in Charleston?

POST OFFICE NOTICE.—Persons indebted to the Post Office will greatly oblige by taking up the slips in their boxes during the present week, without waiting to have bills rendered. The change which is to take place in the office, renders the settlement of all accounts necessary.

STRONG TESTIMONY.
HEIMSTREET'S INIMITABLE
HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & Co., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance.* Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray.*—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS.—*Dear Sir.*—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & Co., Troy, N. Y.,) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it h s merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE,

PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES, &c.,** and would say that our experience of more than FORTY YEARS as Importers, is not only a sufficient guarantee for the **Purity of our Goods,** but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wines* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE; and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever.—Persons who require *Pure Liquors and Wines*, in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

LIFE INSURANCE.
"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE
MUTUAL LIFE INSURANCE CO
Of New York,
with an accumulated capital of over
SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually,* or *annually,* at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of Nature, and leave no the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and these thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known, in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your natural and powerful will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic composed exclusively of vegetable matter, it is absolutely beneficial, and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Falling of the Womb, and other delicate diseases to which women are subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption, and a host of ills flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Pyrrhe was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no deleterious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Costiveness, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for if it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects more to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the first article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance, It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion
One dose will give you a good appetite.
One dose will quiet the most violent pains of Dyspepsia.
One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.
One dose will remove the most distressing pains of Colic, either in the stomach or bowels.
A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.
Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy; remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in half bottles, at 50 cents, qts $1.

BININGER'S
GENUINE
Cognac Brandy

The infamous practice of adulterating Brandies having become so common that a genuine article is the exception; it is of *vital importance* to those requiring it for Family use and Invalids, that it should be of undoubted purity and efficacy.

With a view to meeting the popular demand for a Brandy in its natural state, free from alcoholic flavor and impurities, and fully appreciating the fact that it is often considered by the Medical Faculty as a *sustaining stimulant*, when all other remedies fail, we are now bottling and selling reasonable rates, a Brandy of our own importation, from one of the most responsible houses France, and known as

"Bininger's Genuine Cognac Brandy."

It is mild, delicate and fruity, and is designed to be always uniform in quality and character.—Put up in pints and quarts bottles, in cases containing two dozen pints and one dozen quarts, and is sold by all prominent druggists, grocers and town agents.

The above is also for sale in original packages, viz.: Eighth and Quarter Casks.

NEW CURRENT OF TRADE.—The present attitude of the cotton States favors railroad transportation, and before the existing difficulties are adjusted, the business heretofore done through New Orleans from the West will have found other outlets, which render the navigation of the Mississippi a matter of minor importance. Even cotton is finding its way North on cheaper terms than by way of New Orleans. The Buffalo Republican has the following interesting item in reference to the movement:—

"For the last three days there has been sent east from Buffalo to Boston, on an average, twenty car loads of cotton per day, or eighteen thousand bales in that time, and still it comes. Thirty bales, or about seven tons and a half weight, is readily put in each car. This is the compressed cotton, as formerly about twenty or twenty-three bales was all that could be stored in a car. The cost of carrying this cotton from Memphis to Boston is about $4,50 per bale of five hundred pounds. This is cheaper than it can be shipped down the Mississipi to New Orleans, and thence by vessel, and the difference in time is about thirty days in favor of the Northern route. It comes to Cincinnati by river, and then by rail all the way to Boston. A small portion is brought all the way by rail, but the rates on this are a little higher. For the four months up to the 1st of February, the New York Central carried from the Bridge and Buffalo 7550 bales, and in February about 3000 bales. This month, from present appearances, they will do the largest business they ever did."

The great saying in time, the almost absolute certainty of receiving an article so forwarded on a given day, the avoidance of sea damage and the better order in which it is delivered, make this mode of transport far preferable to the Mississippi river and sea route, with all the delays, uncertainties, dangers and rough handling attending it. This great change has only commenced; that it will progress rapidly we have no doubt—to the great benefit of all concerned except the city of New Orleans.

COPYRIGHT.—The following significant hint appears in the Charleston Mercury:

Some enterprising individual might make a fortune by reprinting Northern copyrighted works at the South. We depend almost wholly upon the North for our books, and there is nothing to prevent Southern publishers from pirating Northern works, as the Northern publishers have pirated from the English. Any one disposed to embark in the business should do so immediately, in advance of any copyright law.

The Charleston Mercury says:—"We are credibly informed that the raising of a flag on the floating battery has been postponed till April 1, 1862. Of course the oration and refreshments will keep."

Madame St. Marc, a Parisian dame, offers her services to those who wish to be married. Her house, she says, is known all over Europe for its *honorabilite*, and she acts with *celerite* and *discretion*.

A VOICE FROM THE WEST!

FROM THE CLEVELAND PLAINDEALER.

UNIVERSAL, UNIVERSAL,

IS THE DEMAND FOR

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS

The celebrated New England remedy for

Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.

Dr. JAMES L. LEPERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite, it relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KEER, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character; "After using a few bottles, I was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.

THE STIMULATING ONGUENT

is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of

WHISKERS OR A MUSTACHE

in from three to six weeks. This article is the only one of the kind used by the French, and in that country is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a luxuriant growth of inferior hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct, securely packed, on receipt of price and postage, $1.18. Apply to or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.

RECOMMENDED BY THE FACULTY

For Its Superior Medicinal Qualities.

This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonics* and *stomachics*, and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhœa, dysentery and cholera morbus, the public may rest assured there is not can be any better general remedy.

One of the very best Physicians in Boston has said it "is the best preparation of Bitters that has ever been offered to the public."

Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.

For further particulars reference is made to the printed circulars.

CERTAIN CURE, CERTAIN CURE,
—FOR—
RHEUMATISM AND NEURALGIA.

GARDINER'S
RHEUMATIC AND NEURALGIA
COMPOUND

Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt-Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am entirely well." D. D. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entirely cured.—JOHN A. MORDO, Pearl St.-House, Boston, Mass.

Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. E. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex-Member of Congress from Maine.

TESTIMONY OF JUDGE RITTEDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I beg leave to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound."—After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.

The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, APRIL 15, 1861.

☞ The Union Democrat, printed at Manchester, N.H., in speaking of the Spanish expedition to St. Domingo, closes its article thus:

The sequel will show that the negro, who has destroyed this government, has not greatly improved his own condition thereby.

Does the editor of the Democrat mean—can he mean that the *negro* disunited the States? He certainly *knows*, on the contrary, that the negro's *master*, who holds him as a slave, broke up the Democratic party, and is doing his best to destroy this government and to make another. Surely the negro cannot be to blame for being a slave—nor can we see how any rational being can blame him for wishing or trying to be free.

The same editor, in another article, on the administration, says:

We hope it will do right—and we think *peace is right*; but to counsel peace until Mr. Lincoln says peace, is accounted to be treason. We hope to be able to commend his course. If he says war, then the rest of us will have something to say. We know of a great many men who have no ambition to die on account of a nigger.

This item is remarkable for its bitterness,—and also more remarkakable for its overlooking the fact that all the choice spirits and leaders of the Cotton Confederacy seem threatening to fight and *die*, or make somebody else die, "on account of a" negro and a slave.

But surely the negro himself has no guilt and no responsibility in this contest and conflict. The white man has; and we regard the present turmoil as one instance of righteous retribution, for the national pride, grasping ambition, grinding avarice, and heartless oppression, in which our country has indulged, and in which every section has done its share; though some have doubtless done more, and so will suffer more, than others.

☞ The Senate of Kentucky has lately resolved that the right of the people of Kentucky to the free, unobstructed navigation of the Mississippi and its tributaries, is absolute and indisputable: that without a total disregard of the vital interests, the honor and the dignity of Kentucky, she can never consent, under any circumstances, that it shall be illegally interfered with or conceded to any person or power whatever; can never under any circumstances concede the right to search her vessels, or to illegally tax her commerce on said river or its tributaries, to any person, power or State; and that the attention of her sister States in the Mississippi valley, and also Virginia and Pennsylvania, be called to this most important subject.

☞ The Salisbury Mills Corporation, says the Amesbury Villager, has made a new arrangement in their working hours and have so altered their two-thirds time table as to stop entirely on Wednesday afternoons. In the same issue the Villager says, they should infer from the numerous car-loads of wool and new machinery which have been transported during the past week from the depot of the Salisbury Branch railroad to the Salisbury Mills, that this manufacturing company was making extensive preparations to take advantage of any active demand for the goods of their manufacture.

FAILURE.—A few years since Rev. Dr. Rice of St. Louis, an old school Presbyterian, was called to Chicago, his mission being to a great extent, to enlighten the anti-slavery people of that city on the subject of slavery. Not much effect has been produced in that way, while the Doctor, himself, disgusted with the course of some of the Southern clergymen, has felt compelled to rebuke them, and now has taken up his residence in New York.

DEATH OF A REVOLUTIONARY SOLDIER.—Mr. Horace Bishop, one of the patriots of the revolution, died in Michigan, last week, in the 100th year of his age. He served four years in the revolutionary war, and was one of the guard who stood sentry over Major Andre, at the time of his execution.

☞ White pantaloons were worn in the streets of New Orleans on the 28th ult. No end of strawberries and green peas in that favored city.

☞ Alexander Tolley, a few days since, near Big Island, in Bedford county, Va., killed a large black bear, weighing 400 lbs. Mr. Tolley, who is not more than thirty-five or forty years of age, has killed ninety-seven bears.

☞ The Louisiana papers report that the crops of corn and cane were never finer, and the promised yield cheering. Fruits of all kinds in abundance.

☞ The Hon. Wm. Allen, representative in Congress from the Piqua (Ohio) district, has within the last few months lost his whole family of four children by that dreadful scourge, diptheria.

THE WAR BEGUN.

Hostilities have been commenced by the seceders at Charleston.

On the 8th of April, Gen. Beauregard sent word to the Cotton government at Montgomery, as follows:

An authorized messenger from Mr. Lincoln has just informed Governor Pickens and myself that provisions will be sent to Fort Sumter peaceably, otherwise by force.

The answer from King Cotton was,

You will at once demand its evacuation, and if this is refused, proceed in such a manner as you may determine, to reduce it.

The demand was made on the 18th.—Major Anderson replies:—

I have the honor to acknowledge the receipt of your communication demanding the evacuation of this fort, and say in reply thereto that it is a demand with which I regret that my sense of honor and my obligations to my government prevent my complying. He adds: "Probably I will await the first shot, and if you do not batter me to pieces, we will be starved out in a few days."

King Cotton sent word back to General Beauregard, on the 11th:

If Major Anderson will state the time at which, as indicated by him, he will evacuate, and agree in the meantime he will not use his guns against us unless ours should be employed against Sumter, you are authorized thus to avoid the effusion of blood. If this or its equivalent be refused, reduce the fort as your judgment decides to be the most practicable.

On the 12th of April, Beauregard answers King Cotton's Sec. of War:—

He would not consent. I write to day.

A Charleston Note says:

Intercepted dispatches disclose the fact that Lieut. Fox, who had been allowed to visit Major Anderson on the pledge that his purpose was pacific, employed his opportunity to devise a plan for supplying the fort by force, and that this plan had been adopted by the Washington government and was in progress of execution.

The bombardment began on the morning of the 12th. The N. Y. Herald's special dispatch from Charleston says Fort Moultrie began the bombardment with two guns, to which Major Anderson replied with three shots from his barbette guns, after which the batteries at Mount Pleasant, Cummings Point, and the floating battery, opened a brisk fire with shot and shell. Major Anderson replied only at long intervals, until between 7 and 8 o'clock, when he opened from the two tiers of guns looking toward Fort Moultrie and Stevens battery, but at 2 o'clock had failed to produce any serious effect.

During the greater part of the day Major Anderson directed his shots principally against Fort Moultrie, the Stevens and floating batteries and Fort Johnson, they being the only ones operating against him. Fifteen or eighteen shots struck the floating battery without effect, breaches to all appearance being made in the sides of Fort Sumter exposed to the fire. Portions of the parapet are destroyed, and several guns have been shot away. The fight will be continued all night. The fort will probably be carried by storm.

It is reported that the Harriet Lane has received a shot through her wheel-house. She is in the offing. No other government ships are in sight.

Troops are pouring into the city by thousands, and all business is suspended.

Six o'clock—Evening.—Dispatches from the floating battery state that two men have been wounded. On Sullivan's Island quite a number have been struck by spent pieces of shell and knocked down but not hurt seriously.

Three ships are visible in the offing, and it is believed that attempts will be made tonight to throw reinforcements into Fort Sumter by boats. It is also thought from the regular and repeated firing of Major Anderson that he has a much larger force than was supposed.

Another evening dispatch of the 12th, says:

The bombardment is still going on every 20 minutes from mortars. It is supposed Major Anderson is resting his men for the night.

Three war vessels are reported outside. They cannot get in, as the sea is rough. Nobody hurt. The floating battery works well. Troops arrive hourly. Everything is guarded. Lively times.

CHARLESTON, April 13—12:30. It is utterly impossible to reinforce Fort Sumter to-night, as a storm is raging. The mortar battery will be playing on Fort Sumter all night.

NEW YORK, April 13.—The Tribune correspondent says Capt. Fox commands the vessel with provisions which is to lead the expedition into Charleston harbor.

The Herald dispatch says Lincoln received the news from Charleston calmly, feeling that he has done his duty.

Dispatches from Col. Waite, commander of the Texas forces, state that a strong Union feeling is growing there. Gov. Houston has been offered armed support by the Germans in every part of the State, but refused to accept it.

NOBLE RESPONSE OF THE GOVERNOR OF RHODE ISLAND.—Gov. Sprague has officially tendered to the President the services of the Marine Artillery, and a thousand men, and declares himself willing to march at the head of the Rhode Island forces. This may be relied upon as correct, telegraphed to the Boston Associated Press.

A FEMALE DEFAULTER.—A widow lady who has kept a boarding house in Manchester for many years, has dealt largely during the past six years in tallow and the refuse of meat shops, buying the same of the butchers from the surrounding towns and of the meat dealers in this city, and selling to Winchester of Boston. The dealers report that she is owing them between three and four thousand dollars, and is a defaulter.—*Manchester Mirror.*

Don't open your purse too hastily or too wide—nor your mouth, either.—*Prentice.*

HARRISBURG, Pa., April 12.—The war bill passed both Houses to-night, without amendment. Governor Curtin, who waited at the Executive office for the purpose, has signed it. Charleston dispatches about hostilities, were read in both Houses, producing a profound sensation. Mr. Smith (Democrat) in the House, after a Charleston dispatch was read, changed his vote to aye on the war bill. All the *Democrats* of both Houses voted against the bill.

The bill appropriates a million to arm and equip the militia, and authorizes a temporary loan. It provides for the appointment of an Adjutant General, Commissary General and Quartermaster General, who with the Governor, have power to carry the act into effect.

WASHINGTON, April 12.—Mr. Sumner called on Mr. Seward to-day, with Mr. Redpath, and made known the passage of the resolution of the Massachusetts Legislature, instructing its Senators and Representatives to use their influence to obtain the recognition of Haytien independence.

Mr. Sumner stated that this resolution was adopted on the petition of all the merchants of Boston, having trade with Hayti, and added his own personal desires to those thus expressed by the Legislature. He also said Governor Andrew warmly approved of this policy. It was also suggested that such recognition was calculated to have a good effect in counteracting the reported Spanish movement against Dominica.

VIRGINIA CONVENTION.—*Richmond, Va., April* 12.—The fourteenth resolution was adopted in the convention to-day, with Mr. Scott's amendment. This being the last resolution, the proposed amendments to the constitution were taken up. Mr. Wise's substitute was rejected. Adjourned.

The official dispatches between Gen. Beauregard, Major Anderson and Secretary Walker were circulated in the convention this afternoon. They created considerable sensation, but there was no indication that the Union men would consent to secede without the co-operation of the border States. The public mind is greatly excited.

BALTIMORE, April 12.—The Charleston news was not generally promulgated until after nightfall. It produced a profound sensation. There was a general expression of regret at bloodshed, and great diversity of views, but the general feeling was in favor of the government.

THE PRESS AND MR. BUCKINGHAM.—It has been suggested that the Press of Boston take some formal action in relation to the death of Hon. Joseph T. Buckingham; and as it was also suggested that they should attend his funeral, in a body,—the latter suggestion was carried out, at his funeral, on Saturday; and the other doubtless will be, as he was one of the oldest and ablest printers and editors.

☞ The citizens of Talapoosa, Ala., have pledged themselves to buy no goods from merchants who purchase goods in the free States. The merchants will probably buy from others who obtain the goods in the free States, and thus the consumers will pay an additional profit.

☞ The New Boston Artillery, which holds the old Bennington piece, presented to them by Gen. Stark, re-organized last Saturday, under the present militia law of New Hampshire. They chose officers last Saturday. The old organization has existed sixty or seventy years, and good care has been taken of the gun ever since its capture at Bennington.

☞ The water-works of Philadelphia now supply about 65,000 water renters, at $2.50 each, and upwards, according to the number of openings in the pipes. The entire receipts into the department for water and pipe amount to about $550,000 annually, giving a net income to the city of nearly $200,000.

☞ Jenny, an old colored woman, died very suddenly near Livingston, Ala., on Tuesday last, at the very remarkable age of one hundred and ten years. She retained all her faculties, and was never known to use spectacles, and could thread a needle of the common size.

THE GOVERNMENT AND SOUTHERN UNIONISTS.—It is reported, on the highest authority, that the pressure on the Government to make an armed demonstration against the secessionists was very great from the conservatives of the Border Slave States, as it was thought that such a demonstration would give essential aid to the Union men of the South.—*Transcript.*

NOT STRANGE.—It was reported a day or two since that certain rifled cannon were put in position somewhere at the South. No news in this; as everybody knows that most of the cannon in the secession region were *rifled* some time ago.—*Transcript.*

THE SUPPORT OF THE TROOPS.—The Government has been purchasing considerable quantities of flour in Boston, the last few days. Five hundred barrels have been shipped to New York in one vessel.

☞ One of the soldiers who has just returned from Texas writes to the N. Y. Post that the troops were filled with indignation at the conduct of Twiggs, and were loyal and true.

☞ In Portland, on Monday, a horse put his hoof through a lady's hoop skirt, and to extricate it three men were required to hold the horse and two to hold the lady.

☞ Statistics of the Syrian massacre show that 16,000 Christians were killed, and 3000 women and young girls sold into Turkish harems.

☞ A flat-boat, loaded with ice, has arrived at New Orleans from the interior of Illinois.

OLDEN TIME.—At a late Teachers' Association in Essex County, Mass., among others who by their participation added to the interest of the meeting was Col. Adams, of Newbury. He said he had felt a deep interest in the cause of education since he was connected with Mr. S. G. Goodrich, better known as Peter Parley, on a legislative committee, about twenty-five years ago. He rejoiced in the improvements made since his youth. He could remember the schools sixty years ago; then there were only four books used, viz., the Bible, Dilworth's spelling book, American Preceptor, and Pike's Arithmetic. They always read in the Bible and spelt twice a day. For weeks sometimes not a word would be missed at spelling, a thing that could be said in no school now. The boys had as much physical exercise as they needed in cutting wood for their fire. It was brought to the school-house six feet long, and they could cut and split it for the fire, or sit in a cold room. The school in his district was open only seven months during the year. He urged teachers to go on with earnestness in their labors, for no one had a higher or holier calling.

CONNECTICUT MANUFACTURERS AIDING THE ENEMY.—It is reported that immense activity prevails at the private manufactories of arms in Hartford and other portions of Connecticut, and that orders from the South are constantly received and filled.

At a single factory in Hartford one hundred and fifty men are working night and day, making patent rifles for the rebels of the Confederate States. Great numbers of the ordinary style of Sharpe's rifles are also manufacturing in the same city.

It is further reported that the orders from the military authorities of the seceding States are of the heaviest kind. It is no unusual circumstance to receive orders for work to the amount of one hundred thousand dollars in a day.

These contracts, we are informed, are exclusively southern, and we learn, moreover, that they are invariably accepted and are now filling as rapidly as possible.

It thus appears that the confederates, who are in rebellion against the government, still find aid and comfort from the North.—*N. Y. Evening Post.*

Some may be reminded of the *blue lights* of 1812-15,—and of the Hartford Convention. Others may compare the late elections of Congressmen and town officers, with these great orders for arms.

LOUISVILLE, Ky., April 12.—Dispatches have come here to hold the Kentucky Volunteer Regiment in readiness to move at a moment's notice from the War Department at Montgomery.

MOBILE, April 12.—There is an intense excitement and rejoicing here. Fifteen guns were fired in honor of the attack on Fort Sumter.

MONTGOMERY, April 12.—An extra session of Congress is called on the 29th.

☞ Solomon said that "the sluggard will not plow, by reason of the cold, &c.;" and if this be a test of the character of the sluggard, we can safely say there are none among the farmers in the vicinity of Portsmouth; as evidence of which assertion is the fact that everywhere the plow is turning up the soil, preparatory to the planting of the various kinds of seed adapted to our climate. The grass is starting up on land exposed to the warm rays of the sun, and although the season is somewhat backward, compared with last year, seed-time and harvest shall not fail, for God hath promised it. A.

☞ By request of the friends of the cause of Temperance, Mr. Hewlett is to lecture this (Monday) evening; which is probably the last chance our citizens will have to hear this great lecturer. Therefore we would suggest to those who did not hear him last evening, to avail themselves of this last opportunity. And we know that all who were present at his first lecture, will go to-night, if possible. See the advertisement in another column.

☞ At the close of the afternoon services on Sunday, the ordinance of baptism was administered to fourteen candidates, by Rev. Mr. Reid of the Freewill Baptist church. At least one thousand spectators were in attendance.

Messrs. Editors:—Please allow me to ask room in your columns for a few remarks. In a late number of the Ballot, I noticed in a communication some remarks on the evil effects of rumselling upon property. The town to which he alluded, once paid the fourth tax in the State; it is one where once resided and where now rest the remains of one of our most talented Governors; but where has been and continues to be sold an amount of liquor, "useless for good, omnipotent for evil."

The writer states that education is little regarded, and that religious meetings are almost extinct. With regard to education, there is no lack of means; nor are there wanting means to sustain religious worship, —and yet the town has been a pauper on the Home Missionary Society for nearly half a century, and continues to enjoy a liberal aid from the earnings of charity, to sustain religious meetings in a town abundantly able to sustain such meetings itself.

Why is this? Simply because rum begets poverty, and neglect of the advantages of life. Parents lose their interest in the schools for their children; education is neglected; public lectures, lyceums, social meetings—there are none such; the children are allowed to run at large, and to neglect the Sabbath School, and even forget the Sabbath itself—roaming through the fields, and idling away precious and sacred hours. Such are the fruits of rum-selling. "A word to the wise," etc. AQUA.

STREET LOAFERS.—The other day, a trader in Newburyport, who had been annoyed by loafers, took the matter in hand, and gave one of them a thorough shaking. For this he was arraigned in the Police Court, but he was discharged by the Judge, on the ground that he used only the necessary force to remove the nuisance. Thereupon the trader turned round and complained of the loafer and his witness, and his charge being proved, they were fined $3 and costs, and for want of funds were committed to jail.

☞ The Union feeling is very strong in North Delaware. Mr. Dupont of Wilmington, who owns the largest powder mill in the United States, refuses to sell his powder to the secessionists. When asked if his business had not improved in these exciting times, he replied that he sold more powder to a single mine in Pennsylvania than to the entire South.

☞ A Warsaw letter narrates another collision in that city a short time since.—Some Cossacks and artillerymen began to quarrel over their play. The artillerymen noisily accused the Cossacks of firing at an unarmed crowd. The Cossacks, on the other hand, taunted the artillerymen with rebellion against the Czar. From words they came to blows, and the fight that ensued was so determined and bloody that it is said there were upwards of twenty killed and wounded.

Said the late G. P. R. James, "In the sad arithmetic of years, multiply by what numbers you will, you can never produce one and twenty more than once."

LATER NEWS FROM CHARLESTON.

From Boston Traveller Extra.

CHARLESTON, April 13.—Major Anderson ceased firing at 6 o'clock last night.

He was engaged all night in repairing damages and protecting his barbette guns.

He commenced to return the fire at 7 o'clock this morning, and the fort seems greatly disabled, and at 9 o'clock a dense smoke poured out.

The Federal flag was flying at half-mast, signifying distress. Shells from Forts Moultrie and Morris Island fell into Anderson's stronghold thick and fast.

The battery on Cummings' Point does Fort Sumter great damage.

The breach made in Fort Sumter is on the side opposite Cummings' Point.

Two of its port-holes have been knocked into one, and the wall from the top is crumbling.

Three vessels, one a large steamer, are over the bar, and seem to be getting ready to participate in the conflict.

April 13, 2 o'clock.—Major Anderson's magazines have exploded.

The Morris Island battery is doing heavy work. The ships of war have not yet opened fire.

A later dispatch says that an explosion has occurred at Fort Sumter. A dense volume of smoke was seen suddenly to rise.

Major Anderson ceased firing for about an hour, his flag still up. It was thought the officers' quarters were on fire.

BY TELEGRAPH TO CHRONICLE.

BOSTON, Sunday, P. M., April 14.

President Lincoln, in his reply to the Virginia Commissioners, reiterated the sentiments of his Inaugural Address and declared he would use the whole force of the government, to retain the federal forts, and to repossess Fort Sumter if it should be captured in the unprovoked assault upon it.

The President also intimated that mails through seceding States will be stopped.

Fort Pickens was reinforced on Friday night.

The statement of Major Anderson's surrender of Fort Sumter was communicated to President Lincoln on Saturday evening.

He manifested no surprise, and remarked that the supply vessels could not reach Anderson, and that he did right.

Details of the surrender of Sumter are received in Boston. Anderson's flag-staff was shot away, and at half-past 1 Saturday afternoon he ran up a flag of truce, and negotiations followed, which resulted in Anderson surrendering Fort Sumter; and he, with the men under his command, were to embark, on board the Federal fleet, off Charleston harbor, on Sunday morning.

Anderson, it is said, only had five men wounded, but all were greatly prostrated by over-exertion.

Explosions in Fort Sumter were caused by fire communicating with shells.

So far as reported, none of the rebels were hurt during the cannonading.

There was intense jubilation in Charleston at the result.

The latest dispatches from Washington report great excitement there, and state that immediate measures will be taken to concentrate a strong military force for the protection of the Capital.

The New York Legislature, on Saturday, appropriated half a million of dollars for the instant equipment of the militia.

☞ The Art Union will draw on the 18th of April. Subscriptions received until that time, at Exchange Hall, where a new supply of all the Pictures is just received. See advertisement. tf

STRONG TESTIMONY.
HEIMSTREET'S INIMITABLE
HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & Co., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS,—*Dear Sir*:—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & Co., Troy, N. Y.,) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it has merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

LIFE INSURANCE.
"IN THE MIDST OF LIFE WE ARE IN DEATH."

THE
MUTUAL LIFE INSURANCE CO
Of New York,
with an accumulated capital of over
SEVEN MILLION DOLLARS,
Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues
POLICIES on lives, payable to the wife, or to the legal representative of the person insured.
POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.
PREMIUMS may be paid, *quarterly, semi-annually,* or *annually*, at the option of the insured.
The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.
The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.
No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

From the Portsmouth Journal.

THE ADMINISTRATION.—Within the past few days we have been assured that the policy of Mr. Lincoln's administration will be a vigorous one, nothing more or less than the execution of the laws as demanded by the Constitution. Were it advisable, the President has not the means at his disposal to proceed to extremities with the seceding States. It is evident, that what can be done will be done fairly and squarely. Since the incoming of the new administration, our government has not been idle. It has required a great deal of labor to strengthen the bands of the national government out of the weakness to which Buchanan and his accomplices dragged it down.—It is to be commended that at present every deliberation and plan of operation is not rattled all over the country, as was fashionable under the rule of the last administration. If we are deprived of direct information about everything that is proposed and discussed in the Cabinet, we may rest assured that the country is all the safer, and her honor all the more likely to be maintained, when this is the rule that is adopted in times which call so loudly for caution and discretion as preludes to action.

POOR PROSPECT FOR A SOUTHERN LOAN.—Judging from the tone of the London press, there are remarkably poor prospects for Jefferson Davis and his repudiating crew to borrow any money in Europe. His reputation has preceeded him. *The London Times* of the 16th, of March, in noticing the fact that the Confederated American States are in market with a loan of $15,000,000, which they wish to place at eight per cent. for ten years, remarks:

"As the new Confederacy includes in its total population of 5,100,000 no less than 1,050,000 who are pledged to repudiation, it is difficult to understand the possibility of such an amount being raised either in home or foreign markets.—This feeling is increased by the fact that, indirectly, the entire population may be considered to have signified their approval of repudiation as a principle, by having selected Col. Jefferson Davis as their first President. This personage has long been regarded as the apostle of repudiation, and the holders of Mississippi bonds have reason to remember his celebrated speech, delivered within the legislative hall built by British money, in which he ridiculed the 'crocodile tears' of the dupes who had ventured to petition for payment of their claims."

SAD, VERY SAD.—The Richmond, Va. Dispatch is indignant, very indignant, that the "Mother of States" should be "dependent to a set of States over which her sons have *ruled* from the beginning"—that Virginia should "be figuring at the *tail of a Northern Confederacy*."—It is not to be endured, and so the Dispatch is urgent to secede. Another reason is, that every day of delay adds "a new stigma to her broad and brilliant escutcheon." But on the other hand, she would have to reflect that she had been dragged in at the *tail* of a Confederacy of which a Mississippian had been made President for six years—all the *fat* offices occupied—with the taunt of South Carolina, that if she adhered to the old Union, slaves could be procured from Africa at less than half the present value of the *article* in Virginia, with a hint of a *prohibitory tariff* into the bargain!—Alas! for "brilliant escutcheons."

WHAT WE ARE TO LOOK FOR.—Though Wigfall has concluded not to grace the U. S. Senate any longer with his presence, he has not yet found it convenient to leave off speech-making, in which he considers himself rather oracular. His last speech, at Charleston, certainly indulged in a little higher strain of hope than the secession leaders generally are disposed to confide in the cause. The crowd which had gathered in front of the Mills House to be treated to "Dixie" and "Wigfall" were informed that "next Spring he hoped to be in the saddle, and invade Washington with an army of about 500,000 men." Of course, Mr. W. will immediately thereupon become immortalized in history. At present, however, we are told by the telegraph, that the promised "man on horseback" is serving at Charleston as a common soldier.

In a debate in the Montgomery Congress, upon a resolution to inquire into the expediency of imposing an ad valorem duty on the *importation of negroes*, the chair suggested that the subject was one to be discussed only in *secret session*; and Mr. Rhett of South Carolina gave his reasons for suppressing the debate, viz. "lest the discussion should alienate, exasperate, or in some way, *disturb the minds* of the Border Slave States, now in a *vacillating condition*. Respect to our frontier States should prevent us from acting on the subject now." The border States probably understand, and will well consider these dark matters.

The secessionists of Virginia, Tyler, Wise, & Co. are getting very rabid in proportion to their dying hopes of any disunion result in the still sitting Convention.—A decided vote has been taken *against* secession, while a very ridiculous resolution *did* pass, that a committee of *three* proceed to Washington, and enquire of the President what policy the Administration intended to pursue!—Heretofore, for 70 or 80 years, the people, conventions and Legislatures have been left to pursue the policy of supporting the Constitution and maintaining the laws! When they arrive, it is suggested Mr. Lincoln may as respectfully give them a copy of the Constitution for their answer.

J. P. MORSE, Esq. the new Postmaster, is making his entrance into the office. All the public ask of him is, the prompt, accommodating and gentlemanly attentions they have received from Mr. Rundlet, who now retires from the position to which he has given his attention for the past eight years.

Mr. Bayard of Delaware wants the secessionists at once acknowledged. But there is a difficulty not so easily to be overcome. The Constitution has made no provision of this nature, and our rulers have sworn to support that instrument.—A pretty formidable difficulty

PROFESSOR WOOD'S

HAIR RESTORATIVE!

SEE WHAT OTHERS SAY OF IT.

A Distinguished St. Louis Physician Writes:

ST. LOUIS, July 10, 1860.

O. J. WOOD, Esq.—*Dear Sir*:—Allow me the pleasure and satisfaction of transmitting to you the beneficial effects of your Hair Restorative, after a trial of 5 years. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its falling, and in three weeks there was not a gray hair to be found, neither has there been up to this time

After my hair was completely restored, I continued its use by supplying two or three times a month. My hair has ever continued healthy, soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the facts above mentioned will be of any particular advantage to you, or even flatter your vanity, at this late day, as I am well aware they are all well known already, and even more wonderful ones throughout the Union. I have occupied my time in travelling the greater part of the time for past three years, and have taken pleasure in recommending your Restorative, and exhibiting its effects in my travels. In several instances, I have met with people who pronounced it a humbug; saying they had used it and without effect. In every instance, however, it proved, by probing the matter, that they had not used your article at all, but had used some new article, said to be as good, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing that people will persevere in an article so reputable, when there is one at hand that has been proved beyond a doubt.

Apparently, some of these charlatans have not hubbed enough to write an advertisement, as I notice they have copied yours, word for word, in several instances, merely inserting some name in place of yours.

I have, within the past five years, seen and talked with more than two thousand persons that have used your preparation with perfect success—some for baldness, gray hair, scald head, dandruff, and every disease the scalp and head are subjected to.

I called to see you, personally, at your original place of business here, but learned you were now in the New York.

You are at liberty to publish this, or to refer parties to me. Any communication addressed to me care box No. 1820, will be promptly answered. Yours truly, JAMES WHITE, M. D.

WOOD'S HAIR RESTORATIVE has acquired a reputation from actual test and experiment which cannot be enhanced by newspaper puffs. In our own vicinity it has been extensively used, and we believe in every case with every desired result, and receives the universal indorsement of all who have tried it. We therefore recommend it as one of those few genuine *nostrums* which accomplish all they profess, and all the bald and gray could desire.—*Columbia Spy.*

PROF. WOOD'S HAIR RESTORATIVE.—In another column will be found an advertisement of this well known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures cutaneous eruptions, and prevents the hair from falling off. We have seen many authentic testimonials in proof of these assertions, some of which are from gentlemen whom we have known for many years as persons of the most reliable character. Don't dye till you have tried the Restorative.—*So ton Olive Branch.*

WOOD'S HAIR RESTORATIVE.—We are not in the habit of puffing every new discovery, for in nine cases out of ten they are quack nostrums;—but we take great pleasure in recommending Prof. Wood's article to all whose hair is falling off or turning gray. Our well known contributor, Finley Johnson, Esq., has experienced the benefit of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snow in summer.—*Baltimore Patriot.*

WOOD'S HAIR RESTORATIVE.—Unlike most specifics, this is not a humbug, but unimpeachable evidence, to possess great efficacy as a restorer of the hair to its pristine vigor. Where the head has become almost bald, because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicate dandruff and other impurities which operate so injuriously to the hair. It also has curative powers of another description. In many cases pimples and other disfigurements of the skin disappear wherever it is used. Persons who have formerly been the trial of this remedy, and its effects can only be beneficial, as the compound, if it does not cause a manifest improvement, is harmless. Its ingredients are the component elements are perfectly innocuous.—*Boston Transcript, April 22, 1859.*

WARREN SPRINGS, Perry Co., Pa., June, 7, '60.

PROF. WOOD:—Allow me to try your valuable Hair Restorative to clean my head of dandruff. I had suffered from it for years, and had never been able to get anything to do me any good until I saw your advertisement in a Harrisburgh paper. I bought a bottle, and am now using it to recommend it to universal use, for it has completely removed all dandruff from my head, and an application once in two weeks keeps it free from itching and other unpleasantness. I must also state that my hair had become quite white in places, and by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain, in order to have my appearance comport with my age. My head is now of less trouble to me in keeping it clean, &c., than at any time since I have been a child. I consider your preparation of great value, and altho' I do not like to expose myself, I consider it my duty to say so. You can use this, or any part of it in any shape you think proper, if it is worth anything to you. Yours, &c., H. H. ETTER.

ALL HAIR DYES ABANDONED—WOOD'S GREAT ARTICLE IN THE FIELD.—Prof. Wood stands on an eminence no chemist, whose attention has been turned to inventing a hair tonic, has ever before reached. His fame is world-wide, and thousands who have worn wigs or been bald for years, are now, through the use of his preparation, wearing their own natural and luxuriant head covering. So much for chemistry. Prof. Wood studied out the human hair, its properties, its diseases, and how to restore its decayed vitality; he saw, as in his own case, that gray hair is unnatural unless the age of the individual had reached fourscore, and he believed that the hair could be re-vitalized. He tried his own case—almost bald and gray, and it—the hair—was restored in his own hair—and the article he did it with he gave to the world. Get WOOD'S HAIR RESTORATIVE, and take nothing else.—*N. Y. Day Book.*

Dyspepsia Remedy

DR. DARIUS HAM'S

AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with unerring success. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance, Bilious Complaints, Costiveness, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do:

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels, in the Stomach, or Pains in the Bowels, or in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any kidney Complaints, are assured of relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make the weak strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BININGER'S

GENUINE

Cognac Brandy

The infamous practice of adulterating Brandies having become so common that a genuine article is a rare exception; it is of *vital importance* to those requiring it for Family use and Invalids, that it should be of unqualified purity and efficacy.

With a view to meeting the popular demand for a Brandy in its natural state, free from alcoholic flavor and impurities, and fully appreciating the fact that it is the recommended by the Medical Faculty as a *sustaining stimulant*, when all other remedies fail, we are now bottling and selling the genuine article, a Brandy of our own importation, from one of the most responsible houses France, and known as

"Bininger's Genuine Cognac Brandy."

It is mild, delicate and fruity, and is designed to be always uniform in quality and character.—Put up in cases containing two dozen pints and one dozen quarts, and is sold by all prominent druggists, grocers and town agents.

The above is also for sale in original packages, viz.: Eighth and Quarter Casks.

Morning Chronicle.

The Augusta (Ga.) Chronicle and Sentinel expects very soon to see the parties in the Confederated States struggling for the Presidency next fall, and says:—

"The division will probably be upon the point of admission of other States that seems to us now the most probable point upon which parties will organize—one favoring the admission of other States which may chose to accept our Constitution, the other clinging to the delusion of a pure slaveocracy. The present Provisional President and Vice President, we believe, both favor the idea of ultimate re-organization upon our basis, and on this ground an opposition will be perhaps arrayed against them."

Says the New York Sunday Times:—"Women kill themselves for want of love, and men for want of money, usually. Women go in for love and diamonds, and men for dollars, dogs, horses, and a wide licentiousness. The wife who poisoned herself in Forsyth street the other night, because she found another woman's gloves in her husband's pocket, was a specimen of her sex and its impulses. The *literateur* who slew himself about the same time because he could not pay his board bill, was a specimen of his. And yet these gloves may have come innocently enough into the pocket of one party, and a good salary had already been procured, without his knowledge, for the other!"

The Bronze Statue of Freedom, which is to crown the dome of the Capitol at Washington, is rapidly approaching completion, at the foundry of Clark Mills, and it is expected by Wednesday of this week that the whole work, so far as the casting is concerned, will be completed.

Is not that in very bad taste?—The *bronze* statue of freedom, must look something like a free negro.

THE BOOK TRADE IN AN INSOLVENT COURT.—In the case of the estate of Phillips, Sampson & Co., Boston, whose estate became insolvent Sept. 28, 1859, the first dividend of 55 per cent. was declared March 28, 1860. A final dividend of 21 per cent, has just been made, making in all, a dividend of 76 per cent., thus closing up their entire estate in 18 months.

THE COURIER LIBEL SUIT.—In the Supreme Court, Boston, Friday, in the case of John P. Hale against George Lunt and others, proprietors of the Courier, a continuance was granted, on motion of counsel for defendants.

A capital definition of good farming was given by a Mr. Kane, at an agricultural discussion in England. He said he fed his land before it was hungry; rested it before it was weary; and weeded it before it was foul.

Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.

Dr. JAMES L. LEFERRE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite, it relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1859. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character; "after using a few bottles I was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world renowned article.

THE STIMULATING ONGUENT

is prepared by DR. C. W. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of

WHISKERS OR A MUSTACHE

in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.

RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.

This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic* and *stomachic*, and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhœa, dysentery and cholera morbus, the public may rest assured there is not one to be any better general remedy.

One of the very best Physicians in Boston has said "*but it is the best preparation of Bitters that has ever been offered to the public.*"

Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.

For further particulars reference is made to the printed circulars.

—FOR—
RHEUMATISM AND NEURALGIA.

GARDINER'S
RHEUMATIC AND NEURALGIA
COMPOUND

Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, producing no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am entirely well.—D. D. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entirely cured.—JOHN A. MORDO, Pearl St. House, Boston, Mass.

Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. E. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 99 Milk street, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1856, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex-Member of Congress from Maine.

TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I beg leave to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound."—After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.

The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, APRIL 16, 1861.

THE WAR.

The same set of men who dashed to pieces the Democratic party last year in Charleston,—who while in high office conveyed the arms of the country to the precise spots where the traitors stood ready to use them,—who put the public money where the traitors could steal it,—and who in their places in our Congress voted against coercion, have now with their allies actually made war against the Union, captured the fast fort at Charleston, and threaten to seize Washington and make their black flag wave from the capitol.

This is *actual* war, and is to be followed very soon by a formal declaration of war on the part of the Cotton Congress. Even such a paper as the New York Journal of Commerce says, after some apologies:

The Confederate authorities must, however, bear the responsibility (and it is a heavy one) of commencing the actual firing.

In our own government, the President cannot declare war;—but when invasion occurs, he can use the power of the nation, army, navy, and militia, to repel it. When insurrection occurs, as now,—he can use these powers to suppress it.

He has in the present case issued a general order for a large body of militia, which will be promptly followed by particular requisitions on the several States, for their *quota* of militia.

In the case of New Hampshire, being so distant from the scene of operations, it is probable the requisition will be small at first, say one thousand men, of whom one hundred would at once garrison Fort Constitution, not more to guard against a possible surprise, and a possible destruction of ships of war and public property, than to drill as artillery and infantry.

Our militia, as everybody knows, is only an *enrolled* body of men, with the exception of a very few companies. Nevertheless, a body of 1000 men could be organized, armed, and ready for service on very short notice, and in great part by volunteers instead of drafts.

For these purposes ample power resides in the Governor, and it is highly probable that the first business of our General Court, on the first Wednesday in June, seven weeks hence, will be to re-organize and arm the entire enrolled militia of the State.

It is rather late in the day now, to talk of what *might have been*—how Mr. Buchanan might have held the forts, when his Cabinet, and the money and war departments especially, were a nest of traitors—and how Mr. Lincoln might have conciliated men who say they will have no compromise, but are determined, as they have been for years, to rule or ruin.

A writer in the Boston Courier, signing himself Hannibal, closes a long article in favor of standing by the government, as follows:

This, at least, is no time to make changes in this respect, when all overtures are rejected, when the feelings and wishes of the hundreds of thousands of the North, against whose kindly and fraternal conduct no doubt can be harbored by the South, are trampled upon and disregarded habitually, their dearest interests ruthlessly imperilled continually, their flag insulted persistently, their companionship scorned everlastingly, the clear rights of their government opposed by anticipatory cannon-shot, by actual murder—this is no time, at least, to change the settled principle of a life. Let us then, for the present, drop the past for the present, ignore the future, and do the duty of the hour, with no vain regrets, no anxious fears; and come what may—come future Union or eternal war, we are innocent. "Highlanders, shoulder to shoulder."

NEW YORK, April 14.

THE WAR.—*Dear Chronicle:*—Well, the powder has begun to burn, and lead to fly. We don't *smell* it here yet, but I can tell you the newspapers sell. Sorry for it—twould have been better in the end to let the South go. Now the alternatives of the future seem to be, either a final total separation after a bloody, fruitless war, or the repulse and perhaps subjugation of the North, and its adoption of the Montgomery Constitution and form of government.

This isn't *gas*. If you think it is you don't know the Southern people as we do here.

Still, as the policy is adopted, we should all hope for the maintenance of the supremacy of the government. L.

THE COMPLICATIONS INCARNATED.—Wigfall as United States Senator, talking treason and giving aid and comfort to treason in the Senate; Wigfall going to Charleston, instead of going home to Texas to confront Governor Houston; Wigfall volunteering to serve as a common soldier; Wigfall appointed a member of General Beauregard's staff; Wigfall a representative man.—*Boston Transcript.*

We must add one more item: Wigfall receiving Major Anderson's surrender of Fort Sumter.

Every man cherishes in his heart some object, some shrine at which his adoration is paid, unknown to his fellow mortals.

PROGRESS OF THE WAR.

At Charleston, the assault on Fort Sumter was renewed early on Saturday morning, and continued with vigor by the rebels, until half past one o'clock in the afternoon, when, yielding to circumstances, Major Anderson surrendered unconditionally. Three of the vessels sent out to succor him were in sight, but unable to render assistance. The capture of the fort was the cause of universal rejoicing in the seceded States; we do not learn what effect it produced in the non-seceded slave States; but in the free States, so far as we have heard, much excitement prevails, and universal indignation and demand for revenge. Gov. Sprague, the anti-Republican Governor of Rhode Island, who has hitherto been silent upon the question of coercion, is the first to offer men to the Government, and places himself at the head of his troops. This example will be followed by the Governors of Maine, Massachusetts, and other New England States, no doubt; but it is quite likely the President will accept first the assistance that is proffered to him by Gov. Morgan of New York, and Gov. Curtin of Pennsylvania, and other States near the seat of government. We learn from Washington that the President has issued a proclamation calling for seventy-five thousand men.

In the President's answer to the Virginia Commissioners it is intimated that a vigorous policy has been determined upon; but the dispatches from Montgomery give very little encouragement that the seceders will submit. Their seizure of a United States agent is another act of war upon the American government, which will call for action in a new quarter.

The Boston Courier, in summing up the news, says:

It will be seen that the first act of *war* was done by the rebels, and that Fort Moultrie opened the campaign of civil strife.

The excitement in Boston is intense, and men cry in one voice, "away with parties—let us save the country now." This shout is pretty universal.

The same paper says:—

The Proclamation of the President calling for seventy five thousand troops, will be found in our columns this morning. The men will be forthcoming, beyond doubt. The feeling of indignation excited by the taking of Fort Sumter is universal. The American people are aroused to the war pitch, and it is useless to disguise the fact.

Official advices received at Washington from Montgomery, state that the Confederate Congress, will, on re-assembling, immediately declare war against the United States. It is believed that in the act declaring war, a distinction will be made between alien friends and alien enemies, the former including the Border States and such citizens of the *North* as *oppose* the coercive policy of the Administration.

The New York Legislature on Saturday passed a bill appropriating five hundred thousand dollars for the purpose of equipping the militia of that State. It is reported Gov. Morgan will immediately issue a call for twenty-five thousand volunteers, in response to the President's proclamation.

UNION FEELING AT BALTIMORE.—The deep Union sentiment in this city has been displayed unmistakeably since Friday. Men with cockades and secession emblems have been chased by crowds, and were finally protected by the police. The bark Fanny Fenshaw hoisted a secession flag today, but the crowd compelled a boy on board to take it down. The captain afterwards re-hoisted it, and it required a detachment of thirty police to protect it. The indignation was intense. All the other vessels in port hoisted the American flag.

The captain of the Fanny Fenshaw is a Union man, but hoisted the secession flag under instructions from the owners, the Messrs. Curry of Richmond.

DOUGLAS SUSTAINS THE PRESIDENT. *Washington, April* 14.—Senator Douglas called upon the President to night. They had an interesting conversation upon the condition of the country. The substance was on the part of Mr. Douglas, that while he was unalterably opposed to the Administration on all its political issues, he was prepared to sustain the President in all his Constitutional functions, to preserve the Union and maintain the Government and defend the federal Capital; that a firm policy and a prompt action was necessary; the Capital of our country was in danger and must be defended at all hazards, at any expense of men and money. He spoke of the present and future without any reference to the past. Mr. Lincoln was very much gratified with the interview.

NEW YORK, April 13.—A special dispatch from Montgomery to the Herald says Secretary Walker also said in his speech last night—"Let them try the Southern chivalry, and the strength of Southern resources, and it (the Confederate flag) might eventually wave over Faneuil Hall itself."

Union Doings in South Carolina are not expected at this time. But, nevertheless, the Barnwell (S. C.) Sentinel publishes the following: "Married, on Saturday last, by W. H. Hunter, Esq., Mr. McCraw, in the 81st year of his age, to Miss Patty Harveston, aged 71, all of the poorhouse."

NEW YORK, April 14.—"Jasper," the correspondent of the Times, was arrested in Charleston as a spy, and confined in prison for a time, when he was ordered out of the State. He is on his way to the North.

NEW ORLEANS, April 12.—There was a grand muster of the city volunteers this morning, and preparations are making to defend the mouth of the Mississippi River in the best possible manner.

SAVANNAH LIGHTS EXTINGUISHED.—*Savannah, April* 13.—The lights on Tybee Island and in the harbor are discontinued for the present.

By the President of the United States.

A PROCLAMATION.

Whereas, the laws of the United States have been for some time past and now are opposed, and the execution thereof obstructed in the States of South Carolina, Georgia, Alabama, Florida, Mississippi, Louisiana and Texas, by a combination too powerful to be suppressed by the ordinary course of judicial proceedings, or by the powers vested in Marshals by the law,—now, therefore, I, Abraham Lincoln, President of the United States, in virtue of the power vested in me by the Constitution and the laws, have thought fit to call forth, and do hereby call forth, the militia of the several States of the Union, to the aggregate number of seventy-five thousand, in order to suppress said combinations, and cause the laws to be duly executed.

The details of this object will be immediately communicated to the State authorities through the War Department. I appeal to all loyal citizens to favor, facilitate and aid this effort to maintain the honor, the integrity and the existence of our National Union, and the perpetuity of popular government, and to redress the wrongs already long enough endured. I deem it proper to say that the first service assigned to the troops hereby called forth, will probably be to re-possess the forts, places and property which have been seized from the Union;—and in every event the utmost care will be observed, consistently with the objects aforesaid, to avoid any devastation, any destruction of or interference with property, or any disturbance of peaceful citizens in any part of the country. I hereby command the persons composing the combinations aforesaid, to disperse and retire peaceably to their respective abodes within twenty days from this date.

Deeming that the present condition of public affairs presents an extraordinary occasion, I do hereby, in virtue of the power in me vested by the Constitution, convene both Houses of Congress. Senators and Representatives are therefore summoned to assemble at their respective chambers at 12 o'clock, noon, Thursday, the fourth day of July next, and there to consider and determine such measures as in their wisdom the public safety and interest may seem to demand.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this fifteenth day of April, in the year of our Lord 1861, and of the Independence of the United States the eighty-fifth.

(Signed) ABRAHAM LINCOLN.

By the President:

WM. H. SEWARD, Secretary of State.

CONDITION OF THE FORTS.—The supposed strength of Fort Sumter was overrated, and it was battered by fifty guns and forty mortars and howitzers, served and defended by from seven to ten thousand men, which rained an incessant storm of shot and shell upon the devoted hundred and nine, from four in the morning of the twelfth till half-past one in the afternoon of the thirteenth. A Charleston dispatch of that day says,—Major Anderson's men were prostrated from over exertion. There were but five hurt, four badly, and one thought mortally; but the rest were worn out. The explosions were caused by the bursting of loaded shells, which were ignited by the fire and could not be removed quick enough. The fire in the barracks was caused by the quantity of hot shot thrown from Fort Moultrie.

Within Fort Sumter everything but the casemates is in utter ruin. The whole thing looks like a blackened mass of ruins. Many guns are dismounted. The side opposite Cummings Point is the hardest dealt with, as the rifle cannon from this place played great havoc with Fort Sumter. The wall looked like honeycomb. Near the top is a breach as big as a cart. The side opposite Fort Moultrie is honeycombed extensively, as is that opposite the floating battery.

Fort Moultrie is badly damaged. The officers' quarters and barracks are torn to pieces. The frame houses on the island are riddled with shot in many instances, and whole sides of houses are torn out.

At Fort Sumter, when the flames broke out in the frame buildings in the interior of the yard, and the gallant Major, alternately fighting the devouring element and the assailants, menaced alike by destruction from within and without, hoisted a white flag, the batteries did not cease to fire, but Ex-Senator Wigfall went in a boat to the fort and received the surrender.

☞ Advices from St. Domingo state that the surrender of the Republic to Spain took the people by surprise, and it is hinted, that there will be bloody retribution. The English and French Consuls protested and struck their flags. Up to the 22d, our Representative had made no move.

HAVERHILL SHOE AND LEATHER REPORT.—A little over the average number of cases for the past three weeks, have been sent off during the last week. The number of cases sent is 1832—of which 727 cases were sent on Tuesday. As some surprise has been manifested at the number of cases reported from week to week, we would simply say that there are more or less sent every week by Express, which we have never reported.—*Gazette.*

☞ News from Europe to 3d. It is said Garibaldi had requested his officers in Switzerland to be ready for his summons within 14 days. Poland is yet fermenting.

☞ The Savannah Republican advocates a *protective tariff* for the Southern Confederacy. This does not seem exactly like the free trade we have heard of.

THE WAR.—In Massachusetts, Gen. B. F. Butler has offered to the Governor his services and those of his Brigrde.

In Indiana, Gov. Morton has advices from all parts of the State, that 30,000 men are ready for volunteering into the service of the Union.

In the New York Assembly a bill is now pending, to raise 30,000 men for two years, in addition to the existing organizations.

In Baltimore, the Minute Men, 2500 strong, hoisted the Stars and Stripes, Monday morning, with the inscription, "The Union and the Constitution."

NEW YORK, April 15.—The Times Washington dispatch says the War Department is engaged in calculating the quota of troops from each State. New York will be entitled to ten regiments, and Massachusetts and Pennsylvania to a few less.

There is no detailed policy relative to closing the Southern ports as yet settled, but arrangements are making to cut off all communications by sea.

Gen. Scott is actively at work calculating the disposition of the forces.

The Administration has reliable information that the Confederate States propose, after reducing Fort Sumter, to march on Washington immediately with 20,000 men.

A regiment of volunteers have offered their services to the Government, and will be accepted. Several additional companies of the regular army have been ordered to Washington.

NEW YORK, April 15.—The Herald's special dispatch says that Major Anderson saluted his flag. He formed his command on the parade ground, and marched out on the wharf with drum and fife playing "Yankee Doodle."

During the salute a pile of cartridges burst in one of the casements, killing two and wounding four. One of the dead was buried in the fort with military honors, the other will be buried by the South Carolinians. The wounded men will be taken to Charleston.

The fort has been burned to a mere shell. The guns on one side of the parapet are entirely dismounted, others split, and the gun carriages knocked into splinters.

Major Anderson is reported to have ordered, not to sight men, but to silence batteries.

Fort Sumter has been garrisoned by the Palmetto Guards, under command of Col. Ripley. Fire has again broken out in the roofs of the fort, and engines have been sent down.

PROVIDENCE, R. I., April 15.—The Directors of the Bank of Commerce have informed Governor Sprague that they are ready to advance a loan of $30,000 to the State for aiding in the outfit of troops.—Large offers from private citizens have also been made to Governor Sprague for a similar purpose.

The Globe Bank this morning tendered to the State a loan of $50,000.

From Boston Traveller Extra.

NEW YORK, April 15.—The following are the regimental requisitions on the different States: Maine, New Hampshire, Vermont, Rhode Island, Connecticut, Delaware, Michigan, Iowa, Minnesota and Wisconsin, one regiment (780 men) each. Massachusetts and Tennessee, two each; Ohio three; New Jersey, Kentucky and Missouri four each; Indiana and Illinois six each;—Pennsylvania 16, New York 17.

The Massachusetts troops rendezvous at Springfield.

The Secretary of War thinks 20 Companies will be required at once from Massachusetts, as they are in readiness.

Considerable excitement in Washington, about Capt. Doubleday, one of the officers at Fort Sumpter—his wife, who is at Washington, having stated that in her opinion he is confined for refusing to consent to surrender, instead of for insanity as alleged.

In Philadelphia, Monday, an excited mob assembled before the office of the Palmetto Flag newspaper, threatening to demolish it. The proprietor, with the Mayor's aid, saved the building by displaying the U S flag and throwing the objectionable papers out of the window. The crowd went to the Argus office, and ordered the U S flag displayed.—The police guarded the office.

Seven thousand men of the Border States are under arms, ready to march at a moment's warning from Montgomery.

When Major Anderson's quarters were burning, Gen. Beauregard sent offers of assistance before a white flag was run up.—Wigfall received Anderson's sword and returned it. The fleet was at last accounts still off the port, in sight.

MONTGOMERY, April 15.—Jeff. Davis's answer to the President's proclamation is rough and curt:

"Fort Sumter is ours, and nobody hurt. With mortar, paixhan and petard, we tender old Abe our Beauregard.

THE NEW SHIP "City of Montreal," (the only thing about her which we don't like is her long name,) now lying at Pier Wharf in this city, is a beautiful craft—one of the finest ships we ever examined. She is to sail for Montreal immediately, and has been visited by many of our citizens within a few days. She was built in the most thorough manner, by Toby & Littlefield, of this city; and no care or expense has been spared, in any department, to render her one of the best vessels afloat—which she undoubtedly is, as well as one of the most richly finished and furnished. The spars, &c., are from the yard of Wm. R. Martin; the rigging was done by Deering & Yeaton; the painting by Edward D. Coffin; the cabin work and upholstery by A. T. Joy & Son; and each and all is excellent and elegant—in keeping with the substantial symmetry of the hull. The "City of Montreal" is owned by Page, Richardson & Co.; and goes forth from her birth-place, probably, forever,—another floating monument to the skill of Portsmouth mechanics.

FAST DAY SERVICES.—*Dear Chronicle:*—In your notice of Fast Day, you were incorrect in saying that services were held only in the North and Middle Street churches. The Unitarian Church was also open, and a numerous audience listened with much edification to Rev. A. M. Bridge of Hampton Falls, who delivered a discourse on the present state of the country. The preacher made his sermon a most practical as well as a most eloquent one; thus avoiding the cause of complaint too often well founded, against "political sermons."—He traced the lamentable condition of public affairs to *private faults*, dealing especially on the one hand with that excessive love of office, and the corruption necessarily resulting from it, which has made so familiar, a maxim whose familiarity alone conceals its atrocity—"to the victors belong the spoils;" and on the other hand with that selfish love of ease which prevents so many from taking any part in elections and the primary meetings which regulate them—thus being unwilling to pay the price at which alone true freedom can be maintained. COM.

SUPREME JUDICIAL COURT.—The Grand Jury on Friday morning reported 16 bills of indictments, and were discharged. The following arraignments were made Friday:

Israel A. H. Bartlett—Selling liquor.
John P. Addison—Larceny.
John P. Addison—Arson.
Elias Taylor—Adultery.
John Campbell—Larceny from schooner Village Maid.
Willard W. Caswell—Larceny, two indictments.
John Woodsum—Assault with intent to kill.
Chas. C. Stevens—Larceny, two indictments.
Charles Lord—Breaking and entering, larceny.

All the respondents pleaded Not Guilty.

Oliver P. Tucker, Wm. H. Rogers, and Caleb Seely, indicted for a riot in Portsmouth, entered a plea of Not Guilty, and the case was continued to the next term.

On Monday the Court was occupied with criminal cases. John P. Addison of Portsmouth was convicted of larceny to the amount of $43, and was sentenced to hard labor in the State Prison for three years.—John Campbell, convicted of larceny from the schooner Village Maid, was sentenced to two years' hard labor in State Prison.

Willard W. Caswell, stealing from freight car at New Market, two years in State Prison.

Charles C. Stevens, two indictments for larceny; 90 days on the first, and 60 days on the second, and to pay treble the amount of property stolen, and costs.

The trial of John Woodsum, for an assault upon Mary Sargent with intent to kill, was commenced in the afternoon.

The civil docket will be taken up on Thursday.

☞ On Friday night, some one or more persons entered the store of Mr. Benjamin Cheever, and stole a quantity of clothing. They effected an entrance through the back door.

The store of Charles Robinson & Son was also robbed of some postage stamps and other trifles—by some one who is supposed to have been secreted in the store when it was closed.

Another store near was also entered, and a safe-key stolen, among other things.

Two students of Exeter Academy walked to Portsmouth on Fast Day morning. On their return, starting at 3 o'clock P. M., they took the track of the Eastern Railroad, and at a mile or more from Portsmouth, they met two men, one of whom asked a student for a stick he held in his hand, and upon his declining to give it up, seized said stick and struck one of them with it across the face. Some 10 or 12 men then came in from the side of the track, and began to beat the young men, and shamefully abuse them. These men who thus maltreated the students, were, it is said, most of them, somewhat intoxicated. What motive they had for their abusive conduct is not known. The students reached Exeter about 8 o'clock in the evening.—*Exeter News Letter.*

☞ Mr. Alfred Trafton, a blacksmith in this city, had part of three fingers of his right hand blown off, while gunning near here, last week. He was in the act of drawing a charge, we believe.

☞ "Tirrell's California," which opens to-night at the Temple, is no new thing—no doubtful experiment, or unknown show; but one of the most meritorious and attractive, as well as most popular and successful exhibitions, ever offered to the American public. Go and see it—it will be found more beautiful than contemplating civil war. It will only be here three nights. On Wednesday afternoon, at 3 o'clock, an exhibition will be given, and our schools should avail themselves of the opportunity We suggest to Mr. Kent the propriety of reducing the price of admission to school children, on that occasion.

☞ The second daily train on the Concord & Portsmouth Railroad, commenced running on Monday morning. Conductor Noyes is not to "return to his old place," but is succeeded by Mr. James Jones, long connected with the Manchester & Lawrence Road—who we have no doubt will also, on acquaintance, prove a favorite with the patrons of the C. & P.

☞ The Art Union will draw on the 18th of April. Subscriptions received until that time, at Exchange Hall, where a new supply of all the Pictures is just received. See advertisement. tf

GROVER & BAKER

SEWING

MACHINES.

TO THE LADIES.

CHARLES T. EMERY,

No. 10 Market Sq., Portsmouth,

Having been appointed

SOLE AGENT IN PORTSMOUTH

for the sale of the celebrated and unrivalled Noiseless

GROVER & BAKER

FAMILY AND MANUFACTURING

Sewing Machines,

would invite especial attention to the same.

THE GROVER & BAKER SEWING MACHINE makes the only seam formed by a Sewing Machine, in which each stitch is independently locked, and without dependence on other stitches for strength, and the only seam that will admit of the thread being cut at every fourth stitch without injury to the seam in wear.

THE GROVER & BAKER SEWING MACHINE is adapted to all varieties of fabrics, sewing equally well the finest Swiss Muslin or the heaviest cloth or leather, and requiring no adjustment for any kind of sewing other than the adaptation of needles and thread.

THE GROVER & BAKER SEWING MACHINE sews from ordinary spools without rewinding, and fastens its own seams, thereby saving time and thread. It will sew common spool cotton, silk and linen thread with equal facility.

THE GROVER & BAKER SEWING MACHINE is so simple that an intelligent child of ten years can readily learn to operate it. It is more easily kept in order than any other machine, and need not be taken apart to be oiled.

THE GROVER & BAKER SEWING MACHINE makes the only stitch that cannot be injured by washing and ironing, and the only stitch that forms an elastic and durable seam. Fabrics put together with this stitch may wear out and drop to pieces from original weakness, or hard usage, but come apart or give way at the seams, they cannot; they will hold together when the cloth or calico around them hangs in rags and tatters.

Every Machine Warranted.

PRICES FROM $40 UPWARDS.

☞ Be sure to call and examine.

I have also been appointed agent for

THE UNIVERSAL HEMMER,

Which can be attached to *any* machine, and will turn a hem from 1-16 inch to 2½ inches, without previous basting.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

Morning Chronicle.

A BABY HUSBAND.—Mrs. Sarah Locke has obtained a habeas corpus from a New York court to obtain possession of her husband, a minor, of whose society she is deprived by his father. As the courts usually give the possession of minors in such cases to the party who can give the care most required by them, the motherly care of the wife may be deemed of the best advantage to him.

COERCION.—It is a singular fact, that, while all the blame of bringing on the present difficulties is thrown, by the friends of the secessionists, upon the East, the strongest appeals for coercion, which have affected the President, have come from the North-west.—*Atlas.*

A ragged little urchin came to a lady's door, asking for old clothes. She brought him a vest and a pair of trousers, which she thought would be a comfortable fit. The young scape-grace took the garments, and examined each; then, with a disconsolate look, said:—"There ain't no watch-pocket."

AYER'S

Sarsaparilla

FOR PURIFYING THE BLOOD.

Also for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & CO. Gentlemen: I feel it to my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways, for years. Some of the worst of it came out in ulcers on my hands and arms; sometimes it caused swelled and discharging ears, at the stomach. Two years ago it broke out on my face, and spread so rapidly and was with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing, in fact, the disease grew worse. At length I was reduced to resort to the Gospel Messenger that has proved so effectual in your Sarsaparilla. I have taken from your rooms, less than any thing you made; must be good, I suppose, when I can get it, and used it till it cured me. I think it, or you, able, to credit done of a temporal cure equal to any cured above these bodily ailments. Now my health and skin seem begun to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings, that the disease has gone from me. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, ALFRED R. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Erysipelas.

Dr. Robert M. Preble writes from Salem, N. Y., 17th Sept., 1859, that he has cured an inveterate case of *Erysipelas*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Erysipelas* by its use almost as a specific.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a disease which was swelling on the neck, which I had suffered from for two years."

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most powerful alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many leucorrhea cases of Leucorrhea by it, and some where the ovarian plaint was caused by scrofulous affection. The good effect of the application itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newburg, Ala., writes: "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely removed by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 22d April, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have received with your Sarsaparilla.

I have cured with it, in my practice, most of the cases for which it is recommended, and have found its effects truly wonderful in curing the worst forms of Secondary Syphilitic Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla in a few days cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that it was the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again. Still he was about some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from thick pimples in her forehead. They had become offensive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She was recommended by your Sarsaparilla to try it for a while. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, I was truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 4th July, 1859.

DR. J. C. AYER: SIR: I have been a sufferer for years from chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. JOHN FORNEY.

Jules T. Gutchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been laid up with pain for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. St. Ivy, advised me to try your Sarsaparilla, because he said he knew you, and now thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to give me a new name. I feel like a new man. The best that can be said of it is, it is not half good enough."

Scirrhus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these inveterate complaints have resulted from the use of this remedy, but our space here will not admit of the insertion of these cases. We will, however, mention a few of the most remarkable, which we feel we cannot be pleased to have the parties referred to for proof.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

These formidable cures of these affections have been made by the alterative power of this medicine. It strikes at the vitals, the fountain of human actions, and their overcome diseases which would be supposed beyond its reach. Unless remedy has long been required by the testimony of the neighborhood, we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

Has proved by its wonderful cures to surpass any other medicine for cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unequaled excellence for children and adults, and its truly wonderful cures of pulmonary disease, have made it, throughout the civilized nations of the earth, the chosen remedy for the diseased lungs of their children. Its cures are so generally known, and its virtues so well established by the experience of its friends—that it may be deemed sufficient to say, that it is still maintaining the high relief of its victory over the fatal diseases of the throat and lungs. Its unrivaled excellence in the prophylactic treatment of these disorders, and its wide spread fame, has effected this remedy, we need not say, the confidence of the public, and the gratitude of those who have seen it relieve and cure their dear friends when making the cures which have made it so widely known and esteemed by mankind.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and have double the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is free of followed by inanimate or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, AND CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, and any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE ORDINAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to your we confidently appeal, in behalf of your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, the great remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and invigorates the seat of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL—*It is* received in the Genesee, that Fryeboy was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proscripine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results are produced. It is a delicacy to be taken in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Paintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic extant. Its effects are wonderful. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once set to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skilfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the first article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly relieve the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

Dose.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.
One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the burning load and all pain and feelings will be removed.
One dose will remove the most distressing pains of Colic, either in the stomach or bowels.
A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.
Females to be seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BOURBON

"1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to mention in detail the characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1848, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaints, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *recreate* and *strengthen*; while age having contributed its ripening influence, and enriched it with a delicious flavor and an oily body, it affords a pleasant incentive to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,

CALIFORNIA CORRESPONDENCE.

VALLEJO, California, April.

A few nights since, Commodore R. B. Cunningham was found dead in his bed.—He had complained of weakness, but attended to his duties as usual. His family, with the exception of a small boy and girl, were on a visit to San Francisco. His health had not been good since he was injured by the discharge of a cannon some months since.

I hope among the naval appropriations, the Navy Yard in this place will not be forgotten.

On the subject of secession, I hope the people East will not be deceived in regard to California and the Pacific coast. The people are for the Union. You must not think or judge us by the proceedings of our infamous Legislature, that we are *undecided*. Secessionists in this State are few in number, and it is only waste of time to attempt to describe them. North and South they are too well known to our people.—They bear the mark, like Cain of old, and like him may they be wanderers on the face of the earth, branded, and despised by all true patriots.

There is more ground under cultivation this year, and more wheat sown than last. If the weather is favorable this season, the yield of wheat will be very great. I will send you papers with this.—[Thanks for them.—*Ed. Chron.*] JAMES TOPLEY.

☞ The Bath Times of Saturday said: Startling news may now be looked for daily. The southern abscess is coming to a head. Perhaps it has been lanced before this time. We hope the government will move with a prudent but a firm step, and if rebels commence an attack, we hope to see the stars and stripes vindicated, whatever the consequences.

It has been very common to represent that the first drop of blood shed by the federal troops at the South, would be the signal for a terrible retribution to be visited upon the North by the exasperated people of that part of the country. We only give expression to an individual opinion when we say that the first loyal blood shed by the rebels, will act like an emetic upon the whole North, and it will vomit forth hundreds of thousands of men, armed to the teeth, bent on summary retribution. The people of the North are slow to anger, forgiving, long suffering and indisposed to fight, but *they are human*.

WHEN TO TURN OUT COWS.—It is best to turn out stock early for several reasons. One is, that from the tenth of May to the tenth of June, is the best feed month in the year. Another reason for turning out as soon as the grass-gets started is, that the stock does better than if kept up till the feed is rank. In the latter case they scour badly, while if turned out early they do not scour at all, and after a few days they will eat hay again. Many cows are injured and some spoiled, by turning them from hay to rank clover. Not only does the stock do better, but the pastures yield more feed. By turning out early the cattle go into the low places, where the grass starts first, and eat them down instead of letting them go to seed, as they will if plenty of grass is to be had. The poor grass if fed down early, starts up fresh, and will be eaten and kept fed down through the season.

BRAHMIN MARRIAGE WITH A WIDOW. The Bombay Gazette says: "An intelligent young Brahmin gentleman, of the name of Gunputram Dalputram, has recently set a noble example to his countrymen, by marrying a young widow of his caste. Seventy-five Hindoo gentlemen were present at the wedding." This disregard to the prejudices of his countrymen is likely to be attended with important consequences.

☞ Mrs. Lamb during the winter, with a pair of two years old heifers, has hauled one hundred and ten cords of wood one-third of a mile and piled it on the shore of Moosehead Lake. A Miss Harford also hauled fifty cords on a handsled to the shore of the lake.

☞ Land enough for a handsome park has been presented to the town of Lewiston by the Franklin Manufacturing Company. The Republican estimates the value of the land at $60,000.

☞ Francis Bacon, Esq., of Alfred, Me., for many years Register of Probate of York county, has received the appointment of a clerkship in the office of the first comptroller of the Treasury department at Washington.

☞ Last fall Mr. S. L. Frost of Bangor took from the pasture four colts, broke them to harness, and during the past winter, in three months time, they have hauled, on the Mattawamkeag, 175,000 feet of lumber

☞ The city of Chicago, at the present time, contains within a fraction of forty million bushels of grain.

Portsmouth, N. H.

WEDNESDAY, APRIL 17, 1861.

"THE PEACE POLICY"—WHAT IS IT? From the start of our present national troubles, the public have heard much about a *peace policy*, the necessity of maintaining such a policy, and the evils of its disregard. A leading paper from another state winds up a leader by saying, "We insist that Mr. Lincoln has *not tried the peace policy*."

Now what is "the peace policy?" We don't ask, (says the Bath Times, the most able democratic paper on Maine,) we don't ask what is a peace policy, but "*the* peace policy," so much lauded? Some definite, well understood, well defined policy must be referred to, and now who will tell us what it is? Can any one define it? It seems proper, before condemning the disregard of any specific line of policy or approving its observance, we should know exactly *what it is*, and be able to make others understand it. One paper speaks of "the peace policy pursued by Mr. Buchanan." What was that? The Times answers:

Mr. Buchanan *did nothing*. His was "masterly inactivity." He didn't wish to irritate and exasperate the South. But how did his inactivity work? Did that kind of peace policy bear good fruits? Look at the result. While Mr. Buchanan was doing nothing—absolutely nothing—the Southern Confederacy was formed; State after State seceded; forts, arsenals, revenue cutters and navy yards were seized; the United States Mint was also seized and its treasure appropriated; Custom Houses were turned over to rebellious States, and all the federal laws were obstructed or totally disregarded except the Post Office law, which was tolerated simply because its toleration was needful to the convenience of the rebel States themselves. More than this: during the closest observance of Mr. Buchanan's peace policy, Forts Sumter and Pickens were environed by fortifications erected solely for their reduction; the flag of the country was fired upon, and things were brought to such a pass that the surrender—absolute and unconditional—of the Government Forts was demanded under threats of speedy attack!

Surely, that particular kind of "*peace* policy"—the kind observed by Mr. Buchanan—the do-nothing policy—the inactivity policy, has wrought only mischief. But is there no other peace policy? Let ds see.

A paper before us says, in an article on this subject, "even Virginia, which has stood more manfully against secession than any other border State," is tired of the present disregard of the peace policy. Virginia is then for peace; and what is her policy? What does she propose? What are the specific conditions on which she proposes to remain loyal to the Union? Let it be remembered that the object of the peace policy is to prevent farther secession, if not to restore States already seceded. Now what are the conditions laid down by Virginia—her "peace policy"—on the observance of which she is to hinge the continuance of her loyalty?

We insist, says the Times, that the only terms which her Convention has proposed are most insulting, most humiliating, and that no man can consent to them unless he himself is willing to become a vassal of the Old Dominion. Let us look at her terms. Her Coonvention, only a few days since, passed the following resolution:

Resolved, That the people of Virginia will wait any reasonable time for obtaining an answer from other States with regard to the proposition of amendments to the Constitution, but will expect as an indispensable condition that a pacific policy be adopted towards the seceded States, and that no attempt shall be made to subject them to the Federal authority, nor to reinforce any of the forts, or to recapture the forts, arsenals and other property of the United States, not exact payment on the imports of their commerce, nor any measure be resorted to calculated to provoke a collision; and the forts, arsenals, &c., ceded to the United States, situated in the seceded States, ought for the purpose of pacification to be evacuated by the authorities.

Now we ask our friends—those who talk loudest about the necessity of union, and the importance of the *peace policy*, if they are willing to comply with the "*indispensable condition*" laid down in the above resolution? The Times closes its able article in the following energetic language:

Is not this the "lower deep" of humiliation? Virginia lays down her demand that a full surrender shall be made to seceders, of the federal forts and property; that a virtual and practical recognition of their independence be made; that the right of secession be thus endorsed, and *then*, yes then, with the Government on its knees, she, the "Mother of Presidents," —will—*do as she pleases!* She plainly says she will *not* be loyal *without* compliance with her conditions, but she carefully avoids committing herself to any line of action if the conditions *are* met. And yet this is *her* "peace policy"—her "pacific policy?"

What does all this mean? To our mind it means just this—nothing short: She would humble the federal government, have it surrender all its hold upon the seceded States, thus endorsing the right of secession, and necessity of giving up all to the seceded States for peace; and then, when the government is thus humbled and powerless, she can step out! a precedent is established, she may demand Old Point Comfort, Harper's Ferry and even the Federal Capital, *and they must be yielded up*, because such will accord with policy already endorsed!

We are sick of this humbug talk. If the price of harmony is vassalage; if Union is to be purchased at such cost, it is not worth the having. If peace is to be purchased only by humiliation, disgrace and the merited contempt of all nations, then why talk about it? Why delude ourselves or others by talking of a "peace policy" which, in fact, is only a scheme to favor rebellion—to make rebellion easy, and save rebels from punishment? Why not look the difficulties squarely in the face, and if we have no government, cease to be deluded by a mere bauble? If secession is to be the rule, and acknowledged as right, may it not, possibly, become a practical question with us; with our own State? Who knows that the commercial State of Maine, with her long line of coast, may not find it important to cut loose from a wreck and attach herself to a stability? It is well not to be deceived. If we have a Government, let the fact be shown and Maine will be loyal; if we have only a "rope of sand," perhaps the northern end may dissolve as well as the end which is more Southern in its location.

CALIFORNIA ITEMS.—McDougal has again been elected Senator, receiving 77 to 39 votes for Nugent. The Republicans and most of the Douglas members supported McDougal.

San Francisco markets dull. Some speculative demand in crushed sugar. Pork and coffee slightly lower. Breadstuffs dull. Nearly all the wheat remaining in the State has been engaged for shipment. During the week, 100,000 gallons domestic pure spirits sold by distillers at 26c.

The weather was again rainy.

The late storm damaged the mining claims in Tuolumne county over $200,000.

A new effort is to be made to contest the will of Senator Broderick, on the ground of forgery. The estate is estimated at $2,000,000.

Judge Hardy, arrested on charge of complicity in the murder of the printer Newell, in San Francisco, was released on a writ of habess corpus, in $10,000 bonds.—Two judges refused to release him.

The establishment of the Nevada Territory deprives California of a strip of territory 200 miles long by 15 to 50 wide. This territory being a valuable silver mining district, the Senate has instructed the Committee on Federal Relations to investigate the matter.

EUROPEAN ITEMS.—Queen Victoria will receive the Marquis D'Azeglio as ambassador of the King of Italy. The Federal Council had made a similar declaration to the Turin minister at Berne.

It is asserted at Berne that Garibaldi has requested his officers residing in Switzerland to be ready to assemble at his summons within fourteen days.

Concessions granted by the Czar have not satisfied the people. Concentration of the military continues. Unarmed citizens, as constables, patrol Warsaw.

The Emperor of Austria rejected the democratic programme of the Hungarian leaders, who demanded absolute separation of the Hungarian administration from that of Austria. The Emperor intends to abide by the reforms already granted.

Garibaldi has had a conference with Victor Emanuel at Genoa.

Trade in France is stagnant, being affected by the alarming political situation of Austria and Italy.

The commercial treaty between France and England will take effect October 1.

The Turks have repulsed the insurgents in Herzegovinia.

It is reported that there is a rising in Portugal on account of oppressive taxes.

The wearing of mourning in Poland is general, and the Czar's concessions are unsatisfactorily received.

CONCORD, N. H., April 16.—Gov. Goodwin has issued a proclamation, directing the Adjutant General to appoint recruiting officers to be stationed in the following places:—Nashua, Manchester, Concord, Portsmouth, Dover, Keene, Claremont, Lebanon. Laconia, Lancaster and Littleton.

The following is the proclamation:—

To Joseph C. Abbot, Adjutant and Inspector General of the New Hampshire Militia:—

Sir:—The President of the United States having, in the pursuance of the Act of Congress, approved Feb. 28th, 1795, called upon the State of New Hampshire for a Regiment of militia, consisting of ten companies of infantry, to be held in readiness to be mustered in the service of the United States for the purpose of quelling an insurrection and supporting the Government, I, Ichabod Goodwin, Governor of New Hampshire, command you to make proclamation calling for volunteers from the enrolled militia of this State to the number required, and to issue from time to time all necessary orders and instructions for enrolling and holding in readiness to be mustered into service said volunteer corps agreeable to the aforesaid requisition.

[Signed] ICHABOD GOODWIN,
Governor and Commander-in-Chief.
By the Command of the Governor.
THOS. L. TULLOCK.

PENNSYLVANIA.—Gov. Curtin has received from the President of the Board of Philadelphia Bank Presidents, a tender of the entire sum of $500,000, voted by the State, in anticipation of its being provided for otherwise.

WASHINGTON, April 16.—The advices received from Richmond show that there is a strong feeling for the immediate secession of Virginia, but some desire to be represented in the extra session of Congress in order to cripple the Administration.

Virginians are here urging Gen. Scott to resign.

PLEASING.—The power of pleasing is founded on the wish to please. The strength of the wish is the measure of the power.

☞ North Carolina and Kentucky refuse to furnish troops to aid the Administration.

MILITARY MOVEMENTS.

In Massachusetts, Gov. Andrew has responded to the requisition of the President, and ordered out four regiments, which are to be on their way to Washington immediately, perhaps to-day, (Wednesday.) They rendezvous in Faneuil Hall.

The troops who go will be provided with the new overcoats ordered by the Legislature, 1,200 of which are finished and were delivered by the contractors to the State authorities Tuesday forenoon. These cost about $25,000. The State has 3500 of the new army rifles, and 2000 more will soon be received from the Springfield Armory. It has a plenty of brass field pieces, and four rifled cannon are now being manufactured for the State. There is an abundance of powder, balls, &c. Soldiers in all the regiments are pressing into the ranks.

In Maine, the Secretary of War has made a requisition upon Gov. Washburn for a regiment of troops for immediate service. Gov. Washburn's answer was:

"Maine will respond promptly to your call. The people of this State, of all parties, will rally with alacrity for the maintenance of the government and the defence of the flag."

A proclamation will be issued for a special session of the Legislature, to be held probably on Monday next.

New Hampshire will doubtless respond promptly. When the requisition shall be received, Gov. Goodwin will take prompt and active measures for complying with it. The State will probably tender two regiments to the government, instead of one, as requested by the President. At a Union and government-sustaining meeting in Dover, Senator Hale and Hon. Joseph H. Smith stood on the same ground.

Vermont legislature will assemble next Tuesday, and the troops will move promptly.

The War Department by telegraph accepted Governor Sprague's offer of a Rhode Island regiment. He is requested to send them to Washington without delay. The legislature meets to-day.

The First and Second Regiments of the District of Columbia militia have tendered their services to the government.

In New York, the bill to raise 30,000 extra soldiers, appropriates $3,000,000 to carry out its provisions, and takes effect immediately. The bill passed and the Governor has issued his proclamation accordingly. The Seventh and Eighth Regiments, it is understood, hold themselves in readiness for service. A number of volunteer companies are to be formed, and General Ward, of the Scott Life Guard, is expected to assist in their organization, a regiment of which he will command. Colonel Bennett of the 28th Regiment, Brooklyn, says it will support the government to a man.—Orders have been received from Washington to fill up the federal regiments as speedily as possible. The recruiting offices were crowded with applicants on Monday.

In Jersey City, the feeling is universal for standing by the Union at all hazards.—The Second Regiment will tender their services to the government, and about 600 Wide Awakes, it is said, will do the same. It is said that Governor Olden of New Jersey will, in a few days, tender the federal authorities several thousand troops.

Hon. John Covode has offered Governor Curtin $60,000 of the loan authorized by Pennsylvania to arm and equip the troops ordered from that State. A delegation of Pittsburg merchants have made a similar offer.

Per Contra, as we look Southerly,—we see these items:

WILMINGTON, N. C., April 15.—The President's proclamation is received with perfect contempt and indignation. Union men openly denounce the administration. The greatest unanimity prevails. There was great rejoicing here at the news of the reduction of Fort Sumter.

RICHMOND, VA., April 15.—The President's proclamation receives general execration. The public mind is fearfully excited, and the secessionists declare that nothing could be more favorable to their cause. Military men say they would sooner die than respond to such a call.

MOBILE, April 15.—President Lincoln's response to the Virginia commissioners is considered as a declaration of war.

MONTGOMERY, April 15.—Mr. Toombs has received a dispatch from Messrs. Breckinridge and Magoffin of Kentucky, stating that the people are greatly excited, and sympathizing with the people of South Carolina.

NEWS FROM EUROPE via Londonderry, April 5.—The London Building Strike, is about to close, the men working by the hour, on advanced wages.

The French Navy is organized in five divisions, each division to have three steel plated frigates attached to it.

Some sensation was created by the announcement that the Emperor was about to review the garrison of Paris. It was construed to be the forerunner of a campaign.

Measures are to be taken by the French government for the suppression of all religious associations not authorized by law.

☞ The N. H. Journal of Education gives a list of all the Academies over incorporated by the Legislature in this State, and the year in which each obtained its charter. There are ninety-five in all.—The oldest is Phillips' Exeter Academy, which was incorporated in 1781.

☞ A special dispatch from Washington to the Commercial, says the orders that the Massachusetts troops should hasten to Washington have been countermanded. They are directed to hold themselves ready for orders from the War Department.

FIRE IN MONTREAL.—*A Great Freshet. Montreal, April* 15.—The ashes inspection stores were burnt this afternoon. Loss $125,000. The river rose suddenly yesterday, doing immense damage in Griffintown and the lower part of the city.

SAM SHARPLEY'S

MINSTRELS,

—FROM—

SHARPLEY'S OPERA HOUSE!

Chestnut street, Philadelphia, comprises the following well known Artists:

PROF. J. H. SADLER,
Leader and Violinist—his correct rendition of the *chefs d'œuvre* of the great masters, is only equalled by his inimitable execution of matchless Trick Solos, and Imitations of various Instruments.

W. P. SPAULDING,
The great American Harpist and Banjo Manipulator.

MR. JNO. WILLIAMS,
The pleasing Ballad Singer and Eccentric Comedian.

MR. JAMES LAMONT,
The great Basso Profundo, possessing one of the best bass voices every heard, unequalled for purity and depth of tone. His Solos need only to be heard to be appreciated.—His "Old Sexton" is one of the features of the entertainment.

J. H. CURLETON,
Ballad Singer and Violoncellist.

MR. OTIS H. CARTER,
The sweet and powerful Alto Singer, and Delineator of Mission Peculiarities.

MR. CHARLES VILLIERS,
Unquestionably the best Fancy Dancer and Burlesque Female Personator in the profession.

DR. JAS. GAYNOR,
Violinist, Banjoist and Comedian.

MR. JOHNNY PIERCE,
Unequalled as Bruddar Bones, delineator and general performer.

MR. J. E. TAYLOR,
Ethiopian Comedian.

H. T. MUDGE,
The Lancashire Clog and Jig Dancer.

The whole under the immediate supervision of

MR. SAM SHARPLEY,
Comedian, Banjoist, Tamborinist, and Buffo Dancer—the greatest favorite before the public.

A CARD.—The Managers trust the public will not confound this business organization with the many mushroom and itinerant bands of mountebanks that are continually imposing on the public.

THE SHARPLEYS for many years have held the palm of superiority over all companies in the city of Philadelphia and the South, where for the past twelve years they have appeared and been recognized and pronounced by both the press and public, as the *Ne Plus Ultra of Ethiopian Performers.*

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & Co., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS,—*Dear Sir*:—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & Co., Troy, N. Y.,) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it to merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE,

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

To MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

In all cases of Nervous and Spinal affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

For full particulars, get a pamphlet, free, of the agent.

One dollar and six postage stamps sent to any authorized agent, will insure a bottle, containing over 50 pills, by return mail. feb28 dawSm

CITY APPROPRIATIONS FOR THE SOLDIERS.—The Newburyport City Council on Monday evening, by an *unanimous* vote of both branches, appropriated *one thousand dollars*, to be expended under the direction of the Mayor for the benefit of the families of those members of the Cushing Guard, needing assistance, who had been drafted into the service of the country.

We remember very well, that in the war of 1812—15,—efforts had been made in Portsmouth Town Meeting, to vote money in aid of the militia men who were on duty here;—these efforts were resisted by federalists,—and the meeting was adjourned from day to day. Finally, Jeremiah Mason and Daniel Webster came in with a new resolution appropriating the money, the federal party following their lead, and the vote passed "all hollow."

☞ Among the preparations for war, which we hear of about here,—one of the most formidable (to Native Americans especially) is, that Col. Alex. H. Rowe, brought over the P. S. & P. Railroad, from Portland, on Tuesday, two detachments of raw recruits, *en route* for New York, &c. It may be advisable in these exciting times, to add that these recruits were not enlisted at Portland, and are not as yet drafted into the U. S. service—in fa t, it is a subject of doubt, with many, whether *Irish immigrants* have *ever* been of any "service" to this country.

☞ The "Annual Reports of the School Committees of Portsmouth," just issued (from the Gazette press) in pamphlet form, and distributed among the citizens—are eminently worthy of the consideration and attention of every parent and every well wisher to the city and humanity. The subjects therein considered are of more importance than whether the North or South "beats"—whether secession or coercion triumphs—whether the Government or the rebels "conquer a peace." Look ye to them!

THE NEW HAMPSHIRE METHODIST CONFERENCE, on Friday, selected Sanbornton Bridge as the place for meeting in 1862.

Rev. M. Curtice, delegate from the Freewill Baptist yearly meeting, was introduced. He stated the number of churches in the State is 137; ministers, 137; licentiates, 15.

The following resolution was adopted:—*Resolved*, That we cordially receive the delegates from the Baptist and Freewill Baptist denominations, and will cheerfully appoint delegates to their respective annual meetings.

The committee appointed to recommend what action this Conference ought to take upon certain resolutions submitted by the East Baltimore Conference, submitted the following:

We are happy to discover a Christian spirit in their action, and a respectful bearing toward those who differ from them in opinion. We are also deeply and painfully sensible of the embarrassing circumstances which surround them, and are willing to do anything in our power to relieve them, *short of sacrificing principles*. But, inasmuch as we think the new chapter on slavery in our Discipline speaks the sentiment plainly, which has always been held by our church, it not making non-slaveholding a condition of membership, yet condemning all mercenary slaveholding, we are satisfied with it as it is. We therefore recommend a non-concurrence with the East Baltimore Conference for calling an extra session of the General Conference in 1862.

The action of the Baltimore Conference on slavery, which has been reported to us, we deem somewhat irregular; not altogether loyal to the authority of the General Conference; not very respectful in its demands upon the Church to abandon its long cherished sentiments on slavery, to harmonize with its own new position in Methodism on the subject. We deem no action called for on the subject.

☞ Spring, which has several times seemed on the point of actually taking charge of the weather, has again been driven back by a severe storm of wind, rain, snow and hail, from the east and northeast, which began Monday night, and lasted through Tuesday; just about the duration of the battle of Fort Sumter. However, as there is not much reason to fear that the war of elements will be any more fatal than that famous conflict, we may as well all keep up good courage, and wait for the 4th of July.

☞ The severe (and we were about to say unseasonable) storm of yesterday, kept many away from "Tirrell's California" exhibition at the Temple last evening. It is a splendid entertainment, as almost everybody knows already; and among its attractions—the delineator can point out the exact residences of several Portsmouth boys, now in the Golden State. Don't fail to visit "California." This afternoon is the chance for the ladies and children, at reduced prices.

☞ In the Bangor Daily Times, last week, we notice very favorable mention of Prof. J. W. Clark, formerly of this city, now engaged in teaching music in Bangor—and very successfully, if we may judge from the report.

☞ Hon. Wm. Appleton of Boston, is now in Charleston, S. C.!!

In the case State v. Woodsum, the Jury found the respondent guilty, and recommended him to the mercy of the Court.

Cilley v. Willey was commenced, and occupied the remainder of the day. The action is brought to recover for the use and occupation of a tenement in Newmarket.—Small for plff.; J. W. Clark for deft.

SECRETARY OF STATE.—It being understood that Hon. Thomas L. Tullock, Secretary of State of New Hampshire, is to be appointed Navy Agent at Portsmouth, Allen Tenney, Esq., of Concord, has been suggested as his successor. Mr. Tenney has been Assistant Secretary under Mr. Tullock, and has given universal satisfaction in the discharge of the duties of his office.

An old bachelor probably wrote the following:—"Twixt women and wine, man's lot is to smart; 'tis wine makes his head ache, and woman his heart."

☞ The Art Union will draw on the 18th of April. Subscriptions received until that time, at Exchange Hall, where a new supply of all the Pictures is just received. See advertisement. tf

To every barrel of flour you can make thirty pounds more bread or biscuit (and much better) by using Herrick Allen's Gold Medal Saleratus, than by yeast fermentation or any other Saleratus. It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the grocers sell it. Depot 112 Liberty street, New York. 3iD 1tW a17

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease:—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

THE MAIDEN'S CHOICE.

Genteel in personage,
Conduct and equipage;
Noble by heritage,
Generous and free;
Brave, not romantic;
Learned, not pedantic;
Frolic, not frantic—
This must be he.
Honor maintaining,
Meanness disdaining,
Still entertaining,
Engaging and new;
Neat, but not finical;
Sage, but not cynical;
Never tyrannical,
But ever true.

TIME.

Before my breath, like blazing flax,
Man and his marvels pass away;
And changing empires wane and wax,
Are founded, flourish, and decay.
Redeem mine hours, the space is brief,
While in my glass the sand-grains shiver,
And measureless thy joy or grief,
When time and thee shall part, forever!
—*Sir W. Scott.*

MATRIMONIAL.

One more unfortunate,
Lonely and troubled;
Rashly importunate—
Went and got doubled.

☞ The Manchester American says:—The manufacturing operations in this city will be considerably reduced in a short time. It is not a matter of choice, but of compulsion. The amount of stock on hand is limited, and there is no probability of obtaining a supply for months to come.

Peterboro' cotton factories will for the present, run but four days in a week. This will be very agreeable to the operatives on all but settlement day. The arrangement will give male operatives a good chance to farm and garden, and recruit their energies out in the free air. Operatives ought not to complain. They may not get so much money, but will live longer and enjoy more.

BOSTON DRY GOODS MARKET.—Business has fallen off, as is usual this month, except with the home trade. Some of our manufacturers are reducing time at the mills, but generally orders are of a fair amount. The present position of the tariff will prevent importers from sending out orders, and foreign goods must be largely replaced by domestic fabrics.—*Commercial Bulletin.*

PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES, &c.,** and would say that our experience of more than FORTY YEARS as Importers, is not only a sufficient guarantee for the **Purity of our Goods,** but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wines* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE; and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever—Persons who require *Pure Liquors and Wines,* in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revitalizing, exhilarating, and strengthening to the vital powers. It also revivifies, rebuilds and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as *to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach,* and tone up the digestive organs, and alike all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief; taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known; in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your never-failing affection will unerringly point you to the PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—*It is* recorded in the classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection, of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating or pure wine, it can be injurious to none, can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and Young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is represented to be. We would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the best article in the world for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupify.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens,* will, almost immediately, feel the happy and lasting efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will cure Wind and Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the system, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BININGER'S OLD KENTUCKY BOURBON "1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to dwell on the peculiar characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1848, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaints, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a restorative agent it has a tendency to *recreate and strengthen;* while age having contributed its genial charm, and enriched it with a delicious flavor and mellow body, it affords a pleasant incentive to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,

FATAL ACCIDENT.—Last Thursday afternoon, an old gentleman named Robert Simpson, of Pelham, N. H., while returning from this city met with an accident which resulted in his death. He was in company with one or two other persons, but in attempting to get out of the carriage, he reached forward to take hold of the railing, when from some cause he lost his balance and pitched forward to the ground. Striking upon his head, his neck broke, and death soon followed. He was about seventy-five years of age—*Lowell Courier.*

☞ It now appears that Gen. Scott *never* advised the evacuation of Fort Sumter, but on the contrary, when asked a few days since by a United States Senator as to the evacuation of that Fort, he replied:

"I had rather lose my left arm, yes, my right arm, aye both arms, than have Fort Sumter *evacuated.*"

The fact that no life was lost in the thirty hours heavy firing at Charleston, need hardly excite astonishment when we remember the result of the battle of New Orleans, when, notwithstanding the terrible slaughter of the British troops, who were exposed to the fire of Jackson's men, ensconced behind their cotton bale defences—a slaughter in which the English General Packenham was included—only seven men were killed on the American side, although they were opposed by skilled troops who had learned experience in the wars against Napoleon.

☞ Rev. E. W. Jackson, of Gorham, Me., is about to sail for England, as the representative of the Grand Division of the Sons of Temperance in the United States and British Provinces, to visit the Grand Division of Great Britain. It is a very pleasant and agreeable mission; and he a very fit delegate.

I know the families that have a way of living through everything, and I know the other set who have the trick of dying without any kind of reason for it. I know the years when the fevers and dysenteries are in earnest, and when they're only making believe. I know the folks that think they're dying as soon as they're sick, and the folks that never find out they're sick till they're dead.

MAIL LETTINGS.—The decisions of the Postmaster General on the proposals received for conveying the mails for four years from July 1, 1861, in New York and the New England States, will be announced at the Post Office Department, Washington, on Thursday, April 18, at 10 o'clock A. M.

☞ Godey's Lady's Book for May contains a double extension fashion plate, colored; lady's riding dress and other spring fashions; "Buttercups and Daisies," a superb steel engraving—a merry group of boys and girls. Among the articles will be found "A Great Bargian," by Mary W. Janvrin; "My Forte," by Miss Frost; and "Mr. and Mrs. Rasher," by the author of "Miss Slimmens."

A VOICE FROM THE WEST!

FROM THE CLEVELAND PLAINDEALER.

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS

The celebrated New England remedy for

Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them, pronounce them invaluable.

Dr. JAMES L. LEPERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite. It relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character; "after using a few bottles, I was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, APRIL 18, 1861.

STATE OF NEW HAMPSHIRE.

ADJUTANT GENERAL'S OFFICE,
CONCORD, April 16, 1861.

General Order No. 6.

In pursuance of a Proclamation by the President of the United States, the Governor of this State, in a Proclamation at Concord this day, has ordered the enlistment of one Regiment of Infantry within the State of New Hampshire, to be held in readiness for service whenever called for.

The Regiment will consist of one Colonel, one Lieutenant-Colonel, one Major, one Adjutant, one Sergeant Major, one Quartermaster, one Quartermaster-Sergeant, one Paymaster, one Surgeon, one Surgeon's-Mate, one Chaplain, one Sergeant-Major, one Drum-Major, and one Fife-Major.

Each company will consist of one Captain, one First Lieutenant, one Second Lieutenant, four Sergeants, four Corporals, two Musicians, and sixty-four Privates.

The Officers of the Volunteers will be commissioned according to the laws of the State of New Hampshire.

None under the rank of Commissioned Officers will be received who are under the age of eighteen, or over the age of forty-five.

Volunteers who shall be accepted will be uniformed, armed and equipped at the expense of the State, and their pay will be the same as that of the corresponding rank in the Army of the United States.

Any military company at present existing, or any number of citizens desirous of associating for the support of the laws and the defence of their country, or any individuals desirous of entering upon the service of the United States, are requested to report themselves to this Department forthwith.

By order of His Excellency, the Governor and Commander-in-Chief.

JOSEPH C. ABBOTT,
Adjutant and Inspector-General.

VAIN BOASTING.

This is a common fault. A Montgomery dispatch of April 16 says:

Mr. Stephens, in a speech at Atlanta last night, said it would require seventy five times seventy-five thousand men to in imidate them. It could not be done.

The Southern people say they will suppress Lincoln and Seward's combinations, which is less of a government than ours, and drive Lincoln back to his abode.

This is very tall talking; but really it is no child's play for either party to intimidate or subdue the other. The recent events at the South have really waked up the free States, covered up and obscured party lines, and brought out almost the *whole people* to sustain the Government of the United States, which is threatened with destruction and reconstruction by the above Montgomery item, presuming to speak in the name of the Southern *people*, but really uttering the boast of the leaders only, or of some ignorant dupe.

There can be no doubt entertained now, that the *Union will be preserved*, and the Federal Government administered hereafter as well as ever, and perhaps better.

But it may be doubtful how many of the slave States will desire to stay with us on any terms short of a disgraceful subjection to just such a set of usurpers as make the above foolish boasts.

Such boasters, just flushed with the great victory at Fort Sumter, obtained by 5000 men over 100, and elevated by their after dinner potations, probably did not think, or believe, that the democrats of the free States would rise above party, as they are rising, with one consent.

But a change will come over the spirit of their dreams, when they see the rush of men and money, and understand that men of all parties, sects, nativities, and conditions, make common cause with the government, and stand shoulder to shoulder in a phalanx, not to be broken by any array of traitors or insurgents, which can probably be brought against them.

It is quite foreign to the *proper* spirit of a republic, to *conquer* a State, and hold it as a territory, or a colony,—and the true republican would feel the same repugnance to a conquest of Charleston or Texas, as he would to a conquest of a Mexican city or State!

But it may turn out, that in some States, and perhaps most States, of the new cotton confederacy, the *people* have not yet been heard,—and that when they shall be, they may prefer allegiance to the *old* Union, and not to the new Kingdom.

However this may be, the free States, with such others as may adhere, will certainly be a Country large enough and strong enough for all purposes of happiness and useful progress, though perhaps too small to make so much brag and bluster as we have had.

☞ To-day (Thursday, 18th,) is the last chance to subscribe to the Art Union.

IN MASSACHUSETTS, there was a continuous arrival of troops in Boston, on Tuesday, from different parts of the Commonwealth. Some of the companies were small, not numbering over 25 or 30 men, and others were very full, like one from Lynn, that had 65 uniforms but 117 men. At all the way stations along the railways they were enthusiastically cheered, as they also were in Boston, the enthusiasm hourly increasing. In many places, individuals tendered assistance to the soldiers and their families, and in many instances towns have followed the example of Newburyport, and voted aid. On Tuesday, the city of Lawrence voted five thousand dollars for that purpose.

On receipt of the war news at Lynn, the enthusiasm knew no bounds. Col. Timothy Munroe raised 500 volunteers in addition to the two companies belonging to his regiment. A purse of $500 was raised immediately to start with. Edward H. Ashcroft came forward with commendable liberality and subscribed $100.

A telegraphic dispatch from Lynn says:

Four flags have been flung out in the vicinity of the Central Depot. Twelve hundred dollars have been subscribed for the two companies from this city.

As is stated above, three companies have been called from Marblehead. This is a free draft for one place of moderate size.—The members of these are composed of mechanics and workingmen, most of whom have families. Being thus suddenly called away, and their wives and children deprived, for a time at least, of their support, their situation enlisted the patriotic sympathies of the leading citizens of the town, who, with a promptness and magnanimity worthy of imitation, at once raised a fund to provide for their maintenance. Nineteen hundred dollars were promptly contributed; and the fund will be swelled to $3000.

This relief of families, is one of the best features of the times.

The Boston Post hoists the American Flag over its editorial leader, in which, after regretting the occasion for the army, it says:—

Let the physical force that now ranges itself on the side of the *law* be a worthy representative of that calm repose that is befitting a people conscious of position and conscious of power to maintain it. What individual has this Government oppressed? What State has it injured? What domestic interest has it not benefitted? And then to think of what the American Union has done that shall go sounding down the stream of time as long as the sun and moon shall endure! It is to preserve this that now such an army as men never saw are rallying at the call of the law. It seems as though humanity the world over had a right to demand the preservation of Government here as its last hope. To do this, Massachusetts and her sister States are now gathering in arms: not to oppress a single individual, but to protect all individuals; not to war on a State, but to protect all the States; not to lay waste, but to preserve; not to lay hands on a single citizen who submits to the *law* which he has made.

Massachusetts, in such spirit, commends her precious citizen soldiery to the care of the Constitutional authorities of the nation. It is their duty to join to them a *force so mighty* that disaster shall be an *impossibility*. If there be meaning in the unparalleled uprising of the Union element, it says this to the men in power, in this solemn crisis, or it says nothing. The world never saw, to get down to the root of the matter, a physical force so giant-like as lays dormant in the bone and muscle—the intelligence and patriotism of this nation. Let the authorities summon it forth—it is mercy to do it—with no stinted measure. And when its hand is thus fairly raised, for the sake of old memories, for the sake of the near and dear intertwinings of affection that unite families over our whole land, for the sake of humanity, let the Olive Branch be once more tendered in the utmost spirit of forbearance that dignity and self preservation will permit!

The State of Massachusetts is called upon for four regiments instead of two, the whole to compose one brigade, with a Brigadier General. Three of the regiments are to go to Washington immediately.—The other will be stationed at Fort Monroe, in Virginia.

It is said that B. F. Butler will probably command the brigade.

PATRIOTISM IN MAINE.—*Camden, Me., April* 16.—All parties in this town hoisted the stars and stripes to-day. The democrats cut from their flag the name of Johnson of Georgia, and substituted a strip of black crape. Numbers have offered to volunteer.

Col. Smart, the Democratic candidate for Governor at the last election, says that the Union of all States must be preserved, and that it is worth millions of lives. Maj. Moor of the Custom House has also hoisted the American flag.

Something like this is true at every prominent point in New England, of many leading men of all parties, and most of the papers. Two or the papers only, that we see in New England, seem to be behind the times.

In Bangor, Me., all parties joined,—and Gen. Samuel Veazie has tendered a loan of $50,000 to the State for war purposes, and the Market Bank $25,000.

☞ A rifled cannon, having a range of five miles, has been received in Charleston, S. C., from Liverpool, a present from a Carolinian.

☞ Seventy thousand arms are reported ready for use in the Springfield, Mass., Armory, and will soon be distributed.

WASHINGTON WAR ITEMS.

The dispatch to the N. Y. Times, April 15th, kills the lie about Gen. Scott's difference with the Secretaxy of War and Cabinet.

Gen. Scott spent about two hours with the Cabinet to-day; subsequently, he, with the Secretary of War and Adjutant General Thomas, repaired to the War Department, where they spent several hours together, maturing their plans of operation. No move will be made by the Secretary of War without Gen. Scott's knowledge, and all statements of a difference existing between them, or the President and Gen. Scott, are without foundation.

Gen. Scott remarked to-day that if an engagement took place at Pensacola, they would find it far different from attacking a starved company of seventy-five men with a force of 7000. He thinks an attack on Fort Pickens may prove successful in the end, but says if the fleet, with reinforcements, arrive, it will be one of the bloodiest engagements ever known on this continent. He has an opinion that they will hesitate long before attacking it.

Secretary Chase says that money enough has been tentered already to carry on the government with a raging war for two years. Dispatches are coming in to the President from all quarters, tendering men and money.

Dispatch to the Herald.]—The revolutionists will have quite as much war as they can possibly desire.

The enthusiastic rally of the free States in support of war measures has imparted, both to the President and his constitutional advisers, the strongest possible confidence in a final triumph of law and order over anarchy and revolution.

The insulting of the President's proclamation will, it is said, be followed by declaring martial law in the District of Columbia. The President will take the responsibility. He says he has indubitable evidence that there are a large number of secessionists in the city, and that every precautionary measure must be adopted to resist the influence and crush them out.

WASHINGTON, April 16—10 P. M—We have this hour no positive, reliable news from the rebel States. There is a rumor very generally circulated of an attack on Fort Pickens, but it is not credited.

Secretary Cameron has received an offer of volunteer regiments from Kentucky, and he has accepted the offer. This offer is received with great satisfaction here.—Kentucky will remain true to the Union.

Governor Hicks of Maryland has responded to the call for troops from his State He will send the flower of the militia of Maryland.

No definite answer has yet been received from Virginia.

The arrival of Massachusetts troops is anxiously looked for. The hardy sons of the Bay State will meet with a warm reception from regulars and volunteers.

At the present hour the city is quiet. The most intense feeling exists.

The Massachusetts troops should hasten to their post of destination. The Federal Capital is in imminent danger.

We are ready to defend the city, but need help.

Jim Lane of Kansas has accepted the command of one thousand volunteers.

Gov. Ellis of North Carolina, as well as Gov. Magoffin of Kentucky, peremptorily refuse to comply with the requisition of the President for a quota of troops to defend the Union.

It is doubtful if any border State, except Maryland, will respond to the call, and government, therefore, will need all the men required from the North forthwith.

Agents of the government here are trying to purchase the steamer Peerless, an iron vessel built on the Clyde, Scotland.

Twenty tons of shell and grapeshot were removed from the Navy Yard to Georgetown to-day in, view of a possible attack on Washington from that direction.

The government has directed that no more copies of the Coast Survey be sent to the seceded States.

NEW YORK, April 16.—The National Zouaves of this city tendered their services to Governor Morgan to-day. A regiment of volunteers is forming here, and in Brooklyn, Greenpoint, Jersey City, and other places, the recruiting offices are filled with applicants, both for the army and navy.

Sixteen vessels from southern ports with southern clearance have been seized. Some were fined $100, and others are held.

Ship Andover, from New Orleans, has been seized, the master fined, and the cargo forfeited.

The District Attorney will carry out the law relative to selling arms to maintain the war by the seceded States.

Superintendent Kennedy will order the arrest of all correspondents of newspapers in the seceded States, who send information of the government movements.

ITALY.—Garibaldi continues at Turin, where he was received with the greatest enthusiasm by the people.

The *Officiale Opinione* of Turin publishes an article showing the necessity for the withdrawal of the French troops from Rome, and says that they are there to protect the Pope, but as soon as Italy grants the amplest guarantees for the security of the Pope and the freedom of the church, the mission of France will be fulfilled with dignity by the national army.

The Pope fainted away during service on the 2d, but his indisposition was not serious.

RICHMOND, VA., April 16.—The convention is in secret session. Reporters are excluded.

A dispatch from Gov. Pickens to ex-Gov. Wise, says it is reported that 11 war vessels are lying off the bar, and have stopped the vessels in regular trade.

The Charleston papers express confidence that Gen. Scott will resign.

The Whig hoisted the flag of Virginia this morning.

☞ The foreign born citizens of Boston have held a great Union meeting;—and an Irish regiment will probably be raised there.

MONTGOMERY, April 16.—The Cabinet to-day read President Lincoln's proclamation amid shouts of laughter.

The Secretary of War authorized the statement that 32,000 more troops are to be called out to meet President Lincoln's men.

APRIL.

Half smiles, half tears,
Half hopes, half fears;
Her timid step advancing, then retreating.
Yet while on her capricious way she passes,
She offers gems, the delicate grasses,
And sweet voiced birds trill out her song of greeting.

Such tiny flowers are hiding in the mosses—
Bright children of the sunshine and the rain.
Blossoms more fragrant spring from Joy and Pain,
And Charity is born of Crowns and Crosses.

Half frowns, half smiles,
Capricious wiles
That lure us to rejoicing and complaining.
Her buds are bursting with their fragrant treasure,
Her days are swiftly filling up their measure,
Her silver moon is towards its crescent waning.

COMBINED GLUE AND CEMENT,

For cementing Leather, Pearl, Coral, Glass, China, Stone, Wood, Metal, Marble, Alabaster, Porcelain, Bone, Ivory, Jet, &c. Try it upon everything. It rivals every other Glue in its durability and neatness for the general fine, as well as coarse use of families—and when the articles have become dry, are warranted to break in any other place before they will where the Glue is applied.

DIRECTIONS.—Stand the bottle in a cup of hot water until the Glue is hot; then warm the pieces to be glued, and apply the Glue with a small brush or the end of the finger, and fasten or tie the pieces together, and lay aside until dry.

Price 25 cents per Bottle.

SAM SHARPLEY'S

MINSTRELS,

—FROM—

SHARPLEY'S OPERA HOUSE!

Chestnut street, Philadelphia, comprises the following well known Artists:

PROF. J. H. SADLER,
Leader and Violinist—his correct rendition of the *chef d'œuvre* of the great masters, is only equalled by his inimitable execution of matchless Trick Solos, and Imitations of various Instruments.

W. P. SPAULDING,
The great American Harpist and Banjo Manipulator.

MR. JNO. WILLIAMS,
The pleasing Ballad Singer and Eccentric Comedian.

MR. JAMES LAMONT,
The great Basso Profundo, possessing one of the best bass voices every heard, unequalled for parity and depth of tone. His Solos need only to be heard to be appreciated. His "Old Sexton" is one of the features of the entertainment.

J. H. CARLETON,
Ballad Singer and Violoncellist.

MR. OTIS H. CARTER,
The sweet and powerful Alto Singer, and Delineator of Mission Peculiarities

MR. CHARLES VILLIERS,
Unquestionably the best Fancy Dancer and Burlesque Female Personator in the profession.

DR. JAS. GAYNOR,
Violinist, Banjoist and Comedian.

MR. JOHNNY PIERCE,
Unequaled as Bruddter Bones, delineator and general performer.

MR. J. E. TAYLOR,
Ethiopian Comedian.

H. T. MUDGE,
The Lincolnshire Clog and Jig Dancer.

The whole under the immediate supervision of

MR. SAM SHARPLEY,

Comedian, Banjoist, Tambourinist and Buffo Dancer—the greatest favorite before the public.

A CARD.—The Managers trust the public will not confound the success organization with the many mushroom and itinerant bands of mountebanks that are continually imposing on the public.

THE SHARPLEYS for many years have held the palm of superiority over all companies in the city of Philadelphia and the South, where for the past twelve years they have appeared and been recognized and pronounced by both the press and public, as the *Ne Plus Ultra of Ethiopian Performers.*

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and where great debility exists, take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

To MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

In all cases of Nervous and Spinal affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

For full particulars, get a pamphlet, free, of the agent.

One dollar and six postage stamps sent to any authorized agent, will insure a bottle, containing over 50 pills, by return mail. feb28 daw3m

J. WOODMAN MOSES,

No. 8 Market Street, (West Side,)

apr2 is *Four Doors from Market Sq.*

Local.

A CHARMING BOUQUET of the fair and fragrant "darlings of the forest," — the Trailing Arbutus,—a lovely harbinger of the coming Spring, was brought to us this (Wednesday) morning, by the kind attention of Mr. G. M. Goodrich. We know of nothing that cou'd give us more pleasure, and right warmly do we thank Mr. G. for his courtesy. Coming as they did in the midst of the "spell of weather," they brought visions of "sheltered dells" and fairy nooks, only waiting to be sought, to gladden the eyes of mortals weary of the sight of muddy streets and dirty stone walks.

They remind us of a lovely "bit" we saw in Messrs. Williams & Everett's gallery, Boston, (a delightful lounging place, by the way,) a few days since, and which we always look for when in B.,—a bank, studded with the sweetest, pinkest flowers of the Arbutus, as bright and lovely as if the very genius of Spring possessed them,—a spot fitted for the residence of Titania herself. We presume many of our readers have seen it,—if not, we promise them they will find food for many pleasant memories, by visiting the place.

We wish we could tell of the many lessons these sweet flowers bring us, but we can only invite our friends into our counting-room, to share our pleasure.

RECRUITS COMING IN.—A neighbor informs us that two strangers called at his store last evening, to enquire for the rendezvous, as they wished to enlist in the New Hampshire Regiment. One of them had served in the English service, at the late India War, and the other seen service in Texas. One, an Irishman, remarked that the American flag had protected his people, and they were now willing to stand by it in this trying hour.

☞ That splendid exhibition, Tirrell's California, closes to-night, at the Temple.—Don't fail to improve the last chance to see it. See advertisement.

Besides the Painting, and the eloquent delineation, PROF. FERNALD will furnish excellent vocal and instrumental music.

THOMAS L. TULLOCK, Esq., now Secretary of the State of New Hampshire, has been appointed United States Navy Agent in this city.

☞ "Remember" the Social Entertainment at the Pearl Street Church this evening, advertised in another column. 2t

NEW HAMPSHIRE MOVEMENTS.—Judge Upham and Mr. Gilmore, the present superintendent of the Concord, Manchester & Lawrence Railroad, called on Governor Goodwin Tuesday afternoon and tendered to him the free transportation over those roads of any troops or munitions of war, forwarded by orders of the government from New Hampshire.

It is understood that the State Capital Bank, of Concord, had tendered a loan of $30,000 to Gov. Goodwin to aid in putting down the rebellion.

POST OFFICE THIEVES.—Charles Lord, one of the robbers of Stratham Post Office, was arrested on Monday, the 8th inst., at Great Falls. He and Wm. N. Taylor were carried to Exeter, and ordered to give bonds of $500 each, for their appearance at Court. Taylor procured bail, and Lord was lodged in Exeter jail. Over seventy of the ninety dollars stolen, has been recovered.

☞ The Eastern Railroad has issued an order to all its conductors, reading as follows:

BOSTON, April 16.

SIR—Until otherwise ordered, you will pass *free of charge* in your train, any troops called into public service. J. PRESCOTT,
Superintendent Eastern Railroad.

☞ The N. Y. World thinks that when the stars and stripes went down at Sumter, it was the signal for the elevation of the still undishonored ensign on a million of flagstaffs from Maine to Missouri. When the seventy surrendered to the seven thousand—seventeen millions of people with one voice declared that not a star should be stricken out or a stripe erased from its honored folds.

CONNECTICUT.—At a Methodist church in New Haven, on Sunday last, a writer says, "the organist played the 'Star-Spangled Banner' as an opening voluntary to the close of the sermon. The choir sang in fine style the national ode 'America,' and we doubt not that every heart responded to the sentiment, 'God bless our native land.' At the close of the services the organist played 'Hail Columbia.' As the sounds rolled down we noticed the eyes brighten and the steps firmer, which told that all were patriots."

When Sir Thomas Parkes was pleading against Dr. Sacheverell, the doctor said to him, "I shall pray God to forgive you."—"And while your hand is in," said Sir Thomas, "remember yourself, good doctor!"

☞ Telegraphic orders have been sent South by the owners of New England ships, ordering their vessels away at once from all ports in the seceding States. They don't regard them as safe.

☞ The Irish regiment is to be raised in Boston, forthwith, of 1000 men.

THE WAR

PORTSMOUTH.—An informal meeting of citizens was held at City Rooms Wednesday evening, to consider the War question. The Com. Council Room was filled, notwithstanding the lack of a general notice. The meeting was called to order by Col. Robert Lefavour, and Mayor Simes chosen Chairman, and Wm. H. Rollins Secretary.

Voted, That a committee of five be appointed, to recommend to this meeting a Committee of ten to make arrangements for a Public Meeting, and for the organization of a Company if they deem it expedient.

Messrs. W. H. Y. Hackett, Robert Lefavor, Samuel W. Moses, Daniel Littlefield, and Albert Blaisdell were appointed, who subsequently reported the following Committee:—

Ichabod Goodwin, Peter Jenness, Wm. P. Jones, Albert Blaisdell, H. D. Walker, Daniel Marcy, Robert Lefavour, J. N. Tarlton, Robert Morrison, and Horace Webster.

Voted that the Committee be requested to call a General Meeting of the Citizens to-morrow (Thursday) Evening at Jefferson Hall.

Resolved, that a Committee of three be appointed, to petition the City Government of Portsmouth, in behalf of this Meeting, to make an appropriation immediately, to assist in providing equipments for Volunteers from this State, and towards providing for their families while they are absent. Marcellus Bufford, John P. Lyman, Alexander H. Ladd, Committee.

Voted that a Committee be appointed to ascertain what *Traitors* are now in Offices of trust under the Government in this vivinity, and to notify the Government thereof. J. Wesley Moses and two others were appointed this Committee, but the Secretary mislaid part of his minutes, and cannot recall the other names.

Voted that Charles E. Blunt and Andrew J. Beck be a Committee to wait on the Collector, and request that the American Flag be raised over the Custom House.

Voted, That a Committee of five be now appointed, to appoint a Committee of Safety. Albert Blaisdell, Robert Lefavour, Daniel Littlefield, Thomas Neil, Phinehas Drake, Committee.

Voted, That the bells on the North School house, the North Church and South Church, be rung one-half hour prior to the Meeting Thursday evening.

Voted, That the proceedings of this meeting be published in the Chronicle to-morrow morning.

Adjourned to meet at Jefferson Hall, to-morrow (Thursday) evening.

WM. H. ROLLINS, Sec'y.

☞ Col. William O. Sides has been appointed Recruiting Officer for the N. H. Volunteer Regiment, and is receiving recruits at Union Hall, corner of Market and Hanover streets.

☞ We learn that at a special meeting of the Directors of the Rockingham Bank, held on Wednesday morning, it was unanimously voted that a tender of thirty thousand dollars be made to the Governor, for the use of the State in its present emergency.

BUFFALO, April 17.—There was a large Union meeting here last night, which was addressed by ex-President Fillmore, who said: "This is no time for any man to shrink from the responsibility which events have cast upon him. We have reached a crisis, and no man has a right to stand neutral. Civil war has been inaugurated, and we must meet it. The government calls for aid, and we must give it. Our institutions are in danger, and we must defend them. I think our Southern brethren have made a great mistake in arraying themselves against the government, for fear that it will be improperly administered. If they commence an aggressive warfare, we have no alternative but to defend the government."

Resolutions were adopted, denouncing secession as unjustifiable rebellion, and all engaged in it as traitors.

NEW YORK, April 17.—It is understood that two Union regiments were raised in Baltimore last night.

A dispatch from Louisville says Prentice's Journal is threatened with an attack, but it continues to stand out boldly for the Union.

Volunteers will be accepted from any State whose Governor refuses to respond to the call of the government, and two each from Tennessee, Kentucky and Missouri are expected to-morrow.

☞ Robt. B. Forbes proposes to organize a coast guard corps, of merchants and seamen, with an armed steamer, to be owned by themselves. He says:

I shall be happy to act as the agent of the merchants of Boston to build such a craft without any charge of commission and also to contribute my full share towards her cost—say not less than one thousand dollars.

To every barrel of flour you can make thirty pounds more bread or biscuit (and much better) by using Herrick Allen's Gold Medal Saleratus, than by yeast fermentation or any other Saleratus. It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the grocers sell it. Depot 112 Liberty street, New York. 3tD 1tW a17

Sewing Machines,

would invite especial attention to the same.

THE GROVER & BAKER SEWING MACHINE makes the only seam formed by a Sewing Machine, in which each stitch is independently locked, and without dependence on other stitches for strength, and the only seam that will admit of the thread being cut at every fourth stitch without injury to the seam in wear.

THE GROVER & BAKER SEWING MACHINE is adapted to all varieties of fabrics, sewing equally well the finest Swiss Muslin or the heaviest cloth or leather, and requiring no adjustment for any kind of sewing other than the adaptation of needles and thread.

THE GROVER & BAKER SEWING MACHINE sews from ordinary spools without rewinding, and fastens its own seams, thereby saving time and thread It will sew common spool cotton, silk and linen thread with equal facility.

THE GROVER & BAKER SEWING MACHINE is so simple that an intelligent child of ten years can readily learn to operate it. It is more easily kept in order than any other machine, and need not be taken apart to be oiled.

THE GROVER & BAKER SEWING MACHINE makes the only stitch that cannot be injured by washing and ironing, and the only stitch that forms an elastic and durable seam. Fabrics put together with this stitch may wear out and drop to pieces from original weakness, or hard usage, but come apart or give way at the seams, they cannot; they will hold together when the cloth or calico around them hangs in rags and tatters.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The *wise* man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease:—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES, &c.**, and would say that our experience of more than FORTY YEARS as Importers, is not only a sufficient guarantee for the **Purity of our Goods**, but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wines* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE; and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever.—Persons who require *Pure Liquors and Wines*, in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is refreshing, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of Nature*, and hence never injurious to *stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly exhilarating, powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF ATTENDANT AND FEARFULLY FATAL CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaint, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known; in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous system, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates, it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without a doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and yet skillfully combined from the vegetable kingdom so as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and Young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Sidne.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the best article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and dropsy spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidneys, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and vigor to the pale sickly face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BININGER'S OLD DOMINION WHEAT-TONIC

—FOR—

FAMILY AND MEDICINAL USE.

This natural product of the most nutritious grain, recommends itself as presenting in a concentrated form the *nutritive* properties of Wheat, and has received the highest encomiums from eminent medical authorities, as possessing qualities that are absolutely PATTERNING; its *desiderations* renders it invaluable to those who are suffering from *Consumption, Lung Complaints, Impaired Strength, Lack of Vital Energy*, and all diseases which, in their incipient stages, require only a generous diet, and an invigorating, nourishing stimulant.

Put up in quart bottles, in iron-bound cases of one and two dozen each, and sold by all prominent Druggists, Grocers and Town Agents.

BININGER'S OLD KENTUCKY BOURBON "1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to mention in other characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1848, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaint, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *recruit and strengthen*; while age having contributed its genial charm, and enriched it with a delicious flavor and aroma, the body, it affords a pleasant incentive to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,
(Established 1778.)

15 Greatest Medical Circular Ever Published! Fifteen large letter pages for two 3 cent stamps. 15

DR. JACKSON, HERBERT & CO. are Associated Proprietors of the **National Dispensary**, No. 167 Sycamore street, Cincinnati, established Jan. 1, 1859, for the cure of Private Diseases.

Prof. Egbert Jackson, Dr. Robert Herbert and M. Velpeau. Thorough cures effected with almost incredible rapidity, of Gonorrhea, Syphillis, Gleet, Nocturnal Emissions or *self-abuse*, Impotency, Stricture, Female Diseases, *Diseases Emissions*, in short, every possible form and variety of Sexual Disease, and at the same time the *general health* of the patient improved, where any improvement in that respect is needed.

Our Dispensary Circular, of 15 large 8 in. by 11 in. letter pages, with full and special written Reply, sent promptly, well sealed, to any address for the amount of the postage, six cents! Every young man, married or

SICK OR WELL,

should have one. Also, a Circular intended for ladies only, nine large letter pages, for a 3 ct. stamp. The "Mountain of Light, or Medical Protector," a new book of two hundred pages, one hundred engravings; price, in stamps or money, 50 cts. and one 3 ct. stamp, or 3 for $1 and nine cents in stamps. This book is fully described in our Circular. It is by far the most valuable and deeply interesting book on the subects treated of, now extant; matters heretofore veiled in mystery were merely hinted at, are here fully explained; it contains a full and explicit key to all the secrets of marriage, love and beauty never before

SATISFACTORILY

revealed in any book in the English language.

Dr. Jackson's Perpetual Preventive—*send for Circular.*

Morning Chronicle.

THE WAR FEVER is now at its height in the Northern States, and sweeps all before it. Every State will at once furnish their full quota of men, and be ready for any future calls; and money will come even even more freely than men. The Union feeling in the large cities, as in Philadelphia and New York, is intense, and they threaten all opposed to them. In Philadelphia they would have torn down a newspaper office but for the interposition of the Mayor; and in New York, the Herald office needs the protection of the police. In Providence, also, attacks have been threatened on the Post. All this is wrong. Let everybody publish what they will; subscriptions to newspapers are voluntary. So let everybody say what they will; nobody is obliged to hear them. The laws are sufficient for all practical purposes; and all should remember that majorities, power and public opinion are changeable; those who are up to-day, may be down to-morrow.—*Newburyport Herald.*

Exactly so: and at the same time it is quite edifying to see, that certain papers, and certain men, who have often encouraged mobs to put down a peaceful discussion of important sujects, are now somewhat exercised by mobs themselves; and some, for their own safety, hoist the Union Flag.

The New York Herald holds that the discussion of the right and wrong of our national difficulties, and the constitutionality of this thing, that thing or the other, would be now a mere waste of time. The actual presence of war cuts short all debate and closes the argument. The United States are standing in the attitude of war against the Confederate States, and in this attitude there will be now but one party, one question, one issue, one purpose, in the Northern States—that of sustaining their government.

The Boston Courier subjoins its assent to this view, in these words:

We have no doubt that this is the view entertained by every Union man in New England.

NEW YORK.—In New York, such is the feeling in business circles that the paper which is most notorious for its hostility to the Administration, says:

In the opinion of our leading bankers, a hundred millions, over and above the receipts of the government from customs and land sales, if necessary to defray the expenses of the war for a year from this date, could be readily borrowed in Wall street, at a rate of interest certainly not exceeding that which France and England paid for the money they borrowed for the Russian war. If, for the purpose of bringing the war to an end, and settling this controversy of ours forever, a further sum be requisite, it will be forthcoming. Wall street, so far as we can judge, is ready to sustain the government heartily and liberally.

The advanced price of the United States securities afford a sufficient proof of the truth of the above statements. They are equally true in their application to the business men of Boston, and, so far as we have yet learned, of the entire North.

PATRIOTISM IN BUSINESS.—We learn from a reliable source that the agent of one of our large manufacturing corporations telegraphed yesterday to the agent in New York, not to sell another inch of cloth for military purposes to any one in the seceded States.—*Traveller.*

When Col. Ripley stepped ashore from the Persia at New-York, a gentleman from Boston, said to him, "Your country needs you." "It can have me," responded the gallant soldier, "and every drop of blood in me."

CERTAIN CURE, CERTAIN CURE,
—FOR—
RHEUMATISM AND NEURALGIA.
GARDINER'S
RHEUMATIC AND NEURALGIA COMPOUND
Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.
TESTIMONIALS.
Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am entirely well." D. D. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.
I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entirely cured.—JOHN A. MORDO, Pearl St. House, Boston, Mass.
Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. E. HODGKINS, No. 1 Old State House, Boston.
My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 30 Milk street, Boston.
I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1856, when I was suffering, with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex-Member of Congress from Maine.
TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I beg leave to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound."—After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.
The Rheumatic and Neuralgia Compound has been taken by hunareds of persons for Scrofulous Humors with great benefit.

DO YOU WANT A MUSTACHE?
BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.
The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.
THE STIMULATING ONGUENT
is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.
It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure all pimples, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOW hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.
The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.
Price—One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct, securely packed, on receipt of price and postage, $1.18. Apply to or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.
This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonics* and *stomachics*, and cannot fail to meet the wants of the debilitated.
It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.
For diarrhea, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.
One of the very best Physicians in Boston has said "*but it is the best preparation of Bitters that has ever been offered to the public.*"
Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.
For further particulars reference is made to the printed circulars.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, APRIL 19, 1861.

THE NEWS.

Speculations must give place to facts, at this moment. We could easily fill a paper twice as large as the Chronicle, with details of the rush of men and means, from every quarter of the free States, toward the national army and treasury.

Our own city spoke last evening;—the stars and stripes are floating all around, and recruiting goes on well.

In the whole State of New Hampshire, there is a feeling like what we have stated above. Hon. Josiah Quincy, an eminent democrat of Rumney, publishes a letter in the Boston Journal, in which he says:

But now our country demands and must have *entire unanimity* in support of the government, and the measures it has or may adopt to sustain our laws and institutions. I believe the appeal now made by the President will be nobly responded to by my Democratic brethren *here* and elsewhere.

The cotton confederacy is also raising men and money;—and it finds much sympathy in the border slave States.

Mr. Davis, the president of that confederacy, has issued a proclamation inviting *privateers* to prey on northern commerce, signed by himself, and countersigned by Robert Toombs. In this proclamation, he says:

I do moreover solemnly exhort the good people of the Confederate States, as they prize the *blessings of a free government*, as they feel the wrongs of the past and those now threatened in aggravated form by those whose enmity is more implacable because *unprovoked*, that they exert themselves in promoting concord, &c.

We put a few words in *italics*, which need no comment, except what the reader will make for himself.

Delaware and Maryland stand apparently well, and send their troops.

The Governor of Missouri refuses to send any.

The New York Herald, of Monday, says:

In a commercial point of view, much depends on the course of the border States. If Virginia secedes and the other border slave States follow, the war will probably be long and disastrous. If, on the other hand, the border slave States should remain faithful to the Union, the prospect, in the opinion of our moneyed men, is, that the war would be short.

A CHEERFUL VIEW OF GOVERNMENT.—De Bow's Review, the leading southern authority on philosophy, political economy, and the service of government, says:—

"*All government begins with usurpation, and is continued by force.* Nature puts the ruling elements uppermost, and the masses below and subject to these elements. Less than this is not a government. The right to govern resides with a very small minority; and the duty to obey is inherent in the great mass of mankind."

The italics are in the original article. That must therefore be regarded as a fundamental principle of the new government. The confederate authorities seem to be acting up to it faithfully.

☞ The following, from the New York Times, shows what has been gained by holding on to Fort Sumter to the latest moment:

"It was important that Fort Sumter should be retained, as a point upon which to concentrate the military strength of the rebels, securing to the President precious hours in which to concentrate his forces upon more important and menaced points. To abandon it would instantly relieve a large force to operate against Washington and Fort Pickens. To hold this force inactive till they could be reinforced in a manner to defy attack, was a master-stroke of policy, and does credit even to Gen. Scott's military reputation."

☞ The fine upon all vessels arriving from ports in the Confederated States, of $100 for lack of regular clearance papers, is now inevitably exacted. Sixteen vessels were compelled to pay it at New York on Monday. In the case of the ship Adowner, from New Orleans, the vessel was first fined one hundred dollars, in consequence of not having the proper clearance. As there happened to be a cargo of hides on board, which the customs officials considered could not be the legitimate exportation of the port of New Orleans, but must have been sent there in *transits* from Mexico, and as the master of the vessel could not produce the proper papers in accordance with the above clause, the hides were seized, and the seizure was yesterday before the Collector for adjudication. It was subsequently asserted that the value of the foreign goods greatly exceeds eight hundred dollars; therefore the vessel was ordered for seizure, and will doubtless be sold.

THE DUTY EXCEEDING THE COST AND CHARGES.—A curious case of the duty exceeding the value of the goods, was disposed of in New York on Monday. There were entered two shipments of Santa Cruz rum. The invoice value of one, including all charges and 2 1-2 per cent. commission, was $1882; the duty was $2565; the quantity was 575 gallons. In the other case, the value, &c., was $2236; the duty was $3040, the quantity 660 gallons. In both cases the duty exceeded the whole value of the goods by about 33 per cent.

NEW YORK WAR ITEMS.

NEW YORK, April 17.—It is reported that A. T. Stewart has offered a million of dollars to the government.

Marshal Rynders was knocked down on Monday by Deputy Sheriff Reilly, during an argument, in which Rynders espoused secessionism. He struck Reilly, who felled him to the ground.

The Express says it has reliable information that 49 persons were killed and 130 wounded in Fort Moultrie.

A special Washington dispatch to the Post says: "It is rumored on good authority that the secessionists of Virginia have just seized Harper's Ferry Arsenal. There is no confirmation of this report as yet.

A special dispatch to the Tribune says it is distinctly announced, on southern authority, that as soon as the secession act is passed by Virginia, the Navy Yard at Norfolk is to be seized.

A rumor which is credited at the War Department is that Fort Pickens has been attacked.

The city military is mustering to-day.

It is reported that Virginia has adopted a secession ordinance, only eleven voting against it, but it will have to be ratified by the people. The convention will demand possession of the Forts and Navy Yards.

There is an excitement in Alexandria, caused by the report that Roger A. Pryor had been seen there. If found, the federal officers will take charge of him.

Sherman's Flying Artillery and four companies of mounted rifles will arrive here tomorrow.

The Post says the Cabinet is in session. Trouble is expected at Norfolk.

C. L. Vallandigham is reported to have been mobbed in Dayton, Ohio, for talking treason. He was driven out of the State.

It is believed that the secessionists of Virginia will make an attempt to seize the federal property in that State immediately.

Ohio sends fifty thousand men.

A special Washington dispatch says Gen. Scott is entirely satisfied with Major Anderson's conduct.

NEW HAMPSHIRE ITEMS.—*Nashua*, April 17.—This afternoon the Republicans and Democrats assembled in large numbers about their respective flag poles, near the City Hall, for the purpose of raising the flag of our country. At a given signal the Star Spangled Banner was simultaneously thrown to the breeze from each. They were greeted with cheers as they rose. The crowd then assembled in front of the City Hall, when union and military speeches were made by leading men of all parties.

Concord, April 17.—Our citizens are responding promptly to the call of Gov. Goodwin for enlistments. The recruiting officer of this city has opened an office in the Phenix Block. He is completely overrun with volunteers. Great enthusiasm prevails. Our more wealthy citizens who are too old to enlist, come forward and freely offer large amounts of money to help keep the ball in motion.

Dover, April 17.—A recruiting office was opened at the City Hall to night. A large crowd is present. Strong, able-bodied men are enlisting as fast as two Justices can make out the papers. Dover will fill her company of 75 men to-night.

☞ The Boston Post of Thursday says:

Think of one hundred millions of money tendered to Government. Flush times for Secretary Chase.

The same paper says in another article:

But alas! for the rising bravado! The telegram tells how Alexander H. Stephens says that seventy-five thousand times seventy-five thousand men cannot intimidate him. The multiples are sufficiently large, but the product is gas. Who wants to intimidate? The men of the South are brethren of the men of the North. It is preposterous for either to talk of intimidation, or of conquest, or of anything but the grand old self-government still for each and all the States. When such is the fact, is it too late to stay the hostile bands?

The Boston Courier hoists a very large Union flag, postponed all minor quarrels till the war is over,—and gives a most scathing editorial history of the swindles about Texas.

The Philadelphia Bulletin of Monday announces the following:—

"We learn this afternoon, from a good and responsible authority, some particulars concerning the vessels sent to Charleston, which are important.

The vessels sent were only the Pawnee and the Harriet Lane. The instructions were that the Harriet Lane should enter the harbor and furnish supplies to Fort Sumter. If fired on, she was to withdraw.

The government has information that she was fired upon, receiving a shot in her side. She then retired over the bar, where the Pawnee remained.

Major Anderson's instructions were, that if he should be fired on he should return it; but that he should not fire on Charleston, and should avoid, as much as possible, any injury to private property.

The fleet of war vessels and transports sent from New York was destined for Fort Pickens, the Pawnee and the Harriet Lane being the only ones ordered to Charleston. They will be sufficient to maintain a blockade."

DELAWARE FOR THE UNION.—Delaware is responding to the Union movement with vigor and earnestness. One of the largest meetings ever gathered in the State was held at Wilmington, Wednesday, and passed resolutions severely denouncing Senator Bayard for his anti-Union course.

☞ Joseph Gilman is appointed U. S. Marshal in New Hampshire.

Robert S. Murray, Marshal in New York, vice Rynders.

BALTIMORE, April 17.—Do not think there is any truth in the rumor that Harper's Ferry has been seized. There is a company of regulars there.

SOUTHERN WAR ITEMS.

MONTGOMERY, April 16.—One man has taken a share in the $155,000 in gold, at par. There will be from 75,000 to 100,000 men in the field in thirty days. The government is *likely* to get a large amount of money from European ship builders.

MONTGOMERY, April 17.—Tenders have been made for letters of marque and reprisal.

AUGUSTA, GA., April 17.—Sales of cotton in the southern markets are small, there being but little offering. Holders demand an advance.

Mr. Lincoln's proclamation was condemned and ridiculed. Many consider the offers of northern volunteers as mere *gasconade*, but hundreds of regiments and batteries are forming in the South, to meet the northern volunteers. An unparalleled war spirit is aroused in the South. Men and means are freely and lavishly offered. It is believed impossible to subdue it short of a Waterloo conflict.

LEXINGTON, KY., April 17.—Mr. Breckinridge writes to a friend that Kentucky should call a convention without delay, and that Lincoln's extra session of Congress should be confronted by fifteen States.—This alone can prevent a general civil war.

The abhorrence at Mr. Lincoln's proclamation is immense among the people. Mr. Breckinridge speaks here to-morrow night and in Louisville on Saturday.

CHARLESTON, April 17.—Nothing of local interest here. There is some excitement about Virginia. If she secedes it is supposed troops will be sent from South Carolina. None will go before.

WANT OF PROVISIONS IN ALABAMA.—A correspondent writing to us from Enfala, Ala., under date of April 4, says:—"Provisions here are exceedingly high and scarce. It is a humiliating fact that Alabama has seceded from the United States, and has not the means to support herself. She is compelled to get her supplies from Louisville, Ky., and Evansville, Ind., to keep from starving. This is literally a fact. I am glad that the old North State has not consented to secede, and I hope she never will under the pretext that the cotton States have. I must say that so far, as I understand the policy of the Confederated States, I have no taste for it; and should things thus continue, I will leave the Confederacy and return to my native State."—*North Carolina Standard.*

NEW YORK, April 17.—A special dispatch to the Herald from New Orleans today says: "Gen. Clark of Mississippi passed through to-day, *en route* to organize and put in the field 4000 men. He reports that no attack will be made on Pensacola for the next ten days. English vessels are receiving freight to England at 7-8d, while American vessels are refused at 3-8d. Northern ships have cleared in ballast for eastern ports. Several which arrived at the bar have been ordered North."

☞ The Union men in Tennessee, Virginia, and Missouri are by no means disheartened and re-assert their determination to furnish the quota of those States.

RICHMOND, VA., April 17—5 P. M.—The ordinance of secession has not passed the convention, which is still in secret session. Nothing certain is known of its doings.

☞ Virginia bonds have fallen more than 20 per cent. in as many days. They were down to 57 1-2 on Tuesday.

VIRGINIA.—A telegraphic report from Virginia, received this morning, that the Virginia Convention, which has been in secret session for a day or two past, had finally voted not to secede, was received here with great pleasure. Palmer's News Room says the majority against secession was seven.—*Traveller.*

WASHINGTON WAR ITEMS.—*Washington, April* 17.—Gov. Sprague has been telegraphed to come here with the Rhode Island troops immediately.

Additional volunteer companies were mustered into service to-day by the War Department. Others are forming to offer their services to the government.

There is no truth in the report that Jefferson Davis is in Richmond.

The President is determined to suspend the consideration of appointments, and devote his time to the preservation of the capital.

The Charleston correspondent of the Philadelphia Enquirer has arrived here, having been imprisoned by the authorities of that city. He was released on the demand of the British Consul, who claimed him as a subject of the Queen, and sent him here as bearer of dispatches to Lord Lyons, with a passport countersigned "Governor Pickens."

DISUNION PAPERS MOBBED.—*New York, April* 17—3:15 *P. M.*—A mob has just gone down Wall street to the office of the Journal of Commerce to enforce mob law or have an American flag hung out.—The Express and Day Book complied under the same terms.

3:30 *P. M.*—The Journal of Commerce saved their building by displaying an American flag. There is great excitement.—The editor of the Day Book was saved from violence by the police.

☞ The Cushing Guard, with ranks entirely full, started from Newburyport, Thursday morning, for Washington or Fort Monroe, Va.

FROM OHIO.—*Cincinnati, April* 17.—The Chief of Police this morning seized thirty boxes of guns on the steamer Ohio, marked for Little Rock, Arkansas, and Memphis, this morning. There was a great crowd on the landing, and the excitement was high. The guns were shipped at Parkersburg, Va., and are supposed to have come from Harper's Ferry. Heavy shipments of powder were also stopped.

All steamers have been prohibited from taking provisions to the South. The city has chartered two steamers to act as police boats to stop and search all passing steamers.

A large consignment of bacon for Charleston via Nashville was taken off the steamer Glenwood, this morning. The excitement is intense. More volunteers are offered than can be accepted.

AID AND COMFORT.—The Rockingham Bank of this city has tendered to Gov. Goodwin, for the use of the State, a loan of thirty thousand dollars;—and the Piscataqua Exchange Bank of this city offer a similar loan of fifty thousand dollars.

Hon. John McDuffie of Rochester, has also tendered a loan of $10,000 to the Governor for the same purpose.

The Presidents of the Eastern, Boston & Maine, and Portland, Saco and Portsmouth Rail Roads, have tendered the free use of their respective roads for the conveyance of troops and munitions of war.

PORTSMOUTH MOVEMENTS.—In our city, the ringing of bells, the firing of cannon, the rolling of drums, and the fluttering of flags, as well as the general commotion of everybody, in our streets, on Thursday—show that old Portsmouth is aroused, excited.

Telegraphic dispatches being received in Portsmouth on Thursday, to the effect that a majority of the Virginia Convention voted *against* secession: a subscription was raised, and a salute fired of 34 guns, in honor of the Old Dominion.

Col. Sides is rapidly receiving enlistments; and marched his Company of recruits to the scene of the salute.

The Citizens' Meeting at Jefferson Hall was a rouser, and proved that the spirit of '76 is *not* extinct.

Mr. T. J. Coburn of the Rockingham House, has tendered $3000 to Gov. Goodwin for the use of the State in equipping the troops.

Mr. Wm. R. Preston, apothecary, of this city, is to present a full furnished Medicine Chest to the New Hampshire regiment.

WASHINGTON, April 18.—An association of men who were engaged in the last war have volunteered their services.

The number of volunteers mustered into government service here is twenty-four companies, embracing altogether two thousand one hundred and sixty men. The government has issued overcoats and blankets for them.

The rumor of impending disturbances at Baltimore if Northern troops pass through that city, may cause their embarkation in steamers. Gov. Hicks has advised this course.

Messrs. Carlisle and Dent, conservative members of the Convention from Northwestern Virginia, arrived here this morning on their way home, and their remarks confirm the report that a secession ordinance was agreed on yesterday.

Superintendent Barbour, of Harper's Ferry, who is a secessionist member of the Convention, telegraphs insisting on the acceptance of his resignation.

NEW YORK, April 18.—A special dispatch to the Times states authoritatively that Major Anderson implicitly obeyed instructions at Fort Sumter.

The Times prints an extract from a letter dated Wilton, Florida, twenty miles from Pensacola, April 11, which states that ten thousand men are before Fort Pickens, and determined to attack it that night. A postscript to the letter, at six in the evening, says there has been heavy cannonading for the past four hours at Pensacola.

The Herald says that the Charleston correspondent of the Times was saved by the British Consul, protecting him, and threatening to send for an English fleet if he was not speedily released, as he was a British subject. He was released and furnished with a passport.

Reports from Virginia to-night state that it is impossible to pass the secession ordinance, and that a vote had been taken showing a majority against it.

WASHINGTON, April 18.—There are exciting reports about from Harper's Ferry, that there have been a seizure there of a large amount of government arms.

The impression of the authorities is that Virginia has seceded.

PHILADELPHIA, April 18.—A special dispatch to the Bulletin says that the War Department has received a dispatch from Harper's Ferry, stating that the Arsenal, with fifteen thousand stand of arms, has been seized by the Virginia troops.

The track of the Baltimore and Ohio Railroad, on each side of the town, has been torn up.

Governor Letcher telegraphs to the Department, refusing to furnish troops, saying, "Virginia will fight back."

WASHINGTON, April 18—Noon.—A government messenger has just arrived from Pensacola. There seems to be no doubt but troops have been landed from the Brooklyn at Fort Pickens.

TORONTO, C. W., April 18.—In Parliament last night, Mr. McDougal stated that if the existing evils, in consequence of a union with Lower Canada, were not remedied, an alliance will be made between Upper Canada and the Northern States.

WASHINGTON, April 18.—It is stated in financial circles, as coming direct from authority, that government has advices that Harper's Ferry is in the hands of Virginia.

NEW YORK, April 18.—The Massachusetts Sixth Regiment arrived here at eight o'clock this morning. They were received with great enthusiasm, not only here, but all along the route.

They are breakfasting at the Metropolitan Hotel, and are all well and in excellent spirits.

WILMINGTON, Del., April 17.—The secessionists here are overawed by the prevailing Union sentiment. They planned the organization of a company to be armed with rifles from the Military Academy for the seizure of Fort Delaware, which has been taken by the government. The project has fail-ed.

☞ Dr. Mark F. Wentworth of Kittery, it is said is to displace Virgil D. Parris as Storekeeper; and Howard Cutts of Kittery, is to succeed S. B. Allen as Clerk of the Yard

THE VERY LATEST.

BOSTON, 10 Thursday night.

(By Telegraph to Chronicle from Agent of Associated Press.) 400 troops were enlisted at Concord to-day; and the Regiment is expected to be filled up by Saturday.

Judge Berry, the Governor elect, is obtaining recruits.

Major Anderson arrived at New York Thursday afternoon and was enthusiastically received. Capt. Doubleday makes a statement, showing that Major Anderson did his whole duty as a soldier and a man.

In Baltimore, on Thursday, the Secessionists raised a flag and fired cannon. The flag was torn to pieces by the crowd, and the cannon spiked and thrown into the river.

Up to this hour we have nothing confirmatory of the reports from Virginia received during the day.

NEW YORK, April 18.—Steamship Baltic, from Charleston bar, anchored off the Battery at 1 o'clock. She had the flag of Fort Sumter flying from her mainmast head, and a flag from Fort Moultrie from her foremast.

The Pawnee did not arrive at Charleston until after the surrender.

The fleet was rendered useless to Fort Sumter by a violent gale from the southeast.

The following soldiers were wounded by an explosion of powder while saluting the flag:—John Livarer, of the Engineer Corps; John Erwin, James Hayes and Geo. Prichard, of the Artillery.

The Baltic also brings 300 recruits and officers which she took out.

The Harriet Lane left for New York with the Baltic.

The Powhatan was not nor has she been at Charleston.

The Pawnee and Pocahontas have gone to Norfolk with their troops.

S. J. COURT—EXETER.

WEDNESDAY.

The jury in the case Cilley v. Willey returned a verdict for Plff., for $4.13 over and above the amount confessed by Dft.

121—Maynard v. Curtis & Trustees was commenced Wednesday, and occupied the day. The question on trial is as to the liability of the Trustees. Tuck & French for Plff., Bell for Trustees.

F. O. French, Esq. recently of New York city, and now a partner of Hon. Amos Tuck, was admitted to the bar of this county.

CORRECTION.—In our court report of criminal cases, the name of Wm. H. Rogers appeared, as pleading not guilty to a charge of riot. At Mr. Rogers's request, we correct the error. He was not in the riot at all, and has not been accused of it,—but the error doubtless occured in the News Letter, from which we copied that part of the report,—the compositor mistaking one name for another.

☞ The fine ship "City of Montreal," Capt. Bliss, sailed from this port on Thursday afternoon, for Montreal, in honor of which city she is named.

TEACHERS' INSTITUTE,

A Session of a Teachers' Institute will be held in PLAISTOW, commencing MONDAY, April 29th, and continue two weeks.

TEACHERS.

Rev. B. G. NORTHROP, Saxonville, Mass.
Rev. HARRY BRICKETT, Pres. of the N. H. Board of Education.
JAMES C. SHARP.

Teachers, and friends of Education generally, are invited to be present.

My experience the past winter has shown me that, other things being equal, the best teachers are those who are in the habit of attending Institutes, while those who *crook* the loudest against them, are evidently those who *need* their discipline the most.

Board at a reasonable price can be secured by applying to Mr. SHARP, Plaistow, late Com. of Schools. W. S. ABBOTT,

Raymond, April 16, 1861. Com. of Schools.

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

TO MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

In all cases of Nervous and Spinal affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

For full particulars, get a pamphlet, free, of the agent.

One dollar and six postage stamps sent to any authorized agent, will insure a bottle, containing over 50 pills, by return mail. feb23 dawâm

THE CITIZENS' MEETING.— The meeting of citizens, duly called by the Committee for that object—and held in Jefferson Hall at half-past seven o'clock Thursday evening, for the purpose of giving aid and countenance to the support of government, law and order in the nation: was very largely attended, and the feeling exhibited was enthusiastic and patriotic. Owing to the incompleteness of the arrangements, the sickness of some speakers and the absence from town of others; and especially to the interruptions of a few, a very few traitorous secession sympathizers, the results aimed at in getting up the meeting were not all fully attained—though of course the work will now be done in some other way.

The Meeting was called to order by Robert Lefavour, Esq.; Hon. William Simes chosen Chairman, and Albert H. Hoyt and William H. Rollins, Secretaries.

A preamble and resolutions, expressive of the objects of the Meeting, and of devotion to, and determination to uphold, the Union, Constitution and laws, were offered by the Committee appointed at a prior informal meeting, and were adopted.

A resolution was adopted, that ample funds be raised to provide for the wants of our soldiers who go to defend liberty and right, and of the families they leave behind. And the following Committee appointed to carry it into effect—with power to fill vacancies:—

A. L. Jones, Peter Jenness, H. D. Walker, J. Goodwin, Albert Blaisdell, Daniel Marcy, Robert Lefavour, Jas. N. Tarlton, Robert Morrison, Horace Webster.

A petition to the City Government, (which meets this, Friday, evening,) to appropriate money for similar purpose, was also adopted.

Earnest and heartfelt addresses, pertinent (most of them) to the time and the occasion, were made by J. W. Emery, A. H. Hoyt, M. Bufford, H. D. Walker, A. L. Jones, Wm. B. Russell, A. J. Penhallow, Chas. Robinson, I. Kimball, A. J. Beck.

The Hall was crammed and crowded, the whole evening, and many could not gain admission; and the deep interest which all classes manifest, shows that old Portsmouth is not a whit behind any of her sisters in devotion to her country. We regret that we have absolutely neither time nor room for further details this morning.

HANG OUT YOUR BANNERS.—*Messrs. Editors:*—In view of the threatened aspect of our country, it behooves every true patriot to march boldly forth and express his devotion to our National Flag. Allow me to suggest the propriety of every true lover of the Union, to display from his house, his workshop, and whatever premises he may occupy, the glorious stars and stripes; nail it to the house-top, and there let it remain, until it shall be respected and protected throughout the length and breadth of this once happy land. God bless our Union! Let the brand of *traitor* rest upon every one breathing the thought of secession or disunion. Let us stand shoulder to shoulder and defend the rights so dearly purchased for us by the blood of our forefathers; and if duty calls, leave father, mother, homes and families in defence of our country in this her hour of need. P.

☞ It will be seen that Mr. Small, who has been very successful in the Photographing business here, has sold out his fine Rooms in Exchange Block, to Messrs. Davis Brothers, who are well known in all this vicinity, as courteous gentlemen and skillful operators.

MINSTRELS.

—FROM—

SHARPLEY'S OPERA HOUSE!

Chestnut street, Philadelphia, comprises the following well known Artists:

PROF. J. H. SADLER,
Leader and Violinist—his correct rendition of the *chefs d'œuvre* of the great masters, is only equalled by his inimitable execution of matchless Trick Solos, and Imitations of various Instruments.

W. P. SPAULDING,
The great American Harpist and Banjo Manipulator.

MR. JNO. WILLIAMS,
The pleasing Ballad Singer and Eccentric Comedian.

MR. JAMES LAMONT,
The great Basso Profundo, possessing one of the best bass voices every heard, unequalled for purity and depth of tone. His Solos need only to be heard to be appreciated.—His "Old Sexton" is one of the features of the entertainment.

J. H. CARLETON,
Ballad Singer and Violoncellist.

MR. OTIS H. CARTER,
The sweet and powerful Alto Singer, and Delineator of Milesian Peculiarities.

MR. CHARLES VILLIERS,
Unquestionably the best Fancy Dancer and Burlesque Female Personator in the profession.

DR. JAS. GAYNOR,
Violinist, Banjoist and Comedian.

MR. JOHNNY PIERCE,
Unequalled as Brudder Bones, delineator and general performer.

MR. J. E. TAYLOR,
Ethiopian Comedian.

H. T. MUDGE,
The Lancashire Clog and Jig Dancer.

The whole under the immediate supervision of

MR. SAM SHARPLEY,

Comedian, Banjoist, Tamborinist and Buffo Dancer—the greatest favorite before the public.

A CARD.—The Managers trust the public will not confound this matchless organization with the many mushroom and itinerant bands of mountebanks that are continually imposing on the public.

THE SHARPLEYS for many years have held the palm of superiority over all companies in the city of Philadelphia and the South, where for the past twelve years they have appeared and been recognized and pronounced by both the press and public, as the *No Plus Ultra of Ethiopian Performers.*

STRONG TESTIMONY.

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & Co., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS,—*Dear Sir*—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & Co., Troy, N. Y.,) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I feel so much pleased to recommend the article, personally, on any and every occasion, as I know it has merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years' experience* of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

Morning Chronicle.

MUNCHAUSENS.—The Charleston Courier sends out a frightful story that "sixty-three thousand enrolled militia and ten thousand volunteers, armed and equipped and organized," are ready to meet the government at any point in South Carolina. It seems a pity to spoil so good a story, but by the last census (1860) the State of South Carolina has but forty-seven thousand white citizens above the age of eighteen years. The Southern States long ago declared the census a humbug. They will be more convinced of it than ever.—*N. Y. Evening Post.*

Very much besides the census at the South, in these times, is of the humbug sort.

☞ A burglar in Brooklyn, who attempted to force his way into a house through a back window, the lower sash of which he had raised, slipped from his foot-hold, and the sash coming down caught him by the neck, and he had to rear for help to avoid strangulation. The alarmed family called a policeman, who marched the rascal to the station-house.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your stomach deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some ill of sickness is creeping upon you, which should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. There, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, epidemics by the dozen prevail. Take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true in regard to this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Ayer's Cathartic Pills will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR SIR, AYER: I cannot answer you what complaints I have cured with your pills better than to say all that occur treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, PA., May 1, 1852.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their tonic effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I am acquainted with. I cheerfully rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D.C., 7th Feb., 1854.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their purgating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of Public Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Grant, Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their action is certain, but mild; they make them an excellent remedy, when given in small doses for bilious dysentery and diarrhœa. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in Chicago. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and feel them an excellent purgative to cleanse the system and purify its fountains of life and health.

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness*. If others of our fraternity have found them as efficacious as I have, they should be more than willing to bear testimony in their behalf for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the prolificmother of others that are more dangerous. Your medicines do virginate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper crisis with your marvellous influence, obviate the suffering when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not inform you of the fact. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the careless and ignorant manner that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revitalizing, exhilarating, and strengthening to the vital powers. It also revives, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act as perfectly upon *with the laws of nature, and cleanse and the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughbred powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY PAINFUL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, hide their sorrows to a premature grave rather than let their condition be known; in, time, the latter are often so mixed up with the excitement of business that it it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St. Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL—It is recorded in the classics that Peyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as a glass of wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and create an appetite for food. If can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of the Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and Young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is represented to be. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it without doubt is the first article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilirates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will immediately revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately be happy and invigorating effects of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.

One dose will remove all Bad Spirits.

One dose will cure Heartburn.

Three doses will cure Indigestion.

One dose will give you a good appetite.

One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receive the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are severely afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headache, sickness at the stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy; remove all obstructions and irregularities from the menstrual cause, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts. $1.

BININGER'S OLD DOMINION WHEAT-TONIC

—FOR—

FAMILY AND MEDICINAL USE.

This natural product of the most nutritious grain, recommends itself as presenting in a concentrated form, the nutritive properties of wheat, and has received the highest encomiums from eminent medical authorities, as possessing qualities that are absolutely EXTRAORDINARY; this *desideratum* renders it invaluable to those who are suffering from *Consumption, Lung Complaints, Impaired Strength, Lack of Nervous Energy*, and all diseases which, in their incipient stages, require only a generous diet, and an invigorating, nourishing stimulant.

Put up in quart bottles, in iron-bound cases of one and two dozen each, and sold by all prominent Druggists, Grocers and Town Agents.

BININGER'S OLD KENTUCKY BOURBON "1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to mention in detail the characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1849, and manufactured expressly for us, it is now offered to the public as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaints, General Debility, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *recreate* and *strengthen*; while age having contributed its genial charm, and enriched it with a delicious flavor and an oily body, it affords a pleasant incentive to persistency or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,
(Established 1778.)

WHISKEY DESTROYED IN AN INDIAN SETTLEMENT.—The Sioux City Register of the 9th says that a large quantity of whiskey had been destroyed at a place called Brown's Ranch, in Dakota, by order of Col. Redfield, agent of the Yankton Sioux. The whiskey was being sold in large quantities to the Indians, hence the course of Col. Redfield. To the violation of the U. S. liquor laws, may be traced nine-tenths of the depredations committed by the Indians.

THE MICHIGAN LIQUOR LAW.—The prohibitory liquor law of Michigan has been amended by placing beer in the same category with domestic wines and cider, restricting their sale to five gallons of the former and one of the latter, to be carried off and not drank on the premises. All domestic wines must be made of fruits grown in Michigan, whether currants, grapes, blackberries or seeds. All foreign and intoxicating liquors are prohibited under severe penalties.

OPPOSITION TO MANUFACTURES AT THE SOUTH.—The Southern Confederacy warns the people against the "delusion of being a manufacturing people, which ambition seems to fill the minds of many misguided people of the South at this time. Now we have no broad riots, no workingmen's associations, and no disturbing element among us. If we get to spinning cotton and making notions on a large scale, we shall have all these evils."

☞ A young man named Robert H. Boyd, who resided in Cato, Cayuga county, N. Y., while hunting snipe on the 3d, sunk beyond his depth and was suffocated in the soft mud adjoining a pond. Several of his comrades shaved the same fate in their efforts to extricate him.

EXPLOSION OF CAPS.—An explosion occurred in the percussion cap and primer factory at South Coventry, on the 11th, destroying as near as can be estimated, 100,000 of the finished primers. No person was injured.

A BALLOONIST VOLUNTEERS. — Mr. James Allen, of Providence, the distinguised aeronaut, has offered his services to the Government to reconnoitre with his balloons.

WHITE SUGAR.—Dr. Lecœur, of Coen, says he has found in white sugar as efficacious a remedy for drunkenness as ammonia. No rationale has as yet been adduced for the action of so simple a substance as sugar, except that it serves to bring on a different fermentation than the existing one in the stomach; and to neutralize, by the formation of new compounds, the action of the liquor.

DISCOURAGING.—A few years ago the Virginia bonds were selling at 115. Her wavering attitude and secession proclivities caused her bonds to fall to 57 on Tuesday, and Wednesday they sunk to 47. Comment is needless.

A VOICE FROM THE WEST!
FROM THE CLEVELAND PLAINDEALER

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS

The celebrated New England remedy for
Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.

Dr. JAMES L. LEPEERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself, having taken cold, become prostrate, and lost my appetite. It relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character; "after using a few bottles, I was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. R. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

RHEUMATISM AND NEURALGIA.

GARDINER'S
RHEUMATIC AND NEURALGIA
COMPOUND
Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.
Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am cured well.—D. D. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entire ly cured.—JOHN A. MORDO, Pearl St. House, Boston, Mass.

Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. B. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 99 Milk street, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1856, when I was suffering, with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex Member of Congress from Maine.

TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I feel bound to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound."—After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.

The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

BELLINGHAM'S
Celebrated Stimulating Ongnent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world renowned article.

THE STIMULATING ONGUENT
is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one weeks use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.
This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic* and *stomachic s*, and cannot fail to meet the wants of the debilitated.
It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.
For diarrhœa, dysentery and cholera morbus, the public may rest assured there is not can be any better general remedy.
One of the very best Physicians in Boston has said "*but it is the best preparation of Bitters that has ever been offered to the public.*"
Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.
For further particulars reference is made to the printed circulars.

Portsmouth, N. H.

SATURDAY, APRIL 20, 1861.

ARM, ARM,—YE BRAVE.

War is inaugurated;—it exists by the act of conspirators to subvert the National Government. The clarion of war calls the hardy and brave freemen of the North to arms! From our mountains, our plains and valleys they respond to the call. We come, with our military armor girded on, resolved to defend and uphold the Republic; and upon the altar of Liberty we swear that we will never surrender, 'and scorn to survive if unable to save.' Rome had her Catalines, her infamous conspirators banded together for the subversion of that republic. But how surpassingly strange it seems to be, that in the fairest republic upon which the light of heaven ever shone, when from its origin but three score years and twelve their course have run,—without even the pretext of any justifiable cause, a more numerous band of Catalines should rally around the standard of rebellion with the treasonable intent to put an end to the priceless rights and liberties of our country! Now on the sunny plains of the South are heard

"the trump and the drum,
And the mournful sound of the barbarous horn,
And the flap of the banners that by treason are borne,
And the neigh of the steeds, and the multitude's hum."

Why this resort to arms, defiant of the invincible military force which the free States can call to the battle-field. It is that the star-spangled banner, which has so long in triumph waved o'er the land, and been the protection of American citizens in whatever clime they roam, and upon the wide oceans where it has been unfurled, shall give place to the palmetto and rattlesnake flag! Can it be that negro slavery, its extension and perpetuation, shall put an end to the wisest, the mildest, and the most beneficent government that was ever constructed in harmony with human rights? Shall twenty millions of Northern freemen passively surrender up their rights into the hands of the most corrupt and profligate oligarchy that ever oppressed humanity? Shall the institution of slavery, which blasts everything within its limits; which, in the eye of the civilized nations of the earth is a foul stigma upon our national escutcheon—a disgrace to the age—be the sole cause of destroying our chartered rights and inappreciable liberties, which were the glorious fruits of a seven years' sanguinary conflict with one of the most powerful nations of the earth? Forbid it, ye brave men of the North—forbid it, high Heaven! Let all our past party feuds and divisions—all our miserable scramblings for office, at least for a season, slumber in silence; while one united voice of every patriotic friend to the sacred cause of our country shall loudly proclaim to all traitors and tories, that

"For Freedom's rich blessings we'll fight like our sires,
Or light with our Charter our funeral pyres."

Think not, ye mercenary souls, that would barter our freedom for the spoils of slavery, that that fire from the altar of Liberty which glowed in the bosoms of the patriots and heroes, who poured out their blood like water to achieve our National Independence, has been quenched by our long peace and prosperity. Along our plains and valleys, from mountain peak to peak, the beacon-fires of freedom will be rekindled. Then, woe to the enemies and traitors to our country!

"Easier were it
To hurl the mountain from its base,
Than force the yoke of bondage upon men
Determined to be free!"

The posture of our national affairs raises questions of the gravest import, requiring the most deliberate and profound consideration. To save the Republic, what should be done? The southern traitors have involved the nation in a fraternal war! but even this event is not so much to be dreaded as would be the destruction of the Republic. They must be subdued. The more formidable and powerful a Northern army speedily to take the field, the less the effusion of blood, the sooner the restoration of peace. No half-way measures would answer. While the states in rebellion are without money—the sinews of war—they can tender only paper money upon the the sinking credit of their government, to pay their standing army; the free States have a specie currency of perhaps three hundred millions, of which fifty-two millions are in the banks of the city of New York. Loans to any amount required for the support of their armies, can at any time be obtained. They can call to the field two millions of as brave soldiers as ever met a foe in ancient or modern times. Five hundred thousand would probably be adequate to the present emergency. No time should be lost for their enlistment and equipment.

The victory at Fort Sumter, for which the rebels are so jubilant, may turn out to be dear-bought, without regard to the waste of treasure, and its capture by ten thousand soldiers. Energetic and active efforts will now succeed a state of apathy. It has already aroused the whole North to a sense of the impending danger, and inspired them with a firm resolution, at all hazards, to put forth their mind, physical energies for the support of the Government.

Our Navy, the right arm of our defence, by traitors ordered to distant seas, will soon blockade the ports of the rebel States, and enforce the laws for the collection of the revenue. The public revenues will be appropriated for the exclusive benefit of the loyal States. Troops, adequate to the defence of Washington city, will speedily be concentrated at the National Capital. The administration is exerting all the authority with which it is invested, to preserve the Constitution and the supremacy of the laws; but still, for safety it must rely upon the valor, the vast resources and invincible energies of the People. Congress, without delay, should be convened in order to adopt such measures as may be requisite to crush out treason, and uphold our free, social and political institutions

VOICE OF THE NORTH.

THE BLUNDER OF THE SECESSIONISTS. The Providence Post, a leading democratic paper in Rhode Island, says:

The Secessionists made their first grand mistake on that unlucky Friday, 12th inst. * * * The first gun against Sumter was the death-bell of peace in the Southern Republic. It spoke of a bloody conflict, and a terrible thrashing for the revolutionists. It was an unprovoked attack upon a fortification which nobody dreamed of using against the Southern interest, and the possession of which, though legally and rightfully our own, might have been obtained, in a short time, without the firing of a gun. It was the first real South Carolina brag-and-bluster act which Jefferson Davis had permitted. He will pay dearly for it, we predict. An overwhelming army of stalwart men will be raised in the North, and the city of Charleston will be wiped out if it resists the retaking of Sumter.

WASHINGTON, April 18.—The clerks of the State Department have been formed into a guard for the protection of that building. Those of the Treasury have received orders to repair to that department on the first invasion or alarm. The clerks of other departments have been directed to be similarly watchfull. Additional military force is to be placed in the public buildings.

Rumors of the invasion of Washington to-night excite much war feeling. Whatever may be the grounds for such reports, it is certain the government is expeditiously preparing for all emergencies.

Kansas men here to the number of about 60 have formed a company called the Frontier Guard. They have been given the post of honor in the East room in the President's house.

So many houses are offered by the citizens free of charge for quartering the troops, that it is unnecessary to rent any more.

NEW YORK, April 18.—Blank bonds for the Southern Confederacy, prepared by the Erie Note Company, were seized today by the District Attorney.

The Charleston Steamship line has suspended its trips, and the Columbia and Marion are flying the American flag to-day.

A book binding and printing office in Gold street, which displayed a palmetto flag, had a dispensation of stones, execrations and other demonstrations, nearly destroying the building, this afternoon.

The people endeavored to take the horses off Major Anderson's carriage and drag him up Broadway, this afternoon, but his objections were regarded.

Some anxiety is felt about the Aspinwall steamer being seized by southern letters of marque.

The Russian Consul in this city was killed this morning, in Central Park, by being thrown from his horse.

VIRGINIA CONVENTION VOTED TO SECEDE BY A LARGE MAJORITY.—*Washington, April 18.*—Gentlemen from Richmond report that the act of secession has passed the convention by a large majority. The members were sworn to secresy. The time for its promulgation has not yet arrived, military measures having first to be consummated.

Military forces left Richmond last night for Harper's Ferry. Other companies joined them on the route.

The same informants have no doubt, from what they have heard in Virginia from official quarters, that the armory by this time is taken by the State troops.

Twenty-four companies, averaging 100 men, have already been mustered into the service of the government. 500 Pennsylvania troops arrived this afternoon. Several were hurt with stones while passing through Baltimore.

The last news from Norfolk that has been received at the Navy Department, is that when Capt. Pendergast ascertained that the channel was obstructed, he placed his ships broadsides to Norfolk and Portsmouth, and demanded that the obstruction be removed, else he would level both places. It is added that the citizens complied with his demands.

RICHMOND, April 18.—Gov. Letcher has issued a proclamation. He recognizes the independence of the Confederate States, and says the President has no authority to call for an extraordinary force to wage offensive war against any foreign power, and threaten to exert this unusual force to compel obedience to his mandates. Believing the influence which operates to produce this proclamation against the seceding States, will be brought to bear on Virginia, if she should exercise her undoubted right to resume the powers granted by her people, and that it is due to her honor that an improper exercise of force against her people should be repelled, Gov. Letcher orders all armed volunteers, regiments or companies to hold themselves in readiness for immediate orders, and to prepare for efficient service.

☞ Several Banks in Boston with capitals of $40,000,000, have offered to loan the State of Massachusetts 10 per cent. of their capitals, viz. $4,000,000.

THE WAR EXCITEMENT IN N. Y.

NEW YORK, April 17.

Dear Chronicle:—The war news of the last week has thrown this city into a feverish state of excitement, which bids fair to manifest itself in acts toward the press, a portion of which, for months past has rung out rebellion and secession in sheets which find their way into the log cabins of the West, the plantations of the South, the lumber yards of the East, and amid the ice-bergs of the North.

The New York papers, more than any of their compeers in other cities, circulate in all parts of the country, and to them more than to any other individual cause, the country owes its present troubles.

They it is who have furnished capital for the fanatics of both sections, and who have kept the country in continual alarm by their contradictory dispatches, and inflammatory editorials, and they, unless their late course is modified, will surely reap the reward, for New York contains thousands who would create a riot, without reference to party feeling, merely "for the fun of the thing," hundreds who would, at the least provocation, tear down the Herald or Tribune buildings, and convert type, presses and printers all into "*pi!*"

During Monday afternoon, incendiary placards were posted in the lower part of the city, and in the evening it was found necessary to call out the police to disperse the hooting and yelling crowd which had congregated around the Herald office.—Yesterday the Superintendent of Police established a branch office in Beekman street, and stationed thirty policemen there, and this afternoon a large crowd visited the Day Book and Express offices, and compelled them to raise the "stars and stripes." The Herald also took the hint, and flung out three American flags.

Having some business to transact at the latter office on Tuesday, and seeing a notice, "no admittance" on the side door, we *went in*, but a few steps brought us *vis a vis* with a Metropolitan, who politely informed us that "no admittance" meant "stay out;" so we were obliged to retire and make an entrance at another door! The Tribune, and indeed a majority of the newspaper offices are guarded by the police. The following notice was received at the Express newspaper office, on Tuesday:—"If you do not stop publishing your d—d secession articles, your office will be blown up."

After stating that "they have been obliged twice, in twenty five years, to defend their office with cannon and grape shot," the editors tacitly comply with the admonition, in the following language:

"It is from a high sense of duty that we discontinue the publication of articles favoring secession. for we consider it wise and patriotic, even, not to speak the truth in the midst of civil war." Hem!

They have for months boasted of the Palmetto Flag, but now find the stars and stripes a very safe and convenient "cloak for their sins!"

Thursday, A. M.—The Boston Regiment passed down Broadway this morning, looking as if they wanted considerable sleep, and a good deal more breakfast. The 7th N. Y. S. Militia will probably go to Washington, Saturday. NEWINGTON.

NEW YORK, April 18.—A special dispatch to the New York Herald dated New Orleans 18th, says it is expected that Tennessee, Kentucky, North Carolina, Missouri and Arkansas will secede within a week.—Capt, Nodler of the French Marines has offered his services to the confederacy, and will fit out a privateer at his own expense. Several privateers are expected to leave here soon. Recruiting is rapidly progressing, and troops are pouring in from the interior.

NEW YORK, April 18.—A special dispatch to the Post states that engineers are reconnoitreing Washington, with a view of erecting defensive works.

The Mayor of Georgetown is raising troops for the government.

Jeff. Davis's proclamation occasions renewed activity in government arsenals, and the mouth of the Mississippi will probably be vigorously blockaded.

CHARLESTON, April 18.—Two million two hundred and sixty thousand dollars of the confederate loan have been taken here.

A requisition for 5000 men has been made on South Carolina, for service unknown.

The news of the secession of Virginia was received with great joy. The old secession gun was fired from the Courier office by the venerable Edward Ruffin, surrounded by many Virginians who cheered lustily.

CONTINUED HARD LUCK FOR THAT CONFEDERATE LOAN.—The New York Express states that the Bonds for the Confederate loan will not be forthcoming promptly. As soon as the President's proclamation was issued, the "American Bank Note Company" stopped work on the plates which were ordered through their New Orleans office.

PHILADELPHIA, April 18.—The City Council has appropriated $125,000 for the support of families of volunteers; $5000 to the Mayor for secret service, and $500 to General Small, Clerk of the Common Council, for his equipment.

☞ Rev. Charles Babbidge, of Pepperell, Mass., Chaplain of the Sixth Regiment, leaves his congregation, who were paying him a good salary, having volunteered to act in that capacity of a moment's notice. He is in politics a Democrat.

NEW YORK, April 19.—A dispatch to the Times says $5,000,000 has been tendered the government by Eastern bankers.

Col. Ellsworth has enrolled 600 firemen in his Zouave regiment, and the ranks will be filled to-day.

The City Government last night voted to sustain the Federal Government; also to pay the salaries of all persons in the employ of the city who volunteer—and tendering the Governor's room to Maj. Anderson, and requesting him to sit for his portrait.

A "Hemp Club," for the benefit of traitors, has been formed in Brooklyn.

A German regiment, composed of those who have seen service in Europe, will be ready on Monday.

The Custom House refuses clearances to ports in the seceded States.

80,000 cartridges, destined for the South, were seized in Amboy yesterday.

A dispatch to the Herald says Com. Paulding reports that the vessels sunk below Norfolk are three light boats, and can easily be removed.

The Gosport Navy Yard is protected by guns of vessels moored off the yard, and if any attempt is made by Virginians to take the yard they will be blown to atoms.

One regiment of Pennsylvania troops have already reached Harper's Ferry.

No measures are in progress for stopping the mails South. The Postmaster General has instructions to suspend only in case of obstructions.

☞ At a meeting of the Boston Board of Trade, Robert B. Forbes said he was glad to see the unanimity which prevailed in the expressions of loyalty to the Union and the Government. He was a member of the Humane Society, and he believed that the most humane course that could be adopted was to send out not 75,000 but 300,000 men into the field.

NORFOLK, VA., April 12.—All the naval officers in Virginia have sent in their resignations.

VOLUNTEERS WANTED!

In pursuance of a Proclamation by the President of the United States, the Governor of New Hampshire, in a Proclamation, has ordered the enlistment of ONE REGIMENT OF INFANTRY within the State of New Hampshire, to be held in readiness for service whenever called for.

In accordance with the above, and acting under the orders of the Adjutant General of this State, I have opened a

Recruiting Office at Union Hall,

Corner Market & Hanover Sts., Portsmouth,

for the enlistment for three months, of able-bodied men. None will be received who are under the age of eighteen, or over the age of forty-five.

Volunteers who shall be accepted, will be uniformed, armed and equipped at the expense of the state, and their pay will be the same as that of the corresponding rank in the army of the United States.

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

TO MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

In all cases of Nervous and Spinal affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

For full particulars, get a pamphlet, free, of the agent.

One dollar and six postage stamps sent to any authorized agent, will insure a bottle, containing over 50 pills, by return mail. feb23 dawsm

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & CO., Troy, N. Y., from all the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS: *Dear Sir*.—I hereby certify that my hair having become *gray*, I used, at your request, (HEIMSTREET'S INIMITABLE HAIR RESTORATIVE,) prepared by W. E. HAGAN & CO., Troy, N. Y.,) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it has merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE,

AID FOR VOLUNTEERS AND THEIR FAMILIES.—A bill appropriating *ten thousand dollars* to aid volunteers in this city, and their families, passed both branches of the City Council last evening, by a unanimous vote.

Messrs. Editors:—Please to permit me, through your journal, to offer my professional services, *free of charge*, to the families of our patriotic volunteers into the country's service. NICHOLAS FOLSOM, M.D.

Portsmouth, N. H., April 19.

WAR MEASURES.—The proclamation of Jefferson Davis, offering commissions to letters of marque and privateers, is equivalent to a declaration of war, and will probably be followed immediately by the Southern Congress which meets to morrow. This plan of privateering has been the main idea which has entered into the schemes of the Southern States. By this means they have expected to coerce the North, and to inflict a terrible amount of injury to the vast commerce of the Northern States. It, however, our government acts with proper energy, the Confederate States will be as powerless to injure our commerce as was Mexico.

The government of the United States will now be justified in taking the most decisive measures of retaliation. Indeed, self preservation will require this. Every port in the rebel States should, immediately be closed and blockaded by a strong naval force. If England or any other foreign nation desires it, we may allow the free export of cotton, but in all other respects the blockade should be rigidly enforced.

In addition to this, New Orleans should be occupied, and a strong chain of posts established along the Mississippi. As it would be a great sacrifice of life to occupy these positions with white men during the summer months, it may become necessary to enlist a certain number of black regiments for this purpose: in this enlistment the circumstances will be perfectly justifiable and a fair retaliation for the proposed piratical expeditions of the Confederates. There are great numbers of free blacks at the North desirous of responding to the call, and we hope now they will be enlisted, organized, and prepared to occupy the yellow fever posts in the enemy's country during the summer months.—*Traveller.*

THAT OLD BROADSWORD.—The Chicago Tribune recalls the following incident:

Once upon a time, when the since very warlike and terrifically redoubtable Brigadier-General Shields challenged the then modest lawyer, Abraham Lincoln, to fight a duel with him, whereby his wounded honor, bleeding like a highly vascular stump after an amputation, might be scabbed over, Mr. Lincoln quite unexpecedly accepted the belligerent proposition of his adversary, and being unlearned in the use of the pistol, with which Shields was familiar, sought, as Potter of Wisconsin did twenty years later, to put himself on a footing of equality with the man of war, by choosing the weapons with which neither could boast any skill. He named broadswords. The place of meeting agreed upon was an uninhabited island in the Mississippi, near Alton. The General and his party, were as they suposed, early on the ground; but Mr. Lincoln was there before them, and with coat off and broadsword in hand, was chopping down and clearing off the noxious weeds and troublesome underbrush with which the spot was overgrown, to the end that the fight might go fairly on. This coolness and the timely interposition of friends put a stop to further proceedings, and peace was restored.

In "improving" this incident, the Tribune says of the President:—

The veil which has hidden his movements from the public is lifted at last, and we see, joyfully enough, that during the whole of the last month, with ax in hand and shirt sleeves tucked up, he has been engaged in laying low the foul growth with which the rich corruption of the Buchanan Administration has filled all the places in the Government; and that he is now ready, with the fire and courage of true patriotism in his eye, to accept the alternative which the traitors and rebels have forced upon him.

FORT PICKENS.—The Washington correspondent of the New York Times says he has conversed with skilful engineers, whose judgment is usually sound, and all express the opinion that Fort Pickens cannot withstand bombardment, if its assailants are not operated against by land forces.—The fort in question was not constructed to sustain a siege, but to defend the harbor against a hostile fleet. For the latter purpose it is admirably adapted; no "wooden walls" could withstand the fire from its batteries; but a well-sustained fire from different points on the adjacent shore, it is maintained, will reduce it in time—unless it has men enough and guns enough to promptly demolish the assailing forts. The same was true of Fort Sumter. If Major Anderson, however, had had as plenty of men and provisions as Fort Pickens is now supplied with, he would have responded more effectively, and thus have worried the rebels a little more than he did, under the adverse circumstances.

DOVER, N. H., April 19.—The city government appropiated $10,000 last night for the benefit of the families of those enlisting in this city for the country's defence.

PHILADELPHIA, April 18.—Bishop Wood has raised the American flag over the dome of the new Catholic cathedral.

A Distressing Cough, causes the friends of the sufferer as much pain as the sufferer himself. *Dr. Wistar's Balsam of Wild Cherry* will certainly cure coughs, colds, arrest consumption, and that speedily. When did it ever fail?

RIOT IN BALTIMORE.

A MASSACHUSETTS REGIMENT ATTACKED BY A MOB.

BATIMORE, April 19.—Terrible scene here. The Pratt street track torn up The troops attempted to march through, but were attacked by a mob with bricks and stones and fired upon. They returned the fire. Two men are killed and several wounded. The fight is now goiag on.

LATER.

It was the Massachusetts regiment, and they have marched through.

They bore a white flag as they marched up Pratt street, but were greeted with showers of paving stones.

Three of the mob are known to be dead; also three soldiers, and many wounded.

Martial law has been proclaimed, and the military are rushing to their armories.

LATEST BY TELEGRAPH TO CHRONICLE.

BALTIMORE, April 19—P. M.—A town meeting was called at 4 o'clock. It is said that twelve persons were killed and several mortally wounded.

Parties were roaming about the streets, armed with guns and pistols. Stores closed—business suspended—everybody in a state of dread.

A party of the mob went into the telegraph office and cut the wires, but they have since been repaired.

It is reported that the Philadelphians are now at the outer depot. The President of the Road, at the urgent request of the Mayor and Governor, ordered the train back. They are already off.

NEW YORK, April 19.—Private dispatches from Baltimore says the position of the loyal citizens was very critical.

A dispatch says—"We hope the North will stand by us, and in their forced passage through our city to the capital, remember that there are many true men here; our police and many of our military companies openly defy the government."

WAR NEWS.

The Rhode Island Marine Artillery arrived to-day with six pieces of artillery, and started for Washington. A thousand Rhode Islanders, under Gov. Sprague, will be here to-morrow.

The gun-boat Pocahontas has been ordered to sea immediately. It is reported she will sail to-night with troops for Fort Monroe, Va.

The Seventh Regiment left this city for Washington by railroad this afternoon.—Broadway was thronged with people as they passed down, and this famous regiment was lustily cheered, and showered with bouquets. They took their howitzer with them, and each man had a brace of revolvers besides his musket.

An attempt has been made to purchase the new steamer Mercedia for the Confederate States, but the reply was that there was not money enough in the seceded States to buy her.

There is intense excitement among our military, caused by the news from Baltimore.

The Chamber of Commerce resolved today that Government ought to treat all persons privateering under the Jeff. Davis commission as pirates, and should immediately blockade every Southern port.

Delegations from 16 Life Insurance Companies met to-day, and recommended to the several boards of directors to assume the risk of the assured entering the naval or military service.

A dispatch from Wilmington, Del., to the Tribune says a merchant captain direct from Pensacola states that Fort Pickens now contains 800 men, and several vessels are lying outside. A large number of Southern troops arrived Saturday.

A dispatch from Washington says all the arms at Harper's Ferry were burned in a pile.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The *wise* man makes provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually, or annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

UNION FEELING AT PORTSMOUTH.

A crowded and enthusiastic meeting was held at Jefferson Hall, on Thursday evening.

The following preamble and resolutions, presented by Wm. P. Jones, Esq. chairman of the committee for the purpose, were unanimously adopted:

Whereas our country at this time presenting the deplorable features of civil war—one section of the Union being causelessly arrayed in hostility against the other,—and in defiance of the mutual obligations of our national compact, the seceding States having seized the public treasures, ships and other property of the United States, firing upon an unarmed vessel while carrying supplies to a starving garrison—having wantonly attacked a fort of the United States, granted letters-of-marque for the capture of ships of the United States, and abandoned and degraded the flag of the Union, therefore,

1. *Resolved*, That we, the citizens of Portsmouth, laying aside all party distinctions, cordially respond to the call of the President of the United States for aid in this emergency, and that will do all in our power to sustain the administration of the Federal Government in its endeavors to maintain the laws and the integrity of the country, and cheerfully tender to the Governor of this State, and through him to the President, our full proportion of the volunteers that may be required.

2. *Resolved*, That regarding the inheritance of constitutional liberty, bought by the blood of our revolutionary fathers, of more value to our children than any other legacy, we will spare no efforts or sacrifices in securing its blessings to them—preferring poverty with national safeguards, to wealth made insecure by anarchy.

3. *Resolved*, That the citizens of Portsmouth in this trying emergency, find their duty pointed out in the patriotic example of John Langdon, who in the darkest period of the Revolution offered his private property to protect the liberty of his country,—and we here pledge ourselves that we will, in emulation of his example, appropriate our private means for the support of the families of those who may volunteer their services for the protection of their country.

4. *Resolved*, That a finance committee shall be appointed whose duty it shall be to raise the money and provide for the support of the families of those of our citizens who shall volunteer to meet the requisition of our government.

Albert H. Hoyt, Esq. being called upon, made a brief address calling to mind the present peril of the country and urging that party interests be entirely laid aside, and that we make a manly effort shoulder to shoulder to meet the coming issue.

James W. Emery, Esq. was then called up, bringing with him all the enthusiasm which has been aroused within the week past in Boston, and in an able, feeling and patriotic speech, stirred up the spirit of "76," and, pointing out the dangers which threaten us, made the subject one of fearful individual interest to every one who loves his country, his home his family. There is not one of the community who will not suffer in this matter, and the danger to each call for a willing individual sacrifice of property and even life if necessary. There is especial need of efficient militia organization here. Portsmouth can at any moment be assailed and bombarded from the harbor, and, as it is at present, might be easily destroyed by a privateer, our first warning of which might be the bursting of a bombshell in our streets. He presented the example of Massachusetts in forming a coast guard of citizen soldiers, to man the forts and protect the coast against surprise. Some instances which he related of patriotism on the part of men of the Massachusetts regiments, showed that the spirit of Gen. Putnam still lingers in New England, and that the men who go forth in this righteous cause are not to be easily subdued.

He was followed by Messrs. A. J. Penhallow, Marcellus Bufford, Charles Robinson, Horton D. Walker, Wm. B. Russell, Albert L. Jones, Israel Kimball, and A. J. Beck in most earnest, ardent and patriotic speeches.

The meeting continued with unabated interest until nearly ten o'clock, and the union feeling was kindled into a flame of zeal which will result in the aid of strong arms and willing hearts to a vigorous administration of the government of the Union. Liberal offers of money and other aid were made by some of the speakers, for the families of those who go forth for their country.

Mr. Bufford, for the committee appointed the previous evening, read to the meeting a memorial to the City Council requesting an appropriation for the aid of the families of those who enlist from this city, and who may need assistance. It was adopted by the meeting.

NO FRUIT THIS YEAR.

From present appearances, there is no prospect of fruit of any kind this year in this vicinity, and there is a prospect of even delay in the appearance of leaves on many fruit trees.

How general this destruction may be we know not, but fear that it is extensive, and will be severely felt in our fruit-growing country.

POST OFFICE.—The new Postmaster, JOSEPH P. MORSE, Esq. will enter upon his duties in the office on Monday morning next.

We notice by the Bangor papers that Prof. J. W. Clark, assisted by six of his pupils, has given a very popular concert in that city: such as he used to present to his friends in Portsmouth.

Mr. Trueman Hanson of Strafford, N. H. hung himself in the woods on Thursday. Loss of property is said to have been the cause.

Morning Chronicle.

TWO THINGS DECIDED.— It appears that two things have recently been decided, viz.: that we have a government; and that Gen. Scott knows what he is about.—*Atlas.*

One thing more, viz. that the *people* of the free States mean to stand by their *government*, and preserve it for their own use, and that of their posterity.

One day last week, two Irishmen went into a grocery store in Newburyport, and enquired for something to drink. Being refused liquor, they attacked the clerk, who called for assistance, which arrived, in the shape of the proprietor, who armed himself with a bung-driver, and at it they went—the Irishmen with fists, and the trader with what a bystander told them afterwards was a Yankee shillalah. After a fight of about ten minutes there was a cessation of hostilities, and the Irishmen were arrested, and brought to the Watch House. Their heads were so much bruised, that it was found necessary to call in a physician, who sewed up the cuts. "Ah, by the powers," said one of them, "this is a dreadful country; ha'nt been here only about four months from old Ireland, and, be dad, I'd give ten poun' if I was back again." They were severally arraigned for a breach of the peace, and fined one dollar and costs, which they thought was being hanged and paying forty shillings.—*Herald.*

NOTICE.

Having relinquished to ALFRED STAVERS my interest in the GROCERY BUSINESS, I would respectfully return my thanks to my friends and the public for their liberal patronage, requesting a continuance of the same to my son, who will be pleased to wait on them at the old stand, No. 12 Market street, west side.

15 Greatest Medical Circular Ever Published! **15**

Fifteen large better paper for two 3 cent stamps.

DRS. JACKSON, HERBERT & CO. are Associated Proprietors of the **National Dispensary**, No. 167 Sycamore street, Cincinnati, established Jan. 1, 1853, for the cure of Private Diseases.

Prof Egbert Jackson, Dr. Robert Herbert and M. Velpeau. Thorough cures effected with almost incredible rapidity, of Gonorrhea, Syphillis, Gleet, Nocturnal Emissions or self-abuse, Impotency, Stricture, Female Diseases, *in Disease Results*, in short, every possible form and variety of Sexual Disease, and at the same time the *general health* of the patient improved, where any improvement in that respect is needed.

Our Dispensary Circular, of 15 large 8 in. by 11 in. letter pages, with full and special written Reply, sent promptly, well sealed, to any address for the amount of the postage, six cents! Every young man, whether

SICK OR WELL,

should have one. Also, a Circular intended for ladies only, nine large letter pages, for a 3 ct. stamp. The "Mountain of Light, or Medical Protector," a new book of three hundred pages, one hundred engravings; price, in stamps or money, 50 cts. and one 3 ct. stamp, or 3 for $1 and nine cents in stamps. This book is fully described in our Circular. It is by far the most valuable and deeply interesting book on the subjects treated of, now extant; matters that in former works were merely hinted at, are here fully explained; it contains a full and explicit key to all the secrets of marriage, love and beauty never before

SATISFACTORILY

revealed in any book in the English language.

Dr. Jackson's Perpetual Preventive — and for Circular.

Dr. Jackson's Female Pills, $1—*send for Circular.*

Dr. Jackson may be seen at the Consulting Rooms of the Dispensary, No. 167 Sycamore street, from 9 A. M. till 1 P. M. and from 4 P. M. till 8 P. M.; at other hours either Dr. Herbert or M. Velpeau, or both, will be in attendance.

Male patients, when desired, will be furnished with large, airy, comfortable rooms, suitable board and careful attendance, for the few days ordinarily necessary to effect a cure. Patients do not see each other. The most ample guarantee of our ability and good faith promptly given when desired. Free as accessible as the very highest modes of treatment known to modern medical science, and a very long and varied experience, will attest. P. O. Box 420. Send for Circular, and state your case ☞ plainly and fully,—and you will receive the Circular and our written reply by return mail. Patients never write to letter unless it contains six cents in stamps. Medicine and instructions sent promptly and carefully to any part of the world.

PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES, &c.,** and would say that our experience of more **than FORTY YEARS** as Importers, is not only a **sufficient guarantee for the Purity of our Goods,** but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wines* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE; and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever.—Persons who require *Pure Liquors and Wines*, in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening, and imparts vigor, it also revivifies, reinstates and renews the blood in all its original purity, and thus restores and reanimates the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic and soothing properties, and consequently can never injure. As a cure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influence and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent also deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should see it, for it is a perfect relief, taken one or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than what would be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St. Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was left at the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects so common to those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skilfully combined from the vegetable kingdom as to set in perfect accordance with the laws of Nature, and thus soothe the weakened stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and young, to women, to men, to children. Thousands already do so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test of time, and that it is without doubt the best article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for a few years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Biliousness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the languishing, nervous sickly to not intoxicate or stupefy.

Persons who from the injudicious use of liquors, have become depraved, and disorder nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as a cordial in Colic, it has never yet been equalled. The distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidneys, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BININGER'S OLD DOMINION WHEAT-TONIC

—FOR—

FAMILY AND MEDICINAL USE.

This natural product of the most nutritious grain, recommends itself as presenting in a *concentrated* form the *nutritive* properties of *Wheat*, and has received the highest encomiums from eminent medical authorities, as possessing qualities that are absolutely PATTERNING; this *desideratum* renders it invaluable to those who are suffering from *Consumption, Lung Complaints, Impaired Strength, Lack of Vital Energy*, and all diseases which, in their incipient stages, require mild and generous diet, and an invigorating, nourishing stimulant

It is put in quart bottles, in iron-bound cases of one and two dozen each, and sold by all prominent Druggists, Grocers and Town Agents.

A. M. BININGER & CO.

SOLE PROPRIETORS.

No. 19 Broad Street, New York.

For sale in Portsmouth by Brands & Co., Stephen E. Tucker, Weeks & Potter, D. Goodlow & Co., G. C. Goodwin & Co., Reed, Cutler & Co., J. L. Smith, S. Pierce & Co., Stephen Weeks, C. S. Davis & Co. d4 TuThrSy

BININGER'S OLD KENTUCKY BOURBON "1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to mention in detail the characteristics which distinguish it from the ordinary grade of Kentucky Whiskey.

Being distilled in 1848, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaint, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *recruit* and *strengthen*; while age having contributed its genial charm, and enriched it with a delicious flavor and an oily body, it affords a pleasant incentive to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,

(Established 1778.)

Sole Proprietors, No. 19 Broad St., N. Y.

REASONS. — The Wilmington Journal states five reasons why Virginia should secede. They are:—

1. It will save the State $3,500,000 per annum. 2. It will arrest the free soil tendencies of 2000 federal office-holders in the State. 3. It will exempt the people from the government of their enemies. 4. It will stop the "underground railroad." 5. It will insure them against the horrors of civil war.

These reasons certainly have the merit of being *original*.

1. How much they will *save* is yet to be seen.

2. How many converts they will get, is yet uncertain.

3. Having that idea about *enemies*, it may be desirable that they should try the experiment, as they are doing.

But 4. It will make Virginia the *depot* of the Underground Railroad; and

5. It will make it the *theatre* of the *civil war*, unless by secession they make it *foreign*.

The *name* of the war is not of much consequence;—but the recent movements at the North, with those of the border States, show that there is to be some real fighting,—which may perhaps result in the better consolidation of the United States as a free Republic,—and the inauguration of a negro empire on the basis of slavery, with King Cotton for its sovereign, and acknowledging no law higher than the will of the driver.

A VOICE FROM THE WEST!
FROM THE CLEVELAND PLAINDEALER.

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS
The celebrated New England remedy for
Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them, pronounce them invaluable.

Dr. JAMES L. LEIPERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite, it relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character; "after using a few bottles, I was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

RHEUMATISM AND NEURALGIA.

GARDINER'S
RHEUMATIC AND NEURALGIA
COMPOUND

Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am entirely well." D. D. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried bottle of your Compound, and can honestly say that I believe myself entirely cured.—JOHN A. MORDO, Pearl St. House, Boston, Mass.

Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. E. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 99 Milk street, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1856, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex-Member of Congress from Maine.

TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I beg leave to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound."—After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.

The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

DO YOU WANT A MUSTACHE?
DO YOU WANT A MUSTACHE?

BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world renowned article.

THE STIMULATING ONGUENT
is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a luxuriant growth of new hair. Applied according to directions, it will turn RED OR TOWY HAIR DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.
This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic* and *stomachic*, and cannot fail to meet the wants of the debilitated.
It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.
For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.
One of the very best Physicians in Boston has said *"but it is the best preparation of Bitters that has ever been offered to the public."*
Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.
For further particulars reference is made to the printed circulars.

BALTIMORE MOB.

The fatal events at Baltimore, Friday, are fully confirmed. The Sixth Massachusetts Regiment, on its passage through the city on its way to Washington, was assaulted by a mob, and compelled to fire in self-defence; two men belonging to the regiment were killed, and several wounded. Of the mob, seven are said to have been killed, and ten or twelve wounded. Some of the wounded soldiers were left at Baltimore, where they are well taken care of; the remainder of the regiment arrived safely at Washington. In consequence of this affray a town meeting was held, at which it was announced that no more troops for Washington would be allowed to pass through the city.

Gen. B. F. Butler telegraphs to Gov. Andrews:—

"Col. Jones has gone through to Washington with his troops. Pennsylvania troops driven back. These were *unarmed*. Eight killed and four wounded, only two of whom were of Massachusetts troops."

Gen. Butler telegraphs also:—

"Troops fought manfully. No man offered to run. They bore the attack with the utmost patience, until prominent citizens of Baltimore told them to fire. They did so. Part of mob responded with fire. The rest scattered. All have arrived at Washington except six injured, who are well cared for at Baltimore."

The Boston Courier says:—

No language could express our profound sorrow at these ominous and fatal transactions. We had hoped, until the last moment, that the militia called into the service of the Government would meet with no obstruction in its passage to Washington.—By the concentration of sufficient force to its defence, a chance remained, that the aggressive measures on both sides might be abandoned, until the meeting of Congress, which could then endeavor to devise means for general pacification. Any such hope must now be given up, if the passage of the troops has been thus obstructed. But if, as now appears, the actual war has been begun upon the borders, then, the battle will soon be for the possession of the Federal Capital. In this issue all will be at stake, and its result cannot and must not admit of any doubt.

PROCLAMATION OF THE PRESIDENT.

BLOCKADE OF SOUTHERN PORTS.

WASHINGTON, April 19.—The President has issued a proclamation, stating that an insurrection against the government of the United States has broken out in the States of South Carolina, Georgia, &c.; and further, a combination of persons engaged in such insurrection have threatened to grant pretended letters of marque to authorize the bearers thereof to commit assaults on the lives, vessels and property of good citizens of the country, lawfully engaged in commerce on the high seas and in the waters of the United States. The President therefore, has deemed it advisable to set on foot a blockade of the ports within the States aforesaid, in pursuance of the laws of the United States and the laws of nations in such cases provided.

For this purpose a competent force will be posted so as to prevent the entrance and exit of vessels from the ports aforesaid.

WHAT TO DO.

Captain! save the ship.

Call for 500,000 men.

Pledge the faith of the country to redeem all loans in three or five years after peace, with interest. Let the popular and monied powers unite.

Blockade Southern ports. Seize the forts. Keep the Capital.

Pledge the faith of the country to protect the property and rights of all Southern States which will in thirty days consent to return to Congress.

March into such as refuse, and declare martial law there.

Cut off the mails—take possession of the telegraph and railroads.

Having forborne till the end, fight now with the weapons in your hands.

Remember, it is not to subjugate a foreign foe—it is to repress the treasonable conspiracy of a hundredth of your people.

Captain! save the ship.—*Boston Courier.*

☞ The United States navy yard at Norfolk, Va., appears to be abundantly guarded against capture. There are eight large men-of-war there, mounting in all 520 guns, but one of them has never been launched, and most of the others are not fit for service. There are 70 marines in the barracks, and about 700 sailors on the vessels. But at Fort Munroe, which is in neighborhood, there are seven companies of United States soldiers—enough to hold the rebels in check till reinforcements can be sent from the North.

☞ The Common Council of Boston on Thursday evening voted one hundred thousand dollars for the military. There is no want of money and men anywhere in New England. We have not space, if we should occupy all our paper, to report the raising of volunteers and money that is going forward. If the whole 75,000 troops had been called from these six States, they would have been forthcoming promptly.—We have never seen, heard or read of anything that likens the enthusiasm and ardor that animates the people.

KENTUCKY NEUTRAL.

LOUISVILLE, April 19.—Gov. Magoffin is here trying to get the banks to levy half a million to defend the State. It is supposed that some arrangement will be made.

There was an immense Union meeting last night. Speeches were made by Messrs. Guthrie, Nicholas, Bullock, and Brown. Resolutions were unanimously adopted declaring that as the Confederate States *commenced* the war with the Federal government, Kentucky has the right to *choose* her position; acknowledges loyalty until the government becomes the aggressor; opposes the call of the government for volunteers for coercion, and the raising of troops here to co-operate with the southern confederacy, when the acknowledged intention of the latter is to march on Washington; declares that secession is a remedy for *no* evils; that Kentucky will *not* take part against the Federal government; that Kentucky should maintain an independent position within the Union against the administration and the seceded States; declaring her soil sacred against the hostile tread of either; that Kentucky be armed in accordance with law.

HARPER'S FERRY.

CARLISLE, Pa., April 19.—Lieut. Jones, late in command of Harper's Ferry, arrived with his command, 43 men, at 3 o'clock this afternoon. The Lieutenant having been advised that a force of 2500 troops were ordered by the Governor to take possession of Harper's Ferry, and finding his position untenable, under the direction of the War Department, he destroyed all the munitions of war, the armory, arsenal and buildings. He withdrew his command under cover of night, and almost in the presence of 2500 troops. He lost 3 men. Fifteen thousand stand of arms were destroyed. His command made a forced march of 30 miles last night from Harper's Ferry to Hagarstown, Md. They look much worn and fatigued. They were enthusiastically received by the entire population of this place.

There is great anxiety for fear that Washington may be attacked. We have now over five thousand men there under arms, with picket guards stationed in every direction outside the city. The Long Bridge connecting the city with Virginia, is guarded constantly by both artillery and infantry. It has two draws which can be thrown open by two men. The Georgetown Aqueduct, and all the other approaches, are equally well watched, and the distance to the city by any other route from Virginia, is so great that any movement of a large body of troops would be discovered and reported in ample time to concentrate a force for its defence.

☞ Engine Company No. 2 at Newburyport, undertook to salute a new flag by the firing of a small cannon, on Friday noon, when the gun burst, scattering the pieces in a dangerous manner. Two young men were wounded, though not seriously, in the legs. A third person had a piece of iron pass between his legs and through the side of a building.

FLAGS IN SACO.—*Saco, Me., April* 19.—The people in both Saco and Biddeford have had flag raisings to-day and unbounded enthusiasm. In the evening an immense crowd gathered about the office of the Biddeford Herald and demanded a disunion flag that was flying from the building in the morning. It was given up and torn into shreds. The office was then requested to display the stars and stripes. The crowd then marched to the Maine Democrat office and called for the hoisting of the American flag, which was done. The crowd then dispersed with roaring cheers for our country and its flag.

THE WAR.—The Boston Advertiser states that Hon. Edward Everett returned from the West, Thursday. He fully approves the measures taken by the government, and thinks the administration ought to be cordially supported, in the present crisis, by all good citizens.

Cassius M. Clay, the new Minister to Russia, has offered his services to Secretary Cameron, either as an officer to raise a regiment, or as a private in the ranks. Mr. Cameron said: "Sir, this is the first instance I ever heard of, where a foreign Minister volunteered in the ranks." "Then," said Clay, "let's make a little history." He will not leave the country just yet.

Col. Rufus King, of Wisconsin, late editor of the Milwaukie Sentinel, who was recently appointed Minister to Rome, has asked leave of absence from his post, in order to lead his regiment in the approaching struggle to maintain the integrity of the Union. Col. King has had a thorough military education at West Point.

"PHILIPPA," the name of a young Queen of England, the wife of Edward III., was chosen for him by royal ambassadors, as likely to perpetuate a long line of Kings, on account of her having *very large hips.*—She realized the public expectation by bearing fourteen children to her loving spouse—fourteen Princes and Princesses for the loyal subjects of Great Britain.—*Spirit of the Times.*

☞ An owl weighing eight pounds was caught by an Ohio farmer in the act of killing a sheep. The bird lit upon the sheep's back, and with his talons clung to the wool, with his beak severing the large vein on the side of the neck, thus bleeding him to death.

☞ The Massachusetts Fifth Regiment and the Boston Light Artillery left for Washington Saturday afternoon.

THE LATEST WAR NEWS.

BY TELEGRAPH TO THE CHRONICLE.

BOSTON, Sunday P. M.

From thirty to forty thousand patriotic citizens of Boston assembled Sunday morning, at 10 o'clock, under a call of Fletcher Webster, Esq., for the purpose of raising another Boston regiment to serve during the Southern Rebellion.

New York, 20th.—A gentleman from Washington, at New York, reports that 5 or 6,000 troops are under arms, including two thousand regulars from the batteries and flying artillery. Col. Smith is confident that he can defend the city for the present, against any force likely to be brought against it.

The sword from citizens of Taunton was present to Major Anderson to-day. He attended the Union Meeting to-day, and was most enthusiastically cheered. He goes to Washington to-night.

The 8th and 69th Regiments have been ordered to be ready to march Tuesday morning.

Advices from Norfolk report that frigate Merrimac is getting her armament aboard with all possible despatch, under the protection of the Cumberland's double-shotted guns.

New Orleans advices of the 20th say Steamer Star of the West had just arrived at the bar, from Indianola, taken there as a prize to the Confederacy.

From five to six thousand troops were to leave New York in the Baltic and other steamers Sunday afternoon.

Philadelphia, 20th. — Government has taken possession of the Baltimore Railroad. No trains are leaving here for Wilmington.

A private dispatch from Baltimore says, Union men have no hope unless government occupies the city with overpowering force.

[Nothing later from Washington or South of Baltimore, as the Telegraph lines were down on Sunday.]

NEW YORK, April 19.—A dispatch from Wilmington, Delaware, to the Tribune, states that a bloody negro insurrection is apprehended in the cotton States.

A gentleman who passed through Tennessee on Wednesday says the American flag was flying everywhere.

In Virginia loud threats to lynch Union men are heard everywhere.

NEW YORK, April 20.—The Tribune has a special dispatch stating that the Governor of Virginia sent a messenger to Wheeling, instructing the Collector to seize the Government property there, but he refused, and armed himself and others, and announced his determination to stand by the Government.

NEW YORK, April 20.—The steamship Chesapeake sails for Norfolk to-day, with 250 seamen for the Navy Yard; and steamer Monticello with 100 marines.

PHILADELPHIA, April 20.—The New York Seventh Regiment and the Massachusetts Regiment are at the depot getting ready to start. It is reported they go to Havre de Grace, hence by water to Annapolis. The members are anxious to go through Baltimore.

PHILADELPHIA, April 20.—The Railroad bridge three miles north of Baltimore is reported to be on fire. All the bridges between Baltimore and Havre de Grace have been destroyed or rendered useless.

The Southern train due here at 11 o'cl'k has not arrived.

The Massachusetts regiment which arrived here yesterday has gone to Washington direct, by the steamer Keystone State.

PHILADELPHIA, April 20.—A letter from Gov. Letcher has been received by the patentee of a bullet mould, offering $2000 for it. The reply was that no money could purchase its use against the country.

A resident of Kent county, Md., has received information that the negroes are burning the houses of the whites, and that two of his buildings have been destroyed.

BALTIMORE, April 19.—R. W. Davis of this city was shot dead near the Camden station. John C. Cann, P. Griffin, and G. Needham, three citizens, are mortally wounded.

BALTIMORE, April 20. — The city is greatly excited. Military and armed men are moving in every direction.

The Mayor and Governor have notified the President that no more troops can pass through Baltimore unless they fight their way.

The number killed yesterday was eleven citizens and three Massachusetts soldiers. Wounded—eight soldiers and four citizens.

The President says no more troops will be brought through Baltimore, provided they are allowed to pass armed around the city unmolested.

BALTIMORE, April 20.—It is reported that the Eighth Massachusetts Regiment are at the Relay House.

The bridges on the Northern Central, and on the Philadelphia Railroads are gone.

ALBANY, N. Y., April 19.—Twenty-five regiments have been ordered to hold themselves in readiness for Washington.

THE TORONTO GLOBE PROPOSES THAT ENGLAND SHOULD AID THE UNITED STATES.—The Toronto Globe has a long article advocating a sincere alliance between England and the United States, forgetting all past differences, and that the North has a just cause, and hopes to see the rebellion put down, and the traitors dealt with as they deserve.

NEWBURYPORT, April 20.—A great mass meeting is being held. Much indignation at the news from Baltimore. Three companies will be ready to march at an hour's notice. The sum of $5000 has been subscribed for the use of volunteers.

ARE THE HORSE GUARDS GOING TO THE WAR?—In reply to this oft-repeated query, we will say, that in answer to an application to the Secretary of War, at Washington, whether the Government would desire their active mustering—Mr. Cameron replied that the service was not at present in need of cavalry, but might have use for this regiment at some future time.

☞ We learn that the Directors of the Mechanics & Traders Bank of this city, have tendered to Gov. Goodwin, for the use of the State, all the available funds of the Bank.

☞ The attention of dealers in Skirts is called to the Advertisement of Messrs. C. E. King & Co., Boston.

Portsmouth, April 20, 1861.

VOLUNTEERS WANTED!

In pursuance of a Proclamation by the President of the United States, the Governor of New Hampshire, in a Proclamation, has ordered the enlistment of ONE REGIMENT OF INFANTRY within the State of New Hampshire, to be held in readiness for service whenever called for.

In accordance with the above, and acting under the orders of the Adjutant General of this State, I have opened a

Recruiting Office at Union Hall,

Corner Market & Hanover Sts., Portsmouth,

for the enlistment for three months, of able-bodied men. None will be received who are under the age of eighteen, or over the age of forty-five.

Volunteers who shall be accepted, will be uniformed, armed and equipped at the expense of the State, and their pay will be the same as that of the corresponding rank in the army of the United States.

WM. O. SIDES, Recruiting Officer.

CITY COUNCIL.—Friday evening, April 19th.—In Board of Aldermen, a resolution was passed requesting the Mayor to procure a suitable revolver for the Captain of the military Company now forming here—as a present from the Mayor and Aldermen, at their personal expense.

The Mayor was also authorized to tender to Gov. Goodwin the use of the Halls in the city, over which they have control, and such other facilities as the city affords, for military purposes.

A petition was received from the committee appointed at the citizens' meeting, requesting "an appropriation for the relief of those patriotic citizens who may volunteer in the service of the country." In accordance therewith, an ordinance was passed, in concurrence, appropriating $10,000.

A committee, consisting of the Mayor, Aldermen Knowlton, Junkins and Rider, was chosen for the purpose of ascertaining the wants of the volunteers and their families, in order that the provisions of the ordinance might be properly carried out.

Alderman Rider presented to the city a copy of the Report of Jefferson Davis, Secretary of War, to the Senate,—containing the Report of Capt. G. B. McClellan, (1st Regiment U. S. Cavalry,) one of the officers sent to the seat of war in Europe in 1855—56.

CITY ORDINANCES—No. 71.

An Ordinance furnishing aid to the Volunteers for the service of our country, belonging to this city, and their families.

Whereas, The present condition of our national affairs and the excited feelings of our own citizens, call for immediate action: therefore,

Be it ordained by the City Council of the City of Portsmouth:—

SECTION 1. There shall be appropriated, and is hereby ordered to be appropriated, for the purpose of rendering such aid and assistance to those persons who belong to this city, who shall hereafter enlist as volunteers for the service of their country, or their families, as may be necessary, a sum not exceeding ten thousand dollars, to be expended in such manner as the Mayor and Aldermen may direct, or by a Committee appointed by them for that purpose.

SEC. 2. That the following sums, appropriated and ordered to be raised, in Ordinance No. 70, entitled "An ordinance fixing and determining the details and amounts of the sums necessary to be raised and appropriated, to defray the current expenses and pay debts for the year 1861"—namely, building a reservoir on Haymarket Square, $1200; for paying a part of Islington street, $3348.82; and Ward room, Hook and Ladder, and Engine room in Ward No. 3, $950; the expenditures of which sums be, and the same are hereby suspended, until otherwise ordered by the City Council; and that the sums so appropriated be applied for the purpose named in Section No. 1 in this ordinance.

SEC. 3. That the City Treasurer, under the direction and approval of the Mayor, be and is hereby authorized and directed to hire on loan, or issue City Bonds with coupons attached to be countersigned and entered by the City Clerk, a sum not exceeding, with the sums named in Section two of this ordinance, ten thousand dollars, at a rate of interest not exceeding six per cent., and payable at a term not exceeding five years; the same, in addition to the sums named in Section two, to be applied for the payment of any expenditures made in accordance with Section two of this Ordinance. Portsmouth, April 19, 1861.

JOHN BENNETT, City Clerk.

POLICE COURT.—Friday, April 18th.—Henry N. Watson, commonly known as "Governor Dorr," was found guilty of stealing the enlistment papers of the new Company organizing in this city, and was ordered to recognize in the sum of $100, for his appearance before the S. J. Court in October; and in default thereof, committed to jail.

A boy, convicted of habitual truancy, was sentenced to five days in the Alms-house, and to pay costs, $3.09.

For the Chronicle.

FLAGS AND FORTS.—*Messrs. Editors:* I hope to see the flag of our Nation, flying at Liberty Bridge and Mill Dam, on Monday morning; as I was a contributor to both places.

And I also hope measures will be taken, immediately, by the proper authorities, to garrison Fort Constitution; and to remove some of the best and longest guns from the Navy Yard, to Newcastle.

I am glad to learn that a guard of veterans are going to the fort soon; and I would say that a good and *permanent* garrison could be enlisted in Newcastle, in a few hours, on the plan of our U. S. Sea Fencibles, which kept guard at Jaffrey's Point in 1812-15. A SOUTH ENDER.

LET'S HAVE A LITTLE MUSIC,—something sweeter than the crack of musketry, or the booming of cannon. We may get a plenty of that, in due time; but to night Sam Sharpley's famous Band of Minstrels—famous in Philadelphia and the West, if not much known this way—are to give a "grand Concert" at the Temple; we say grand, and judging from all appearances, we have no doubt it will be a capital performance. The Troupe (musical, not military) comes with the best of recommendations, for talent, taste and originality; and we have no doubt they are also a patriotic band. See their advertisement—which of itself, shows them to be up with the times.

☞ A noisy farmer from Stratham was in this city, Saturday morning, blowing about giving a yoke of cattle, $10,000, &c., to the rebels "if they come here;" which toryism coming to the ears of some of the recruits and other true-blue boys, Mr. Blower was hustled into his wagon and hooted out of town, with a flea in his ear—and it is reported, a bruise near it, from a stone thrown, but we hope not.

A fellow in Market Street, Friday, lifted up his voice in favor of the traitors; and although a search for decayed eggs was fruitless, yet the false one soon deemed it best to hush up and leave.

A chap who dared to hint a word in favor of the rebels, at the Union Meeting, the other night, was speedily ejected from old Jefferson Hall.

It is reported that Hon. Virgil D. Parris, Naval Storekeeper at this Station, a secession sympathizer, was on Saturday informed that he had better leave Portsmouth; and after he had gone to bed that night, was visited at a house where he had taken lodgings on Kittery Foreside, and advised to leave the place by Monday—and arose and went to the house of a friend at Kittery Point. All "traitors" will have to toe the mark now.

Judging from these facts, and the evident strong patriotic feelings of our whole people,—we should hardly deem it safe for anybody to raise the odious 7 stars of the Secessionists here, as is reported to be the intention, or at least the desire of some. The flag would soon 'come down," if the houses of the blue-lights didn't also.

NEW MILITARY ORGANIZATIONS.—We understand that as many as four Military Companies for home defence, or for the country's welfare, are now being organized in our city.

The Veterans are being recruited under the energetic measures of J. G. Hadley and A. J. Beck.

An Artillery Company is also being recruited by Dr. Wesselhoeft and Frank W. Ham.

Messrs. J. H. Head, E. A. Tilton, and B. F. Webster are organizing a Rifle Company. They drill at Rechabite Hall.

The members of the Fire Department are forming a Company; and we expect soon to see a fine display of citizen soldiery in our streets.

☞ The new pastor of the State street Methodist church, Rev. Mr. Humphriss, commenced his ministerial labors with that society on Sunday. He is a young man of not over twenty-five years, we should judge, but is an earnest and eloquent speaker, and a gentleman of agreeable manners.

Rev. Mr. Hall of the Brodhead church, preached his last sermon to that people last week, and is to leave to-day for his new field of labor—Sanbornton Bridge. Rev. H. H. Hartwell is his successor, who is also an able and energetic man, a worker, well qualified for the place he is to fill.

THE HOME GUARD.—A Meeting was held at Jefferson Hall, Friday evening, to organize a Company of men over 45, to drill and prepare for Home protection, if need be. Robt. Lefavour was chosen Chairman, and Joseph H. Foster Secretary. Adjourned to this (Monday) evening, at the same place—when all interested and eligible are invited.

☞ The star-spangled banner is being raised in all parts of the city, and of all sorts and sizes—from public buildings, houses, stores, carriages, horses' heads, &c. A new and handsome flag was raised on a new staff planted for the purpose, near the corner of Market street, on Friday; and in the evening the Cornet Band saluted it, with National airs, which sounded sweetly on the still moonlight eve.

A splendid flag flung across Market Square, from Moulton & Blaisdell's store, bears the inscription:

"The star-spangled banner,
O long may it wave
O'er the land of the free,
And the home of the brave."

and on the reverse,

"The flag of the free heart's hope and home."

The banner of Laconia Engine Company is labelled "For the Union"—and that is the brand of everybody about here, except a few black sheep, of which there must be a few in every flock.

☞ A notice from Dr. Richter, that he also would furnish medical attendance to the families of any of our Volunteers, who call for it—was received on Friday night, too late for insertion on Saturday. We presume all the professional and other men, and all the women, in the city, will be happy to aid in any way they can, those who go to uphold the honor of the stars and stripes.

☞ The schooner G. W. Rawley, Rawley, from James River, Virginia, with lumber for Tobey & Littlefield, arrived at this port Saturday afternoon. When off Pollock Rip, April 18, saw the wreck of a schooner, a spar, keel, and rudder; also nearly one thousand barrels of flour afloat near by. The heavy gale at the time rendered it impossible to secure any of the flour. It is supposed that the vessel struck and went to pieces on Pollock Rip, the night before.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE
MUTUAL LIFE INSURANCE CO
Of New York,
with an accumulated capital of over
SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually, or annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss that will most often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease:—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

Are you sick, feeble, and complaining? Are your stomach disordered, your bowels deranged, and your feelings uncomfortable? These symptoms are often the premonitory signs of serious illness. Some 30 of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous diseases. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the purgeon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Carterquit, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR DR. AYER: I cannot answer you other complaint. I have cured with your Pills better than to say *all that* ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my fully contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, PA., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach which they cleanse at once.

Yours with great respect, ED. W. PRESLY,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills confidently recommended to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of liver complaints than any one remedy I can mention. I cheerfully rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

IN CONSEQUENCE OF THE INVENTION
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we possess. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom failed to cure a bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhea, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. They act promptly and well. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom failed to cure a bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and them as a cathartic medicine to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, &c.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they will join me in unstinting it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent preventives of the usual attention when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1855.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful results it causes that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, MASS.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,
AND REINSTATE THE BLOOD IN ALL ITS
ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, rejuvenates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be most powerful and yet mild, and so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PAIN, PITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Turpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the trial trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, but within the former, from false delicacy, often go down to a premature grave rather than let their condition be known; in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your severe telling affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter; and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhausts it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and on opening the top of the box, was removed, not few all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial proves the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and we doubt not that thousands with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express.*

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

BININGER'S
OLD DOMINION
WHEAT-TONIC
—FOR—
FAMILY AND MEDICINAL USE.

This natural product of the most nutritious grain, recommends itself as presenting in a *concentrated* form the nutritive properties of *Wheat*, and has received the highest encomiums from eminent medical authorities, as possessing qualities that are absolutely NOURISHING; this *desideratum* renders it invaluable to those who are suffering from *Consumption, Lung Complaints, Impaired Strength, Lack of Vital Energy*, and all diseases which, in their incipient stages, require only a generous diet, and an invigorating, nourishing stimulant.

Put up in quart bottles, in iron-bound cases of one and two dozen each, and sold by all prominent Druggists, Grocers and Town Agents.

BININGER'S
OLD KENTUCKY
BOURBON
"1849 RESERVE"

The *established popularity* of this PURE OLD BOURBON as a medicinal agent, renders it superfluous to mention its peculiar merits, the characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1849, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly efficacious for the treatment of Lung Complaint, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *invigorate* and *strengthen*; while age in no way contributes its genial charm, and enriched it with a delicious flavor and mellow fragrance, it affords a pleasant beverage to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,
(Established 1775.)

A VOICE FROM THE WEST!
FROM THE CLEVELAND PLAINDEALER.

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS
The celebrated New England remedy for
Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.
They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.
Dr. JAMES L. LEFEVERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."
E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite. It relieved me, and I can recommend it with great assurance of its merits."
Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.
THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character; "after using a few bottles, I was completely restored, and am now in robust health."
GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."
J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.
D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

RHEUMATISM AND NEURALGIA.
GARDINER'S
RHEUMATIC AND NEURALGIA
COMPOUND
Is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.
TESTIMONIALS.
Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am entirely well." D. D. BAXTER, Dry Goods Dealer, No. 5 Appleton Block, Lowell, Mass.
I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entirely cured.—JOHN A. MORDO, Pearl St. House, Boston, Mass.
Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. E. HODGKINS, No. 1 Old State House, Boston.
My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 99 Milk street, Boston.
I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1856, when I was suffering, with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex-Member of Congress from Maine.
TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I feel bound to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound."—After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—WM. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.
The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

DO YOU WANT WHISKERS?
DO YOU WANT WHISKERS
DO YOU WANT A MUSTACHE?
DO YOU WANT A MUSTACHE?
BELLINGHAM'S
Celebrated Stimulating Ongunent!
For the Whiskers and Hair.
The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.
THE STIMULATING ONGUENT
Is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the Nobility, and in London and Paris it is in universal use.
It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and lead to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY HAIR DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.
The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.
Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Ongunent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.
This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonics* and *stomachics*, and cannot fail to meet the wants of the debilitated.
It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.
For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.
One of the very best Physicians in Boston has said "*that it is the best preparation of Bitters that has ever been offered to the public.*"
Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.
For further particulars reference is made to the printed circulars.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, APRIL 23, 1861.

THE SPIRIT OF '76 IN KITTERY!

Dear Chronicle:—The fires of patriotism in the old town of Kittery—the home of William Whipple, one of the signers of the Declaration of Independence—burn bright as of yore, in this sad hour of the Republic! Without distinction of party, men rallied at Armory Hall, on Saturday evening, to counsel together as to their personal and collective duties to their country. Old men and young, brothers and relatives, gray-haired fathers and blooming, hardy sons, assembled to take measures for action.

The meeting was organized as follows: John L. Lawrence, Esq., was chosen Chairman, and William Emery and Howard Cutts, Esqs., Secretaries. Mr. Lawrence opened the meeting with a speech, which in substance was as follows: that "our Fathers waged war to establish our independence, were successful, and subsequently established a government which had since been the admiration of the world. We are called upon to maintain that Government against rebellion and threatened overthrow. How shall we answer the call? For one, he would stand by the Government with the last drop of his blood, and the last coin he could command. He felt sure this was the sentiment of the town, for which he thanked God!"

Stillman B. Allen, Esq., was next called for. He said he rather preferred to hear from the old veterans of the last war than to be called upon himself. The country was in danger, and we were called upon to defend it. He would drop party lines, and make no allusion to the past. He would not stop to inquire how the trouble was brought on; for if your house is on fire, you run to put it out, not dally to ask who set it on fire. Let us put out the fire of rebellion, and extinguish the conflagration which threatens the Union. We must fight for our homes, our firesides, our hearths. We must and we will respond to the cause of the Union. He who is against this Union is a traitor. Mr. Allen's remarks were most enthusiastically cheered.

Howard Cutts, Esq., then spoke. He said, the sentiment now should be, and he believed was, like that of John Adams, in the Continental Congress—"sink or swim, live or die, survive or perish," we will stand by the Flag of the Union. Lower than plummet soundeth, should sink all party names. The rebels had insulted our flag,—spit upon it! Who is not ready to make this a personal matter? That flag, too, which Washington made sacred, under which Jackson led on our hosts to victory, and which has been hallowed by a hundred battles on land and on sea. Where is the blood that of yore leaped hotly and quickly at even the semblance of an insult? Ah! thank God! it burns in the veins of the sons here to-night, whose sires manned the deck of "old Ironsides" when her scappers ran with Maine and Massachusetts blood!

Robert P. Gerrish, Esq., was next called for. He said he was no public speaker—like the man of old, he was "slow of speech and of a slow tongue;" but he was able to say that he was on the side of the Constitution, the Union, and the enforcement of the laws. (Hearty Applause.) It was no matter how he voted, or how anybody voted; we are at least brethren in the bonds of the Union: and we will stand by the Government, with men, with money, and with our hearts' blood if need be! (Applause.)

Andrew J. Stimson, Esq., was called out, and said he had never supposed that we should ever be called to defend our country against the assaults of our own brethren. But he had always been in favor of the Union by profession, and now he was willing to demonstrate it by *acts*. (applause.) He had a clear title to his life except when his country called for it, when he would surrender his own title, and that without *litigation*. (Immense applause.)—We will defend our country against all foes at home and abroad, and for one he was ready *to go and do it*. (Cheering.)

Robert J. Briard being called upon, made the following laconic speech:—"I have no talking to do; I'm going to fight!" (Enthusiastic applause.)

John Pennell said, our country calls us, and for one he was ready to go. (applause.)

We cannot give the remarks of all, most of which were to the point, and all for action. Messrs. A. A. Hayes, Charles Hayes, Oliver Stimson, Haskell Pierce, William Sanborn, Wm. Mason, and other members of Co. A. spoke for *deeds* and not *words*.

The venerable Mr. Pennell with his silvered locks, rose to speak, and being deeply affected,—having fought in the war of 1812,—said "go, young men, go!"

Many offered liberal assistance, and guaranted that the town should take care of the families of the needy ones. There are too many patriots here to have such a proposition opposed; there would not be ten voters against it, in the whole town.

A committee of three was appointed to draught resolutions, consisting of Stillman B. Allen, R. F. Gerrish and N. Sewall Payne—and after being read, were adopted amid much enthusiasm and the greatest unanimity.

Whereas, Wicked and traitorous men have for many months been plotting to overthrow the best government in the world, the Constitution which has hitherto been our security and our safeguard, the liberties of the people, and the union of the United States;—and, whereas, their treason has now culminated in an open rebellion in which they have fired upon our flag, defied all law and deliberately murdered our fellow citizens, and now threaten to storm the capital of our nation and to destroy all government, therefore,

Resolved, That in the present fearful crisis the people of this old town, forgetting for the time all party and sectarian sentiments and differences, will rally as one man in support of "the Union, the Constitution and the enforcement of the Laws"; and that, animated by this feeling, we will sustain the constituted authorities of our State and Nation to the last extremity.

Resolved, That if a Company or any number of men from this town, shall march to the defence of our land and our liberties, we will do whatever we can to promote their comfort and efficiency; and that we solemnly pledge ourselves to take care of those of their families who may be needy, during their absence; and that we will see them comfortably supplied with all the

Resolved, that any Northern man who fails in this trying hour to stand by the flag of his State and Nation, and who expresses sympathy for our common foes, is a traitor and a villain, and deserves the scorn and execration of every true patriot.

Three hearty rounds of cheers were then given for the Union—its Flag—Major Anderson—Capt. Pendergast—and Company A., after which the meeting adjourned to Tuesday evening, the 23d inst.

Yours in the Cause, P——

PHILLIPS ACADEMY.

EXETER, April 22.

Messrs. Editors:—As an event occurred here last week, I have written this letter to make it public through your columns. The news of the past week has caused the public mind to be completely engrossed by a "spirit of war," entirely unprecedented This patriotic feeling is manifested not only by the men, but by the women and younger persons, especially the students of Phillips Academy.

On Friday morning, persons were greatly surprised to see the stars and stripes waving from the Academy building; and were more thoroughly astonished to perceive, in front of the same building, a cannon, and on the door back of it the following emphatic words: "Phillips for war."

Nor was this all a boast. On the following night, about fifty of the students, having received an intimation that the town boys intended to take the cannon away, appointed a guard, and watched until morning.

Saturday afternoon they further evinced their loyalty to the United States. At half-past three they marched, in perfect order, from the Academy to the lower church, where the ladies presented them with the following motto:

"Ducit amor patriæ."

Having given three cheers, they proceeded to another part of the town and procured a field-piece, with which they marched to the depot, and obtained a flag for which they had sent to Boston. With this they returned to the Academy, where they fired a salute of 34 guns,—one for each State,—and hoisted their flag amidst vociferous cheers for the Union.

They are soon to organize a company, and should their country need their services, they will be on hand at a moment's notice. Y. K. P.

☞ Just look at the figures. We have 19,000,000 of inhabitants in the free States. The seceding States have 2,700,000 whites, and 2,350,000 slaves. The slave States combined have a little more than 8,000,000 whites, and about 4,000,000 slaves. Even if these were all against us, we should have about twice and a half times as many men as they. We have a navy and means of communication by seaboard. They have no facilities of this kind.

HAYTIAN EMIGRATION.—The British brig Madeira left Boston Saturday afternoon, with a large company of colored emigrants for the Republic of Hayti. The vessel is chartered by the Haytian General Agent, Mr. James Redpath. She sails to New Haven, Conn. A large colony, under the leadership of Rev. T. J. Holly, will there embark on the 25th inst. In consequence of the piratical proclamation of Jeff. Davis, all emigrants will hereafter sail under the British flag.

☞ The United States Government has taken possession of the Baltimore Railroad. Baltimore must take care of its rowdies, secessionists and assassins, or the troops that must go through there will wipe them out. If Baltimore chooses to be made the great battle ground,—so much the worse for Baltimore.

LEAVENWORTH, April 20.—Two thousand stand of arms have been furnished the citizens of Leavenworth from the arsenal at Fort Leavenworth, and the commandant at that post has accepted the services of 300 volunteers of this city, to guard the arsenal, pending the arrival of troops from Fort Kearney. All is quiet here, and preparations are making for every possible contingency.

THE DEFENCE OF WASHINGTON CITY. It is deemed necessary by the Government to concentrate 20,000 of the most effective troops at Washington. With Virginia out of the Union, the place will be hard to hold, as it is surrounded by hills from which it can easily be shelled. The plan of the secessionists is undoubtedly to plant batteries on the hill west of the Potomac, which will command the city. The United States Troops will probably occupy Arlington height on the Virginia side of the Potomac, and here, in the attempt to dislodge them will probably be the scene of the first conflict.

The whole Virginia bank of the Potomac, from Washington to the Chesapeake, must be occupied in order to preserve communication with the ocean.

A gentleman just arrived from Washington says Governor Hicks was told by the President that if Maryland desired it, Baltimore would be the first battle-ground, instead of Virginia; but the Governor thought he could insure the troops a safe passage though Baltimore.

☞ Last Saturday, Mr. E. O. Corson, a native of Stoneham, Massachusetts, with about thirty shoemakers belonging in that State, arrived in Boston, Mass., from Staunton, Virginia, where they have been employed at their trade, having been compelled to leave their situations on account of the strong feeling against northerners which prevailed there. Two of their party were arrested in Staunton, Va, and thrown into jail for refusing to join the secession forces.

Mr. Corson states that the Sixth Regiment, Col. Jones, passed through Baltimore as he left that city to come North. The party entered the train before they heard of the attack upon the Massachusetts volunteers, by the mob, and had proceeded about a quarter of a mile out of Baltimore, when the conductor, who was a Virginian, ascertaining that they were Northerners, stopped the train, and refused to proceed. The men drew their dirk knives and threatened to cut down the treacherous conductor if he did not give the signal to proceed.

NEW YORK, April 21.—The Union meeting, yesterday, was attended by over 100,000 people, and there were over half a million in the streets. A most enthusiastic feeling was manifested. The flag of Fort Sumter raised on the statue of Washington, the bronze hand of the statue of the Father of his Country grasping the shattered flag staff. The speakers were John A. Dix, Daniel S. Dickinson, Senator Baker, Robert J. Walker, Fernando Wood, Washington Hunt, Wm. M. Evarts, Robert C. Schenck, Hamilton Fish, John Cochrane, Hiram Ketchum, Henry J. Raymond, Richard O. Gorman, Prof. Mitchell and many others. The commercial metropolis is a unit for the Union.

WILMINGTON, DEL., April 20.—At a large and enthusiastic meeting of citizens to-day, resolutions were passed approving of the President's call for troops, and asking Governor Burton to issue a proclamation for the same purpose.

The Delaware Guards, Capt. Bayard, two companies of the Columbia Rifles and the Horse Guards have tendered their services to the city and State.

The City Council have called a meeting for Monday to provide for the families of volunteers. Intense excitement prevails.

The enrolment of volunteers pregresses rapidly.

BRECKINRIDGE'S POSITION.—*Louisville, Ky., April* 20.—Mr. Breckinridge addressed a large audience this afternoon, denouncing Lincoln's proclamation as illegal and unconstitutional, saying he couldn't make his 75,000 men efficient till after the meeting of Congress. He proposed that Kentucky present herself to Congress July 4th, through her representatives and Senators. He would protest against the settlement of the present question by the sword. In the meanwhile let Kentucky call a convention to aid her Congressmen in presenting such a protest; should that fail, it was the interest and duty of Kentucky to unite with the South.

[We rather think the President *will* make his 75,000 efficient; as Mr. Breckinridge and many other rebelliously inclined people will find out.—*Atlas and Bee.*]

HARRISBURG, Pa., April 24.—Thirteen hundred volunteers have arrived since midnight, including 600 from Baltimore.

Private accounts from Chambersburg state that the people there, fearing an attack, are throwing up a battery to repel invasion.

A body of 2000 men, thrown forward by the midnight train to the first bridge on their way to Baltimore, which has been destroyed, are on the Northern and Central road. They will be followed by 3000 regulars from Carlisle, Sherman's battery of Flying Artillery and a thousand more volunteers.

CHAMBERSBURG, Pa., April 21.—On the night of the destruction of the buildings at Harper's Ferry, four men on guard could not leave with Lieut. Jones. They were taken prisoners by the Virginians, and held until yesterday afternoon, when two escaped by crossing the bridge, and another swam the river. The three arrived here this morning, and report the destruction of the arms and buildings as complete. The fourth is still a prisoner. Six or seven thousand Virginians were there, and five thousand more were expected last night from Richmond, under Col. Lee. They design invading Maryland, and to make Mason and Dixon's line the line of warfare.

KANSAS CITY, Mo., April 20.—The Missourians seized the U. S. Arsenal at Liberty, Mo., at 10 o'clock this morning, and garrisoned it with 100 men. An immense secession meeting was held here today. Thousands from the adjoining counties in this State and Kansas, were present. All the prominent places were decorated with secession flags.

NEW ORLEANS, April 20.—The Star of the West was boarded off Indianola by Galveston volunteers on Wednesday night, who captured her without resistance. She had on board eight to nine hundred barrels of provisions.

Steamer Habana has been purchased by the southern confederacy and will be transformed into a war steamer. She will carry eight guns and one pivot gun.

Troops continue to arrive from the upper parishes.

PHILADELPHIA, April 21.—Afternoon. The Eighth Massachusetts Regiment, which left here Friday night, have reached Annapolis Junction by way of the Susquehanna River and Chesapeake Bay. They are stationed at Annapolis, and hold the junction of the road communicating with Washington.

NEW YORK, April 21.—No communication with Baltimore or Washington tonight. There is no doubt, however, of the perfect safety of the Capital, and that nothing of a serious character has transpired in Baltimore to day. The stoppage of communication is doubtless by the desire of government.

POLICIES ON LIFE INSURANCE.—*New York, April* 19.—Delegates from 16 Life Insurance Companies met to-day, and recommended to the several boards of Directors to assume the risk of the assured entering upon naval or military service.

☞ The Boston Atlas of Monday says that "Rev. Dr. Adams and Wendell Phillips, Esq., both delivered on Sunday, good Union, north-side addresses!"

The income of a Chinese schoolmaster depends on the number of his pupils, but they must not exceed twenty; because it is held that he could not attend to a greater number with the necessary care.

THE STAR SPANGLED BANNER.

I.

O say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming!
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming;
And the rocket's red glare, the bombs bursting in air,
Gave proofs through the night that our flag was still there;
O say, does that Star Spangled Banner yet wave
O'er the land of the free and the home of the brave.

II.

On that shore, dimly seen through the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, now conceals, now discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines on the stream:
'Tis the Star Spangled Banner; O, long may it wave
O'er the land of the free and the home of the brave!

III.

And where are the foes who so vauntingly swore
That the havoc of war and the battle's confusion,
A home and a country should leave us no more;
Their blood has washed out their foul footsteps' pollution;
No refuge could save the hireling and slave
From the terror of flight and the gloom of the grave:
And the Star Spangled Banner in triumph doth wave
O'er the land of the free and the home of the brave!

IV.

O, thus be it ever, when freemen shall stand
Between their loved homes and the war's desolation;
Blest with victory and peace, may the heaven-rescued land
Praise the power that hath made and preserved us a nation!
Then conquer we must, when our cause it is just,
And this be our motto, "In God is our trust."
And the Star Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave!

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that extreme irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

To MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

In all cases of Nervous and Spinal affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

For full particulars, get a pamphlet, free, of the agent.

One dollar and six postage stamps sent to any authorized agent, will insure a bottle, containing over 50 pills, by return mail. feb28 dawtm

STRONG TESTIMONY.

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & Co., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *healthy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, Mo., June, 1859.

MR. HENRY REYNOLDS,—*Dear Sir*:—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & Co., Troy, N. Y.,) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it is a merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE,

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle; otherwise a different paper may be selected.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

☞ On Sunday, Rev. Mr. Eddy, of the Baptist Church, preached a discourse suitable for the times—one which assured his hearers of his patriotism and love of country. In the evening he addressed those who were to go forth to fight the battles of their country. The Chapel was crowded, and the noble sentiments uttered stirred the patriotism of his hearers to the utmost pitch.

Rev. Mr. Reed, of the Free Will Baptist Church, also referred, in earnest emphatic language, to the duty of every patriot in this crisis.

☞ Nearly all the clergymen in this city, on Sunday, preached and prayed on the war; and several of the choirs sang patriotic songs. In churches, where the people are accustomed to sit during the singing, they were all brought to their feet.

THE SPIRIT OF '61.—A lady, residing in this city, a few days since received a letter from her only son, now in Massachusetts, requesting her permission to enlist in the defence of the government. When asked what her answer to him was, she replied, "my country first,—my children afterward."

☞ Among those who perished off the ship Witchcraft, wrecked on Cape Hatteras, was the first officer, Edmund Pitts, of Boston, aged 42. He leaves a wife and daughter in this city.

☞ There is no end to the effusions we receive, in prose and rhyme, patriotic—some of them spasmodic—in regard to the pending conflict; but we absolutely cannot find room for a tenth of them—our space being more than filled, by the briefest report of the events actually transpiring.

S. J. COURT—EXETER.

On Monday, in the case of Taylor v. Messer, the jury returned a verdict for plf. for $1624.85.

Israel A. H. Bartlett of Nottingham was tried on an indictment for being a common seller of intoxicating liquors at So. Hampton. The defence was that the offence complained of, if committed, took place in *Delaware Territory*, and respondent contended that the house where liquors are charged to have been sold, is in Massachusetts, and not in New Hampshire. A nol. pros. was entered.

☞ Our despatches for Monday morning's Chronicle contained about the same "news" as those in the Boston papers received in Portsmouth about six hours later. We shall publish an Extra Chronicle in the afternoon, whenever there is any important news. We tried to do it on Monday, but could not "call" Boston—or rather, the operators did not answer, probably being busy with New York.

☞ Sharpley's Minstrels, who hugely entertained a large audience last evening, at the Temple, announce one more of their grand concerts to-night—and as it is the last, those who are fond of such music should not miss the opportunity.

Sharpley is a host of himself, there are some of the best dancers we ever saw—the joking is much of it new and as good as the best—the chorus and solo singing and the playing are capital; and altogether, the Company must be set down as first-rate—one of the best which ever performed in Portsmouth or anywhere else. Go and hear 'em—we promise ye it will make you feel better.

MAJOR DIMMICK.—This gallant officer, who commands at Fort Monroe, for a number of years was stationed at Portsmouth, N. H., where he was highly respected. In fact, he was regarded with the same feelings that the brave Major Anderson is regarded by our citizens. In a recent letter of Maj. Dimmick to a gentleman in Portsmouth, we are informed he evinced the best of spirits, and stated that all of his command were true as steel, and resolved to uphold the Union at all hazards.—*Portland Courier.*

REVOLVERS.—Our patriotic citizens who are eager to manifest their zeal for our glorious patriots, would do well to furnish them with revolvers. These, we need not inform our military friends, are better adapted for dispersing a mob than "reading a riot act."

☞ Rev. Charles Burroughs, D. D., of this city, now stopping in Boston, and whose liberality and public spirit are well known, has requested Gov. Goodwin to "draw on him for $1000, whenever it is needed for the defence of our Union."

☞ Postmaster Morse entered upon his official duties on Monday. Wm. B. Morrill, Esq., of Exeter, assumed the duties of the Exeter Post Office on the same day.

PHILADELPHIA, April 21.—A messenger who left Washington, yesterday, reports all quiet there, but it was rumored that the President was about to call for additional troops from the faithful States to make up the deficiency caused by States refusing to furnish their quota.

A party of armed men will leave to-morrow to repair the bridges on the Baltimore road.

It is reported that Mr. Trimble, formerly President of the road, was shot dead by one of the armed guard who attempted to defend the property of the road, on Saturday.

The vacant Girard House has been converted into a vast tailoring establishment for making uniforms for the troops; hundreds of girls are employed on sewing machines. 30,000 suits are to be made up.

The police have seized large quantities of contraband goods that were about being shipped South. Those shipping them will be arrested and tried for treason. Among the articles were four tons of sheet lead and pipe, directed to Jackson, Mississippi, via Memphis, supposed for bullets.

Passengers who left Baltimore last evening, report the particulars of the burning of the bridges on the Baltimore road. The train of Friday night went through safely to the bridge at Canton, where a crowd lying in wait fired pistols at the engineer, who stopped the train. The crowd compelled the passengers to leave the cars, and taking possession of them, forced the engineer to take them back to the Gunpowder River bridge.

Here the train stopped. The crowd set fire to the draw of the bridge, and remained until that portion was burnt. They then returned to the Bush river bridge, and set the draw on fire. Next they went to the Canton bridge and burned that. The train then conveyed its passengers to Baltimore.

The passengers also report that the Baltimoreans had demanded the surrender of Fort McHenry, threatening to attack it.—The reply of the commander was that if attacked, he would be compelled to defend it, and fire upon the city.

Gen. Cadwallader's mansion, which is reported to have been burned, cost $100,000, with gas works and splendid grounds.

NEW YORK, April 22.—Gentlemen from Baltimore report that none but secession flags can be seen. No man dare proclaim himself for the Union. The police and military are either acting with the secessionists or are overawed by them.

Gentlemen living beyond Havre de Grace report that armed men are stationed to prevent the re-building of the bridges. They also say they heard cannonading in the direction of Baltimore Saturday night.

The government has planted cannon on the heights overlooking Washington.

It is said Wm. B. Astor has offered to *give* the government four million and loan it ten million dollars.

Senator Wilson of Massachusetts passed through here yesterday for Washington.—He enlisted as a private in the Third Battalion of the Massachusetts Rifles.

Senator Baker of Oregon has been chosen Colonel of the regiment of Californians now organizing.

PHILADELPHIA, April 22.—A special messenger arrived here last night, with dispatches from the President to Gen. Patterson. He says the capital is safe from any attack that can be made. The messenger travelled on horseback, in wagon and on foot, and passed himself off as a Methodist preacher to scouting secession parties.

CHAMBERSBURG, April 21.—Rumors not traceable to a reliable source prevail that Fort McHenry is shelling Baltimore.

THE LATEST.—We learn from Boston at 10 o'clock Monday night, that nothing had been received there since the 5 o'clock papers; and there was no telegraphic communication south of Delaware.

☞ Vice President Hamlin went through to Boston last evening, over the Maine Road.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the noblest of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually,* or *annually,* at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

GROVER & BAKER

SEWING

MACHINES.

TO THE LADIES.

CHARLES T. EMERY,

No. 10 Market Sq., Portsmouth,

Having been appointed

SOLE AGENT IN PORTSMOUTH

for the sale of the celebrated and unrivalled Noiseless

GROVER & BAKER

FAMILY AND MANUFACTURING

Sewing Machines,

would invite especial attention to the same.

THE GROVER & BAKER SEWING MACHINE makes the only seam formed by a Sewing Machine, in which each stitch is independently locked, and without dependence on other stitches for strength, and the only seam that will admit of the thread being cut at every fourth stitch without injury to the seam in wear.

THE GROVER & BAKER SEWING MACHINE is adapted to all varieties of fabrics, sewing equally well the finest Swiss Muslin or the heaviest cloth or leather, and requiring no adjustment for any kind of sewing other than the adaptation of needles and thread.

THE GROVER & BAKER SEWING MACHINE sews from ordinary spools without rewinding, and fastens its own seams, thereby saving time and thread It will sew common spool cotton, silk and linen thread with equal facility.

THE GROVER & BAKER SEWING MACHINE is so simple that an intelligent child of ten years can readily learn to operate it. It is more easily kept in order than any other machine, and need not be taken apart to be oiled.

THE GROVER & BAKER SEWING MACHINE makes the only stitch that cannot be injured by washing and ironing, and the only stitch that forms an elastic and durable seam. Fabrics put together with this stitch may wear out and drop to pieces from original weakness, or hard usage, but come apart or give way at the seams, they cannot; they will hold together when the cloth or calico around them hangs in rags and tatters.

Every Machine Warranted.

PRICES FROM $40 UPWARDS.

Greatest Medical Circular Ever Published!
15 Pittsburgh Pa. large letter pages for two 3 cent stamps. 15

DRS. JACKSON, HERBERT & CO. are Associated Proprietors of the **National Dispensary**, No. 167 Sycamore street, Cincinnati, established Jan. 1, 1859, for the cure of Private Diseases.

Prof Egbert Jackson, Dr. Robert Herbert and M. Velpeau. Thorough cures effected with almost incredible rapidity, of Gonorrhea, Syphillis, Gleet, Nocturnal Emissions or self-abuse, Impotency, Stricture, Female Diseases, *Dismal Emotions*, in short, every possible form and variety of Sexual Disease, and at the same time the *general health* of the patient improved, where any improvement in that respect is needed.

Our Dispensary Circular, of 32 large 8 in. by 11 in. letter pages, with full and special written Reply, sent promptly, well sealed, to any address for the amount of the postage, six cents! Every young man, whether

SICK OR WELL,

should have one. Also, a Circular intended for ladies only, nine large letter pages, for a 3 ct. stamp. The "Sycamore of Light, or Medical Protector," a new book of three hundred pages, one hundred engravings; price, in stamps or money, 50 cts. and one ct. extra, or 2 for 84 and nine cents in stamps. This book is fully described in our Circular. It is by far the most valuable and deeply interesting book on the subjects treated of, now extant; matters that in former works were merely hinted at, are here fully explained; it contains a full and explicit key to all the secrets of marriage, love and beauty never before

SATISFACTORILY

revealed in any book in the English language.

Dr. Jackson's Perpetual Preventive — send for Circular.

Dr. Jackson's Female Pills, $1—*send for Circular.*

Dr. Jackson may be seen at the Consulting Rooms of the Dispensary, No. 167 Sycamore street, from 8 A. M. till 1 P. M., and from 4 P. M. till 9 P. M.; at other hours either Dr. Herbert or M. Velpeau, or both, will be in attendance.

Male patients, when desired, will be furnished with large, airy, comfortable rooms, suitable board and careful attendance, for the few days ordinarily necessary to effect a cure. Patients do not see each other. The most ample guarantee of our ability and good faith promptly given when desired. Fees as reasonable as the very highest modes of treatment known to modern medical science, and a very long and varied experience, will admit. P. O. Box 426. PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES, &c.,** and would say that our experience of more than FORTY YEARS as Importers, is not only a sufficient guarantee for the **Purity of our Goods**, but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wines* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE; and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever—Persons who require *Pure Liquors and Wines*, in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

IS THAT

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revitalizing, exhilarating, and strengthening to the vital powers; it also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most agreeable tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach*, and tone up the whole system, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, LIMBLESSNESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will effectually prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken six weeks or two before the final trial; she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known to them, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal! for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market St., Saint Louis, Mo. and sold by all good Druggists. Price $1 per Bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the agents of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Psyche was once sent to a climate somewhere in the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the history, have at last found a remedy free from with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to reject the impurities of the blood, and excite all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating effects.—*Saturday Morning News.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the first article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

BININGER'S OLD KENTUCKY BOURBON "1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to mention in detail the characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1848, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of LUNG Complaints, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *recruate* and *strengthen*; while age having contributed its genial charm, and enriched it with a delicious flavor and an oily body, it affords a pleasant inoculative to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,
(Established 1778.)

Morning Chronicle.

THE AMERICAN IDEA, that the source of all good goverment is the *consent* of the governed, is now for the first time attacked, and it is interesting and important to look at the results of a consolidated government, resting on force. * * * The Federal Government is the only obstacle to peace. If it did not exist, there would be the least danger of war. To prove its existence and establish its supremacy, it racks the country with anxiety and threatens interminable war. Is it worth what it will cost? People less gifted with the genius of calculation than our Yankee brethren, are asking the question and cyphering out the answer in their own rude ways. The people of Virginia know that they were a free, sovereign and independent community before that government had existence, and they know full well they can maintain their freedom, though that Government ceases to exist. They have borne much for the preservation of an Union of equal and sovereign States, and, perhaps, they may be willing to bear more, while a hope remains; but when the General Government shall make war upon a sovereign member of the Confederacy, and convert a Government of consent into one of force, they will imitate the example of Henry and Washington, and re assert that sovereignty which those illustrious men established for them."—*Richmond Whig.*

☞ When Paul Morphy, one of the gaceatest chess phenomena that the world has seen, was in Europe, the greatest players suffered defeat at his hands, and the English Champion, Staunton, declined to meet him. Now, however, it seems that the great European player, Kolisch, is ready to play him for $5,000 in England, or, if that does not suit, he will come to New York, and here engage our hitherto invincible Morphy.

We live in hope to see the blissful day when turning men out of office because of their politics, will be utterly scouted. It is an abominable system, and the knaves who seduced Gen. Jackson into establishing it should be held up to eternal execration.—Proscribed, branded, hunted down, as the Republicans have hitherto been, it would not be right—it would hardly be human—in them to keep in office all they find there; but we hope they will spare some of the best. And if ever the rule can be restored, that good men in merely executive or ministerial offices shall not be relieved on account of their politics, we shall hold up both hands for it.—*N. Y. Tribune.*

The Pittsburg Dispatch learns from a reliable source, yet we can scarcely believe it possible, that a congregation in Youngstown, Pa., were lately edified by a discourse against the sinking of oil wells, on the ground that God intended these oil deposits for some great conflagration, or other purpose, which was being interfered with by the well borers.

What is called ill-nature and want of generosity, is often nothing more than a quick eye for the injustice and unreasonableness of others, and a determination not to gratify it; not the desire to save one's own money or trouble.

When we fancy that we have grown wiser, it is only, in many instances, that new prejudices have displaced old ones.

If sensuality were happiness, beasts were happier than men: but human happiness is lodged in the soul, not in the flesh.

Friends must be preserved with good deeds, and enemies reconciled with fair words.

It is wiser and better to hold the torch of truth to the mind, than the torch of persecution to the body.

BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.

THE STIMULATING ONGUENT
is prepared by Dr. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring on a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED OR TOW hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.13. Apply to or address

WEDNESDAY, APRIL 24, 1861.

THE SLOPE CORRESPONDENCE.

THE SOUTHERN LOAN IN THE LONDON MARKET—NEGOTIATIONS DECLINED.

The New York Evening Post says: "We are indebted to Messrs. Slope & Co., bankers in London, for a copy of their letter to Mr. Crawford, a banker in Charleston, S. C., in answer to his proposition for the negotiation of the loan in the London money market, of the 'Confederated States of America' for fifteen million of dollars.

"The letter we now give is creditable to the financial judgment of Messrs. Slope & Co., and will convince our readers that the southern rebellion has no sympathizers in Great Britain.

"The errors of Mr. Crawford's correspondents in regard to the geography of the United States, do not diminish our respect for their old-fashioned British loyalty and sound principles.

"The writers have done a good service to the people of the United States in giving permanent record to the name of the man who is the admitted and historical assailant of his country's flag. Let his name be forever execrated."

BISHOPSGATE STREET WITHIN, LONDON, March 22, 1861.

J. Singleton Crawford, Esq., Banker, Charleston, S. C:

Dear Sir: We have the honor to acknowledge the receipt of your favor of the 28th ultimo, asking from us our views as to the probability of the successful negotiation of a loan of fifteen millions of dollars, soon to be issued by the "Confederate States of America," in this market, and offering to our house the agency of that government for the purpose.

We feel duly honored by the offer you have made, but in the present condition of things in your country we most respectfully decline your propositions.

We are not in the habit of accepting propositions of this nature from persons unknown to us, and as we never had the favor of any previous communication from you, and do not know anything of the character and standing of your house, we feel justified in declining your offer.

As to any success for your Confederated loan—as you please to term it—in the London money market, we advise you at once to abandon all hope or expectation on that point. The people here have already suffered losses enough in the taking of the bonds of Florida, Mississippi, Ecuador, Pernambuco, Patagonia, Arkansas, and others of your *Gulph States*, and they do not, at present, feel inclined to renew their acquaintance with you again in money matters, on the generous terms proposed heretofore—even if you were not, as you now are, in open rebellion against the legitimately constituted government of the United States.

We therefore repeat that you can have no success here, in London, in the negotiation of your proposed loan. Our senior had an interview with Lord Palmerston on the subject of your letter, and he assured him that it is the unanimous determination of Her Majesty's government to discourage any efforts of the C. S. A. to procure money here, and you may rely upon it that he *is in earnest*.

It is lamentable that a person of your apparent financial sagacity could entertain, for a moment, an idea that *the security* to be offered for the loan by the "C. S. A." would enable you to negotiate it here, and by Englishmen too, who have the greatest abhorrence of *dishonesty*.

The mortgage you propose upon the forts, arsenals, custom-houses, mints, and all other property which has fallen into your possession, is intensely ludicrous.—How this property *fell* into your hands we are not informed by your papers, but have no idea that *our* money shall *fall* into your hands without some better pledges than the ones you propose.

The transfer of Florida to trustees! and the pledge of the faith and honor of Mississippi, are equally ridiculous. Indeed all persons to whom we have exhibited your letter, regard the propositions as the best joke of the season, and propose to get up a farce at *Dreary* Lane Theatre, to be entitled "The C. S. A., or a New Way to Secure New Debts."

The fact is, if your banking house is not a fictitious creation, then we conclude that its head is destitute of those principles which would justify us in holding communication with him.

The British people can have no confidence in a government at the head of which is a man who approved and justified the *vilest* repudiation of State faith and honor on record.

We have his written and printed declarations of the fact, and as we are perfectly cognizant of all the circumstances connected with that violation, we feel at liberty to invite your closest attention to it, and now send you copies of the decisions of your courts and the reports of popular meetings sustaining such decisions. The judges who made them, the popular orators who sustained them, have since been governors, diplomatic representatives to Europe, and last and least, one of them is President of a Confederated government that deludes itself with an idea that a vegetable fibre, which no American can eat, is the *pabulum* upon which Englishmen feed, and which sustains them and keeps them all—noblemen and bankers and peasants—from the workhouse. There's pluck enough in England left, thank heaven, to live without slave cotton and to refuse 'C. S. A.' bonds.

We can hardly end here; for we have something more to say, and therefore extend our correspondence with a banker the character and credit of whose house we have no information of. Let us add:—

There is nothing so revolting to an Englishman's loyalty as treason! There is nothing so unpardonable to him as the guilt of him who could fire on his country's flag!

We have the assurance that one Morgan did that deed! Had he been elected President of the C. S. A. we should not have been surprised, as all that is true and loyal to a nation seems to have met the same fate as the claims of the British bondholders of Mississippi and Florida. But the race is not to the swift. Repudiators are honored where traitors are neglected.

If you do not regard our opinions with respect, send your loans to some *pliant* banker here, and learn, as very soon you will, the value of honesty and the opinion of our countrymen.

With small respect, we are, as ever,

SLOPE & Co., Bankers, London,
Bishopsgate Street Within.

☞ There seems to be no doubt now, that Gov. Wise's followers in Virginia, were just about to lay their hands on the arms at Harper's Ferry, and with them make a *surprise party* at Washington. But Lieut. Jones surprised them in turn, by making a burnt offering of the gun-stocks, and old iron of the gun barrels.

The conciliation and compromise of Virginia has turned out to be a very one-sided, south-sided affair, culminating in secret sessions, treasonable plots and open rebellion, by which she brings the storm of war upon her own borders.

The United States will probably occupy some important posts in Virginia. Her *people* are yet to pass on the question of secession! but the arms of the State, and whatever they could steal from the United States, are held by secessionists and rebels. Will *they* suffer a fair vote to be taken?—Probably not. But with twenty or thirty thousand Union troops at good points, the Union feeling might revive. And if one half the counties are true to the Union,—why could not *they* be protected and aided by friendly troops from faithful States?

☞ The New York Commercial says:—"Orders have been received from the Navy Department at Washington, by the officers of the various United States vessels, that all persons found sailing under Jefferson Davis's letters of marque and reprisal, be treated as pirates.

That the contumacious be *immediately hung from the yard-arm*, and the crew and more penitent officers be placed in irons to await their trial as ocean brigands.

This summary method of dealing with the robbers will probably be seconded by the European powers, who have just as much cause to fear a fleet of freebooters infesting the seas and molesting peaceful commerce as have the Northern States."

☞ By the following from the Washington correspondence of the Philadelphia Press, it will be seen that the government has adopted precautionary measures relative to supplies from the North:

Measures several days in progress, to cut off and stop all supplies from passing down the Mississippi, will be hastened by the issue of letters of marque on the part of the Southern Confederacy. It is stated, on high official authority, that an agent was dispatched by the Executive to-day, to make the preliminary arrangements to stop the supplies through this avenue to the South.

☞ At a meeting in Boston, to aid Fletcher Webster's regiment, a letter from John M. Clark, Esq., was read, offering $500. Wm. Reed & Son would contribute 50 revolvers. Stephen Decatur, of the U. S. Navy, who lost his eyesight in the service of his country, gave his check for $100; this announcement was received with nine cheers. The class of 1833 of Harvard College, of which Mr. Webster was a member, provide him with a horse and equipments throughout.

Men for the regiment are coming forward in large numbers. Three companies from South Boston, one from Roxbury, and one company was raised one forenoon in Elm street. The Old Colony R. R. offered to furnish men enough for the whole regiment. The war spirit is up, and everybody desires to be counted in.

☞ A New York Letter of Tuesday says:—

A sensation was created this morning by the announcement that Stephen Van Rensellaer, a well known member of the great patroon family of that name at Albany, had committed suicide. The facts are that deceased who for many years past had led a very dissolute life, went into a drinking saloon of questionable repute kept by a Mrs. Hoyt, at 478 Broadway, at a late hour last night, and after drinking freely with friends, took a phial of laudanum from his pocket and swallowed the contents. In an hour and a half he was a corpse, despite the efforts of physicians. He was thirty-five years of age.

☞ Information has reached the War Department that Ohio sends her quota of thirteen regiments, (10,000 men) and holds 20,000 in reserve, equipped and supplied at the State's expense. General Wood says he can bring 100,000 men, if necessary, into the field at short notice.

THE WAR FEELING IN NEW YORK.—Ex. Gov. Hunt of New York is reported as saying of the people of that State, that they are aroused at every point, and not only ready but eager to fly to the support of the government. He estimates that New York alone will furnish, if desired, the whole 75,000 militia called out by the general government.

☞ The people of Manchester are furnishing their volunteers with revolvers.

WAR ITEMS.

NEW YORK, April 22.—British residents are forming a regiment of Light Infantry. One company is complete and another is forming.

Collector Barney states that a gentleman officially connected with the government says, he has information from Washington, that an official correspondence has been opened there with Baltimore, resulting in the undertaking by Baltimore to repair the railroad bridges and telegraph lines, and to keep communication open for passengers, mails, dispatches and troops.

A lot of uniforms for the southern army was seized at the store of Nubrick & Brothers, Doy street, to-day.

It is stated that a gentleman at Baltimore from Norfolk reports the scuttling of some ships there, the throwing down of heavy derricks, and the destruction of much machinery by order of the U. S. government.

The Pawnee arrived at Norfolk on Saturday morning.

Capt. Lowry, of ship Julia E. Thayer, from Hampton 21st, reports as follows:—That the pilot informed him that the Norfolk and Gosport Navy Yard was in flames. Could distinctly see them when leaving the Roads.

Steamer Chesapeake has been chartered by the government. She has 3500 barrels provisions and a company of government riflemen on board. She will probably sail to-morrow morning.

Steamer Parkersburg has steam up awaiting the arrival of an Albany regiment. She will probably sail in the morning.

Hon. Daniel E. Sickles contemplates to raise a regiment to serve during the war.

Major Anderson's public reception takes place in the City Hall to-morrow.

Commodore Vanderbilt, it is said, has informed the government that it can have his whole fleet of steamers fully manned and equipped, without the charge of a penny.

The brigantine Tornado was the vessel seized on Sunday with gunpowder on board.

An armed tug boat has gone in pursuit of a three masted schooner which sailed last night for Perth Amboy loaded with arms.

A regiment of rifles is being formed by Italians, Swiss and Hungarians here, to be called the Garibaldi Guard.

FROM VIRGINIA.—*Wheeling, Va., April 22.*—There are only slight demonstrations along the Baltimore and Ohio Railroad. There are 5000 Virginia troops at Harper's Ferry.

Representatives of the Union sentiment from Brooks, Hancock and Marshall counties have been sent here to-day to learn what action the Union men here propose, and to concert measures. No special action has been taken, but a convention of the western counties will probably soon be called to consider the propriety of a division of the State.

The Union feeling is very strong in Morgantown and Monongahela counties.

This city has been quiet to-day.

WILMINGTON, Del., April 22.—Passengers from the South, on the train just passed, say all is quiet at Baltimore, and the turnpike clear of secessionists.

An enthusiastic Union meeting was held here this afternoon, at which all parties were represented. The Union feeling was intense. Strong resolutions were adopted.

A naval officer arrived here this afternoon, says the steamer S. R. Spaulding, from Boston, landed a portion of her troops very quietly at Fort McHenry. Baltimorians were waiting to seize her, but she started down the Bay and frustrated their designs.

Annapolis is in charge of the 8th Massachusetts Regiment.

ARREST OF A TRAITOR.—*New York, April 22.*—A special dispatch from Harrisburg states that Governor Curtin has caused the arrest of Lieut. Sennifer, late of the U. S. army, at Hanover, Pa. who has been communicating information to the rebels as to the condition of affairs at the Carlisle Barracks, and of the movements of the Pennsylvania troops. He will be delivered over to the officers of the Calisle Barracks.

NEWARK, Del., April 22.—It is reported that a naval officer from Norfolk says the frigates Merrimac and Germantown have both been scuttled and the Navy Yard burned by order of the government.

Another account says the Merrimac got out with great difficulty, the floats having been ingeniously constructed.

ST. LOUIS, April 22.—The city is quiet and orderly. Newspapers in the interior deprecate calling so large a force by the President, but not much ill temper is shown. The prevailing sentiment is for conciliation and peace. There have been no public demonstrations.

PHILADELPHIA, April 22.—Several of the missing Pennsylvanians have returned from Baltimore, and say they were put in jail there. Thirty-five, wandering in the woods near Conowings, were kindly cared for by the farmers, and have not yet returned.

NEW ORLEANS, April 22.—The free colored population have tendered their services to the Governor in defence of the State. A meeting is to be held to-night to adopt measures to clear the city of Abolitionists. A number have already been arrested.

☞ Manufacturers of arms, powder, and war stores of other kinds, throughout the free States, have generally stopped their trade with the seceders.

NEWARK, N. J., April 22.—The Mayor presided over an immense Union meeting here to-night. The first regiment leaves on Wednesday. The city is like a camp. Recruits are pouring in.

☞ In Boston, the necessary measures have been taken by Robert B. Forbes and the merchants to build a gun-boat, mounting two eight-inch and four 32 lb. guns, and to have it under steam in from sixty to ninety days. Mr. Forbes will immediately enlist men for the Coast Guard.

MAINE LEGISLATURE.

This body met at Augusta, April 22,—and was very full. Gov. Washburn delivered a brief address, in convention, which was received with enthusiasm.

Immediately after he had closed, one of the leading Democrats of the House, introduced a resolution pledging the entire resources of the State to the vigorous support of the Federal authority. The convention signified a unanimous support of the resolve by rising as one man.

The Governor's address was referred to a joint select committee, and they will report the raising of ten regiments and the appropriation of a million dollars to fit them out. Liberal provision will be made for the support of the families of volunteers, and a coast guard will be organized to do the honors for the famous privateers of Jeff. Davis.

Maine is thoroughly aroused, and will do more in proportion to her population than any other State in the Union.

JAMES C. SHARP.

Teachers, and friends of Education generally, are invited to be present.

My experience the past winter has shown me that, other things being equal, the best teachers are those who are in the habit of attending Institutes, while those who *croak* the loudest against them, are evidently those who *need* their discipline the most.

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & Co., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Castor, Sperm, Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to Grow in a *rich glossy manner*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS,—*Dear Sir*:—I hereby certify to my hair having become gray, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & CO., Troy, N. Y.) for two weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it has merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE,

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

☞ Hon. Virgil D. Parris, late Naval Storekeeper at this Station, finding it was getting rather hot for secessionists in Portsmouth, and being informed that his presence was not desirable longer at the Navy Yard—left for his home down east, on Monday. Whatever may be thought of the indulgence of free speech, or however far a man may be allowed to express distasteful opinions, elsewhere—there certainly can be but one opinion as to keeping in office and pampering traitors to the Government which they are sworn to support.

Dr. M. F. Wentworth, of Kittery, who is understood to be booked for the office of Naval Storekeeper, has been very sick, and is now by no means recovered; but he is Captain of the Kittery Artillery, and says he shall rise from his bed and take command of his Company, if they should be ordered off.

The Artillery, at a business meeting Monday evening, voted all "ready" to go to defend the stars and stripes, with the exception of a single member.

☞ The ride or walk to Mr. Rogers' Kittery Nurseries and Greenhouse, is getting to be quite pleasant. Love Lane will soon be as attractive as ever. Mr. Rogers has made an addition to his Cottage—and with his triple business as horticulturist, stock-breeder and Town Clerk, we should say he might find enough to employ his time—if he don't have to go to war. Among his shrubs, we noticed a fine large specimen of the rare and beautiful golden-bark willow—of which a slip came to Mr. R. years ago, as a withe on a bunch of shrubs from England.

☞ Owing to the scarcity of Flags, Messrs. Brewster of the Journal have issued a pattern on cotton, about a yard long, which will answer a good purpose wherever it is big enough. It contains the full 34 stars, and the colors are good; and copies may be had at the Journal office.

☞ Conductor Langley has raised the stars and stripes over the C. & P. Railroad Depot in this city. They also float over the Eastern Depot, as everywhere else. Superintendent Gilmore, of the Concord Road, has promised his employees to restore the places of all who enlist, on their return.

STRATHAM FOR THE UNION.—On Friday last, forty citizens of Stratham, visited a strong Secessionist, and informed him that he must leave town immediately, or they would hang him. He chose the former, and left.—*News-Letter.*

☞ The star-spangled banner now waves from the lofty staffs at Liberty Bridge and South Mill Bridge—to the delight of "A South Ender" and all true patriots.

GOVERNOR'S HORSE GUARDS.

A Meeting of COMPANY C, of G. H. G., will be held at the Armory, (Rechab Hall,) on THIS WEDNESDAY EVENING, April 24th, at half-past 7 o'clock.

Members will appear in undress uniform, and provided with sabres, for drill. Officers in full dress.

A Meeting for Street Drill is ordered, mounted, in undress, for Thursday afternoon, April 25th, at half past 3 o'clock.

Per order of Lt. Commanding.

J. E. RIDER, Clerk.

Portsmouth, April 25, 1861.

☞ A young woman tried to poison herself by laudanum, on Saturday evening, at Manchester. She was married about two weeks before, but her new husband found out that she had another husband living,—whereupon the new husband seceded, and the wife took the drug; but the same new husband heard the news, and brought the doctor to save her life.

LIFE IN VIRGINIA.—On Saturday, April 6th, says the Murfreesboro' Citizen, in the adjoining county of Northampton, came to his death in a sudden and shocking manner, as follows:

It seems that Mr. Brown and Mr. Jesse C. Moore (his father-in-law) were sitting at the table together, when unpleasant words occurred. Brown arose and attempted to strike Moore with a chair; anticipating the movement, Mr. Moore seized a stick and gave Mr. Brown a blow on the head. He fell and never spoke again.—The collision took place in the afternoon, and Brown died about midnight. A post mortem examination showed an extensive fracture of the skull, remarkable for the supposed force of the blow.

The parties are of a highly respectable character, and the entire community sympathizes deeply with Mr. Moore, whose hands are thus unfortunately and doubtless unintentionally stained with the blood of a fellow creature.

WILLS.—One of the most curious wills we ever saw, is that of the celebrated Alexander Campbell, once a great lawyer in this city. Among other curious requests, he desires that no tombstone may be erected over his remains, for the reason that if every man who died had a tombstone, the earth woud soon become a solid pavement. There is another in the County Court, a much greater curiosity, in which a bequest is made to a son of a shilling, to buy a rope to hang himself. Tom Sheridan's answer to his father, who threatened to cut him off with a shilling, "Pray, sir, couldn't you pay in advance," seems borrowed from this will. A testator in Goochland county many years ago, devised his whole estate, a pretty considerable one, to the righteous poor," and another in another county, "to all free negroes who feared the Lord."—*Richmond Dispatch.*

NEW YORK, April 23.—The schooner Times has arrived from Norfolk, which port she left Sunday morning. The Federal Government people had set fire to the Navy Yard, also to the liner Pennsylvania, and a frigate, and destroyed all their arms, throwing them into the river.

The World says that General Wool has arranged to send troops hereafter by rail to Havre de Grace, thence via Annapolis to Washington.

Advices from Washington state that there were 14,000 troops there yesterday, including regulars.

The arming of the light draft fleet for the coming blockade commenced yesterday.

The State authorities have decided to muster into immediate service the whole of the 30,000 volunteers authorized by the Legislature.

A gentleman from Washington reports the Baltimoreans having telegraphed to Harper's Ferry for Virginia troops to come to their support.

The house of Henry Winter Davis was entered by mob, but he having left, his family were not further molested.

The citizens of Cockeysville were holding a Union meeting, when two omnibus loads of Baltimore police and soldiers came up to burn the bridges to the Pennsylvania line; but were attacked and dispersed by Union men.

PHILADELPHIA, April 23.—Mr. Wendell, formerly public printer, has arrived here. He left Baltimore at 10 o'clock yesterday. He says the city is completely in the hands of the mob.

The military constitute the worse part of the mob. He says that Washington is well defended with 8000 troops, and that Gen. Scott feels confident that no force can be brought to bear sufficient for its capture.

THE LATEST.—We learn from Boston at 10 o'clock Tuesday night, that nothing had been received there since the 5 o'clock papers; and there was no telegraphic communication south of Delaware.

☞ The Kentucky State Union Committee has issued an address on the state of the country, advocating the ground that it is the duty of the State to maintain a neutrality, taking no part either with the Government or the Confederates, and permitting neither to march troops across Kentucky to attack the other. This is the ground taken by Mr. Crittenden, in a late speech at Lexington. The Unionists of Kentucky will find *peaceful* neutrality impossible.

LOUISVILLE, Ky., April 22.—A movement will probably be adopted by the civil and military authorities in this and other cities to prevent invasion by either northern or southern forces so long as Kentucky is neutral. Seven companies have been organized at Paducah in this State.

THE ATLANTIC MONTHLY, for May, is just issued. Among other articles it contains the following:—Rest and Motion, by Rev. Mr. Wasson; Pomegranate Flowers, (a very long and somewhat obscure poem) by Miss Prescott; Concerning Future Years, by the author of Recreations of a Country Parson; and the Lake District of England, by Miss Martineau. Mrs. Stowe's New Story is commenced, and the opening chapters give promise of an interesting serial from her popular pen.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 60, 65 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually,* or *annually,* at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease,—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

GROVER & BAKER

SEWING MACHINES.

TO THE LADIES.

CHARLES T. EMERY,

No. 10 Market Sq., Portsmouth,

Having been appointed

SOLE AGENT IN PORTSMOUTH

for the sale of the celebrated and unrivalled Noiseless

GROVER & BAKER

FAMILY AND MANUFACTURING

Sewing Machines,

would invite especial attention to the same.

THE GROVER & BAKER SEWING MACHINE makes the only seam formed by a Sewing Machine, in which each stitch is independently locked, and without dependence on other stitches for strength, and the only seam that will admit of the thread being cut at every fourth stitch without injury to the seam in wear.

THE GROVER & BAKER SEWING MACHINE is adapted to all varieties of fabrics, sewing equally well the finest Swiss Muslin or the heaviest cloth or leather, and requiring no adjustment for any kind of sewing other than the adaptation of needles and thread.

THE GROVER & BAKER SEWING MACHINE sews from ordinary spools without rewinding, and fastens its own seams, thereby saving time and thread. It will sew common spool cotton, silk and linen thread with equal facility.

THE GROVER & BAKER SEWING MACHINE is so simple that an intelligent child of ten years can readily learn to operate it. It is more easily kept in order than any other machine, and need not be taken apart to be oiled.

THE GROVER & BAKER SEWING MACHINE makes the only stitch that cannot be injured by washing and ironing, and the only stitch that forms an elastic and durable seam. Fabrics put together with this stitch may wear out and drop to pieces from original weakness, or hard usage, but come apart or give way at the seams, they cannot; they will hold together when the cloth or calico around them hangs in rags and tatters.

Every Machine Warranted.

PRICES FROM $40 UPWARDS.

☞ Be sure to call and examine.

I have also been appointed agent for

THE UNIVERSAL HEMMER,

Which can be attached to *any* machine, and will turn a hem from 1-16 inch to 2½ inches, without previous basting.

PRICE $5.

WATCHES, JEWELRY,

—AND—

SILVER WARE,

Which I invite my customers and the public to call and examine, feeling assured that I can offer

AS LARGE AN ASSORTMENT,

BACHMAN & CO.

Morning Chronicle.

THE PATRIOT'S HYMN.

Tune—"America."

While the loud drum and fife
Angrily call to strife,
Still let us pray.—
Pray God that wars may cease,
Pray God to give us peace,
Pray God our hearts release
From discord's sway.

Yet if the sword must be
Guardian of Liberty,
Unsheath its blade!
Grasping the trusty brand,
Heart joined to heart we'll stand,
One firm united band,
God giving aid.

Shame to the coward come,—
Death be the traitor's doom,
Perish his name!
True be their hearts who rear
Our starry flag in air—
Ever their praise we'll bear,
Deathless their fame!

Run up the stripes and stars
Borne in our Fathers' wars,
Victor through all;
For it, on battle-field,
Their sons the sword will wield!
Never that flag will yield,
Though we may fall!

NATURE.

The blue isles of the golden sea,
The night arch floating high,
The flowers, that gaze upon the heavens,
The bright stream leaping by,
Are living with religion; deep
Its glories on the waters sleep,
And mingle with the moon's pale rays,
Like the soft light of 'parted days.

A little Black Republican
Asked one of higher station,
What was the nature of the thing
They call the Inauguration?
The big Black told the little Black
That nearly half the nation
Had gone to *bore* the President,

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR,

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and have such a delicate stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining the medicinal tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaint, Diseases of the Skin, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. To you the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will incline you to try and to TRUST WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Pyrche was once sent to a climate warmer than that of West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial we are the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all languor from the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating effects. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and Young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test of time and trial, for it is without doubt the first article in the market for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for the last three years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intoxication, Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Those who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

One dose will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts. $1.

BININGER'S
OLD KENTUCKY
BOURBON
"1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to mention in detail the characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1849, and manufactured expressly for sale with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaints, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *restrain* and *strengthen*; while age having contributed its genial charm, and enriched it with a delicious flavor and an oily body, it affords a pleasant incentive to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,

MISCELLANEOUS WAR ITEMS.—A correspondent of the New York Tribune writes from Washington on Friday, April 19, as follows:—

During the last seven days I have been through Louisiana, Alabama, Georgia, South Carolina, North Carolina, and Virginia. The excitement is wild. Railway trains are loaded with soldiers, arms, and ammunition. Northerners are hastening home, closely watched, subjected to gross indignities, and often arrested as spies.

The general belief is that Ben McCulloch is about to attack Washington successfully; that Mr. Lincoln will be killed; that the North wants to subjugate the South; that Yankee soldiers, as they are called, are cowards and easily defeated.

There is great wonder that no Disunion party has yet been developed in the North, and there is daily expectation of hearing that the masses of New York will inaugurate a bloody rebellion and overthrow the authorities.

Companies are pouring into Pensacola. Gen. Bragg had his plans laid for an attack last Friday night. Sentinels were to be *bribed*, and it was expected they could surprise the fort. The United States forces discovered the plot, and so it was abandoned. The fort can only be carried with immense loss of life. The Revolutionists' cannon are light. There is great fear of the Brooklyn's guns.

Pieces of Major Anderson's flag-staff are carried through the country as curiosities. In some of the States I heard extreme fears expressed that the slaves would be supplied with arms from the North, and rebel.

There was great activity still about the defences of Charleston harbor, in anticipation of a sea attack. Troops are still coming in from the country.

In Eastern North Carolina, yesterday, the excitement was utterly wild. Six twenty-six pounders from Charleston for Fort Macon reached Wilmington last night.—Troops were pouring into that and the other forts. One hundred and sixty free negroes had been impressed, and are now working on the fortifications. Gov. Ellis was about to convene the Legislature. The State is already considered out of the Union. There are loud threats to hang and drive out Mr. Gilmer and other Union men.

At Richmond there has been unparalleled excitement during the last three days.—Business was suspended; gold and New York exchange were fifteen per cent. premium. One secession firm advertises that they repudiate Northern debts. There were fears of trouble from the two thousand free negroes of the city. Sharpe's rifles were being ordered from New York, to be shipped *disguised* in dry goods boxes.

Union men are utterly crushed out.—The convention is still in secret session.—Trouble is anticipated in the anti-slavery districts of the West. Though the secession ordinance is not to be submitted to the people till the May election, the authorities will act as if the State is already out of the Union. The Congressional candidates announce themselves for the Montgomery, not Washington, Congress.

BELLINGHAM'S
Celebrated Stimulating Ongunent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.

THE STIMULATING ONGUENT
is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of

WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWNY hair GRAY, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct), securely packed, on receipt of price and postage, $1.18. Apply to or address

A. RICHARDS & CO.'S
COMBINED GLUE AND CEMENT,
For cementing Leather, Pearl, Coral, Glass, China, Stone, Wood, Metal, Marble, Alabaster, Porcelain, Bone, Ivory, Jet, &c. Try it upon everything. It rivals every other Glue in its durability and neatness for the general line, as well as course use of families—and when the articles have become dry, are warranted to break in any other place before they will where the Glue is applied.

DIRECTIONS.—Stand the bottle in a cup of hot water until the Glue is hot; then warm the pieces to be glued, and apply the Glue with a small brush or the end of the finger, and fasten or tie the pieces together, and lay aside until dry.

Price 25 cents per Bottle.

For sale by J. F. SHORES, JR., No. 1 Congress Block.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, APRIL 25, 1861.

TRUE GRIT. — A correspondence, of which the following is the substance, is said to have passed between Gov. Hicks of Maryland and Gov. Sprague of Rhode Island, on Friday or Saturday of last week, by telegraph:

Governor Hicks to Governor Sprague.—"I understand you are about to proceed to Washington with the Rhode Island Regiment. I advise you not to take them thro' Baltimore, and thus save trouble."

Governor Sprague to Governor Hicks.—"The Rhode Island Regiment are going to fight, and it matters not whether they fight in Baltimore or Washington."

A gentleman who has had abundant means to obtain information, left Charleston last week. He says that the Southern army there is in no condition to take open field for a campaign. It has no commissariat—no tents—no means of transporting subsistence. He says also that the traitors confess that they do not want to hold Washington, but to destroy it.

Sour grapes! They would be very glad to hold it, and there give laws to the entire nation. But failing in this object, — no doubt they would wish to destroy it.

THE SAFETY OF WASHINGTON.—The New York Tribune states that through private and special advices it is learned that Gen. Scott was satisfied on Sunday, that his force was sufficient to defend Washington against any attack that could be made within a few days, and that the troops which were expected there this week would be ample for its protection in any possible contingency.

The government is in regular communication with Philadelphia by private couriers. Gen. Wilson of Massachusetts left Philadelphia for Washington on Monday, bearing dispatches to Gen. Scott from Gen. Patterson.

Baltimore was tolerably quiet on Monday. A Vigilance Committee of sixty was exercising surveillance over all strangers, and travelers were exposed to much annoyance from them.

Fort McHenry has been reinforced by volunteers from Massachusetts, and the commander of the fortress has positive orders to shell Baltimore in case of an attack on the United States troops.

A special election is to be held in Baltimore to-day.

The mail is dispatched North by wagon to the Susquehanna river.

Baltimoreans complain greatly at the want of mail and telegraph facilities.

It was reported at Philadelphia, by an arrival there from Baltimore on Tuesday morning, of a gentleman who left there at 9 o'clock that morning, that when he left, a report was current in the hotels that news had reached there via Annapolis that Fort Pickens had been captured with serious loss of life. This is only given as a rumor. He says the city of B. is under martial law.

Latest private dispatches from Annapolis received in Boston, Tuesday evening, were to the effect that the northern troops had landed without obstruction, and intended to march immediately to Annapolis Junction. The citizens of the town and neighborhood there are preparing to give them a guerrilla fight on their march. The northern troops had horses with them to transport their baggage and artillery.

A Havre de Grace dispatch of Tuesday evening, says:

A gentleman just from Washington at 7 o'clock this morning, via Baltimore this afternoon, reports both cities quiet. A system of martial law exists in both cities, but had not been officially proclaimed.

A large Union meeting was held at Elkton, Maryland, to-day. Eight hundred delegates were present. A resolution was passed that let Maryland do what she will, Cecil county will not secede.

☞ The New York Herald states that the burning of the bridges and the cutting of the telegraph wires were done by order of Gov. Hicks, and under the protection of a strong military force. If this be true, it will prove to be the worst act in the life of Gov. Hicks, and lead to his execration as heartily as he has hitherto been recommended.

NO TRAITORS BEHIND.—Gen. Butler said to a southern Fire-Eater at the Charleston Convention, that when the North was aroused and found war inevitable, they would march with united ranks and leave no traitors behind, unless they are hanging upon the trees. Gen. Butler has gone, and traitors are scarce.

☞ Franklin's creed was, that, "The most acceptable service to God, is doing good to man."

MORE NEW PHILOSOPHY OF GOVERNMENT.—The Richmond Whig's idea that the Federal Government is the only source of war, the only obstacle to peace, is both new and strange!

Thirty or forty petty principalities, and oligarchies, and republics, all living together, for eighty years in peace, without any central government! Would not this be a pretty picture? Certainly it would;—but the world has never yet seen it.

Again, thirty or forty such States, in a Confederation, out of which any one may step at *pleasure*, would probably be in an endless circle of quarrels, about the Virginian abstraction of State equality,—which being in itself very difficult to, preserve, and perhaps impossible,—would contribute to almost anything else, than peace and prosperity. It is really a pursuit after shadows, in which the substance of law and order is lost;—as perhaps the Whig and Virginia may find out, in a year or two.

U. T.

GEN. SCOTT'S APPROVAL OF MAJOR ANDERSON.—The following is an extract of a private letter received in New York city from Washington:—

"Gen. Scott says that Anderson has performed the greatest piece of artillery generalship in the history of the world, in holding out so long as he did, and keeping his guns going thirty hours, with so few men, without relief and without sleep. He was forced to yield from sheer exhaustion."

☞ The great New York dry goods merchant, Alexander T. Stewart, called his clerks together a day or two since, and announced to them his intention of supporting the Government, and assisting such of his employees as desired to volunteer in the service of their country.

Mr. Stewart, at a great auction sale, in which he was a heavy purchaser, made a brief speech, in which he said that the South now owed him *two million dollars*, but he was willing to let all that slide, and *another million with it*, to sustain the flag and honor of his country.

SOUTHERN CHIVALY.—On the occasion of the presentation, on Friday last, of a sword to Major Anderson, by the citizens of Taunton, Mass., he spoke of the conduct of the *chivalry* at the bombardment of Fort Sumter in the following terms:

"It is one of the most painful recollections of that event, that when our barracks were on fire, and the men were obliged to cover their faces with wet handkerchiefs, and lie with their faces upon the ground to avoid suffocation,—instead of sending a white flag, with assistance to extinguish the flames, then threatening us with destruction, they rapidly increased their fire upon us from every battery, in total disregard of every feeling of humanity."

FROM VIRGINIA.—*New York, April* 23. The steamer Yankee reports arrived at Norfolk on the afternoon of the 17th, and finding a movement afloat to seize her, proceeded to the Navy Yard and placed herself under the guns of the yard.

On the 18th the Custom House officers came to seize her, but the commander of the yard refused to yield her. The Yankee towed the Cumberland to Fort Monroe.

The Pawnee, under Com. Paulding, arrived at Fort Monroe, took aboard the 3d Massachusetts regiment, and proceeded to the Navy Yard, where the officers had commenced destroying the public property to prevent its falling into the hands of the enemy.

They had scuttled all the ships, the Cumberland being the only one in commission; they cut down the shears, &c. Preparations were made to make demolition complete.

The Pawnee, with the Cumberland in tow, assisted by the Yankee, started, and after passing the Navy Yard sent up a signal rocket, when a match was applied and in an instant ships, ship houses and store houses were in flames.

So rapid were the flames, that Commander Rogers of the Navy and Captain Wright of the Engineers were unable to reach the point of rendezvous, where a boat was waiting for them, and were left behind.

Among the most valuable property destroyed were the liners Pennsylvania, Columbus, New York and Delaware; frigates Merrimac and Potomac; sloops Germantown and Plymouth, and brig Dolphin.

Large quantities of provisions, cordage, machinery and buildings of great value were destroyed. It is not positively known that the dock is blown up.

The burning of the Navy Yard was done by Union men, who are in the majority, but comparatively unarmed.

When the Pawnee came up, the Cumberland and Merrimac lay broadside to, their guns loaded, thinking she was in the hands of the rebels. Similar opinion prevailed on board the Pawnee, and she was ready for action.

The cheering aboard the vessels and on shore showed how satisfactory was the answer to our hail from the Cumberland, that she was the U. S. steamer Pawnee.

Union men employed in the Navy Yard cut down the flag staff, so that it could not be used by the rebels. The guns in the Navy Yard were spiked.

The Pawnee and Granite State had left for Washington with the crew of the Pennsylvania and Merrimac, who occupied the barracks. They probably reached there this morning.

☞ Mr. David Clark, of Hartford, Conn., when the subject of the support of the families of volunteers was presented to him, responded most nobly by a pledge to support one hundred families from his own means.

BOSTON, APRIL 24.—Annapolis dispatches of the 23d state that 1500 Northern troops are there, including the Massachusetts Eighth and the New York Seventh Regiment.

It is reported that Ben McCulloch is at Alexandria, with 2,000 Virginia rebels! [only 7 miles below Washington.]

General Scott denounces the rumor of his resignation, and says: "Please God, I will fight many years for this Union, and that too under the protecting folds of the Star Spangled Banner."

The military department of Washington has been extended to Delaware and Pennsylvania, under command of Major General Patterson, who is ordered to post troops covering the Railroad and telegraph wires from Wilmington to Washington.

It is reported that President Lincoln is determined that troops shall march through Baltimore, if it involves the destruction of the city!

The rebels have constructed batteries on the banks of the Potomac, below Mount Vernon. *General Scott has issued orders to destroy them.*

NEW YORK, April 23.—Reports from Washington state that on Sunday it was rumored that martial law would be proclaimed on Monday.

Gergetown heights were held by regulars. It is said that orders have gone to England for the purchase of 20 Armstrong guns, which may be expected to arrive at an early day.

On Friday night fourteen boys from Washington, captured a steamer at Alexandria and brought her to Washington.—There were 24,000 stand of arms on board.

The Post states that a messenger passed through Cockeysville on Sunday with positive orders from Gen. Scott to Gov. Curtin to throw recruits into camp as rapidly as possible, for the purpose of making a demonstration on Baltimore at the earliest practicable moment. There are said to be 6000 men there now under Major Porter of the army, and by to-morrow the number will reach 10,000.

It is said that every able bodied man in the townships along the Southern frontier of Pennsylvania is enlisted.

The Post says that Jefferson Davis is in Richmond.

A gentleman from Charleston, Thursday, says the southern troops were in excellent condition and discipline. It was the intention of the southern confederacy to march to the north fifty to sixty thousand men, expecting fifty thousand additional in Virginia.

Commander Breeze has been directed to charter 20 light draft steamers for three months service, to be armed with nine inch pivot guns, and fit them for sea.

Steamer Florida, from Savannah, brought a large number of passengers, including many business men and families, who were glad to escape.

Sand batteries were being thrown up at Tybee.

Troops in large numbers continue to occupy Charleston. The steamer Isabel is fitted as a man-of-war, and the tug Huntress is converted into an armed revenue cutter.

The steamer Nashville is detained at Charleston.

The city of Savannah was wild with rejoicing over the news of the attack on the Massachusetts Regiment. It was reported there that 130 of them were killed.

Gov. Letcher of Virginia has made a requisition upon Gen. Beauregard for two regiments.

THE ATTACK ON THE MASSACHUSETTS TROOPS.—A correspondent of the Providence Journal says of the attack upon the Massachusetts troops at Baltimore, on the authority of an eye witness:

"The rowdies would rush up to them, tear the knapsacks and blankets from their backs, and assail them with stones. One poor fellow, who was hit in the head with a stone, was dizzy and seemed to falter, when a great burly fellow rushed from the crowd, caught his musket from his hand, and placing it against his breast, fired, killing him instantly. The troops then wheeled and fired into the crowd, killing eight and wounding others. Many of their shots were aimed too high and took effect on the buildings and awnings, the marks of which our informant saw. He was upon the spot five minutes after the fight, and describes the appearance of the ruffians as terrible beyond description."

FRANKLIN PIERCE, in his speech at Concord, after expressing his desire for peace, says:—

"Should the hope which I have expressed not be realized—and a war of aggression is to be waged against the National Capital and the North, then there is no way for us as citizens of one of the old thirteen States, but to stand together and uphold the flag to the last, with all the rights which pertain to it, and with the fidelity and endurance of brave men.

DOVER, N. H., April 23.—At a special meeting of the city government, this evening, it was voted to present a revolver, at the city's expense, to each of the citizens who have or may hereafter enlist to fight the battles of our country. The ranks of the third company here will be filled to-morrow.

GENEROUS AND PATRIOTIC.—Mr. S. H. Gookin, who made an excellent speech at the meeting in Ward 11, Boston, on Monday evening, said that he did all that he could honorably to prevent the election of Gov. Andrew, but he thanked God he did not succeed; for His Excellency, by his prudent foresight, had prepared the State for the present crisis, and he would be forever enthroned in the hearts of the people. Mr. Gookin was a leading member of the Bell and Everett party.—*Atlas.*

EXPLOSION OF AN OIL WELL.—An awful catastrophe happened on Wednesday night in the oil regions at Erie. The gas from a spouting well took fire and exploded, killing seven men. Among them was Mr. Rouse, an ex-member of the Legislature.

NEW YORK, April 24.—Mr. Bartlett of the Post arrived here last night from Washington. He says Gen. Scott has only 3500 troops, 2500 of whom are of the District Militia; many of the latter are of doubtful loyalty.

Gen. Wool has recommended to the government the bringing of 50,000 troops into the field, and opening the route through Baltimore. He would also disperse the rebels form Richmond, hold that city and take possession of New Orleans and the mouth of the Mississippi.

Jefferson Davis was at Montgomery at last accounts.

SLANDER.—It is a remarkable circumstance that nine-tenths of the slanders uttered are aimed at individuals who are the least deserving of calumny, and who have given the least. If we were to trace the venom to its original source, we should generally find that the human reptile from whom it sprang was so utterly worthless and contemptible, and so far beneath anger as to occasion to sensible men more astonishment than any other feeling.

Patriotic citizen! choose you which you will serve, the world's best hope, our noble Republican Government, or that bottomless pit, social anarchy. Adjourn other issues until this self preserving issue is settled.—*Boston Post.*

Bryan's Pulmonic Wafers!
This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptons, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

TO ARMS! TO ARMS!

CITIZENS OF PORTSMOUTH, AWAKE! Do you know it is possible for the enemy to enter our harbor, seize our Navy Yard, and put our city under contribution for any amount of money? A naval officer, in conversation recently, said we were too slow—our fort ought to be manned immediately! Will our citizens sit down in quiet, and know that we are in such danger? Married men, your interests are at stake!—Men of all classes, you are in danger!

Let us be up and doing. Send men to the fort, and let them be drilled *there*. Millions of dollars—thousands of lives, are in danger! Move in the matter *to-day!*

ACTION.

HORSE GUARDS—Some changes have necessarily been made in the Officers of Company C., on account of the election of men who have also enlisted in other military bodies. Frank W. Miller is promoted to First Lieutenant, and H. Eldredge to 2nd Lieut. Several members of Company C. reside in Great Falls and elsewhere; the Armory being located in Portsmouth.—M. C. Burleigh of Great Falls, is Captain. New members are being received each week, as the number is not limited.

At a late meeting of Company C., G. H. G., the death of Private WILLIAM RAND was announced, and the following customary Resolutions were passed:

Resolved, That it was with feelings of the deepest regret and most heartfelt sorrow, that we received information of the removal from our ranks by death, of Private WILLIAM RAND, of Portsmouth; and that our appreciation of his worth as a man and a citizen, and our knowledge of his regard for and devotion to his duties as a member of this corps and this Company, will not allow us to omit this slight public notice of our loss.

Resolved that a copy of this resolution be forwarded to his afflicted widow; with the assurance of the sympathy and commiseration of all his late companions in arms, in this Company and the entire Regiment.

Resolved, that these Resolutions be published in the Chronicle.

Per Order. J. E. RIDER,
Clerk Co. C., G. H. G.
Portsmouth, April, 1861.

PORTSMOUTH ARTILLERY.—A company of Artillery was formed in this city, last week, and now numbers about 70 members. The following officers have been chosen:

A. J. Hill, Captain; F. W. Ham, 1st Lieut; W. B. Randall, 2d do.; W. M. Wait, 3d do.; James A. Blaisdell, 4th do; Chas. Manont, 1st Sergeant; W. W. Henderson, 2d do; J. M. Davis, 3d do; S. H. Kingsbury, 4th do.; Andrew J. Hough, 5th do; C. H. Hayes, 1st Corporal; J. Knight, 2d do.; L. E. Martin, 3d do.; Josiah P. Carter, 4th do.; T. S. Nowell, Clerk.

At a meeting held in Jefferson Hall, on Tuesday evening, the following preamble and resolutions were passed without a dissenting voice; the clause declaring their willingness to respond to the call of the President receiving the most hearty approval.

Whereas, In the course of human events it now becomes necessary for all Union-loving men to associate themselves together for the protection of our country; and feeling desirous to heartily respond to the Commander-in-chief of these United States, for the protection of the flag of our beloved country, which has so long waved over a prosperous people, and for the protection of our homes and families; therefore,

Resolved, That we will form ourselves into an Artillery Company, for the purpose of perfecting ourselves in drill, that we may respond to the call of the Governor of the State, or President of these United States.

Resolved, That we will forget for the time all party sentiments and differences, and will rally as one man in support of the "Union, the Constitution, and the enforcement of the Laws," and that animated by these feelings, we will sustain the constituted authorities of our State and Nation to the last extremity.

Feeling that the present deplorable state of our beloved country requires men of firm moral character, therefore,

Resolved, That we cannot associate with us any but those who will respect themselves and maintain their country's honor.

A FLOATING BATTERY.—*Messrs. Editors*:—It is well known that the old U. S. ship-of-war Dale, is now lying at our Navy Yard, unseaworthy,—and it is not probable she will ever be repaired for sea service.—But with a very little repair, to make her tight, which could be done in a few days, she would make a very valuable floating battery, were she moored, with her guns on board, in a certain spot in our Lower Harbor; and manned with a small crew of old sailors, who are plenty with us, and with a good number of green hands and boys, who would be glad to learn the use of great guns on ship-board. NEWCASTLE.

OFFICERS OF THE OLD GUARD.—J. G. Hadley, Captain; A. J. Beck, 1st Lieutenant; Hampt Kenney, 2d Lt.; N. B. Dame, 3d Lt.; John H. Moran, 1st Orderly; W. G. Nowell, 2d Orderly; Sylvester Gilbert, 3d Orderly; Elias Ayers, 4th Orderly;—Henry H. Ham, 5th Orderly. There are rising 100 members.

ROCKINGHAM CO. AGRICULTURAL SOCIETY.—At a meeting of the Trustees, in Exeter, on Wednesday, — the full Board present,—it was decided not to make any further arrangements for a Fair next Fall, at present; and the Board adjourned to meet at the call of the President. Fitting resolutions were passed, relative to the death of the late efficient Secretary; and J. C. Hilliard, Esq., chosen Secretary *pro tem*.

S. J. COURT, EXETER.—The flowage case, Wasson v. Sanborn, has been on trial for a day or two; and it is thought will close the term—for so much more engrossing is war than law, that hardly a lawyer can be kept in Court.

DURHAM EXCITED.—When the last train reached Durham Tuesday evening, it was at once surrounded by an alarmed and excited crowd, who supposed that Portsmouth had been attacked by the rebels, and that they were rapidly marching upon Durham. They were quieted by the passengers, who assured them that, so far as they knew, Portsmouth was safe, and they had heard no news of any invaders being on our coast.—*Dover Union.*

EXTRA CHRONICLE.—We printed upwards of 500 copies of our Extra, on Wednesday afternoon—which were readily disposed of by the newsboys, in the city, in the course of an hour or two. It will be observed that in consequence of the issuing of this Extra,—much of the matter in this morning's paper, to many of our readers will not be new.

We shall publish an Extra whenever there is any important news—but shall be obliged to charge 2 cents apiece for them—1 cent will not pay the cost.

A MISTAKE.—Ben McCulloch's army, which was stated in the Extra Chronicle to be 20,000, is reported elsewhere at 2000.—The error was made somewhere in telegraphing, and not by multiplication in our office.

Herrick Allen's Gold Medal Saleratus is as healthy as the purest flour; will prove a great saving in that article; is peculiarly adapted to benefit weak stomachs and dyspeptic persons; is much more healthy and economical than the baking powders, and greatly preferred to soda to use with cream tartar. Grocers say they have as good.—They are mistaken. It is the best in the world. Try it. Most of the grocers have it. Have the Gold Medal or none.

A Distressing Cough, causes the friends of the sufferer as much pain as the sufferer himself. *Dr. Wistar's Balsam of Wild Cherry* will certainly cure coughs, colds, arrest consumption, and that speedily. When did it ever fail?

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE
MUTUAL LIFE INSURANCE CO
Of New York,
with an accumulated capital of over
SEVEN MILLION DOLLARS,

invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

Morning Chronicle.

☞ It appears from the Boston papers, not only "that Rev. Nehemiah Adams delivered a very eloquent and patriotic sermon, fully endorsing the cause of the government and the objects of the war which has been forced upon us,"—but also, that "at the close of the services he called together the members of his society and invited a contribution for the benefit of the families of the volunteers. The sum of $2325 was raised on the spot." This was a Sunday contribution. Every secessionist that reads this, or hears of it, must be constrained to despair of all aid and comfort from this part of the country. Mr. Adams was *not* one of the 3000 clergymen who signed the famous protest against the Kansas Nebraska bill.

☞ Virginia's secession has brought up the seat of war to the actual line between the two kinds of border States; and the contest is now waxing warm on the frontier of that State, in Maryland, and on the border of Pennsylvania.

☞ There are about 60 Germans in Manchester; one of them is enlisting a company of volunteers to put down the rebellion: he has 40 enrolled, and thinks he can get 50. Who can beat this?

☞ Mr. Everett O. Fost has commenced publishing a small daily paper at Dover, called the Dover Daily Union.

Drs Jackson, Herbert & Co.
15 Greatest Medical Circular Ever Published! 15
62 Fifteen 62 large letter pages for two 3 cent stamps.

DRS. JACKSON, HERBERT & CO. are Associated Proprietors of the **National Dispensary**, No. 167 Sycamore street, Cincinnati, established Jan. 1, 1859, for the cure of Private Diseases.

Prof Egbert Jackson, Dr. Robert Herbert and M. Velpeau. Thorough cures effected with almost incredible rapidity, of Gonorrhea, Syphilis, Gleet, Nocturnal Emissions or self-abuse, Impotency, Stricture, Female Diseases, *Diurnal Emissions*, in short, every possible form and variety of Sexual *Diseases*, and at the same time the *general health* of the patient improved, where any improvement in that respect is needed.

Our Dispensary Circular, of 15 large 8 in. by 11 in. letter pages, with full and special written Reply, sent promptly, well sealed, to any address for the amount of the postage, six cents! Every young man, whether

SICK OR WELL,

should have one. Also, a Circular intended for ladies only, nine large letter pages, for a 3 ct. stamp. The "Mountain of *Light*, or Medical Protector," a new book of three hundred pages, one hundred engravings; price, in stamps or money, 50 cts. and one 3 ct. stamp, or 3 for $1 and nine cents in stamps. This book is fully described in our Circular. It is by far the most valuable and deeply interesting book on the subjects treated of, now extant; matters that in former works were merely hinted at, are here fully explained; it contains a full and explicit key to all the secrets of marriage, love and beauty never before

SATISFACTORILY

revealed in any book in the English language.

Dr. Jackson's Perpetual Preventive—*Send for Circular.*

Dr. Jackson's Female Pills, $1—*send for Circular.*

Dr. Jackson may be seen at the Consulting Rooms of the Dispensary, No. 167 Sycamore street, from 8 A. M. till 1 P. M., and from 4 P. M. till 8 P. M., at other hours either Dr. Herbert or M. Velpeau, or both, will be in attendance.

Male patients, when desired, will be furnished with large, airy, comfortable rooms, suitable board and careful attendance, for the few days ordinarily necessary to effect a cure. Patients do not see each other. The most satisfactory guarantees of our ability and good faith promptly given when desired. Fees as reasonable as the very highest grades of treatment known to modern medical science, and a very long and varied experience, will admit. P. O. Box 426. Send for Circular, and state your case ☞ plainly and fully, and you will receive the Circular, and our written reply by return mail. ☞ We will answer no letter unless it contains six cents in stamps. Medicine and instructions sent promptly and carefully to any part of the world.

PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES, &c.**, and would say that our experience of more than **FORTY YEARS** as importers, is not only a sufficient guarantee for the **Purity of our Goods**, but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wines* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE; and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever—Persons who require *Pure Liquors and Wines*, in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revitalizing, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is perfectly free from lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FALTERING NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIACISM, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES.

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent the attack arising from miasmatic influence and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will indubitably prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or direct aid not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known; in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would

FROM THE CLEVELAND PLAINDEALER.

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS
The celebrated New England remedy for
Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.
They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.
Dr. JAMES L. LEFEERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."
E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself. Having taken cold, become prostrate, and lost my appetite, it relieved me, and I can recommend it with great assurance of its merits."
Dr. WM. M. KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart, and general debility.
THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the m. at severe and prostrating character; "after using a few bottles, I was completely restored, and am now in robust health."
GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says "Our rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific certain remedy."
J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.
D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."
Such News we are receiving Daily.

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.
This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic* and *stomachic s*, and cannot fail to meet the wants of the debilitated.
It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.
For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.
One of the very best Physicians in Boston has said "*that it is the best preparation of Bitters that has ever been offered to the public.*"
Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.
For further particulars reference is made to the printed circulars.

DO YOU WANT A MUSTACHE?
BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.
The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the agency for and are now enabled to offer to the American people, the above justly celebrated and world-renowned article.
THE STIMULATING ONGUENT
is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.
It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.
The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.
Price One Dollar a box—for sale by all druggists and Dealers; or a box of the "Onguent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

Portsmouth, N. H.

FRIDAY, APRIL 26, 1861.

DISHONESTY AND IMPUDENCE.—The Secession Convention of the State of Louisiana, after taking possession of the contents of the United States sub-treasury at New Orleans, divided to the Confederate Congress $536,787 12 of the spoils. The proceedings of each of these bodies on the occasion exhibit a lawlessness and disregard of right which nothing but a state of actual war could justify—and which indicate on their part a recognition that such is the actual state of things, and thus expose them to any kind of retaliation that the government of the United States may deem proper.

The State Convention formally ordained that the above sum should be paid the treasury of the Confederated States out of this plunder.

The Confederated Congress voted "that the Congress accepts, with a high sense of the patriotic liberality of the State of Louisiana, the funds so generously tendered to the treasury of the Confederated States."—This vote has been published, and is signed by Howell Cobb, as President of the Congress.

Here is the very man who had been commissioned and sworn as Secretary of the Treasury of the United States, to the care and disbursement of this very money in the service of the Federal Union, affixing his name to a vote of thanks to those who have taken it wrongfully and were appropriating to other parties, and not only to other uses, but to uses of opposition to a Constitution which he had many times sworn to support. These are said to have been the funds that put the new government in motion.

THE SEAT OF WAR is to cover the whole neighborhood of Washington and Baltimore, and in a very few days probably the whole of Maryland.

Maryland, below the Susquehannah, is wholly in the hands of the secessionists, who by telling the people all manner of false hoods about the Northern hordes summoned by Lincoln to subdue them and set their negroes free, have produced a general fright. Nobody dare say he is for the Union—and thousands are trying to get their families beyond the reach of danger. The Governor has been coerced into calling the Legislature to meet on Friday, (to-day,)—and meantime an election for delegates is to be held in Baltimore, where a secession ticket has been nominated, and *none other* will be voted. Nobody now *dares* to nominate any other. Of course the State will be declared out of the Union forthwith.

The Baltimore Sun says Jeff. Davis would be at Richmond in a few days, with an advance guard of 5000 Carolinians, and would rapidly reinforce, having ordered the enrollment of 30,000 men.

The Governor of North Carolina has called an extra session of the Legislature.

The Montgomery correspondence of the Baltimore Exchange says it is reported that Jefferson Davis will start for Richmond, Va., which is to be his headquarters, and there assume command of the army.

It is now quite clear that the nest of traitors who came on to the North, eight or nine years ago, from the dominions of King Cotton, to control our elections and so hold the power if possible under the forms of the Constitution,—were *even then* resolved to use all manner of "*coercion*," military force, murder even, as well as swindling and stealing, to break down any party, any administration, any law, any Constitutional Union—so that they might rule.

They desired to be *let alone!* Yes, indeed, they wished to be undisturbed in the possession of their schemes—but they did not mean to let *us* alone.

They meant, all the time, to rush into the Capital, into the forts, arsenals and treasuries, with a horde of traitors, armed to the teeth with stolen weapons, paid with stolen money, and led on by perjured deserters.

Governor Wise lets the cat out of the bag. He was, it seems, an *expulsionist*, rather than a secessionist. He, as the Statesman, and Davis & Co. as the Warriors, were to have the centre of their military empire at Washington, where they were to *expel* all Presidents and Congresses who would not agree to their doctrines and come to their terms.

Then and there they were to give laws and dictate opinions to all the land.

☞ The government have purchased the steamers South Carolina and Massachusetts, and they will be armed for service.

NEW YORK CORRESPONDENCE.

NEW YORK, April 23.

Dear Chronicle:—The excitement has not diminished since last I wrote you,—on the contrary it has increased. Crowds fill our streets, and the air is literally filled with flags. Stores are decked from ridgepole to cellar, many of them having a flag at each window, amounting in some cases to fifty or sixty. Many of the dray-horses are invisible from their covering of bunting,—and the "red, white and blue," of every dimension, is attached to cart-wheels and cart-men, stages and rail-cars. 'Tis one universe of flags, and the city would be over run with them, should the enthusiasm commence to *flag*, too!

Even the churches participate, and from the top of the glorious old Trinity, 240 feet above the ground, float the "stars and stripes," like the shroud of an angel coming to wish our troops "God speed."

It must surely surprise our Southern chivalry to see the once Democratic, secession city of New York, now a unit for the Union. She would to-day raise 50,000 volunteers, if necessary, and our ex-secessionist Mayor would, I fear, go as commander in-chief!

Those who lately sympathized with the South, either from patriotism or a regard for their top-knots, keep completely silent. Indeed, let any one proclaim that he is in favor of the rebellion, and no Insurance Co. would take the risk on his life for less than 99 7-8 per cent. premium.

One individual was driven out of the Fifth Avenue Hotel, and two more from Lafayette Hall on Broadway, for advancing sentiments of this character.

The 6th Regiment, 991 men, the pet and pride of New York, went to Washington on Friday; and were followed by the 6th, 11th and 69th on Sunday—though little like Sunday did it appear to see half a million of people on Broadway, the trees blooming with urchins of the most ragged description, and to hear the bands discoursing martial music for the gaily accoutred troops which followed. Many an eye was dimmed, and many a stout heart trembled to see these gallant fellows springing to the ranks from some of the best houses and homes in the city, to fight, and many of them perhaps to repose in the oblivion of a soldier's grave—leaving their names alone, lustrous with glory.

Let not Englishmen cavil longer at our volunteer militia; let them not again be called "play-day soldiers"—for this hour they have proved themselves ready and willing to die, if need be, in defence of their country and their country's altar!

To this list of gallant fellows, we have to-day added the 8th and 69th, and three regiments from Brooklyn. The 69th (Irish) numbers 600 men, and has enrolled the last week nearly *seven thousand* volunteers, who are to form an Irish brigade.

To save the government the large hotel expenses, large barracks have been erected on the City Hall Park, one building 30 by 300 ft. on Broadway, and one 60 ft. in length on Park Row, both furnished with gas and water. Volunteer drills are to take place each day on the Battery. Such are the indications of a civil war. "God only knows where such a war will end."

NEWINGTON.

NEW APPOINTING POWER.—The telegraph says that a Postmaster has been appointed at Key West by the commander of the Powhattan. If this is so, (says the Boston Journal,) we have no doubt it is all right. If the commander of the Powhattan got down to Key West and found a secession Postmaster, liable to make mischief at any day, and he removed him and put in a sound man—although it would not be exactly according to the rules of the department—we should like to know who is going to suffer by it? The ex-Postmaster is at liberty to carry his complaints up to Washington, and the commander of the Powhattan can be called to account. The fact is, the powerful servants of the Union, in a crisis like this, must read their duties by the light of large considerations, and unflinchingly carry out their patriotic convictions. Let them remember that they are dealing with a constituency that would pardon *everything* but lack of devotion.

☞ Mayor Wood made one of the most uncompromising speeches at the great New York meeting on Saturday. Here is a specimen:

"My friends, it has been said here to-day that your flag has been insulted; aye, not only has your flag been insulted, but a Secretary of War, assuming to represent the Confederated States, has said that the Confederate flag would fly over Faneuil Hall, in Boston. My friends, if that banner can ever be carried to Faneuil Hall, in Boston, it must be over the dead body of every citizen of New York."

MASSACHUSETTS TROOPS AT FORT MONROE.—The Providence Journal says:

"We learn that when the Massachusetts troops arrived at Fort Monroe, the commander of the Fort was moved to tears. He exclaimed, seeing the head of their Colonel, "In Heaven's name, where did you get such noble-looking fellows as these?" He shook every man by the hand. That does not look much like jealousy between regulars and volunteers."

THE NORFOLK NAVY YARD.—A gentleman who was on board the steamer Yankee, at New York, states that Com. Pendergast notified the government of his want of sufficient force to hold the Norfolk Navy Yard, and was told to get out what ships he could and destroy the rest. After he had set them on fire they sent out a flag of truce, saying he could take out all the vessels, provided he would not fire on the town, but at that time all the vessels had been destroyed.

The Merrimac, when scuttled, only settled two feet, when she took the ground, and was set on fire to prevent her capture.

When the Yankee towed the frigate Columbia out into Hampton Roads, she went over one of the sunken vessels.

The dry dock was also destroyed, together with all the machine shops.

If the Pawnee had arrived six hours earlier, the yard, shops and all, could have been saved and held against any force.

HARRISBURG, Pa., April 24.—An intelligent New York merchant, arrived via Chambersburg from Washington at three o'clock yesterday afternoon, says provisions are becoming scarce, and Government is supplying flour seized at Georgetown on Sunday, to families at $8 per barrel. Military men informed him that a little over 2000 men were lying near Alexandria, and that not more than half of them were armed.

Gen. Beauregard was known by the Government to be in Richmond on Tuesday.

The Seventh New York Regiment was known to be at Annapolis. The Baltimoreans had sent troops to intercept their march between Annapolis and the Washington Junction.

Gen. Scott's pickets were gradually extending towards Annapolis.

All the families who can get away are leaving as soon as possible.

The avenue is almost deserted. On Tuesday 16 strangers dined at the National and nine at Brown's Hotel.

Two Pennsylvania regiments had reached Chambersburg and encamped there.

A part of the 10,000 stand of arms shipped thither from the Springfield Arsenal, have arrived, and at last the troops are ready to march.

PHILADELPHIA, April 24.—A number of the 7th New York regiment had arrived there with four sick comrades. They left Annapolis at 2 o'clock on Tuesday afternoon. They think it impossible for the 7th regiment to reach Washington to-day.—The Massachusetts regiment reached Annapolis on Sunday. They found the ship Constitution in the hands of the secessionists, who were converting her into a battery. They were driven out and the ship was towed out by the steamer Maryland, but grounded. Some guns were then hoisted out, when she floated. But the Maryland then grounded, and was fast when the 7th regiment arrived and still remained ashore. Both regiments suffered much from want of provisions and water.

A gentleman from Annapolis yesterday heard the report that a negro insurrection had occurred in Arundel County, and that Gen. Butler of Massachusetts had offered to subdue it. Major Ames of Massachusetts had left. The 7th New York regiment was at Annapolis on Tuesday afternoon.

Gen. Butler was taking measures to have the rails relaid on the Annapolis road, as they had been carefully taken up by the company. No difficulty is apprehended in opening the road to Washington.

NEW YORK, April 24.—Direct advices from Annapolis by letter, and travellers from there yesterday afternoon, said that the New York 7th and Massachusetts 8th regiments were then there. A large force of secessionists lay between them and Washington. Communication is perfect at Annapolis. The government has seized all vessels between there and Havre de Grace.

The depot is occupied by three Massachusetts companies. Gen. Butler declared that as soon as the troops which left New York Sunday afternoon arrived, he should march for Washington.

The Constitution is manned by a company of Massachusetts troops, and can level Annapolis with her guns.

BOSTON, April 25th.—General Beauregard is in Richmond, and has addressed a note to President Lincoln, recommending women and children to leave Washington before Saturday.

2500 men have enlisted in Missouri to defend the stars and stripes. Frank P. Blair is Colonel of the 1st Regiment.

The rebels have captured 70,000 stand of arms at the Arsenal at Fayettesville, N. C.

Indiana agrees to send 50,000 men into the field in one month.

Telegraph communication with Washington is still interrupted.

Eight officers attached to Frigate Niagara have resigned.

NEWBURYPORT, April 24.—Hon. Caleb Cushing in a speech at the raising of an American flag in this city this afternoon, announced that his fortune and services were at the disposal of his country, and that he was willing to give up his friends at the South, however near and dear to him, on the altar of his country, and that the Government and Union must be sustained at all hazards. Wherever Massachusetts was, there he was with her.

LETTERS OF MARQUE.—The Savannah Republican says it has the best authority for saying that the government at Montgomery have determined to issue no commissions authorizing reprisals until after the assembling of Congress (29th inst.)

☞ Hereafter no vessel will be permitted to leave New York between sunset and sunrise.

THE PORTSMOUTH VOLUNTEERS.

The Portsmouth Company of the New Hampshire Regiment, the "Goodwin Guards," has been full for many days, and has been actively engaged in drill, in which they make rapid progress, under their efficient and devoted officers. We give below the muster-roll of the Company, and opine that they will prove themselves worthy of the State of Stark, when opportunity offers. We trust they will not be allowed to leave our city to enter into active service without "every man" is furnished with a revolver.

☞ The ladies of Portsmouth, as well as of every other city and town in the land, almost, are actively engaged to promote the comfort of the (Portsmouth) Volunteers—making flannel garments, &c. The anterooms of the Unitarian Chapel in Court street, has been a busy scene of late, on several afternoons—such as show the spirit of '76 has *not* died out, by any means.

THE PAPERS.

"The Newspapers are making the money," is the general remark now, which only shows that the public is not posted as to where the profits of newspapers come from. We have always considered ourselves lucky to get pay for the bare white paper and the cost of presswork by sales, and for three years and a little more have given Buckley (the City Agent for the Mirror) the whole subscription list and sales, he paying for paper and presswork and furnishing the office one hundred papers for exchanges. The money to carry on the Mirror, to pay for the wear of type, rent, fuel, lights, printers, telegraph, reporters and our own living, has all come from advertising, and we have had no reason to complain on that score; far from it.

With the war has come a new era. Our people are eager for the news as fast as it arrives, and we are obliged to keep up with the popular demand, to get all the news the telegraph can furnish, at an enormous outlay, and employ more printers to put it in type, so that we find the expenses of the Mirror office doubled, and nothing to offset it.

Worse than that. Advertising heretofore has been the only reliance. With this war, the advertising drops suddenly, at least the most profitable part of it—the show and transient part—and there is only one of two ways for the Dailies here to take to save themselves whole, viz.: Either to drop the telegraph or put the price of their papers at *two cents* per copy. There is but one response to the question in the city, as far as we know, and that is, put it at two cents. We shall endeavor to furnish a perfect transcript of the War News, giving it to the public as fast as received. Hereafter the price of the Mirror will be *two cents* a copy as long as the circumstances that call for so much extra outlay shall continue.—*Manchester Daily Mirror.*

The above, from the Mirror, is all true—and while all the papers in the land are printing great piles, their receipts will in few cases pay the immense expenses.

We shall keep the price of the Daily Chronicle at 1 cent for the present—we can't say how long. Meantime, those who pay $3 in advance for the year, will be sure of getting it at that price—of course no others will expect to do so,—and we may return to our old $4 in advance ere long.

ORDERS TO MARCH.—The 1st Maine Regiment, composed of the five companies from Portland, one from Kittery, one from Norway, one from Auburn, and two from Lewiston, is ordered by Adjutant General Hodsdon to hold itself in readiness to march to Boston on Monday next.—*Argus.*

☞ The New York Times says the New York 7th and the Massachusetts regiments, on landing at Annapolis Sunday morning, found two thousand rebels collected, partly armed, and with howitzers. The regiments marched through them without molestation.

FROM PENSACOLA.—*New Orleans, April* 23.—Steamer Hannah M. Johnson, from Pensacola yesterday morning, reports eight war vessels off the harbor, supposed to contain reinforcements.

ANNAPOLIS, April 23.—Two companies of the Massachusetts regiment have just taken possession of the railroad depot here, preparatory to leaving for Washington.

A passenger from Norfolk says he came through Wilmington, N. C., with A. H. Stephens, who took the boat for Richmond.

It is reported that Gen. Beauregard had arrived in Richmond; also that, 2500 Carolinians and Georgians were on their way to Portsmouth, Va.

The Virginians had taken possession of the port of Norfolk and secured a large quantity of amunition, which was sent to Richmond.

A large steamer, supposed the Baltic, arrived off Old Point on Monday evening.

THE MAILS.—No mails from Washington have been received at New York since Friday. The Postmaster of Philadelphia has requested the New York office not to send any mails for places beyond Philadelphia, as they have not room to store them.

TRENTON, N. J., April 24.—Officer Mortimer, of the 7th regiment, passed here to-night, en route to New York, bearing important dispatches. He crossed the Chesapeake Bay last night in an open boat.

☞ It is reported that the secessionists of Richmond *placed a negro astride of the statue of Washington!*

LATEST FROM FORT PICKENS.

A gentlemen in Cincinnati, under date of April 21st, says to a friend in Exeter, the news arrived there on Saturday, by a messenger from Memphis, that Fort Pickens, on the Thursday previous, opened fire upon some batteries then being erected, and killed 300 of the rebels; and further that this news is believed to be authentic. It came by telegraph to Memphis, and was there stopped, and brought on as above stated.

There were many other interesting incidents mentioned in the above letter, among them that the young ladies of the Tippecanoe district, Indiana, are selling their jewels to carry on the war against the rebels; and that Indiana was as firm for the cause as the people of Ohio.

The Catholics were all alive in the business; and a monster flag was floating from the top of the great Cathedral, hundreds of feet from the ground; and the Irish generally were as loyal as any American.

NEW YORK, April 25.—The steamer Empire City, from Texas, with troops, arrived this morning.

Leslie Coombs telegraphed from Frankfort, Ky., saying that Mr. Crittenden was absent, and asking if they can get arms and money for self-defence in the Union.

Gen. Wool has received information that two privateers were fitted out at Norfolk *before* Virginia seceded; one has a single rifled gun and the other four large guns.

The New York 7th Regiment and the Massachusetts 8th Regiment arrived in Washington on Wednesday.

The gunboat Pocahontas arrived at Washington on Monday night with 120 marines and 250 soldiers.

☞ Company C., Governor's Horse Guards, had their first drill and parade, mounted, on Thursday afternoon, Lt. Miller Commanding. They rode to Newcastle, and visited Fort Constitution, where they were courteously received by Sergeant Davidson, (who has charge of the Fort,) and a large company of gentlemen, including Gen. J. G. Hadley, Capt. Fuller of the staff of G. H. G., Lt. Fontenay, U. S. A., T. B. Aldrich, Esq., and many others.—After examining the preparations for defence here, the Company returned to the city, and were dismissed.

The Guards had no music, but a mounted Band is to be formed for them in this city at once.

☞ We learn that orders have been received at the Portsmouth Navy Yard to fit out three war vessels immediately;—the Santee, Dale and Marion.

Taylor vs. Messer—the next action tried—was brought to recover damage for a quantity of wool alleged to have been transported by defendant as a common carrier from Boston to Salem—the wool was stored in defendant's warehouse and consumed by fire. The case was given to the jury on Saturday afternoon, and they gave the plaintiff a verdict for $1624.85. Small and Bartlett for plaintiff, Tuck & French for defendants.

Israel A. H. Bartlett of Nottingham was tried on an indictment for being a common seller of intoxicating liquors at South Hampton. The defence was that the offence complained of, if committed, took place in *Delaware Territory*, and respondent contended that the house where liquors are charged to have been sold, is in Massachusetts, and not in New Hampshire.—A nol. pros. was entered.

Herrick Allen's Gold Medal Saleratus is as healthy as the purest flour; will prove a great saving in that article; is peculiarly adapted to benefit weak stomachs and dyspeptic persons; is much more healthy and economical than the baking powders, and greatly preferred to soda to use with cream tartar. Grocers say they have as good.—They are mistaken. It is the best in the world. Try it. Most of the grocers have it. Have the Gold Medal or none.

A Distressing Cough, causes the friends of the sufferer as much pain as the sufferer himself. *Dr. Wistar's Balsam of Wild Cherry* will certainly cure coughs, colds, arrest consumption, and that speedily. When did it ever fail?

Bryan's Pulmonic Wafers!

This extraordinary preparation has been for many years the most certain and speedy remedy for Coughs, Colds, Asthma, Bronchitis, Influenza, and Diseases of the Chest and Lungs. To those suffering from obstinate and confirmed Coughs, they give the most immediate and perfect relief; and when great liability to take cold exists, and a troublesome Cough succeeds the slightest exposure, these Wafers produce the most marked results. They at once relieve the Cough and other symptoms, and entirely remove that morbid irritability and weakness of the Lungs which give rise to the complaint. The medical properties are combined in an agreeable form and are pleasant to the taste, so that any child will readily take them; and they are warranted to give relief in ten minutes after use in all cases.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

TO MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

In all cases of Nervous and Spinal affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

For full particulars, get a pamphlet, free, of the agent.

One dollar and six postage stamps sent to any authorized agent, will insure a bottle, containing over 50 pills, by return mail. feb28 daw3m

STRONG TESTIMONY.

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & Co., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859

MR. HENRY REYNOLDS,—*Dear Sir*:—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & Co., Troy, N. Y.) for *several* weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it is a merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE,

HUTCHINS' HAIR DYE,

THE VERY BEST NOW IN USE, as many thousands who have tried it will testify.

The great superiority of this Dye consists in its easy application, having but one preparation. It also contains twice as much as any other, and sold at a much less price. This Dye imparts to the hair the most natural color of any yet discovered; and instead of injuring, it gives it the beauty and elasticity of youth. This Dye is having the largest sale of any Dye in the market, and is warranted to give better satisfaction than any yet offered to the public.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually,* or *annually,* at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Blotches, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & CO. Gentlemen: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways from my childhood. I have had out in Ulcers on my hands and arms; sometimes it turned inward, and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I went to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful every month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened his life, by the use of this powerful preparation, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Erysipelas* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zabdiel Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hard core swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. R. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which it is employed such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by ulceration of the uterus, the ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbery, Abs., writes, "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight months no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 20th August, 1859.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic sores in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, within a few days cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that his life in this disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not disposed to have some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. A few bottles cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.—J. FISHER.

Jules V. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which defied every other health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Popp, advised me to try your Sarsaparilla, because, he said, he was sure and say thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our Medical Almanac, which the agents below named are pleased to furnish all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions in the diseased fibre, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the medical profession, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its wonderful power to control coughs and colds, and the comparatively easy cures of pulmonary disease, have made it known throughout the civilized nations of the earth. For all the purposes of a family, or even families, among whom have not some personal experience of its effects—who have to pay in their midst of its victory over the subtle and dangerous disorders of the throat and lungs, as all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully compounded as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by reaction or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES.

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy often go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. It also purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resists the assaults of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Psyche was once sent to a climate warmer than the Windies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to, and unhappy hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious effects can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Nervousness, Faintness, Neuralgia, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to stay the all importation of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will find it an invigorating power. We are confident that after using one bottle of this Bitters, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and Young, Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and in fact it is without doubt the first article of the kind for purifying the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind on the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible visitation, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

Dose.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure a Sick Headache.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and so soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Passages.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, feel the evil effects of poisonous liquors, in violent headache, sickness at stomach, weakness, giddiness &c., will find one dose will remove all feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BININGER'S OLD KENTUCKY BOURBON "1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON is a sufficient guarantee of its superfluous to mention in detail the characteristics which distinguish it from the ordinary grade of Kentucky Whiskey.

Being distilled in 1848, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaints, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *recruit* and *strengthen*; while age has long contributed its genial charm, and enriched it with a delicious flavor and an oily body, it affords a pleasant incentive to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,

A VOICE FROM THE WEST!
FROM THE CLEVELAND PLAINDEALER.

UNIVERSAL, UNIVERSAL,
IS THE DEMAND FOR
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS

The celebrated New England remedy for
Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all Diseases arising from a Disordered Stomach, Liver or Bowels.

They are used and recommended by the leading Physicians on the continent, and all who try them pronounce them invaluable.

Dr. JAMES L. LEFEBRE writes from Navarre, Stark Co., O.: "The bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, Postmaster at Williamsport, Ohio, writes: "They also great satisfaction. I use them myself, having taken cold, became prostrate, and was unable to sit up. It relieved me, and I can recommend it with great confidence as a tonic."

Dr. WM. M. KERR, of Rockville, Ind., writes as follows: "My wife and valuable medicine offered. She has recommended them with great success, and will in all cases, sooner cures of palpitation of the heart, and general debility.

THOMAS STANFORD, Esq., Bloomville, Huron Co., Ohio, writes as a long letter under date of May 1, 1859: "He was much reduced, having been sick two years with great nervous debility, a palpitation of the heart of the most severe and prostrating character. After using a few bottles, was completely restored, and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms for 20 years, and at the date of his letter he had been two years well, the Bitters effecting the cure, when several physicians attending him could do him no good. He says: "For rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific or main remedy."

J. W. HUNT writes from Delphos, Allen Co., Ohio, (a section where fever and ague prevails,) that he cheerfully recommends them as of decided merit in all cases of fever and ague, dyspepsia and general debility.

D. K. GALLEHERS, M. D., writes from Van Wert, O.: "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.

RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.

This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonic* and *stomachic s*, and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhea, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best Physicians in Boston has said *"but it is the best pr paration of Bitters that has ever been offered to the public."*

Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.

For further particulars reference is made to the printed circulars.

DO YOU WANT WHISKERS?
DO YOU WANT WHISKERS
DO YOU WANT A MUSTACHE?
DO YOU WANT A MUSTACHE?

BELLINGHAM'S
Celebrated Stimulating Ongunent!
For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the agency for, and are now enabled to offer to the American people, the above justly celebrated and world renowned article.

THE STIMULATING ONGUENT
is prepared by DR. C. F. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used in the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as it by magic upon the roots, causing a beautiful growth of luxuriant hair. It applied to the smallest extent will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article to every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all druggists and Dealers, or a box of the "ongunent," (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,)securely packed, on receipt of price and postage, $1.18. Apply to or address

SATURDAY, APRIL 27, 1861.

SOME MISTAKES.

Wars and fightings, says a New Testament writer, come from men's lusts. St. James says:—

"Ye lust, and have not: ye kill, and desire to have, and cannot obtain: ye fight and war, yet ye have not, because ye ask not. Ye ask, and receive not, because ye ask amiss, that ye may consume it upon your lusts."

We shall not attempt to apply this plain language to the case in hand, but let the reader do it for himself;—while we pass on to say, that not only is the cause of war found as above, in grasping, dishonest desires, but often found also, in grand mistakes as to the power, character and courage of the opponent, or person to be attacked.

One cause of the mad and wicked course of the Confederated States, (says the Boston Courier,) may be found in certain very mistaken impressions prevailing at the South in regard to the people of the Northern States. The South have jumped to the conclusion that the people of the North, especially the New England States, are so eager after the main chance, that all pluck and manhood have gone out of them, and that they will submit to anything, yield anything, concede anything, rather than put their hard-earned dollars at risk. But this is an immense mistake; and the South are in a fair way to be disabused of it.

This erroneous impression at the South as to the Northern character, is fostered by the opposite tone of public feeling as to the practice of duelling. At the South, duelling is a living institution. The more advanced civilization of the North rejects this mode of adjusting controversies, as absurd and unchristian. But the Southerner jumps to the conclusion that because the Northerners do not fight duels, they are cowards, and will not fight at all. The Southern mind might have been disabused of this nonsense.

And there was yet another erroneous impression imbedded in the Southern mind, which is now cropping out in the guilty madness of secession. The people of the Gulf States, or their leaders, at least, misunderstood entirely the character of the Northern opposition to Republicanism.—They cherished the delusion, that, in case of actual secession, and armed resistance to the authority of the Government, they would find support in the Democratic and Union parties of the North. But anti-Republicanism in the Northern States, adds the Courier, had no sympathy with rebellion or secession. It had its origin in a peculiar love for the Union, and a fervid attachment to the Constitution; and when the Union was endangered and the Constitution was assailed, the Democrats and the Union men of the North sprang to their defence. They stand side by side, and shoulder to shoulder, with their Republican fellow-citizens; and are quite as ready as they to spend their blood and treasure in support of the government.

THE NEXT BATTLE.—Everybody is anxious to know where the next fight is to be. Some think at Bahimore; some at Washington; and others at Pensacola. We hope the government will portion out the work, giving to the Eastern States the duty of possessing and retaining all the Atlantic coast from Delaware Bay to the Florida Keys; and to the Northwest the duty of possessing and keeping the Mississippi and Ohio rivers from their sources to the Gulf of Mexico. The most vulnerable part of the South is along the great river; but on all sides, so far as it is possible, they should be shut in by the army and navy, that neither the world communicate with them nor they with the world. This secession is a bad disease, worse than small pox, the yellow fever, or plague; and we must put these States in close quarantine.—*Ex.*

VERMONT.—The Vermont House of Representatives promptly and unanimously passed a bill on Tuesday, the day of their convening, appropriating a million dollars for military purposes. On Wednesday the Senate unanimously concurred. The Governor approved the bill on Thursday; thus promptly and liberally have the sinews of war been provided by that State. In the meanwhile the work of enlisting and organizing volunteers goes bravely on all over the State.

GUN BOATS FROM PACKET SHIPS.—An experienced shipmaster in New York suggests to the Courier & Enquirer that our largest packet ships, with all their top hamper taken off and with flush decks, are just the things for gun boats. True, and put engines in some of them, and what more is wanted to keep up the blockade of our Southern coasts?

EXPULSION OF UNION MEN FROM MARYLAND AND VIRGINIA.—Mr. Evans, the editor of the Baltimore Patriot, has been driven from that city by the traitors, and has arrived in Philadelphia. He declares he will return to the city if he can get a military escort.

The schooner O. H. Lee, at New York from York river, Va., brought five families formerly from New York and Pennsylvania, who were driven from their homes for expressing a preference for the Union over secession. James Bigler, who formed the settlement, bought 2100 acres of land seven years ago, upon which he had put up mills, planted orchards and vineyards, and induced others to join him, in which he was endeavoring to show Virginians how to become prosperous. He was allowed but one night in which to prepare for flight, leaving property of the value of $100,000. The secessionists believed New Jersey, New York, Pennsylvania and Rhode Island would join the southern confederacy.

VIRGINIA.—How have the mighty fallen. Old Virginia, the mother of statesmen, has deserted that flag and that Constitution which Washington, Jefferson, Madison and Patrick Henry assisted to establish. Following the lead of demagogues, she has joined the South Carolina rebels in an effort to overthrow the Government of the Union. Already is Virginia in arms and at work to capture property belonging to the United States situated in her borders, and is marching her troops to the Capitol at Washington to assist Jefferson Davis in his work of treason.

There is one source of consolation in the action of *Virginia* and *Maryland*, to wit, The North will no longer be deceived by the cry which the pseudo Union men of the border States have been making for *compromise* and *concession* while they were insecure, and talked to gain time before making their treachery known, so as to strike the *more deadly*. Fortunately the arms at Harper's Ferry were destroyed, or the Virginians would have seized them and marched upon Washington.

The people of the Free States can now see the conspirators in all their hideousness. Their plans are now fully developed and have aroused a sentiment throughout the Free States which will make itself felt in the seceded States, and more especially in Virginia. Virginia has played false. She was *false* at the Democratic Conventions at *Charleston* and *Baltimore*. She has always demanded terms which were inadmissible, and then bolted, after weakening those with whom she attempted to treat. We now know just where she is. She is the enemy of the North, and will have to stand her hand in the great battle which is to come. Upon her soil will the war be waged, and she may rest assured that Northern arms will not be laid down until there is some substantial guarantee that the future conduct of her people will be a little more peaceable. Now the war has begun, there must be a tremendous energy put forth to crush out treason and to humble the rebels.—Virginia and Maryland will be the first to feel the effects of the war, and probably will be the first to desire peace. But Virginia can no longer dictate terms. She will have to take what she can get.—*Boston Herald.*

PHILADELPHIA, April 25.—Passengers from Harrisburg via the Northern Central Railroad, also via Chambersburg, report that all was quiet at Baltimore yesterday. Guards were stationed at all the public buildings, and there was a strict surveillance over strangers passing through. The price of a carriage to York was $60. All the wholesale houses were closed. Many northern born clerks were escaping, as all had been ordered to enlist.

Five cars arrived at Chambersburg this morning, filled with families flying from Baltimore. All the males over fourteen were required to enlist. Baltimore money was ten per cent. below par there, and Pennsylvania money is exchanged for gold and silver.

The Baltimore Sun of to-day says that the special election in Baltimore was a mere form. There was no opposition to the States right ticket.

A Portsmouth, Va., paper prints a dispatch stating that Fort Pickens was taken with the loss of 2500 men, but the Sun states that the reported battle is incorrect.

The latest mail advices from Pensacola are to the 17th.

THE PRESIDENT DECIDES TO MARCH THROUGH BALTIMORE. — *Philadelphia, April* 25.—A gentleman from Washington, reports the following language of the President to the Baltimore Committee:

"Gentlemen: You have come here to ask peace on any terms; such a desire, on such terms, is not like the course of Washington or Jackson; they—the rebels—attacked Fort Sumter;—you attack troops sent to the Federal Government for the protection of the same, and for the defence of the lives and property of the inhabitants of this city. My intention never was to attack Maryland, but to have those troops, as I said before, for the protection of Washington. Now, gentlemen, go home and tell your people that if they will not attack us, we will not attack them; but if they do attack us, we will return it, and that severely. Those troops must come to Washington, and that through Maryland; they can neither go under it, nor can they fly over it, and they *shall* come through it."

PHILADELPHIA, April 25.—An arrival from Annapolis reports five additional regiments there, with the sappers and miners, flying artillery with 12 pieces, and railroad and locomotive workmen to attend to the repairs of the road and machinery.

NEW YORK, April 25.—The 71st New York Regiment has arrived at Washington.

Steamer Kill Von Kull, chartered by the government, has a full cargo, consisting of provisions, fifty horses, railroad spikes, &c., for repairing railroads.

DISPATCHES FROM WASHINGTON.

Geo. P. Burnham, Esq., who left Washington on Monday afternoon, with dispatches to Gov. Curtin of Pennsylvania and Gov. Andrew, arrived in Boston Thursday morning. He reports as follows:

When he left Washington, matters were in a very critical condition, though reinforcements from the North were every hour looked for anxiously at the Capital. The government destroyed a bridge connecting with Alexandria, and had possession of the telegraph north. Sunday afternoon the government seized 1800 barrels of flour at Alexandria, and had it carted up to Capitol Hill. 1200 more were seized by the government on Monday.

All the steamers to Alexandria were also seized on Friday and Saturday last. A cargo of stores and about 800 (not 2000 as reported) stand of arms were taken on board the "H. Paige" steamer on Saturday.

The report that Arlington Heights were occupied by 500 troops and a heavy battery, is a mistake. It was thought to be so on Saturday evening, but there was no force there on Sunday.

At the Department, all the clerks are resworn, and have been armed to defend their buildings. More than *two-thirds* of them are secessionists. Scores of them resigned on Saturday and Monday, declining to take the new oath required by government. *All* the Navy Yard officers resigned on Saturday, as did also Lieut. Maury of the Observatory.

The entire Washington police are against us, from the Mayor down. The volunteer city militia are mostly Southern in feeling, and very little dependence can be placed on them in a conflict, without Northern accessions of troops there.

All told, on Monday last, there were but 5200 troops in Washington. This number is from actual count, and includes the Massachusetts Sixth Regiment, four hundred Pennsylvania volunteers (raw recruits) who reached Washington *unarmed*, and the entire force of regulars. There are two or three excellent batteries included in this number, which, when called upon, will do efficient service.

Washington Heights are occupied by a heavy battery, and proclamation was issued by Gen. Scott on Monday, declaring the road from Philadelphia to Washington a military highway, and to be kept open at all hazard for the passage of troops from the North.

This last measure is against the emphatic protest of Gov. Hicks, but the government will carry out their object; though, from the fact that Maryland has destroyed all the bridges and caused the rails to be torn up so extensively, on the main roads, it will take time to repair and put this great highway in passable condition.

Information was communicated by Col Whitely of Baltimore (Unionist) to the authorities at Washington, on Sunday, that a number of secret societies in that city had determined, among other nefarious plots, to take effective measures in future to prevent the passage of Northern Senators and Representatives to the special session of Congress (4th of July next) passing through Baltimore alive. The demonstration made against Senator Sumner was the first act in this vile compact.

In conclusion, the writer adds that Washington is in a critical condition. If the troops now on the way from Massachusetts, New York and Pennsylvania reach the Capital, it may be saved. But the last words of those in authority, with whom he communicated before he left Washington, were—"Send us aid and reinforcements, *armed and provisioned.*"

These are only a portion of Mr. Burnham's items. There have been considerable reinforcements at Washington since he felt; and the rebel forces in the neighborhood appear to have been very much overrated.

NEW YORK, April 25.—The Governor's proclamation is issued, calling for 30,000 men in addition to those called for by the President.

The Union Committee purchased 16 rifle cannon at West Point for the use of our volunteers.

Engraved plates for bonds and bank notes for the Confederate States were seized at two bank note engraving establishments in Wall street to-day.

Capt. Andrew Tolcott, United States Topographical Engineer, a native of Connecticut, has gone to Richmond as superintendent for the manufacture of arms to be used against the government.

ITALY.—In reply to the interpolation in the Chamber on the Roman question, Count Cavour said the Government could only employ moral means, and cannot act against Rome as a conqueror. He admitted that the Neapolitan question was bound up in the Roman question, and hoped the antagonism of the Church and State would soon case. He said the Government would energetically suppress any disturbances in Naples, but the most efficacious means would be the solution of the Romish question.

The Chamber finally adopted the following resolution almost unanimously: "The Chamber has confidence in the Government, and acknowledges the necessity for the union of Rome to Italy, in accomplishing which, however, the grandeur and independence of the Church and Pope will be guarantied.

The health of the Pope is unsatisfactory.

AUSTRIA.—The Austrian Diet has unanimously passed a vote of thanks to the Emperor for the new law relative to Protestants.

Another law published grants to women the right of voting at elections for members of the Diet.

TENNESSEE. — *Louisville, April* 24.—Nashville papers contain the speech of John Bell, advocating a strong military league between all the southern States against the common invading foe.

Governor Magoffin will issue a proclamation for the meeting of the Legislature, May 6.

PERRYSVILLE, April 25.—*Troops marching to Washington.—Gen. Scott orders the way to be cleared.—Rebels in Virginia.*—Gov. Hicks has issued a proclamation assembling the Legislature at Frederick city to-morrow, as Annapolis is occupied by Federal troops.

The Baltimore Sun has a dispatch dated Relay House, Washington Junction, 11 o'clock last night, stating no troops are now near Annapolis Junction, and it was supposed that they have gone to Washington by direct march near upper Marlboro. There is a probability that travel will be re-opened to and from Washington by order of General Scott. It is understood that a train will leave for Washington at 11 o'clock this morning, to return at 3.

The Sun says that the war spirit in Virginia is fully aroused. Volunteering and arming is going on rapidly. Captain Russell of the steamer Louisiana reports 7000 troops from the South arrived at Norfolk on Tuesday. Their destination is a secret. Efforts have been making with the Baltimore authorities to have telegraph facilities resumed, but were unsuccessful, as the lower classes object. All the wants of the military in Maryland are now being provided by the State. Many persons who endeavored to leave with their families have now concluded to remain. It is reported that the ordering out of the Union men is unfounded. The Unionists of Baltimore keep very quiet, and are not interfered with.

MARYLAND.—*Havre de Grace, April* 25. The Baltimore South of last evening, speaks of the election yesterday as progressing quietly. The number of votes is comparatively small. There is no opposition to the Southern Right's ticket.

The people voted or not, according to convenience.

A heavy mail was sent to Washington at noon by express, railroad communication being stopped.

Reported burning of Gen. Cadwallader's mansion is said to be incorrect.

The freight train at Steamer's Run has been seized with provisions, etc., supposed to belong to the Massachusetts regiment.

Quartermaster Cook, of the New York Seventh Regiment, has been arrested as a spy.

HIGHLY IMPORTANT FROM MARYLAND. *Threatened Slave Insurrection — Terror among the White Population of the Rural Districts.* — Reliable information has just reached this office that intense excitement prevails throughout the rural districts of Maryland, in consequence of the imminent danger of an immediate, bloody outbreak on the part of the slave population. Slaves, on a large number of estates, have ceased to treat their masters with ordinary civility. They covertly insinuate that they expect to be speedily provided with arms; and there is no doubt that the awful horrors of Saint Domingo, in the beginning of the century, will be repeated, upon an enlarged scale, unless Providence shall interfere to prevent so fearful a calamity.

There is a slave conspiracy organized, whose ramifications extend into Virginia. A lady recently arrived at Annapolis, and on her way to the North—herself a slave owner—stated that she did not dare to live among her blacks, with no further security than the local authorities can afford. She says that she had not a neighbor, in the district where she resides, who doesn't consider it unquestionable that a barbarous warfare, with the hideous concomitants of the insurrection of a brutalized, inferior race, is on the eve of desolating the region in which she has resided.

Maryland should make peace with the Federal authorities. Self-preservation, and the duty she owes to the mothers, daughters and children of the State, demand that she should take the speediest measures to avoid the evils with which she is menaced.—*N. Y. News, 25th.*

BOSTON, April 26th.—Gov. Hicks, with a regiment of Maryland troops, is sailing Northern troops to repair railways between Annapolis and Washington.

Fort Smith, Arkansas, has been seized by rebels.

A large schooner from New York, laden with battery of light artillery and provisions for Virginia rebels, was brought to by guns of Fort Monroe and captured.

A Petersburg, Va., paper says that there are ten thousand rebel troops at Richmond, four thousand at Harper's Ferry, and thirty-five hundred at Norfolk.

Nothing later from Washington.

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & CO., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS,—*Dear Sir*:—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & CO., Troy, N. Y.,) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally on any and every occasion, as I know it has merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

THE CHRONICLE AND THE NEWS.—We have made arrangements with the Agent of the Associated Press in Boston, to be furnished with telegraphic dispatches about 2 o'clock each afternoon, and 8 o'clock each evening, whenever there is anything new and worth the while. Also to receive a dispatch each Sunday afternoon.

And on any and all these occasions, we shall immediately issue an Extra Chronicle, whenever the news is of sufficient interest, and received at such a time, as to warrant it.

NEW HAMPSHIRE REGIMENT. — We learn that recruits sufficient for two full Regiments have already been enrolled;—but that the recruiting offices will still be kept open, to prepare for any emergency.

Gov. Goodwin has appointed the following officers for the Regiment—which we understand will rendezvous at Concord forthwith:—Mason W. Tappan, Colonel; Thomas J. Whipple, Lt. Colonel; Aaron F. Stevens, Major.

A second Regiment will be formed immediately, to rendezvous at Portsmouth. The following are the officers appointed:—Thos. P. Pierce, Colonel; Frank S. Fiske, Lt. Colonel; George Bowers, Major.

SALUTES.—The sailor who kissed a pretty girl in the street, and was brought to by her lover for impudence, and who said he never knew a "salute" called an insult before—was not more astonished than were the Portsmouth Cadets on Friday afternoon. A new Company has just been formed, by this name, under command of Lt. Fontane, and they marched to the Navy Yard to receive muskets loaned them there. On their return, unexpected by many of the Cadets at any rate, though invited by some others, the Portsmouth Volunteers were drawn up near the bridge, they expecting to escort the Cadets to the city. But the Cadets passed on, the Volunteers considered themselves insulted, and thence came the hisses and cheering, the horrible hooting and groaning, which followed on Market Square, with fears of a row—all which demonstration was unworthy of and discreditable to the Volunteers, no matter what the provocation — which, judging from the following explanation, and from what we hear, and our acquaintance with the officers and members of the Cadets, we think was, at least, magnified.

CARD.—Some members of the Portsmouth Cadets requested Capt. Sides to act as an escort for the company, without notifying the Captain of the Cadets of the fact. Capt. Sides was drawn up in line at the Portsmouth Bridge, and the Captain of the Cadets, thinking they were drawn up merely to receive, and not to act as escort, *the company came to shoulder arms and the officers presented and marched by*, (the usual salute on such occasions.)

The Cadets, both officers and men, sincerely regret the misunderstanding,—and tender their services as escort whenever the Volunteers receive orders to leave.

By order of the Company.
P. H. W. FONTANE, Captain.

☞ A large gang of workmen were taken on at the Navy Yard here, on Thursday and Friday: and three U. S. ships will be ready for sea in a very short time. We imagine that Portsmouth Navy Yard will hereafter be more highly appreciated than ever before, and more extensively patronized.

☞ Sharpley's Minstrels, who are really excellent, and by many pronounced the best Band of the sort which has ever visited Portsmouth—and who never fail to delight an audience, or that portion of it who have any delight in them to be excited—are to give one more entertainment in this city, May 7th; one-half of the entire receipts to go to swell the Portsmouth Volunteer fund.

S. J. COURT, EXETER.—No. 194, John Wason v. Rufus Sanborn, was concluded on Friday. This was an action to recover damage for flowage of land in Chester by the mill-dam of the defendant, and for the deposit of sawdust on his meadows.

Andrew Wiggin was admitted to practice at the bar as an attorney.

☞ On Sunday last, Mr. W. and family, of this city, eight in all, were poisoned by eating a diseased calf's harslet for dinner. They were all sick on Sunday evening, night, and Monday, with vomiting, purging, intense headache and drowsiness, and most of them unable to sit up at all.—On Tuesday, they were all up and about, but one, she having to keep her bed another day. †.

Messrs. Editors:—In passing No. 3 Court street, I noticed a man wisely cutting down some horse-chesnut trees. We hope the important work will go on, till every one of such trees will give place to more healthy and profitable ones. B.

☞ The Rockingham Weekly Chronicle, containing a summary of the news of the week, this day published, and for sale at the Chronicle Counting Room: price 3 cents; $1 per year, in advance.

ARMS FROM CANADA.—We understand that Governor Andrew received from Canada Thursday, six thousand rifle muskets, with a cord bayonet, a most efficient weapon in the hands of a skilled soldier. They will probably be used to arm volunteer companies now recruiting in this State.—*Traveller.*—P. S. No arms rec'd thence.

PHILADELPHIA, April 26.—The Baltimore American has a letter dated Annapolis Wednesday morning, announcing the arrival there of the steamers Baltic, Coatzacoalcos, Columbia, R. R. Cuyler, J. S. Shriver, Ariel, Harriet Lane, Boston, Maryland, and a tug from Havre de Grace, with 8000 troops, provisions, &c.

The Massachusetts and New York Regiments marched for Washington Wednesday morning.

It is stated that the Constitution has been ordered to the mouth of the Potomac river, to blockade Baltimore.

Washington was being rapidly reinforced. A detachment, 3000 strong, were about moving from Annapolis.

NEW YORK, April 26.—The Empire City reports that Beauregard was repairing Fort Sumter on Thursday last, expecting an attack from the North.

Senator Johnson of Tenn. was mobbed at Lynchburg. He denied sending a message that Tennessee should furnish her quota of troops.

Reliable advices state that neither Jeff. Davis nor Beauregard were in Richmond on Tuesday.

The eastern shore of Maryland is strongly for the Union.

A letter from the wife of Bishop Polk of La. says his house was burnt over his head on the night of April 12th, by his negroes.

☞ Hon. Gilman Marston, our Representative in Congress, is in Washington, doing duty as a member of Cassius M. Clay's company. Mr. Marston has no fears that the rebels will attack the Capital.

LOUISIANA.—*New Orleans, April 24.*—The Davis Guards, of Louisville, have arrived, and were enthusiastically welcomed. Two companies of citizen soldiery have volunteered to go to Virginia.

GOVERNOR'S HORSE GUARDS.

A Meeting of COMPANY C, of G. H. G., will be held at the Armory, (Rechab Hall,)

On MONDAY Evening, April 29th,

at half past 7 o'clock. The prompt attendance of every member is requested

Per order of Lt. Commanding,
J. E. RIDER, Clerk.

Portsmouth, April 26, 1861.

HUTCHINS' HAIR DYE,

THE VERY BEST NOW IN USE, as many thousands who have tried it will testify.

The great superiority of this Dye consists in its easy application, having but one preparation. It also contains twice as much as any other, and sold at a much less price. This Dye imparts to the hair the most natural color of any yet discovered; and instead of injuring, it gives it the beauty and elasticity of youth. This Dye is having the largest sale of any Dye in the market, and is warranted to give better satisfaction than any yet offered to the public.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE

MUTUAL LIFE INSURANCE CO

Of New York,

with an accumulated capital of over

SEVEN MILLION DOLLARS,

invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon. Issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease;—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

BACHMAN & CO.

From the Gazette.

JEFFERSON DAVIS A SPY IN PORTSMOUTH.

We have heard from a source which leaves no doubt, that JEFFERSON DAVIS, the President of the Traitors, visited Portsmouth last year, made no disclosure of his name, but was recognized by one who had a previous acquaintance with him. He visited our Navy Yard, Forts, &c. and was industrious in taking minutes of what he saw, and heard from those who exhibited to him the public works in this vicinity. There is little doubt that the dissolution was then in his mind, and we are called upon to exercise a greater vigilance from the circumstances of that secret visit.

On Thursday evening, when one of the new Military Companies was on drill in Irving Hall, Col. WM. DULANY, of the Marine Corps at the Navy Yard, was introduced, who in a patriotic address to the company expressed a strong attachment to the Union and his determination to live and die under the stars and stripes. He tendered his services to the company as ready to give them any instruction they might need in military tactics, and also the use of a stand of arms from the Navy Yard, if needed. The cheers which followed were heard beyond Market Square.

Sergeant James Davidson, who for several years has had the sole charge of Fort Constitution at the mouth of our harbor, has this week been nominated by the Governor, Commander of Ordnance, which capacity as soon as confirmed at Washington, he will hold with the officers of the volunteer company about to garrison the Fort.—Sergeant Davidson is a veteran in the United States service, and a man of sterling worth.—From April 1835 to April 1836, when Capt. Ansart had command of Fort Constitution, the first Lieutenant was the heroic Major Anderson of Fort Sumter, who boarded with Sergeant Davidson the whole year. The second Lieutenant at the time is now the Rev. Bishop Vinton of New York.

Arrangements are making for the defence of our harbor and the protection of the public property in our neighborhood. With the several forts manned and an armed vessel at the mouth of our harbor, any doubtful visitors from the ocean would meet with a close inspection, and if an enemy with speedy retribution.

DANCING.—Mr. Lamprey commences a new term next Saturday afternoon. Mr. L. in his department so well keeps up with the times, that no competitor can find a footing here.

"TRUST IN GOD."—By request, the Rev. Mr. Eddy on Sunday evening next, in the Middle street church, will repeat the sermon delivered by him on Sunday morning last, on the above timely subject.

INSTRUCTION IN MUSIC.—It will be seen that Mr. Pearson, who is so favorably known here as a good instructor in Music, vocal and instrumental, is still ready to serve his friends and the public.

BURNER'S WRITING FLUID.—This is a superior article, flowing freely, and soon acquiring a good color. For sale at Shores' and Foster's bookstores. Try it.

From the Journal

Fort Munroe Cleared for Action.

RELIABLE INTELLIGENCE FROM FORT MONROE.—A friend in New York, who has a sister in Fort Monroe, near Norfolk, gives us some intelligence concerning that post, which we have not seen alluded to in New York or Boston papers. Our correspondent says:

The captain of the "State of Maine" which carried the Massachusetts troops to that post, informs me that Colonel Dimick proposed to send the women and children to New York, on Friday last but was deterred by the destruction of the bridge leading to the main land, which was burned by a body of Virginians. He then thought of forwarding them by the "State of Maine," which arrived in New York on Sunday, but the steamer being unarmed it was thought unsafe, as rumors of privateers were rife.

By the Colonel's orders all the frame buildings *inside* the fort have been burnt to prevent their being set on fire (as Sumter was) by the Virginians, who had gathered in large numbers around the fort, and would have soon attacked it, but for the arrival of reinforcements. The women and children, of whom there are a considerable number, are put in the "casemates" for safety.

THE NAVY YARD AWAKE.—While the Government yards at Brooklyn and Charlestown have been overflowing with work for the past three weeks, the Yard at Portsmouth has been as quiet as a country town. But this is now to be changed. Orders were received by the Commandant, on Thursday, to fit out for sea, with all practicable dispatch, the frigate Santee, and the sloops-of-war Marion and Dale. The Santee will require but little preparation to receive her rigging and outfit. The sloops require considerable repairs. A large number of men will be taken on at once. The orders have been five days on the road from Washington.

——A detachment of the 'Old Guard,' numbering 25 men, under command of Capt. J. G. Hadley, proceeded to Fort Constitution on Thursday last, and commenced operations to put the post in a condition for defence. The work is to be continued by detachments from the same company until the works are put into a complete war trim. We understand that this work has been taken in hand with the sanction of Gov. Goodwin, but without orders from the War Department.

——The Maine Regiment are to leave for Boston on Monday. Mr. J. Woodman Moses, of this city, is making uniforms for the Kittery contingent, and are to be completed by Sunday afternoon. The uniforms consist of a short blue jacket and gray pants, trimmed with red.

——Captain Sides's company were out for drill on Tuesday, with 72 muskets. The company is composed of a lot of hardy men. Their drill was excellent, considering the time they have been together.

——Rev. Mr. Medbury, City Missionary, has offered to the Governor his services as Chaplain to the New Hampshire Regiment.

15 Greatest Medical Circular Ever Published! 15

$5 PRIZE! Best large letter page for two 3 cent stamps.

DRS. JACKSON, HERBERT & CO. are Associated Proprietors of the **National Dispensary**, No. 167 Sycamore street, Cincinnati, established Jan. 1, 1859, for the cure of Private Diseases.

Prof. Egbert Jackson, Dr. Robert Herbert and M. Velpeau, Surgeon, charge cures effected with almost incredible rapidity, of Gonorrhœa, Syphilis, Gleet, Nocturnal Emissions or self-abuse, Impotency, Stricture, Female Diseases, *Diurnal Emissions*, in short, every possible form and variety of Sexual Disease, and at the same time the *general health* of the patient improved, where any improvement in that respect is needed.

Our Dispensary Circular, of 15 large 8 in. by 11 in. letter pages, with full and special written Reply, sent promptly, well sealed, to any address for the amount of the postage, six cents! Every young man, whether

SICK OR WELL,

should have one. Also, a Circular intended for ladies only, also large letter pages, for a 3 ct. stamp. The "Mountain of Light, or Medical Prophetess," a new book of three hundred pages, one hundred engravings; price, in stamps or money, 50 cts. and one 3 ct. stamp, or 2 for 81 and nine cents in stamps. This book is fully described in our Circular. It is by far the most valuable and deeply interesting book on the subjects treated of, now extant; matters that in former works were merely hinted at, are here fully explained; it contains a full and explicit key to all the secrets of marriage, love and beauty never before

SATISFACTORILY

revealed in any book in the English language.

Dr. Jackson's Perpetual Preventive—hand fan Circular.

Dr. Jackson's Female Pills, $1—*send for Circular.*

Dr. Jackson may be seen at the Consulting Rooms of the Dispensary, No. 167 Sycamore street, from 8 A. M. till 1 P. M., and from 4 P. M. till 8 P. M.; at other hours either Dr. Herbert or M. Velpeau, or both, will be attended.

Male patients, when desired, will be furnished with large, airy, comfortable rooms, suitable board and careful attendance during the few days ordinarily necessary to effect a cure. Patients do not see each other. The most ample guarantee of our ability and good faith will be given when desired. Fees as reasonable as the very highest modes of treatment known to modern medical science, and a very long and varied experience, will admit. P. O. Box 430. Send for Circular, and state your case ☞ plainly and fully;—and you will receive the Circular and our written reply by return mail. ☞ We will answer no letter unless it contains six cents in stamps. —FOR—

RHEUMATISM AND NEURALGIA.

GARDINER'S

RHEUMATIC AND NEURALGIA COMPOUND

is a certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have taken but one bottle, and am entirely well."—D. D. BAXTER, Dry Goods Dealer, No. 1 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly afflicted. I tried one bottle of your Compound, and can honestly say that I believe myself entire ly cured.—JOHN A. MORDO, Pearl St. House, Boston.

Gardiner's Rheumatic and Neuralgia Compound has entirely relieved me from sufferings of several years' standing.—W. E. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores, and in constant pain. One bottle of your Compound cured him.—J. W. HAMMOND, 99 Milk street, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in July, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit.—ALBERT SMITH, Ex Member of Congress from Maine.

TESTIMONY OF JUDGE KITTREDGE OF VERMONT.—Charles F. Gardiner, Esq.,—Dear Sir,—I beg leave to add my testimony in favor of "Gardiner's Rheumatic and Neuralgia Compound." After suffering twenty years with Rheumatism, more or less, and last year with a very severe attack, I took one bottle of your Compound, which afforded decided relief. I think it the best and most efficacious medicine for that disease I ever used.—W. C. KITTREDGE, Fair Haven, Vt., Dec. 1st, 1860.

The Rheumatic and Neuralgia Compound has been taken by hundreds of persons for Scrofulous Humors with great benefit.

PURE LIQUORS AND WINES FOR PRIVATE USE AND MEDICAL PURPOSES.

We offer to the country trade and consumers, a complete assortment of **LIQUORS, WINES,** &c., and would say that our experience of more than **FORTY YEARS** as Importers, is not only a sufficient guarantee for the **Purity of our Goods**, but that it enables us to offer advantages to buyers that cannot be excelled by any house in Boston. Owing to the difficulty of procuring, in many towns, a strictly pure and reliable article of *Liquors and Wine* for medicinal and other purposes, we have for many years given special attention to filling orders for PRIVATE USE, and consumers will find it greatly to their advantage to send their orders to us direct, as we employ no travelling or other agents whatever. Persons who require *Pure Liquors and Wines*, in large or small quantities, may rest assured that all orders will receive our best personal attention, and that every article sent from our house will be satisfactory in every respect. Communications by mail will receive prompt attention, with full and complete catalogue of goods, prices, &c.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renews the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach*, and tone up the digestive organs, and yet lay all nervous and other irritation to rest. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THE CLASS OF DISEASES so FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known; in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt:

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit. Pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it adds the vigor of youth and health to the frame

RIFLED CANNON.—A correspondence between citizens of Springfield and the Ames Manufacturing Company at Chicopee, shows that Secretary *Floyd* ordered a contract, to be made in November last, by which one half of the ordnance manufactured at that establishment should be *rifled*, according to the plan of Gen. James. The contract with Gen. James was dated Dec. 17, 1860, and subsequently was opposed and *suspended*, for reasons which Mr. Ames says he does not understand. But for this "the government would have had at this moment two hundred pieces, at least, of rifled ordnance at its command, which could not be surpassed in the world!" There is not one cannon of that kind owned by the government, and but for the forethought of the State of Rhode Island, which ordered six for its regiment, there would not have been any in the field. The Ames company having twenty smooth bore cannon, which they are just finishing for the government, these citizens have proposed to the company to rifle the cannon at their expense, before they are sent off. The offer will be accepted, and the work done at once, if permission can be obtained from the government, which of course will be granted. It is quite easy to conjecture that the *stopping* of this contract was another of the iniquitous acts of Floyd, when he found the cannon could not be made in season to send to the South. We shall probably never know of the depth of the depravity of such conspirators against the government.—*Atlas.*

UNIFORMS.—The military powers of Europe have learned a little common sense in regard to uniforms of late, from the red-shirted Garibaldian. They find that soldiers donned in loose garments, unencumbered by two or three belts, a heavy knapsack, and camp apparatus, can do a great deal of fighting in a short space of time. It is found that in this age of steam and electricity, of art and science in war, that celerity of movement is an essential requisite in battle. A man in a fireman's jacket, a close fitting cap, and shoes, will march further, and fight harder than a soldier in the straight bodied coat, military cap, neck stock, and heavy equipments worn by too many of our troops.

Let the thousands of military organizations about to obtain uniforms, eschew all fancy trappings, and get only plain, serviceable, easy fitting garments. There is much in selecting a suitable color. England, it is said, has lost thousands of men in consequence of having adopted a red coat. Our own national blue, or gray, harmonizes well with the colors of nature; but red or white is in marked contrast. Uniforms, such as the river men of Maine wear at this season of the year—gray pants, blue flannel shirts, and gray overcoats—would be sufficient for a summer campaign in the latitude of Washington, and they would be far more serviceable than the close fitting suits of many regiments.

Indignation reigns in the minds of our citizens at the Baltimore outrage. We hear many bitter, severe expressions, desires of retaliation, &c., which it is our duty as Christians and as good citizens to deprecate. That unarmed Americans should be killed and brutally maimed by Blood Tubs and Plug Uglies, that the city should look on and tamely acknowledge their incapacity to suppress the ruffians, is viewed here in Boston with horror and disgust. It would be impossible in this paragraph to justly reflect the feeling of the State at the atrocious barbarism of the Monumental City, but it is shadowed in the expression of the North End Caulkers—they would "*hew their way.*"—*Boston Post.*

War! War! in all its severity is urged. Levy 200,000 troops! Blockade! Blockade! is the cry! and truly the temper of the North would fully sustain such measures. Call for millions of men and you can have them, is the confident intimation given by the President's friends. The populous West will furnish brawny legions. New England, we think, has already indicated her spirit—the whole North, and Northwest will rise in millions! Two hundred thousand! Why it would be a mere caucus delegation!—*Boston Post.*

We respectfully request correspondents to withhold all matters of a partizan character at present. We know neither Democrat nor Republican, abolitionist or anti abolitionist, but only our country and its defence. Our national house is on fire, and we shall neither quarrel with those who are working at the brakes, nor even ask who they are, so long as they work well for the extinguishment of the flames.—*Bath Times.*

There will be no more talk about rights or wrongs; that day is happily past, for rights and wrongs have been swallowed up in the enormous wrong committed by the blood-stained traitors of Montgomery.—Hereafter we *act*, and act against an entire South, it may be, but few or many, they are welcome.—*Boston Courier.*

GROVER & BAKER

SEWING MACHINES.

TO THE LADIES.

CHARLES T. EMERY,
No. 10 Market Sq., Portsmouth,

Having been appointed
SOLE AGENT IN PORTSMOUTH
for the sale of the celebrated and unrivalled Noiseless
GROVER & BAKER
FAMILY AND MANUFACTURING
Sewing Machines,
would invite especial attention to the same.

THE GROVER & BAKER SEWING MACHINE makes the only seam formed by a Sewing Machine, in which each stitch is independently locked, and without dependence on other stitches for strength, and the only seam that will shrink or the thread being cut at every fourth stitch without injury to the seam in wear.

THE GROVER & BAKER SEWING MACHINE is adapted to all varieties of fabrics, sewing equally well the finest Swiss Muslin or the heaviest cloth or leather, and requiring no adjustment for any kind of sewing other than the adaptation of needles and thread.

THE GROVER & BAKER SEWING MACHINE sews from ordinary spools without rewinding, and fastens its own seams, thereby saving time and thread. It will sew common spool cotton, silk and linen thread with equal facility.

THE GROVER & BAKER SEWING MACHINE is so simple that an intelligent child of ten years can readily learn to operate it. It is more easily kept in order than any other machine, and need not be taken apart to be oiled.

THE GROVER & BAKER SEWING MACHINE makes the only stitch that cannot be injured by washing and ironing, and the only stitch that forms an elastic and durable seam. Fabrics put together with this stitch may wear out and drop to pieces from original weakness, or hard usage, but come apart or give way at the seams, they cannot; they will hold together when the cloth or calico around them hangs in rags and tatters.

Every Machine Warranted.

PRICES FROM $40 UPWARDS.

☞ Be sure to call and examine.

I have also been appointed agent for
THE UNIVERSAL HEMMER,
Which can be attached to *any* machine, and will turn a hem from 1-16 inch to 2½ inches, without previous basting;

MONDAY, APRIL 29, 1861.

HOW WE STAND.

The smoke of Fort Sumter has floated away, and the great yell of *Victory* there has died out; the victory itself, we think, will prove in the end to be something like that famous victory which the British arms gained at Bunker Hill eighty-odd years ago.

Telegraphic communication has been reopened from the north to Washington; and we hope the U. S. Government will station soldiers all along the line,—from Washington, to Philadelphia, at least.

A despatch from President Felton of the Philadelphia and Wilmington Railroad, states that the roads are free from Washington to Annapolis; to Havre de Grace by steamer. The road from Havre de Grace to Philadelphia is also open, making a through route from Philadelphia to Washington, which can be depended upon.—This route will, no doubt, be kept open, if necessary, by force of arms. There appears to be no interruption to the communication with Washington by any other route than that through Baltimore, and reinforcements are arriving at the capital in sufficient numbers to secure the city against danger from any present attack.

Houston (Texas) advices say a courier had arrived from Indianola, who stated that Federal troops were encamped at Green Lake. They had taken Indianola, and commenced fortifying themselves. The troops numbered 600, and 600 additional are expected from San Antonio. Judge Harp, with a party of Texans and two pieces of artillery, were fortifying themselves with cotton bales and sand bags on Dog Isle. It was feared they would be attacked by the Federal forces. A letter from Brownsville says news had been received that Cortinas, with 600 men, crossed the Rio Grande at Roma, laid the town in ashes, and killed eighteen Americans. Two companies from the Ringgold barracks started in pursuit.

The Boston Courier, which has a large exchange with Southern papers, remarks on Saturday,—

The secession newspapers of the South come to us full of exclamations of surprise at the adhesion of the conservative men of the North to the National cause. This is only the beginning of the surprises that await them, and those which remain behind will surprise them still more.

In a very able appeal to the South, and especially to Union men there, the same paper speaks of our fathers, laying "the foundations of a government which should secure to their children *Liberty* protected by *Law*."

It goes for a vigorous warfare,—and says:

Let them [the good men of the South] see that we have risen in our might, not as the secessionists falsely tell them, to subdue them and subvert their liberties; but to support those very principles upon which their liberties, and our liberties, and all the hopes of constitutional freedom in the world must forever rest—and the Federal troops will be hailed as brothers in every State, as they march on their triumphant way to the gulf.

This war is for the Union. One month ago there were several paths, each of which might have brought us to safety. Now there is but one, and that must be trod by trained myriads of armed patriots, the soldiers of the nation, whose battle-cry is "The Stars and Stripes on every flag-staff from Maine to Texas."

We doubt somewhat, about the *several* paths a month ago—but no one can doubt about the *but one* path now! The war is upon us:—and we must either defend our own government,—or be governed by perjured traitors and a Baltimore mob.

NO MORE TERRITORIES TO BE ORGANIZED.—There remains now not one foot of unorganized Territory in the Republic.—The Organization during the last session of Congress of the three new Territories, to wit:—Colorado, Nevada and Decotah, has wiped out all the unorganized territory.—These overspread the entire territorial realm. The whole number of Territories of the United States is seven.

☞ The Secretary of War informed Dr. Pulester of Pennsylvania that in consequence of *insubordination* on board of the Merrimac, it was impossible to get her to sea, and that she was consequently burned at Norfolk with the other vessels.

It was *well* to burn her, then—and in future it will be *well* to make all future appointments in the Navy, from among men who have no such fanciful abstractions in their heads as Gov. Wise had in his.

Revenge
Has eare more deaf than adders to the voice
Of any true decision. —*Shakspeare.*

PATRIOTISM IN SUNCOOK.—The usually quiet manufacturing village of Suncook, was thrown into a high state of excitement on Thursday last. Flags are scarce—money will not buy them. Amos Dow, a shoemaker in that place, had a flag, and many of the citizens wanted to get it and fling it to the breeze. He refused to let it go.—Several prominent men called upon him to get it, but he was obstinate, giving chiefly as a reason, that it had holes in it and needed repairing. A delegation of 34 ladies waited upon him, and offered to repair the flag, *gratis*, if he would let it be flung out. But he refused this proposition.—They then took him and marched him down to the river, as if they were going to throw him in, and he sang out for help, and some interfered to rescue him. Others took hold to assist the ladies. Things became riotous; a crowd gathered rapidly, and during the excitement, a man by the name of Tennant, who works in the mills and aided the ladies, was severely and dangerously stabbed by some unknown person. Great indignation is felt towards Dow and his accomplices, and if the suspicion should rest upon any one strongly that he was the one that used the knife, the feeling is such that he would probably receive a traitor's doom summarily.—*Mirror.*

FROM WASHINGTON.—A letter from a gentleman in Washington, dated Monday, says that a land slide had occurred on the Alexandria Railroad near Godensville, which prevents troops being brought to any advantage from Richmond.—*Boston Journal.*

☞ A private letter from Washington, received in Boston, says that the South is beginning to quake already at the news received of the powerful war preparations making at the North. There is a feeling of sorrow for Virginia and Maryland, the majority of the people in both States being opposed to secession. If they maintain their present position slavery will be exterminated. So says the Traveller.

☞ The telegraphic report is that Washington is now out of danger. It is probable that the city is garrisoned by a force of nearly 14,000 men, a force amply sufficient for its protection. Gen. Scott declares it SAFE.

☞ At a meeting of colored citizens of Boston, Tuesday night, a committee was appointed to wait on the Governor and tender to him the services of the colored men as a Home Guard to protect the families of those who have gone to fight the country's battles. Over two hundred men were enrolled for the purpose of forming a drill company.

FLIGHT OF EX-PRESIDENT BUCHANAN. A special dispatch to the N. Y. Times from Harrisburg says Mr. Buchanan has hurriedly disposed of his farm and fled to Canada on account of threats against him by the Ohio troops.

We do not believe a word of it, either of the threats or the flight.

☞ Connecticut has one regiment of troops awaiting the orders of the Secretary of War, and another nearly ready. The ladies are making sun-hoods of white flannel for the troops.

LENGTH OF THE WAR.—There are many who think the civil war in which this country is now engaged will not last over ninety days, but the N. Y. Herald gives it six months' time.

☞ It is reported, that one of the young men from Massachusetts, who fell at Baltimore, was a Mr. Berry, from Greenland, N. H.

☞ The Baltimore Sun has a leader disclaiming secession proclivities, and says the Legislature has no power to pass a secession ordinance.

☞ A querist in the Boston Journal is anxious to know what Caleb Cushing was doing in Richmond last week.

☞ We learn that Jeff. Davis was hung in effigy at Concord, Friday night. Wonder if it hurt him much?

A brief sentence in some of our late dispatches from the seat of war, says a New York contemporary, gives a hint of the useful warlike accomplishments of the Massachusetts military. *There were blacksmiths among them*—and the fact baffled the traitorous scheme of the Maryland secessionists, who had thought, by the destruction of the railroad track to impede their march to the metropolis. The trained skill of our hardy New England mechanics was more than a match for the strategy of the pistol firing ruffians. Their comrades were ready in the streets of Baltimore with the musket, when their officers ordered, and these were equally ready on the roads of Annapolis, with the sledge-hammer, when their further progress required it.—*Boston Post.*

A QUAKER'S OPINION OF THE WAR.—A Quaker merchant in this city, yetterday said to one of his clerks:

"Well, friend, is thee willing to enlist?"

"I have thought of it," replied the clerk, "but hesitated, because I feared to lose my situation."

"If thee will enlist," replied the Quaker, "not only shall thee have thy situation, but thy salary shall go on while thee is absent. But if thee will not serve thy country, thee cannot stay in this store."—*N. Y. Evening Post.*

NEW YORK, April 26.—Senator Wilson arrived on the Baltic to obtain guns for the defence of Annapolis, and to request Gov. Andrew to raise two additional regiments in Massachusetts. He left for Boston on the regular train.

MARYLAND.

PHILADELPHIA, April 26.—The Baltimore American of this morning says Washington is represented as quiet and fears of an attack are abating. Great numbers were leaving and the road was lined with vehicles of all descriptions filled with people, trunks and furniture. A large number of men are under arms, but mostly on duty at remote parts of the city, and 6000 were on the march between Annapolis and the Junction. Little ill feeling is shown by the inhabitants along the road. It is said the Government has obtained additional cars, supposed from the Philadelphia road.

At Annapolis yesterday there had been a large increase of troops, and the grounds of the Naval Academy were filled Officers were in the city making large purchases of horses and vehicles, and scarcely a horse could be found near the city. Reinforcements were being rapidly thrown into Washington, and 3000 troops had passed between the Susquehanna and Annapolis.

MARYLAND.—*Perryville, April* 26.—Among the passengers going North by tonight's train are five Maine timber men, who had been ordered out of Virginia. They report that the schooners Gen. Knox, Victory and Georgia of Maine had been seized on the Pakunka river, Va. Cannon were placed on board of the Gen. Knox, and the secession flag hoisted. The men were ordered to leave by Col. Lee on Saturday, and placed under guard. They obtained a pass out of the State from Gov. Letcher. They were interrupted frequently at Baltimore, being intercepted by troops, but appealed to Gen. Trimble personally, who protected them until their departure.

Intelligent persons from Baltimore express confidence that secession rule in that city will soon be overturned. A gentleman declared publicly in the parlor of Barnum's Hotel that the secession flag would not be allowed to remain in that city many days. There is most indisputable evidence to-night of a reaction of public sentiment in Baltimore.

A gentleman states that the stars and stripes were flying this morning in Baltimore over the Minute Men's head-quarters on Butcher's Hill. The silence of the Union men seems to have been more powerful than the clamor, and rabid secessionists have defeated their own purposes. Business men seem anxious to reestablish trade, and silent conservatism is gradually changing to open unionism.

REACTION IN BALTIMORE.—*New York, April* 26.—A Boston gentleman arrived here states that the federal troops occupied Arlington Heights on Tuesday. He also states that when en route to Washington he was in Baltimore several hours, and on inquiry if he could take charge of the killed Massachusetts soldiers, was informed that if he didn't hold his tongue he would be one of their dead companions. He heard in Baltimore that the Davis who was shot was seen to throw a stone into the ranks which hit one of the Massachusetts soldiers, who shot him (Davis) dead.

BALTIMORE, Friday, 3 30 P. M.—There are indications here of a reaction in public sentiment; the Union men appear more hopeful.

Four American flags are flying in the western section of the city; also one on Federal Hill and one in the eastern section.

☞ Gov. Hicks has issued a Message, in which he asserts that Maryland should occupy a neutral position in the Union. The special session of the Legislature commenced at Frederick, Saturday. The Gov. talks tweedledum and tweedledee, like all the rest of the "neutrals;" but he will find, and so will all concerned, we hope, that "he who is not for, is against" the Government.—He "had hoped that Maryland might act as a mediator;" and he "cannot compel Maryland to take sides against the government, until it shall commit outrages which should justify them." A State Convention will be held.

CINCINNATI, Ohio, April 26.—A special dispatch to the Herald from near Pensacola, states that up to the 21st there had been no action since Fort Pickens was reinforced. General Bragg has intimated to his officers his utter inability to reduce the fort.—His force is completely demoralized. He also intimated that he will act purely on the defensive.

An U. S. vessel had her guns ready for immediate action. It is believed she would take the Navy Yard and Forts.

Jeff. Davis on the 22d was making active preparations for an attack on Washington.

The Confederate States are in a state of anarchy. Business is prostrated. People are less confident, and the country was in a state of mob law.

NEW YORK, April 26.—The Ariel left Fort Monroe on the evening of the 25th.

A schooner laden with artillery and ammunition, and a propeller which was towing it out, were seized by the Fort. The captain of the propeller is supposed to be the commander of a revenue cutter which was surrendered to the Confederacy some time since. He was to be tried by Court Martial, and will probably be shot or hung.

Supplies for the Fort had been sent off by the inhabitants, and all the lights except the Willoughby sight-ship have been extinguished, and that hal to be lighted and guarded by the crew of the frigate Cumberland.

PHILADELPHIA, April 26.—It is rumored that Governor Letcher has refused to allow any interruption of the Potomac.

The government steamer Pawnee is cruising on the river to watch the movements of Virginia, and to convoy troop vessels.

Reliable information states that Gov. Letcher orders that no aggressive movements either against the Federal Government or in aid of Maryland shall be taken. It is understood that travel between this city and Washington will be refused as soon as Government designs are carried into effect.

SPRINGFIELD, Mass., April 26.—Alexander Desmarteau, a Frenchman, 25 years of age, was hung to-day for rape and murder of Augustine Lucas, 8 years of age, at Chicopee, nearly three years ago.

ARMS SECURED.—*New York, April* 26. A special dispatch to the Post from Chicago says, Illinois troops, under orders of the President, crossed to St. Louis last night, advanced to the Federal Arsenal and bro't away immense stores of artillery and small arms, belonging to the Government. There was no fighting. Among the articles recovered are 21,000 stands of small arms and a park of artillery.

HARRISBURG, Pa., April 26.—It is reported that the Marylanders attacked Hanover village, Pennsylvania, Tuesday, on account of the runaway negroes rendezvousing there. Whole families were crossing into York, Franklin and Adams counties. It is reported that 500 slaves have escaped. Fears are entertained that the border counties in Maryland will be entirely depopulated of slaves.

WASHINGTON, April 24.—A deputation of Virginians and Marylanders waited on the President to-day and demanded the cessation of hostilities until after the session of Congress. The President's answer was prompt and decided. One of the deputation said that 75,000 Marylanders would contest the passage of troops over her soil. The President replied:—"He presumed there was room enough on her soil to *bury* 75,000."

WASHINGTON, April 24.—Dr. Garnett, son-in-law of Henry A. Wise, is here. He has sent his family North for safety. A number of Virginians are here, driven from the State for refusing to take the oath of allegiance.

The government has declined the cool proposition of the Governors of Maryland and Virginia, to jointly guarantee the safety of the Capital.

CONCORD, N. H., April 27.—Ex-President Pierce has gone to Philadelphia, by request of Hon. Mr. Ingersoll of that city.

It is understood that the purpose of his mission is to tender his services as mediator between the Southern rebels and the Government.

SOUTHERN BOUND VESSELS TO BE LOOKED AFTER.—A strict surveillance is soon to be established over all vessels leaving Boston harbor. No arms, munitions or provisions destined for the Southern States will be allowed to leave. All vessels arriving from the Confederate States are now required to deposit $150 previous to receiving permits of discharge from the Custom House.—*Herald.*

PERRYVILLE, April 26.—Steamer Wyoming, from Annapolis, at 10 o'clock this morning, reports the Marion, Montgomery and brig Perry arrived. The 69th New York Regiment was disembarking. The road was reported clear to Washington. Gen. Keim had gone on.

CAIRO, ILL., April 26.—Steamer Hillman, from St. Louis for Nashville, was abandoned by her officers and crew to-day. Capt. Scott boarded her and found 1000 kegs of powder and other contraband goods.

NEW YORK, April 26.—The Baltic has a number of invalided soldiers of the 7th New York Regiment. The pilot says the banks of the Potomac are strongly fortified.

STRONG TESTIMONY.

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

The following is a sample of many letters daily received by W. E. HAGAN & CO., Troy, N. Y., who are the Manufacturers and Proprietors of "HEIMSTREET'S HAIR RESTORATIVE," an article of which many of our first citizens speak as being the *cheapest and best* Hair Preparation which has ever been introduced in our market. A combination of Stimulating Spirits and Oil, affording an agreeable *Hair Dressing*, leaving the scalp perfectly free from dandruff, and causing the Hair to have a *rich glossy appearance*. Two articles in one. A fine "*Hair Dressing*," and a never-failing Restorative for the *Bald* and *Gray*.—Read the following letter:

ST. LOUIS, MO., June, 1859.

MR. HENRY REYNOLDS.—*Dear Sir*:—I hereby certify that my hair having become *gray*, I used, at your request, HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, (prepared by W. E. HAGAN & CO., Troy, N. Y.) for several weeks. My hair was in that time restored to its original color, with all its luxuriance and beauty; and I will be much pleased to recommend the article, personally, on any and every occasion, as I know it has merits that the Proprietors do not claim for it in their circulars. Respectfully yours,

G. W. WALLACE,

A SUGGESTION. — *Messrs. Editors*:—Allow me to suggest, most respectfully, to the proper officers, that the large force of workmen on the Navy Yard, might also be a military force, by a cheap, easy, and pleasant course.

1. Let every man now employed, and every one who shall be employed there, take the *oath of allegiance*, and engage to act in defence of the harbor and yard, under command of the proper officers.

2. Let all the hands be armed, and enjoy the benefit of a short drill, daily, under U. S. officers; this might be done without detriment to the mechanical operations of the yard. A CIVILIAN.

MILITARY COURTESIES.—We were glad to see the Portsmouth Cadets, accompanied by the Cornet Band, escorted about the city, Saturday afternoon, by the Volunteers. We learn that the Cadets procured the music, and proposed the joint march—and we are sure that neither Company would wittingly neglect the observance of any civility due a soldier or a gentleman. We are glad the matter,—which may seem trifling to those unacquainted with the circumstances—has been thus happily adjusted. Military etiquette should of course be strictly observed and insisted on; but civil war is bad enough, at its present distance from us, without encouraging domestic feuds closer home. Success to both the Cadets and the Volunteers, give we.

The Officers of the two Companies also passed a pleasant social hour together, at the Rockingham House, Saturday evening, by invitation of the Cadets—as a sort of farewell to the Volunteers, who we understand are to leave for Concord on Wednesday.

☞ We are informed by Mayor Simes, that the Directors of Newcastle Bridges have voted to take no toll from any person connected with the repairs of Fort Constitution, or any other fort in the harbor;—or for any material to be used in the same, or for any soldiers intended to man the same. Such parties must present proof of membership from the Clerk of the Companies, or of employment, from other authority.

OFFICERS OF THE PORTSMOUTH CITY GUARDS.—Wm. Cornelius, Captain; John W. Huntress, 1st Lieut.; James A. Waterhouse, 2d do.; Theodore D. Dennett, 3d do.; James Stearns, 4th do.; M. T. Betton, Orderly; Henry Wallace, 2d Sergeant; Rufus M. Adams, 3d do.; Daniel J. Spinney, 4th do.; Richard Davidson, 1st Corporal; Joseph Wallace, 2d do.; M. F. Magrath, 3d do.; Ezekiel Rand, 4th do.

☞ In the column of extracts, half each from the Journal and the Gazette, published in the Chronicle of Saturday morning, the lines "From the Journal" and "From the Gazette," got transposed—hence, the mention of Jeff. Davis' visiting Portsmouth, was wrongly credited to the Gazette, and all the other items ditto.

VOTES FOR COUNTY OFFICERS.—The Clerk of the Court on Friday, announced the result of the votes for Rockingham County Officers at the late election:

For Register of Deeds (whole No.)	10,293
Scattering	2
Wm. H. Howard (dem.)	4711
Alonzo J. Fogg (rep.)	5580
For County Treasurer (whole No.)	10,330
Scattering	160
Bard P. Roberts	4683
Samuel A. Haley (elected)	5487
County Commissioner (whole No.)	10,277
Scattering	8
Samuel Hobbs	4667
Horace P. Watts (elected)	5602

GOOD PROOF OF SUPERIORITY.—A few weeks since, at a trade sale of Carriages in Boston, a lot of open buggies, without maker's name attached, were knocked off for from $85 to $87. Presently one of the same pattern, and which did not *look* materially unlike the others, but which bore the names of *Head, Jewell & Co.*, Exeter, as a guarantee of excellence, quickly ran up to $125! This firm has one of the largest and best carriage manufactories in the country, and make more different kinds of vehicles than almost any other house; and besides their deservedly high reputation for the style and quality of their work, the magnitude of their business enables them to sell at comparatively low prices.

Another.—A gentleman of this city, being desirous of purchasing a nice carriage; after visiting Boston and examining many, and making diligent inquiries,—ordered one built to suit his fancy and needs, from the famous manufactory of *C. P. Kimball*, Portland—preferring to pay a fair price for the surety of getting a prime vehicle.

The agent of these superior manufacturers, in this city, is prepared to furnish any carriage made by them, at the very lowest prices at which they can be bought at the makers' door.

"SWEETS TO THE SWEET."—We are indebted to Conductor Langley, of the C. & P. Railroad, for a sample of excellent Maple Syrup,—for the lack of which, buckwheats have almost faded from our memory.

☞ We expected dispatches by telegraph on Sunday afternoon—but although the Portsmouth office was open an hour or more, nothing could be got. The Boston end of the line don't seem to be managed with especial reference to the necessities or desires of Portsmouth people — and with a most efficient and attentive operator at this end, it not unfrequently happens that a message waits here a longer time than it would take to send it by railroad. Only last Saturday, too, a message which we presume was left in the Boston office for us about 2 o'clock, didn't reach Portsmouth till 4—too late to be of any service.

☞ Rev. Daniel Austin has tendered to Gov. Goodwin a loan of one thousand dollars for the use of the State in the present crisis of the country.

Mr. Austin has also, with his wonted liberality and patriotism, donated three hundred dollars for the benefit of the families of our Portsmouth Volunteers; and to the families of the Kittery Volunteers two hundred dollars.

☞ The Unitarian Society of Exeter announce their usual May Day Festival for Wednesday next—commencing with Breakfast at 7, and to continue through the day and evening—at the fine large Town Hall. With a pleasant company, a good object, a well-spread table, with flowers, &c., we think there is a chance for a fine time.—The road to Exeter is one of the best, and the ride, on a pleasant morning, would ensure an appetite for breakfast which those who fail to hear the birds' sunrise-concert, never know. Who says go?

☞ We hear that a schooner which has been loading with hay for the South, at the North End of this city, will not be allowed to proceed on that voyaye.

☞ Everybody now-a-days wishes to get posted in military matters; and the quickest and only sure way is to go by the book, in all practice and drill. See the advertisement of standard military works, published by the reliable house of J. B. Lippincott & Co. of Philadelphia.

☞ At the administering of the oath to the Massachusetts 6th Regiment, at Washington, five soldiers backed down, and were hissed and hooted and jeered.

☞ One of the most important articles in the domestic outfit of the soldier—is a Work Bag, well supplied with needles and thread, buttons and pieces, &c. See to it, ladies.

Herrick Allen's Gold Medal Saloratus is as healthy as the purest flour; will prove a great saving in that article; is peculiarly adapted to benefit weak stomachs and dyspeptic persons; is much more healthy and economical than the baking powders, and greatly preferred to soda to use with cream tartar. Grocers say they have as good.—They are mistaken. It is the best in the world. Try it. Most of the grocers have it. Have the Gold Medal or none.

THE CHRONICLE AND THE NEWS.—We have made arrangements with the Agent of the Associated Press in Boston, to be furnished with telegraphic dispatches about 2 o'clock each afternoon, and 8 o'clock each evening, whenever there is anything new and worth the while. Also to receive a dispatch each Sunday afternoon.

And on any and all these occasions, we shall immediately issue an Extra Chronicle, whenever the news is of sufficient interest, and received at such a time, as to warrant it.

MARRIAGES.

In this city, on Friday evening, April 26th, by Rev. Mr. Humphriss, Mr. JOHN H. MORRILL, one of the New Hampshire Volunteers, to Miss CERINA W. ROSS, daughter of the late Evans Ross, all of this city. The officers of the Company were among the guests on the occasion, and the Cornet Band saluted the happy couple with a serenade.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE
MUTUAL LIFE INSURANCE CO
Of New York,
with an accumulated capital of over
SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon Real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually*, or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect ourselves from loss by fire.

No reflecting man can sit at his fireside with his young family about him, and feel at ease,—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

BACHMAN & CO.

From the Portsmouth Journal.

At the regular meeting of the Common Council on Thursday evening, April 25, the following resolutions were unimously adopted:

Resolved, That the resignation of Mr. Chas. L. Tidd, a member of this body, who designs enlisting in the military service of his Country, be and hereby is accepted.

Resolved, That it is with mingled feelings of pride and regret, that we accept said resignation, and while he can no longer be associated with us, as a member of this board, we will ever cherish his memory with grateful remembrance, as an estimable young man, a good citizen, a devoted *patriot and friend to his flag and country*; and he shall have our constant prayers that God's blessing may accompany him and that His protecting arm may shield him and finally return him in health and safety to his friends and home.

Resolved, That Mr. Tidd's name be retained upon the roll of members of Common Council, and that the members, when his name is called with one voice reply—"Volunteered to our Army in Washington."

Resolved, That a copy of the foregoing resolutions be sent to Mr. Tidd, by the Secretary of this Board, and that they be published in the City papers.

BASE COIN.—One of the counterfeit honorables came near being nailed to the counter on Saturday last. Hon Virgil D. Parris, the Naval Storekeeper, the writer of the letter to South Carolina defaming the character of Vice President Hamlin, for some later expressions of sympathy with the seceders barely escaped a tar and feathering by eluding a mob gathered at his place of residence on that evening. He went over the river for safety and has since taken his departure for his native place in Maine. We hope the mob spirit, which all parties have condemned elsewhere, will be kept down here. If any men are regarded dangerous among us, there are proper authorities to take charge of them.

A heavy firing was heard in the direction of Portsmouth Tuesday evening. The rumor that the Charleston Floating Battery had come down and was attacking the Navy Yard and Fort, which was current in some of the adjacent towns, has not been confirmed.—*Dover Enquirer.*

Those guns were heard here, so distant that they were supposed to be at Newburyport or Cape Ann. The air was very dense, and the sound conducted to a great distance.

Could it have been the guns of the Niagara, which arrived at the mouth of Boston Harbor at that time?

PORTSMOUTH VINEGAR.—We know of no establishment in New Hampshire for manufacture of Vinegar, except that of Messrs. Welskopf & Co. on Linden street, the products of which are so well commended by Dr. C. T. Jackson.

The establishment has eighteen vats of from 150 to 400 gallons capacity, in which the process of manufacture is constantly going on—and is capable of turning out 1000 gallons per week.

In the countries of Europe, this vinegar is universally used. The foreign choice pickles which are a luxury in the markets, are all put up in such vinegar as is here made.

The common acidity of pickle vinegar is from 30 to 35. There is some made here for use at the print works, as high as 50 to 60—requiring a reduction of one-half to be fitted for pickles and domestic purposes. This vinegar is now in common use in Portsmouth—and being free from sulphurate or any other injurious acids, is as palatable and healthy as any in use, and receives general commendation.

From the N. H. Gazette.

Local War News in Brief.

——Besides the military organizations noticed in a paragraph on the fourth page, another company composed of our most respectable citizens between the ages of 28 and 40 years, was organized at the Common Council room, on Tuesday evening.—Their chief object, at present, is to perfect themselves in military drill and discipline. Believing that they can employ themselves profitably for some time to come in the "school of the soldier," they have not yet decided what arm they will adopt. Henry F. Wendell, Esq., has been chosen Drill Master.

——We understand that Captain Thomas A. Harriv of this city, who has had much experience in our commercial steam marine, has notified Messrs. Vanderbilt, Howland & Aspinwall, and others that his services may be commanded at any time, without pay or emoluments, in the transportation of troops in their steamers.

——We understand that the ladies of a single family in this city have contributed over $600.00 in aid of the ladies' fund to supply the immediate wants of our noble volunteers. The gentlemen have already contributed liberally towards the fund for the volunteers' families.

——The Captain, 1st Lieutenant, Orderly Sergeant and 3d Sergeant of the Portsmouth company are brothers and the 1st Corporal a half-brother, and all good soldiers.

☞ In addition to the military organizations springing up in this city, we learn that the strong armed and patriotic citizens of Ward Three contemplate the formation of a volunteer company to aid in the defence of the State and the Union. The list is headed by Albert R. Hatch, Esq. Orders received Thursday for fitting out the ships at the Navy Yard, however, called the greater part of the able-bodied men of Ward Three into the active service of the government in another direction, and it has been thought expedient to suspend enlistments in the new company until this work is completed. When the ships are completed, our southenders are ready to man them if necessary.

MEETING IN NEWMARKET, N. H.—A spirited meeting was held in New Market, N. H., on the evening of 17th inst. Dr. George W. Kittredge, formerly a member of Congress, was called upon to preside, and made a patriotic speech of the true stamp. A correspondent of the Boston Journal gives the following sketch of his remarks:

"He said that of all men, the Democrats were under the strongest obligation to act for the country. The South had relied on the co-operation of the Northern Democrats in their treason; that they would be ready to strike for treason. But he thanked God that the Democrats were in a position acting from a high patriotism, to cast aside their party prejudices and show the Southern traitors that the North was a unit—but one party, and that party would fight for the government and Constitution of the fathers. Traitors had fired upon the stars and stripes—disgraced our flag. By that act we were all equally disgraced. He knew there were some who showed a disposition to betray their country, but we would give them hemp first, and then rescue our country from its peril.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all, so chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *as to act in perfect accordance with the laws of nature, and hence suits the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is not followed by lassitude or depression of spirits it is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES, SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will inhallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, but who is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market St., St. Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions in a healthy tonic, removal of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the top of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. Wood's Restorative Cordial revives the recollection of the story, for it invigorates the blood, vitalizes the organs of digestion, imparts strength to the nervous system, and fortifies the (limbs) of health so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Nervousness, Palpitation of the Heart, &c., will here find an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best Cordial in the world. To those who are suffering from general debility, we would recommend its use, for it is pleasant to the taste, invigorating to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the most delicate, while there is good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial, none will be for a day without it.—*N. Y. Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of Nature, and thus soothe the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. Wood's Restorative Cordial and Blood Renovator. Hence it is perfectly adapted to old and Young. Reader, try it. Thousands have already done so; the testimony is universal in its favor.—*New York Atlas.*

☞ Before noticing a patent medicine, we have to be certain that it will prove itself to be all that it is recommended. And we would say that the Restorative Cordial and Blood Renovator of Prof. Wood will stand the test fully, and is fact it is without doubt the first article in the market for invigorating the blood and strengthening the system. We have no hesitation in recommending its use to all.—*New Yorker.*

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Costiveness, Drowsiness, Kidney Complaints, Low Spirits, Delirum Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who from the injudicious use of liquors, have become wrecked and shattered, their systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost instantly feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.
One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the first dose has given the Invigorating Spirit, the distressing load and all painful feelings will be removed.
One dose will remove the most distressing pain of Colic, either in the stomach or bowels.
A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.
Persons who are seriously afflicted with any Kidney Complaints, are secured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

BOURBON
"1849 RESERVE"

The *established popularity* of this CHOICE OLD BOURBON as a medicinal agent, renders it superfluous to mention in detail the characteristics which distinguish it from the ordinary grade of Kentucky Whiskeys.

Being distilled in 1848, and manufactured expressly for us with great care, it can be relied upon as a *strictly pure* stimulant, and peculiarly effective for the treatment of Lung Complaints, Dyspepsia, Derangement of the Stomach, Nervousness, &c.

As a curative agent it has a tendency to *recruit* and *strengthen*; while age has long contributed its genial charm, and enriched it with a delicious flavor and an oily body, it affords a pleasant incentive to the preservation or recovery of health, through the agreeable medium of a well pleased palate.

Put up in a variety of attractive forms, in iron-bound cases of one and two dozen bottles each, and sold by all prominent druggists, grocers and town agents. A. M. BININGER & CO.,

The best evidence of its worth is the testimony of those who have been relieved and cured by its use.

"THE HAMMOND LINIMENT" has been used in our families with the very best results. We therefore recommend its use to all who may be afflicted with either of the above troublesome diseases, as we have found it to be what the proprietors claim.

Morning Chronicle.

A few years ago the city of Norfolk was desolated by pestilence. While the South left her to her fate, the North gave her prompt and generous succor. Tens of thousands of dollars were then subscribed for her behalf; ship loads of supplies were sent to her afflicted citizens; heroic men and women braved danger and death by visiting her as physicians and nurses. She now repays the heavy debt by slapping her benefactor in the face! She that should have personified Gratitude, becomes the most insolent, as she is the most ungrateful, of our enemies. So true is it, that those for whom we have done most, are often the least sensible of obligations.—*Boston Post.*

Alexander H. Stephens has been sent to Virginia for the purpose of inducing her to join the South. It is said that Jefferson Davis is seriously ill at Montgomery, so his deputy comes. He has been making speeches all the way,—and made one on Monday at Richmond. His mission is *political*,—and its specific object is to persuade Virginia to unite her fate with the Gulf States. A New York paper hopes the Government at Washington will at once accumulate such a force within striking distance of Richmond, as will have a very decided effect on the sentiment and action of the State. In our extremity there is no argument half so persuasive as heavy batteries and plenty of them.—*Boston Post.*

BELLINGHAM'S
Celebrated Stimulating Onguent!
For the Whiskers and Hair.
The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American people, the above justly celebrated and world renowned article.
THE STIMULATING ONGUENT
is prepared by DR. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of
WHISKERS OR A MUSTACHE
in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.
It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or TOWY hair DARK, and restore GRAY hair to its original color, leaving it soft, smooth and flexible. The "ONGUENT" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.
The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.
Price One Dollar a box—for sale by all druggists and Dealers; or a box of the Onguent, (warranted to have the desired effect,) will be sent to any one who desires it, by mail (direct,) securely packed, on receipt of price and postage, $1.18. Apply to or address

HUTCHINS' HAIR DYE,
THE VERY BEST NOW IN USE, as many thousands who have tried it will testify.
The great superiority of this Dye consists in its easy application, having but one preparation. It also contains twice as much as any other, and sold at a much less price. This Dye imparts to the hair the most natural color of any yet discovered; and instead of injuring it, gives it the beauty and elasticity of youth. This Dye is having the largest sale of any Dye in the market, and is warranted to give better satisfaction than any yet offered to the public.

ATWOOD'S
QUININE TONIC
BITTERS,
The Best Aromatic Tonic ever offered to the Public.
RECOMMENDED BY THE FACULTY
For Its Superior Medicinal Qualities.
This elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of *Quinine*, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various *tonics* and *stomachics*, and cannot fail to meet the wants of the debilitated.
It is a mild *tonic* to the stomach, increasing the appetite, assisting digestion, pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.
For diarrhœa, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.
One of the very best Physicians in Boston has said "*that it is the best preparation of Bitters that has ever been offered to the public.*"
Put up in half-pint as well as quart bottles, in order that all may convince themselves of its superior merits.
For further particulars reference is made to the printed circulars.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, APRIL 30, 1861.

☞ Monday morning's mail brought news from the border States, quite encouraging. Maryland is evidently frightened at the attitude assumed by Baltimore, and even in that city there is a great reaction. The Governor's Message is non committal and timid.

He says:—

Notwithstanding our most learned and intelligent citizens admit the right of the government to transport its troops over the State by rail, it is evident that a portion of the people of Maryland are opposed to the exercise of the right. His own convictions are that the only safety of Maryland lies in preserving a neutral position between our brethren of the North and South.

The legislature hesitates: the Senate unanimously adopted an address to the people, declining to pass a secession ordinance—but offering them, if they wish, a chance to have a convention. The House has not acted on it, and are said to be divided.

Virginia gives assurance of her neutrality, and that she has no designs upon the capital, but will prevent the passage of troops through her borders, whether they come from the North or the South. We look with a little suspicion upon this, in view of the monstrous lies that are telegraphed from Virginia to the South. Let us hope that it did not come from the same source. It is said that Gen. Scott would be happy to have the news confirmed, but would not have the government desist from measures of safety. He has learned that the South does not always keep its word. It appears that the Virginia ordinance of secession is to be submitted to the people on the 28th of May. What if it should be rejected!

The Governor of Missouri desires peace, and to preserve the present status of that State.

An exciting story comes by telegraph, of an attempt, to all appearances, at blowing up the federal camp at Perryville, on the east bank of the Susquehannah.

☞ Now that Washington city is well garrisoned, and more troops pouring down that way,—now that Gov. Letcher seems to profess armed neutrality,—we see it insinuated in some quarters, that no attack on Washington was intended!

We expected to see this story insinuated; and those persons who laughed and jeered because of the secret manner in which President Lincoln passed through Baltimore, on his way to the Capitol, to avoid the assassins who were lying in wait to take his life, will judge from recent events in that city, whether his movement was ridiculous and the simple effect of fear Baltimore has proved itself to be a nest of murderers. We expect, however, as soon as the bridges are rebuilt, and the railroad opened, as it will be,—to see somebody assert, that there was not much danger, if any,—and surely no need of so many troops.

☞ No mere party action now is the feeling in the loyal North. In accordance with this feeling, or in sympathy with it, the Executive Committee of the American Anti-Slavery Society have decided "*as a measure of sound expediency*, to postpone the usual anniversary" of that association.—The Committee are right in supposing that the crisis does not call for the efforts of any special organization to rouse the people to the defence of free institutions. The whole North, one and indivisible, has taken that matter in hand.

☞ Influential men in Washington have petitioned the President for the appointment of Cassius M. Clay as a Major General in the army of the United States. This proposition meets with no opposition from the President, and General Scott is said to be similarly inclined. An effort is making to obtain a similar appointment for Ex-Governor Banks.

Lieut. R. Jones, who burnt the arms at Harper's Ferry, lost every thing but the clothes he wore. He has been promoted to Captain, as he should be. He took the responsibility, without any special order.

☞ The Concord Democratic Standard, which was *said* to be in mourning on the 20th (we did not see it)—on the 27th was full of war news, omitting its editorials "to please many of its readers." The Dover Sentinel, which was said to have 1500 subscribers, has stopped—and the Daily Union, a war newspaper, is printed at the same office.

A Desirable Treat for the Rebels—Grape furnished by our Chief Butler.

☞ The Pennsylvania Legislature will make ample provision to re-open the road from Philadelphia to Washington;—and Gen. Scott proclaims it to be a military road.

Pennsylvanians are deliberating the questions, whether they shall tap the artificial lake, from which the Baltimoreans draw their water,—and also tap the canal, thro' which they draw their provisions:—both these things are within their reach.

It is said a great reaction has taken place at Baltimore, in favor of the Union.

A gentleman from Alabama, who left Mobile Tuesday, reports hundreds of troops returning from Fort Pickens disgusted, and satisfied that it is impossible to capture it.

A large number of troops are at Pensacola, sick, and dying of fatigue and hunger. The people of Alabama and Mississippi are crazy with excitement. The mob spirit is rampant, and rendered daily more desperate by threatened famine and starvation.

PRIME BRANDY.—Our readers generally know, that the steamer State of Maine left Fall River, Massachusetts, for Fort Monroe, Virginia, with the Fourth Regiment of Massachusetts Volunteers, consisting of four hundred and seventy-one men, under the command of Col. Packard, on board. On her passage, one of the men—a recruit—died. It seems that the deceased had purchased a bottle of liquor from one of the boats that were flying around the ship, in which a number of boys offered the men bottles of *nice brandy*, at $1 per bottle. Most of the men would not buy,—and several of the boys *threw* bottles on board, as the steamer was leaving, without pay.

The villainous stuff had been adulterated with some strong kind of acid. This one man drank. The consequence was that he was poisoned. During the paroxysms arising from his fatal mistake, he stabbed himself with his bayonet, but the wound was insufficient to cause death, which is attributable only to the use of the bad liquor. Some others drank less, and were sickened, but did not die. It is a *safe* way, to let all such vile stuff alone.

A FEROCIOUS NORTHERN DEMOCRAT. Senator Spinola, of New York, well known as having travelled over the States, last Fall, electioneering for Douglas, addressed a Union meeting at Fort Green, N. Y., a day or two since as follows:—

"And permit me here to say that the volunteer from the State of New York, who shall bring home with him from the war the scalp of Jefferson Davis shall receive an annuity of $5000 so long as he lives. I pledge this in the name of the Empire State."

MASONIC INFLUENCE IN WAR.—It is stated by the friends of Capt. Dike, of the Stoneham Light Infantry, that he attributes the saving of his life and the kind treatment he has received at the hands of his benefactors in Baltimore, to the fact of his being a Mason.

DULL TIMES are the very best for advertisers. What little is going on, they get; while others are grumbling, they pay their way; and with the newspaper for a life preserver, swim on the top of the water, while others around are sinking.

☞ The seceding confederacy have seized, i. e. stolen, 14 or 15 merchant steamers, to be used as war vessels and manned by pirates. Every merchant vessel in honest trade, should arm.

☞ The Wheeling (Va.) Intelligencer says that the Virginia Convention broke up in a row, and that no secession ordinance was legally passed.

☞ Gen. Scott has issued a proclamation declaring the Railroads between Philadelphia and Baltimore military roads, and directing their occupancy and defence.

DELAWARE RESPONDS TO THE CALL OF THE PRESIDENT.—Governor Burton has issued a proclamation calling out troops to defend the Union.

☞ It is stated that Gen. Cushing has tendered his services to the Governor to act in any capacity where he may be needed.

☞ Private S. H. Needham of Lawrence, who was wounded at Baltimore, died and was buried there on Sunday.

TORYISM.—A genuine case of this kind occurred in Atkinson, N. H., where a young man informed his parents that he had enlisted in a new company forming at Salem, N. H. Upon hearing this fact the parents became greatly incensed, and bid him never enter their house again. The patriotic son, while relating the incident shed tears, and declared that he would rather have been shot than met with such a rebuff where he had expected nothing but sympathy and encouragement.—There are in the old Granite State, we learn, a very "few more of the same sort," but for the honor of New England such instances are not numerous.—*Haverhill Publisher.*

FULL MEASURE.—May his course allow us to make Old Abe's *name* an L longer.

ANNAPOLIS, April 28.—The 10th company of the Eighth Massachusetts Regiment, Capt. Briggs, in a steam tug last night cut out receiving ship Alleghany, in Baltimore harbor, and anchored her under the guns of Fort McHenry.

Gen. Butler says there is a musket guarding every rail between here and Washington.

It is now the plan to place large bodies at the intermediate stations. The Superintendent of the road has been arrested for taking up the rails.

The Maryland Legislature is discussing a proposition to adjourn here. It is expected to arrive here on Tuesday. It will not pass a secession ordinance, but only arm the State.

The Professors in the Naval Academy await orders at Newport.

Steamers begin to ply to the neighboring places.

Travellers from Washington and Baltimore report everything quiet. Half of the population of the former had left for Annapolis.

CAIRO, Ill., April 28.—Gentlemen from New Orleans, on Friday, report the whole country between Jackson, Tennessee, and New Orleans in arms. Companies were seen drilling at every station along the road. They seemed to be destitute of arms, using old muskets, shot-guns and rifles. The telegraph is in possession of the secessionists, and is not permitted to give any information of the troops. All the rebel troops except those at Fort Pickens are being moved rapidly North. The best of those destined for Fort Pickens have been withdrawn. It is believed at New Orleans that there will be no attack upon Fort Pickens for weeks.

NEW YORK, April 28.—The Virginia ordinance of secession is published. It repeals her ratification of the federal constitution, and affects to resume for her all her rights and powers as a free and independent State. The ordinance is to take effect when ratified by a majority of the votes of the people of the State on the fourth Tuesday in May.

Gov. Letcher has issued a proclamation, requiring those volunteer companies not now in Richmond and not ordered there or elsewhere, to remain at their homes, holding themselves simply in readiness for service, until ordered otherwise by competent authority.

WASHINGTON, April 29.—President Lincoln has issued the following proclamation:

Whereas, for reasons assigned in my proclamation of the 19th inst., a blockade of the ports of the seceded States was established; and whereas, since that date, public property has been seized, the collection of the revenue obstructed, and duly commissioned officers, while executing orders, have been arrested and held as prisoners, or impeded in their official duties without due legal process, by persons claiming to act under the authorities of Virginia and North Carolina—an efficient blockade of the ports of those States will also be established.

Gov. Letcher issues orders to deliver up vessels seized by Virginia rebels, also to make no more seizures without legal process.

Ohio troops are marching on the Virginia line, in order to protect the Unionists in Western Virginia.

☞ The United States militia forces, are increasing every hour,—and at least 50,000 of them are now under arms, and gathering towards the scene of civil war.

The secessionists are also pushing their legions through Richmond, meaning to attack Washington.

The dispatches of Monday show this clearly, notwithstanding Gov. Letcher's professions. He has issued a proclamation giving the ordinance of secession, and promulgating an order for its ratification or rejection by the people on the fourth Thursday in May. The ninth section of the schedule for the election, as passed by the Convention, suspends and prohibits the election of members of the Federal Congress.

The army now in Washington will doubtless be kept up and increased, abiding there through the special session, and until quiet is restored, or until the city becomes a marble quarry.

The call of President Lincoln for 75,000 men, has been answered by at least 200,000, and this number can be easily doubled, if needful.

The Richmond Enquirer of the 23d says that the Confederate States government at Montgomery has issued several letters of marque, and that they were issued on the 18th.

The lying paragraph about their not being issued till some time hence, was made to deceive Northern merchants, and so steal their vessels.

The Boston Journal urges an instantaneous counter movement, by Boston, New York and Maine merchants and sailors, arming their fastest vessels, and getting permission and commissions from the U. S. government, to become a part of the blockading fleet at once.

Provisions in Baltimore are scarce and dear; in Philadelphia, plenty and cheap.—The folly of Baltimore makes the difference.

A Chambersburg (Pa.) letter says a force of blacks from Canada and the North is organizing for the purpose of stirring up insurrection among the slaves of Eastern Virginia. John Brown, Jr., will take the command of the enterprise, in which Anderson, a mulatto, who was with John Brown at Harper's Ferry, is active. They will be fully armed and equipped, and act on their own responsibility.

(From the Boston Traveller.)

DIXIE PARODIED.

I'm glad I'm not in de land ob cotton,
Good times dar am now forgotten;
Look away! look away! look away! cotton land.
In South Carolina dis tune was born in,
Dar Secession had its dawnin',
Look away! look away! look away! cotton land.

Chorus.

Den I'm glad I'm not in Dixie,
Hooray! Hooray!
In Yankee land I'll took my stand,
Nor lib nor die in Dixie.
Away! away! away down South in Dixie.
Away! away! away down South in Dixie.

Dese folks in solemn convention,
Declared demselves a separate nation.
Look away, &c.
Den headed by ole Gubbernor Pickens
Wid Union forts dey raised de dickens.
Look away, &c.

Chorus.

Beside her Georgia took her station,
Wid others in Confederation;
Dare Union dey commemorated,
And Davis Prex inaugurated.

Chorus.

O, dey're a nest ob wiley traitors,
Treasury robbers, Union haters.
Dar's Wigfall, Chestnut, Cobb and Rhett,
Wid Floyd and Thompson, "rogues well met."

Chorus.

Den I'm glad I'm not in de land of treason,
Where folks neber hear to reason;
Disunionists, we'll nebber heed 'em,
But shout for ebberlastin' freedom.

Chorus for de last stanza.

Den shout aloud for Union! Hooray! hooray!
Wid willing hearts and cheerful voice
We'll shout aloud the Union.
We'll shout, we'll shout, we'll shout aloud for Union!
We'll shout, we'll shout we'll shout aloud for Union!

WASHINGTON, April 27.—The train got off the track last night, in consequence of the removal of several ties by the secessionists. The train consisted only of the locomotive and one car. Col. Vosburg was the only person hurt, and he not seriously. Mr. Gallagher of Providence broke one of his legs on his way here.

ANNAPOLIS, April 28—6 P. M.—About 1,200 troops in all have arrived here, and 3000 from New York are expected to-night.

It is said on good authority that no more troops will be ordered without complete preparation for service.

ALBANY, N. Y., April 28.—It is understood that Hon. John A. Dix will be one of the Major Generals appointed by the Governor.

BALTIMORE, Sunday night.—The remainder of Gunpowder Bridge was burnt last night. The reported destruction of the Bush River Bridge is confirmed.

RUBBER BOOTS, OVERSHOES,

Local.

☞ The Goodwin Guards, Capt. Sides, the Portsmouth Company of the First Regiment of New Hampshire Volunteers, are ordered to proceed to Concord to-day, where they will go into camp. They will leave in this morning's train.

They will be escorted to the C. & P. Depot by the Portsmouth Cadets, Capt. Fontane; where the Presentation of the Revolvers furnished for the Officers, by the members of the City Council, will be made by the Mayor and the President of the Common Council, near the Depot, about a quarter past 10. We are requested to state that it is desired that carriages shall be kept out of Deer and Bridge streets near the Depot.

The Volunteers are also to be hereafter furnished each with a revolver, which with other necessary articles will be sent to them at Concord.

ADDRESS ON THE FLAG.—At the close of Rev. Mr. Eddy's sermon at the Baptist Church, in this city, on Sunday evening, he addressed the following remarks to the soldiers of Capt. Sides' Company, of New Hampshire Volunteers, who were before him as hearers:

There is the Flag of our Country, known in every land and sea, and more respected and beloved by the nations than any other Flag that waves. It is red, white, and blue:—white, as the symbol of its righteousness; red, as the symbol of our courage to defend it; and blue, the emblem of its perpetuity. Those stars in that field of blue are fixed stars. When they set, Freedom will spread her wings and leave the earth. When they set, night will set in, such as no mortal ever saw, with no trace of the blue heavens in it, and no glimmer upon a lost world, *lost a second time.* Proud flag,

"long may it wave,
O'er the land of the free and the home of the brave"!

Take it, soldiers, noble men, brothers: take it and see to it, with your shining, deadly weapons, that it never trail in the dust; that it never yield its place in the sky to the black flag of treason.

"God himself is with us for our captain, and his priests with sounding trumpets. With them is an arm of flesh, but with us is the Lord our God to help us and to fight our battles."

☞ At the North Church—and probably at a number of churches in this city—the sermons of Sunday were mainly in reference to the War.

In the morning Rev. Mr. Gage preached an able sermon from Mark 13, 7: "And when ye shall hear of wars and rumors of wars, be ye not troubled, for such things must needs be." He endeavored to show that we are now engaged in a justifiable war. A large audience was in attendance, all of whom, no doubt, approved of the sentiments of the speaker.

In the afternoon, he preached a *patriotic* discourse which we wish could have been heard by every lover of liberty in the land. No one having an American heart within his bosom but could feel the truth of what was said. It went forth to the congregation, arousing their patriotism, and causing them to feel a new responsibility to assist in maintaining with guarded care our cherished institutions, the dear purchase of our fathers.

In the evening, Rev. Mr. Eddy repeated his discourse on the War, at the Baptist Church. Notwithstanding the rain the house was crowded. The company of Volunteers, with an escort from the Governor's Guards, were in attendance.

MILITARY DISPATCH.—The new uniforms for the Kittery Artillery were made in this city, at the clothing establishment of J. Woodman Moses. The order was given and the measures taken on Wednesday afternoon last; and on Sunday evening, only four days after, the whole fifty-one suits were furnished. This is what we call quick work—and it was good too, as is all which comes from that establishment. The dress is very neat and will be comfortable, consisting of grey pants, and dark blue jackets, all trimmed red; and those for all the Officers are appropriately distinguished by more trimming, gold lace, &c.

A CARD.—The Officers and members of the Portsmouth Volunteer Company would hereby tender their sincere thanks to the citizens of Portsmouth for the many favors shown us, and the deep interest manifested in our behalf. And while all have seemed to regard our interests, we feel especially grateful to the following persons:

Stephen H. Simes—for those six dozen Socks. We appreciate them.

To the Ladies—for those cockades. We know these gifts show your good wishes.

Rev. Mr. Medbery—for those Testaments, and the deep interest you have shown toward us.

To the officers and members of the Portsmouth Cadets—for the attention shown us on Saturday last, while on parade; and in the evening, at the Rockingham House.—Gentlemen! those smiles and good wishes will long be remembered.

And last, but not least—to those Ladies who visited us on Sunday morning last;—your presence showed your interest in us; and while we go forth to support our glorious Flag with our strength and lives, if need be, we shall cherish the pleasing thought that we left behind warm friends, who were deeply interested in our welfare.

WILLIAM O. SIDES,
Captain of the Portsmouth Volunteers.
Per J. H. Locke, Clerk.

☞ A few days since, some workmen in this city, while digging for the purpose of repairing aqueduct logs, found imbedded in the solid earth, about four feet from the surface, six eels and two frogs, "alive and kicking." There was no visible means of ingress to their habitation, and the question is, how they came there?

A CARD.—The Portsmouth Cadets, Capt. Fontane, marched to the Navy Yard on the 26th, by invitation of Col. Dulaney, who kindly offered them the loan of 44 muskets for the purpose of learning the drill now so necessary to every citizen.—This kindness, besides the many others received at his hands, the Company are sincerely grateful for, and would by this public acknowledgement return their heartfelt thanks. Per order Company.

☞ We learn that one of our most liberal merchants, Stephen H. Simes, Esq., has presented six dozen of men's wool Socks to Capt. Sides, to be distributed among the Volunteers under his command.

☞ The Old Guard, Capt. J. G. Hadley, marched to Fort Constitution on Monday afternoon, and will garrison the works alternately. They were escorted by the Portsmouth Volunteers, Capt. Sides.

HOMICIDE IN SONORA.—Eben Runnels, an old and respected citizen of Sonora, formerly from Portsmouth, N. H., was stabbed and instantly killed on Wednesday, March 13th, on his claim, at the northern end of the city, by an Italian named Francis.—The murder was entirely unprovoked.—*California Paper.*

☞ The Supreme Judicial Court closed its trial term for Rockingham County, at Exeter, last Saturday.

NEW HAMPSHIRE TROOPS.—*Concord, N. H., April* 28.—Our City Council at its regular monthly meeting, yesterday, appropriated $10,000 in aid of volunteers from this city.

GREAT FALLS, N. H., April 28.—The Granite State Guards of this place, having tendered their services, have received orders to march, and will leave on Tuesday for Concord. Public services in the churches were this afternoon dispensed with, and a discourse adapted to the occasion was preached on Market square, which was filled with people. Each member of the company has been presented with a revolver, bowie knife, blanket and Bible. Another company will be immediately formed. Upwards of $10,000 have been subscribed here, and the greatest enthusiasm prevails.

☞ There was a row in Albany, N. Y., on Monday, at the Adams House, where the volunteers complained of their food. The officers of one company were knocked down by the waiters, when an indiscriminate row ensued. Pistols and knives were used, and several were wounded. The Governor went to the scene and quelled the riot. The affair was the result of drunkenness.

PHILADELPHIA, April 28.—All the steamers at Richmond, except the Yorktown and Jamestown have been released, as they draw too much water to be of service to the State.

A Distressing Cough, causes the friends of the sufferer as much pain as the sufferer himself. *Dr. Wistar's Balsam of Wild Cherry* will certainly cure coughs, colds, arrest consumption, and that speedily. When did it ever fail?

THE CHRONICLE AND THE NEWS.—We have made arrangements with the Agent of the Associated Press in Boston, to be furnished with telegraphic dispatches about 2 o'clock each afternoon, and 8 o'clock each evening, whenever there is anything new and worth the while. Also to receive a dispatch each Sunday afternoon.

And on any and all these occasions, we shall immediately issue an Extra Chronicle, whenever the news is of sufficient interest, and received at such a time, as to warrant it.

LIFE INSURANCE.

"IN THE MIDST OF LIFE WE ARE IN DEATH."

The strong man often falters, and falls in the midst of the hurry and business of life. The wise man maketh provision for those whom he loveth, against the liability to accident and death.

THE
MUTUAL LIFE INSURANCE CO
Of New York,
with an accumulated capital of over
SEVEN MILLION DOLLARS,

Invested at seven per cent. on bond and mortgage loans in the City and State of New York, upon real Estate worth double the amount loaned thereon, issues

POLICIES on lives, payable to the wife, or to the legal representative of the person insured.

POLICIES payable to the person insured, on his attaining the age of 50, 60 or 70; or to his representative in case of decease before attaining this age.

PREMIUMS may be paid, *quarterly, semi-annually,* or *annually*, at the option of the insured.

The long experience of this excellent institution, like the *one hundred years'* experience of the great Equitable Life Insurance Co. of London, and other kindred institutions, proves their stability and *perpetuity* when established upon the right principle. Investments made with them have proved more remunerative than with Savings Banks.

The time is near, when to protect one's family from the loss and want often attendant upon the death of its provider, will be as universal as it is now to protect dwellings from burning.

No reflecting man can sit at his fireside with his young family about him, and feel at ease—when he knows that if death should take him from them, they would be cast upon a selfish world, without the means for education or support, which he can easily provide for them thro' a life policy.

HEADQUARTERS OF THE ARMY,
Washington, D. C., Dec. 31, 1854.

Hon. C. M. CONRAD, Secretary of War.
Sir—Herewith I have the honor to submit a system of Bayonet Exercise, translated from the French by Capt. Geo. H. Mendell, Corps Engineers, U. S. Army.

I strongly recommend its being printed for distribution to the Army; and that it be made, by regulation, a part of the "System of Instruction."

The inclosed extracts from reports of the In spector General, etc., show the value.

I have the honor to be, sir, with high respect,
Your most obedient servant,
WINFIELD SCOTT.

disease. A cold settles somewhere in the body, and obstructs its natural functions. Fever and inflammation result, and the suffering organ, prostrating other organs, producing general aggravation, suffering, and disease. While in this condition, opposed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true in a cold as opposed to this trivial and common complaint, is also the history of the deep-seated and dangerous disorders. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them in suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of the worst form upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also took your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Gutteridge, New Orleans.

Your Pills are the prince of purges. Their superlative qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the third treatment of disease.

Headache, Sick Headache, Foul Stomach

From Dr. Edward Boyd, Baltimore.

DEAR SIR, AYER: I cannot answer you what complaint I have cured with your Pills better than to say *all that a pure tried with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, PA., May 1, 1855.

DR. J. C. AYER, Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach which they cleanse at once.

Yours with great respect, ED. W. PEEBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I cheerfully commend to have all bilious complaints which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their prompt action on the liver is quick and decisive, and consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate as not to yield readily to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best specimens I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses to 1 bilious *dysentery and diarrhœa.* Their mild operation makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. N. K. Hewes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with great advantage in my family and among those I am called to visit in sickness. To regulate the organs of digestion and purify the blood, they are the best medicine I have ever known, and I can confidently recommend them to my friends. YOURS, J. V. HIMES.

WARREN, Wyoming Co., N. Y., Oct. 29, 1855.

DEAR SIR: I am selling your Cathartic Pills to my customers, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Medical Counsellor.

You much cannot be said of your Pills for the cure of millions of others of our fraternity have borne the same testimony as I have, they should join me in producing it for the benefit of the multitudes who suffer from that complicated, which, although bad enough in itself, is the generator of others that are worse. I believe ninetenths to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Sweet, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural nature in those wholly or partially suppressed, and also very efficacious to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend it to other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church

PLEASANT HILL, SAVANNAH, GA., Jan. 8, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on severe aching rheumatic pains, which defied the skill of our best physicians. Nothing seemed to take hold of them. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your agent, I began to take your Pills. Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DEAR SIR: I have been sorely afflicted by your Pills, of Hypocritic Gout—a painful disease that has afflicted me for years.

VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a portal pill, from the fact, well known to all physicians, that Mercury follows its incautious use. These Pills are mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

SOMETHING MORE VALUABLE

THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK,

AND REINSTATE THE BLOOD IN ALL ITS

ORIGINAL PURITY & VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

—AND—

BLOOD RENOVATOR.

It is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully compounded as to be the most powerful tonic, and yet so perfectly adapted *as to be perfectly accordant with the laws of nature, and hence soothe the weakest stomach,* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is compounded of the purest Spirits, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, DYSPEPSIA INDIGESTION, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THE CLASS OF WEAKNESSES, FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL!

Also Liver Derangements and Torpidity, and Liver Complaints, Disorders of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences and cure the disease at once, if already attacked.

TRAVELLERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon the change of climate and water.

As it prevents costiveness, and strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise, should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial—she will pass the dreadful period with perfect ease and safety.

There is no mistake about it!

THE CORDIAL IS ALL WE CLAIM FOR IT!

MOTHERS, TRY IT!

And to you we appeal, to detect the illness or decline not only of your daughters, before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant to you we confidently appeal; for we are sure your never failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St. Louis, Mo., and sold by all good Druggists. Price $1 per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have doubt.

PROF. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste, and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and restores the semblance of disease. It is a chemical compound so skillfully combined, that while it exhilarates it does not provoke the lassitude which usually follows excitement.
